

Ye Chen Wade 2391

Chapter 2391

"What?!"

Su Shou Dao was so furious that he almost stormed off, cursing in anger: "This Du Haiqing is really stubborn! She doesn't take me, Su Shou Dao, seriously either!"

"Yes Brother!" Su Shoude immediately added more fuel to the fire and said, "After all, sister-in-law and you are not divorced yet, it's too much to openly remember a man who has been dead for 20 years at such a time, and also a man from the Ye family."

Su Shou Dao gritted his teeth and said, "Su Shou Dao, this is between me and her, no need for you to tell her what to do here!"

Su Shou Dao's heart, although he had many grievances against Du Haiqing, but he could still see right and wrong in his heart, Su Shou Dao's phone call at this time, is not at all good intentions! On the one hand, they want to be angry with themselves, and on the other hand, they want to sow discord between themselves and Du Haiqing!

So, he naturally had no good words for Su Shoude.

Su Shoude deliberately sighed at this time and said, "Hey! Big Brother! Sister-in-law is your wife, you have to do something! At least you have to persuade her not to bid on Ye Changya's old home so that our Su family can at least retain some face."

Su Shou Dao coldly said, "Su Shoude, I don't need you to teach me how to do things!"

Su Shoudeh Urgent [www.avracity.com]

After all, it's no longer a matter between you and your sister-in-law, but between our entire Su family and your sister-in-law alone."

"After all, she is now your wife, and she is not only your wife, she is also the daughter-in-law of the Su family, and she is now acting recklessly, losing not only your face, but also the face of our entire Su family."

Su Shou Dao exploded upon hearing this and cursed angrily, "Su Shoude! Don't fucking label me here! You know much better than me why the Su family is where it is today."

When Su Shou Dao said this, he meant that he was not blaming his wife Du Haiqing, but his father Su Chengfeng.

The reason the whole thing has come to this point is because of Su Chengfeng alone!

If he hadn't been smart enough to betray Su Ruorui, the fact that Su Ruorui was his illegitimate daughter wouldn't have been exposed.

What really pushed the Su family into the abyss was the betrayal of Su Ruorui, and he was forced to take the blame himself, and the main culprit behind it was Su Chengfeng.

In addition, Su Shoudao's heart, although very dissatisfied with Du Haiqing, but deep down inside, there is more or less understanding of what she did.

After all, [www.avracity.com]

He is very clear in his heart, the whole thing is his own fault in the first place.

The fact that he had an illegitimate daughter outside the house has been hidden for more than 20 years, and it is impossible for any woman to truly forgive himself, let alone a woman like Du Haiqing, who can't tolerate any sand in her eyes and has a naturally strong personality.

In addition, Du Haiqing like Ye Changya thing, he knew more than twenty years ago, she wanted to go to Jinling to pay homage to Ye Changya idea, I'm afraid it has been in the mind for more than twenty years, which more than twenty years she did not go, it proves that Du Haiqing from the heart, is respect himself.

The reason why she doesn't care about her feelings now is also because she is at fault.

So, under this premise, he hates his father, far more than he hates Du Haiqing.

However, Su Shoude doesn't care about this.

He only thought about bringing down the well and killing people to death.

So, he spoke up, "Brother! What exactly do you mean by that? Do you think it's not your responsibility that the Su family is where it is today?"

When Su Shoudao heard him ask, he exploded and said, "What the fuck am I responsible for? Am I the one who has to give up Ruo Li? Was it me who colluded with the Japanese Self-Defense Force to get Ruo Li killed?"

At this end of the phone, the old man Su Chengfeng's expression was already very ugly

Chapter 2392

Su Shoudeh's heart was so happy, but his mouth was indignantly questioning, "Brother, what do you mean by that? Do you think it's all Dad's fault? I told you! Everything Dad did was for our family! All to wipe the ass of your eldest son who has an illegitimate daughter outside the house! If it wasn't for you messing around and getting Su Ruoli out in the first place, how would we be in this situation today?"

Su Shou Dao was furious, and out of anger roared, "Fart your mother!"

Su Shoudeh also got angry and cursed, "My mother is your mother!"

When Su Shoudao heard this, he was speechless.

And Su's face had already turned green and black.[Visit for more interesting Stories www.avracity.com]

Su Shou Dao continued to provoke at this time: "Big brother! I'm not calling to fight with you, and I don't want to fight with you, I'm trying to talk you into reality!"

Su Shou Dao asked rhetorically, "Recognize what reality?"

Su Shoudeh said coldly, "The first reality I want to persuade you to recognize is that my sister-in-law doesn't have our Su family in her eyes."

Just say it, Su Shoudeh

The second reality that I want to persuade you to recognize is that your sister-in-law, who has been married to you for more than twenty years, does not consider you as her husband! In the words of today's youth, you're just a spare tire in her eyes! It's the spare tire that she couldn't get Ye Changya and chose second best."

Su Shoudeh's words pierced Su Shoudeh's heart deeply!

This is actually the weakest part of his heart in the past twenty years.

He knows that he is Du Haiqing's spare tire, that he is a substitute for Ye Changba, and that for more than twenty years, he has never been able to truly replace him!

However, his uncontrollable love for Du Haiqing had made him deceive himself and others all along.

Now, the shroud of shame was ruthlessly lifted by Su Shoude, and his entire body was shamed to the extreme!

He cursed angrily over the phone, "Su Shoudeh! If you say another fucking word, I'll kill you!"

Su Shoude didn't say anything, he actually particularly enjoyed Su Shoudao's rage and frustration right now.

He knew that the more Su Shou Dao lost his mind, the less weight he would have in front of the old man.

If he could keep him in this state, it wouldn't be long before the old man might not even want to see him again.

Su Shoude didn't say anything, but Master Su beside him couldn't hold back any longer! [Visit for more interesting Stories www.avracity.com]

He shuddered with rage, gritted his teeth and said, "Rebel! For a woman who doesn't love you and doesn't care about your face, you're saying such things to your brothers.

Su Shoudao was instantly struck by lightning on the other end of the phone!

He really didn't expect the old man to be right next to the phone!

He now realized that he had been led by Su Shoude's nose since the moment he answered the phone.

Su Shoude stirred up his anger step by step, lured himself step by step, and fell into the pit he had dug!

So, he could only panic and explain, "Dad! I didn't mean that, I was just angry." [Visit for more interesting Stories www.avracity.com]

"You don't say it!" Su Chengfeng snapped, "I don't care what method you use, you must stop Du Haiqing from participating in next Monday's judicial auction! I will not allow her to lose any more of the Su family's face!

Chapter 2393

In the eyes of Su Chengfeng, the master Su, the Su family's face can be thrown to the ground, but no one else can lose a single cent.

The decision to sell Su Ruoli was made by him, although in the end he forced Su Shoudao to come out to take the blame, but the Su family's loss of face is also because of him, but he not only did not do any self-examination, but only allowed the state officials to set fire to the people, but not allowed the people to light a lamp.

The Su family has no right to accuse her of cheating on her husband, not to mention that she just wanted to buy the old house where Ye Changyan lived, even if she had cheated on him like Su Shoudao.

The company's main business is to provide a wide range of products and services to its customers.

He felt that although his son had cheated on her first, Du Haiqing, as the daughter-in-law of the Su family, could never do anything that would tarnish the Su family's face.

Now, Du Haiqing went to Jinling to remember Ye Changyan and even bid on Ye Changyan's former home, which, in Su Chengfeng's opinion, was definitely a hand out to the Su family's face!

So, by all means, let her get rid of this idea once and for all!

Su Shoudao was also helpless at this time.

He knows Du Haiqing too well, and knows that he has no way to persuade her to turn back, but he doesn't dare to disobey the old man directly, so he can only agree to it helplessly and said, "Dad, I'll talk to Haiqing on the phone and persuade her to give up this idea."

Saying that, Su Shou Dao added, "If you still listen to my advice or not, there is nothing I can do about it."

Su Chengfeng coldly snapped: "When you call her, make sure to tell her clearly that it's not just your idea, it's also my idea, if she doesn't take you as her husband in her eyes, she should at least give me some face as her father-in-law."

Su Shoudao had to promise, saying, "I know dad, I'll tell her."

Su Chengfeng snorted, "Get this done as soon as possible!"

After saying that, he immediately hung up the phone.

Su Shou Dao listened to the busy sound from the phone, and was very annoyed.

He was alone in silence for about five minutes before he unlocked his phone and called Du Haiqing, who was far away in Jinling.

When Du Haiqing saw Su Shoudao's call, he didn't want to answer, but he still pressed the answer button and asked, "What's the matter?"

Su Shou Dao hesitated for a moment and spoke up, "Haiqing, Dad just called me, he's very unhappy about you going to Jinling."

Du Haiqing asked rhetorically, "I came to Jinling, why is he unhappy?"

Su Shou Dao was a little annoyed and said in a cold voice, "Aren't you asking the question knowingly? Do you know that the whole of Yanjing knows about your trip to Jinling? They all know that you went to Jinling to honor Ye Changba's memory and that you're buying the old mansion where he lived!"

Du Haiqing said calmly: "I'm free to go wherever I want, I'm free to buy whatever I want, and I'm free to remember who I want in my heart, not to mention that the whole Yanjing, even if the whole of China knows, so what? My conscience is clear."

"You" Sue

Shou Dao angrily questioned, "Don't you think about Dad? How does he feel when people bring up his daughter-in-law's visit to the memory of another man in front of him?"

Du Haiqing asked him back, "Su Shoudao, have you thought about my father? How does he feel when people, in front of him, mention that his son-in-law, who is in his 20s, has an illegitimate daughter out there?"

Su Shoudao was left speechless.

He knew that it was impossible to convince Du Haiqing on this issue, because what he had done was a hundred times, a thousand times, or even ten thousand times more outrageous than Du Haiqing!

So, he was silent for a long time and sighed, "Hey! Haiqing, this matter, I didn't want to call you, mainly because Dad is very angry, called me here, let me anyway to persuade you to give up and participate in next Monday's judicial auction, Dad this person you know very well, in order to avoid unnecessary trouble, I advise you to not participate."

Du Haiqing listened, serious: "Su Shoudao, I ask you, for the sake of the husband and wife, authorize your lawyer to divorce the marriage, after the divorce, your Su family does not have to worry about what I want to do, what I do also has nothing to do with your Su family."

Su Shoudao said categorically: "I won't agree to the divorce for the time being, wait until I return to China."

Du Haiqing said indifferently, "Well in that case, please don't call me anymore, and when you are willing to divorce, contact my lawyer directly."

After saying this, Du Haiqing directly hung up the phone.

Chapter 2394

Su Shou Dao was once again hung out to dry on the other side of the phone.

At this time, Su Shou Dao was already extremely resentful inside.

He slammed the phone to the ground and shattered it into pieces, cursing angrily, "Du Haiqing! I just don't understand, that Ye Changya, what is so good about it? To keep you thinking about him all these years! Don't you forget that he never chose you in the first place! He's been giving up on you until he dies!"

Just as he was in a fury, the maid came over with a cell phone and said carefully, "Master's phone.

Only then did Su Shou Dao realize that he had smashed the phone.

He had to take the phone from the maid, suppress his anger, and said, "Dad, what do you want?"

Su Chengfeng asked in a cold voice, "Why can't you get through on your phone?"

Su Shou Dao had to lie: "There was something wrong with my phone, and it shut down automatically."

Su Chengfeng didn't look into it any further, but asked him urgently, "Have you communicated with Du Haiqing yet?"

Su Shoudao is busy: "Communication."

.....

Su Chengfeng asked after her, "What did she say?"

Su Shou Dao said helplessly, "Dad, I'm sorry, Hai Qing is very unhappy about me cheating on her behind her back, so she won't listen to anything I say now."

Su Chengfeng was so furious that he gritted his teeth and cursed, "Rubbish! What a waste! You can't even control a woman!"

After saying that, he hung up the phone once again rudely!

This is the third phone call that Su Shoudao has been hung up on in just ten minutes.

His whole body was out of rage!

Just as he was on the verge of shattering the phone in his hand again, his entire body suddenly went limp and then relaxed.

He threw the phone to the maid, got up, and walked up the stairs to his room.

On the way upstairs, he muttered, "Du Haiqing, the old man is far less easy to talk to than I, Su Shoudao, and since you're not willing to give him face, I don't care what happens after that!"

At this moment, the Su family of Yanjing.

Su Chengfeng was also extremely angry.

Du Haiqing insisted on participating in next Monday's judicial auction, which made him feel very annoyed.

.....

However, he also knew very well in his heart that in this situation, hoping to persuade Du Haiqing, I'm afraid it's no use at all.

Just at this moment, Su Shoude spoke up, "Dad, why don't we find some connections and ask Jinling to cancel this auction!"

"Cancel?" Su Chengfeng asked him, "Can it be cancelled for a while, or for an eternity? If it were known that we used such connections and tactics to prevent Du Haiqing from buying this old house, we would be laughed at even more."

Su Shoudeh looked anxious and asked, "Dad, what should we do? The auction will start the day after tomorrow!"

Su Chengfeng nodded his head and said coldly: "Let's do this, secretly ease the relationship, move this auction from the network to reality, I want to see if she Du Haiqing is really open-minded enough to personally go to this auction!"

Su Shoudeh blurted out, "Dad, that's not going to work! What if she does go? In my opinion, there is a good chance she will go!"

Su Chengfeng's eyes flashed a trace of ruthlessness, sneered: "If she really is so ungrateful, then don't blame me for being ruthless, Princess Diana how to die, you should know very well!"

Chapter 2395

"Princess Diana?!"

Su Shoudeh's expression was horrified as soon as he thought of the bizarre fate of this legendary princess, and he instantly understood what his father meant, exclaiming in alarm, "Dad, you're not joking with me, are you?"

Su Chengfeng said with a steely expression: "The Su family's face is at stake, and no joke should be tolerated. No matter what, I can't let the Su family's face be ruined in the hands of a woman with a foreign name."

At this point, Su Chengfeng gnashed his teeth and said coldly, "Although the Su family is not European royalty, our face is no less important than those European royalty! If anyone dares to insult the face of the Su family, don't blame me for being merciless! I'll do anything to defend the Su family's honor!"

Su Shoudeh nodded his head gently.

He knew that whether it was the royal family, the nobility, or the top big families, face was more important to them than anything else.

His own father is now using progress as retreat, allowing the auction to be held offline, which is tantamount to asking Du Haiqing to think carefully, if she dares to unscrupulously participate directly in the auction, then don't blame the Su family for being unforgiving!

Sometimes, it's about forcing the other person to make a bigger decision. [www.avracity.com]

It's like two people facing off, and one of them is temporarily unable to bear the pain of killing

If you are not willing to let the other person go, you will often do the opposite and just hand them a knife.

If the other party really doesn't know what to do and picks up the knife, it will be like helping him or her make the final decision.

Su Chengfeng wants to move the auction from online to offline with this purpose in mind!

The Du family's old housekeeper in Jinling quickly received the news that the auction had been changed to an offline auction, and hurriedly reported the situation to Du Haiqing.

In the past two years, they have put similar auctions online, right? Why did you move back down the line this time?"

The old housekeeper shook his head and said, "Second Miss, I'm not very clear about this, I've asked around, and it seems to be that offline public auctions are more transparent."

Du Haiqing didn't think too much about it. She hesitated for a moment and said, "Offline is fine, have you decided on a time and place?"

"It's fixed!" The old butler was busy saying, "Monday at 10:00 a.m. at the Treasure Pavilion Auction Hall!"

"Treasure Chest?" Du Haiqing asked curiously, "What is the background of this Treasure Pavilion?"
[www.avracity.com]

The old housekeeper introduced: "This Treasure Pavilion is a cooperative club under our Jinling City Antiques Association, which mainly sells all kinds of antiques and organizes various auctions.

Du Haiqing nodded her head and said, "In that case, let's go directly to the Treasure Pavilion on Monday morning to attend the auction."

The old butler was busy saying, "Second Miss, in my opinion, it would be better for you not to attend."

Du Haiqing was surprised and asked, "Why?"

The old butler coughed twice in embarrassment and explained, "Cough cough second miss, the matter of you coming to Jinling has already caused a lot of trouble in Yanjing, if you still want to personally attend this auction, it will definitely cause even more controversy".

Du Haiqing smiled indifferently, and said seriously: "The so-called dispute means that I have not divorced Su Shoudao. Although I have not divorced him, I have been married to him for more than 20 years and have never been close to any other man. , Even if there is no verbal ambiguity, but on the other hand, Su Shoudao, he keeps saying that he loves me, but he still has an illegitimate daughter outside early, why his actions are allowed, my actions will trigger Greater controversy?"
[www.avracity.com]

The old housekeeper said helplessly: "Second Miss, although this society has long been concerned about equality between men and women, there are some things that are naturally different between men and women, and in the moral philosophy of the upper class society, there is always a higher degree of tolerance for the man's philandering, and many of the original spouses have even turned a blind eye to this, and it is not surprising that the public has turned a blind eye to this.

Chapter 2396

He said, "Do you remember when there was a famous director who had an affair with someone else, and his wife not only didn't get angry, but publicly said that her man had taken advantage of her? But on the other hand, if a woman is a philanderer, she will be scolded to death in front of public opinion."

I just want to buy the house that Changba lived in, which is also a kind of personal remembrance for him in my heart. In addition, I won't spread any scandal with other men, and I won't have any actual sexual relationship with other men, if the outside world can't even tolerate this, then I don't need their tolerance. up." The old housekeeper said anxiously, "Second Miss, I don't mean that.

The old housekeeper said anxiously, "Second Miss, that's not what I meant. What I meant was that it's perfectly all right for you to want to buy this house, but the current situation is a bit peculiar."

"You are not yet divorced from Su Shou Dao, so I don't think it is necessary for you to attend this auction yourself."

"Why don't I help you find a third party, who has nothing to do with the vacation, and have him auction the house back on your behalf?"

"After the shoot back, there is no hurry to transfer the property for the time being, wait until the storm passes, or after you and Su Shoudao divorce, you will transfer the house to your name, so you will not let you fall into people's mouths."

Du Haiqing waved his hand and said seriously: "Uncle Wang, I miss the coma which itself is not wrong, so I am not afraid of the shadow."

"But if I was right, but I was afraid of falling into disrepute, so I secretly asked someone else to help me go to the auction, once word got out, people would instead think I was guilty."

The old housekeeper stifled a sigh and said, "Second Miss! There's something I'm wondering if I shouldn't say, but it has to be said! The Su family has always been extremely hostile, and you have seen what happened some time ago, they even betrayed their own flesh and blood, which proves that this family has almost no integrity.

Du Haiqing's eyebrows furrowed slightly as he said in puzzlement, "I just don't understand, Su Shoudao has raised his illegitimate daughter behind my back for 20 years, and even brought his illegitimate daughter to live under my nose for several years in a dignified manner, why does no one think that the Su family will offend me?"

The old butler was busy: "Second Miss, many things are not as we think they are. In high society, men and women are indeed very different, which you cannot consciously ignore.

Du Haiqing smiled slightly: "Uncle Wang, no need to persuade me, my mind is already made up, if you don't help me to arrange it, I will arrange it myself.

The old housekeeper hesitated for a long time before finally sighing helplessly, "Okay, Second Miss, I'll go and make the arrangements."

At the same time, Tomson Yi Pin Villa.

Ye Chen also received a phone call from Richard Chen. [www.avracity.com]

.....

Richard Chen said on the phone, "Young Master, Monday's auction has been changed to offline."

"Oh?" Ye Chen was surprised and asked, "Why did you change to offline?"

Richard Chen said, "I have asked around, and even dragged my informant in Yanjing to help with the investigation, and the information I got back seems to be that the Su family is mediating."

"Su family?!" Ye Chen couldn't help but frown, "Why is the Su family interfering with this auction?"

"I don't know," said Richard Chen truthfully, "I haven't asked about the Su family's motives yet, but Young Master, you should try to keep a low profile."

I'm afraid the Su family will use this to find out your existence. Once the Su family discovers you, I don't know what they can do to you, but your identity will be hidden.

Ye Chen agreed and said, "You're right, where exactly will the buying auction be held on Monday?"

Richard Chen said: "In Bao Fu Gui's Precious Treasure Pavilion, is the place where you and Hong Kong's so-called metaphysical master Yu Jinghai bid for giant clams." [www.avracity.com]

Ye Chen suddenly realized and spoke, "I know, let's say, I remember that the Treasure Pavilion has a VIP box, you ask Baofugui to prepare one for me, then let your driver go to the scene to help me participate in the auction, I will secretly observe in the box."

Chapter 2397

When he heard Richard Chen say that Ye Chen was coming to his Treasure Pavilion for the auction, he was thrilled beyond words.

He immediately had the biggest and best box prepared, and at the same time, he made a special phone call to Ye Chen.

As soon as the call came through, he said respectfully, "Master Ye, I am Bao Fugui, I heard that you are coming to the auction on Monday morning, so I have reserved the best box for you."

Ye Chen hummed and said calmly, "Master Treasure Pavilion is kind, but don't reveal my identity this time, and don't reveal the news that I'm going to the auction."

Bao Fugui said without hesitation: "Master Ye, don't worry, I will tomorrow will be personally responsible for security work, the auction site, to prevent any unauthorized persons from entering, media reporter is not allowed near the Jumbo Court within the range of one hundred meters, to the time you can go directly to the internal channel, full identity is not exposed. "

Ye Chen said with satisfaction: "Very good, then tomorrow will be a hard day's work for the Treasure Pavilion Master."

"Where! Where!" Bao Fugui said flatteringly, "It is my honor to serve Master Ye!"

Ye Chen smiled and said, "Treasure Pavilion Master, then we'll see you tomorrow."

"Okay, Master Ye, we'll see you tomorrow!"

After hanging up the phone, Bao Fugui's heart was still more or less confused, and his heart inevitably wondered: "I really can't understand why Master Ye came to the Treasure Pavilion to participate in this kind of judicial auction."

"In this Treasure Pavilion of mine, many large auctions are held all year round, and there is no lack of all kinds of rare and exotic treasures, but it seems that Master Ye has basically never come to participate."

"And this time's auction is just a very ordinary judicial auction, and the items auctioned off are just some assets that have been seized by the court, mostly second-hand cars and second-hand houses, which are simply unimpressive."

"It's impossible for such an auction to attract any high-end people to attend, but why would Master Ye, who is such a powerful figure, come here in person?"

"The most valuable item is an old second-hand villa with a starting price of six million yuan and an estimated market price of just over eight million yuan.[www.avracity.com]

Although Bao Fugui was puzzled, he was still very excited at the thought that he would be able to have more contact with Ye Chen on Monday.

During this period of time, he had heard that the several famous people in Jinling had received gifts from Ye Chen, and it was said that the pills Ye Chen gave them had the miraculous effect of bringing the dead back to life.

Therefore, he felt that if he could have the chance to get in touch with Ye Chen, he might also have a chance to get a magic pill that could bring back the dead!

Monday morning.

Ye Chen washed up early, got dressed, and took a taxi to the Treasure Pavilion by himself.

The auction itself was nothing valuable, so it didn't make any waves in Jinling, and not many people paid attention to it.

However, thousands of kilometers away in Yanjing, there were countless pairs of eyes staring at the auction.[www.avracity.com]

These people focused on only one thing, and that was the Su family's eldest daughter-in-law, Su Shoudao's wife Du Haiqing.

The one thing everyone cares about is whether Du Haiqing will be present at the auction today or not.

Chapter 2398

Some people think that Du Haiqing will not appear, because they believe that the Su family will definitely pressure Du Haiqing on this matter, no matter what, can not let Du Haiqing lose face of the Su family.

But others felt that since Du Haiqing had already gone to Jinling, had already gone to Ye Changya's former residence, and had even signed up to participate in the auction, she would definitely go, even if it meant the sky raining knives, according to her character.

So, the good people even opened a betting game in Yanjing on whether Du Haiqing would show up or not.[www.avracity.com]

The Du family's old house at this moment.

Du Haiqing has also been prepared for the auction.

She had already decided that she had to be present at the auction, so even though the Su family had strong opinions about it, she was resolutely ready to go.

Su Zhifei, Su Zhiyu and their siblings were at the door of Du Haiqing's room early in the morning, and the moment the door opened, the siblings immediately saw their mother, who was dressed very formally.

Su Zhifei became anxious and blurted out, "Mom! Are you really going to go to that auction?"

Du Haiqing nodded slightly and said, "I've already signed up for this, so how can I not go?"

Su Zhiyu said with an anxious face, "Mom! You can't go! My friends told me that all the people in Yanjing are watching you, and they say that if you really go, the Su family will lose face completely.

Du Haiqing said seriously: "The Su family's face is not my decision, it's the Su family's own decision, what your grandfather and your father did is the real key to the Su family's face."

Su Zhiyu said urgently: "Mom, I understand what you mean, but the current situation is that the Su family's previous incidents are irreversible, but if you can give up participating in this auction now, the Su family can still save some face."[www.avracity.com]

Du Haiqing looked at Su Zhiyu and said very seriously, "Zhiyu, Mom never cared what anyone thought of me, including this incident, so anyone can think that way, but only you can't. Do you know why?"

Su Zhiyu subconsciously shook her head.

Then, she asked, "Mom, why can't I?"

Du Haiqing said very seriously, "The reason they think I should save the Su family's last face is just because they think I'm a married woman."

"They feel that as a woman who has married out, at all times, the interests of her husband's family should be paramount."

"If your husband has a lover outside, you must not make a scene, but on the contrary, you must make a show of peace to everyone, so that everyone knows that you always put your husband's face first, and in their eyes, such a woman is called a woman of understanding."

"But, in my opinion, such a woman is so pathetic! Why should I have to humiliate myself and pander to others? Who am I to begrudge myself and give in to others? Is it just because I'm a woman?"[www.avracity.com]

At this point, Du Haiqing looked at Su Zhiyu and said solemnly, "Zhiyu, Mom never wanted you to marry a rich or powerful husband, but she only hoped that you would maintain your dignity no matter what, and never become the kind of woman who puts the greater good before everything else, otherwise, you will never be happy in this life. "

Su Zhiyu was struck by lightning at that moment.

She looked into her mother's steadfast eyes, and suddenly waves of shock and horror arose in her heart.

She couldn't help but think to herself, "Why did I say that to my mother, and will I ask the same of myself when something like that happens to me in the future? Suchiyo, Suchiyo, how could you be so stupid?"

At that, she couldn't help but clench her fists and grit her teeth, saying, "Mom! Since you have to go, I'll go with you!"

Chapter 2399

In the last second, Su Zhiyu's mind was considering the face of the Su family.

If I can't stand firmly by my mother's side when she encounters this kind of problem today, then if I get married and encounter the same thing in the future, no one will stand by my side.[www.avracity.com]

"This matter, at its root, is not a matter of the Su family's face, but a matter of principle!"

"This is a matter of principle, it's really about what's right and what's wrong, right is right and wrong is wrong, you can't ask the woman to submit just because it's the man who's wrong! Just ask the woman to do everything to save the man's face!"

"So, today, I have to accompany my mom to this auction!"

Su Zhi Fei was very helpless at the sight of this.

As the eldest son and grandson of the Su family, he was actually able to distinguish the pros and cons.[www.avracity.com]

From the Su family's point of view, he felt that his mother should not participate in such an auction at this time, because the big picture of the Su family was of utmost importance.

But after hearing what his mother and sister said, it suddenly dawned on him that he couldn't just stand on the Su family's point of view and ignore his mother.

So, he sighed and said, "Mom, I'll accompany you too."[www.avracity.com]

Du Haiqing smiled happily and said seriously, "Zhi Fei, you don't have to accompany me, just let Zhi Yu accompany me."

Su Zhi Fei hurriedly asked, "Mom, why don't you let me go with you?"

Du Haiqing said very seriously: "You are the eldest grandson of the Su family, it is better not to stir up trouble for yourself at this time."

Su Zhi Fei was busy saying, "But Zhi Yu she".

Du Haiqing waved his hand: "You're not the same as Zhiyu."

Su Zhi Fei is actually very clear in his heart.

He was the eldest son and grandson, and in the future, he was going to try his best to inherit the Su family.

If he really made a big mistake in his grandfather's eyes, then he would completely lose his chance to inherit the Su family.

As for himself, he is not as open-minded as Su Zhiyu.

Su Zhiyu could care nothing about the Su family's assets, power and inheritance, but Su Zhifei could not do that yet.

At this time, the old housekeeper also spoke out and said, "Young master, please listen to the second young miss's advice, don't follow the past."

Su Zhi Fei hesitated again and again, and could only nod his head helplessly and said, "Mother, then I won't accompany you.

After saying that, Su Zhi Fei lowered his head in shame.

He knew that although it was his mother's initiative not to let him go, he was still a wimp after all.

As if Du Haiqing had read his mind, he said, "Ji Fei, let the driver take you to the airport, I've arranged a plane to take off at ten o'clock to take you back to Yanjing."

"Ah?!" Su Zhi Fei screamed, "Mom, I don't want to go back to Yanjing." [www.avracity.com]

Du Haiqing earnestly said: "If you don't want to go back, you have to go back. At ten o'clock, I will attend the auction, and you will depart for Yanjing, which is also a statement of your position to the Su family."

Su Zhi Fei became anxious and blurted out, "What gesture? Do I have to take a stand to make them think that I am deliberately parting ways with you?"

"Right." Du Haiqing nodded his head, and said unabashedly: "That's what mom means, what mom wants to do is mom's own business, it has nothing to do with you, you don't have to stand by my side, and you don't have to be implicated because of me, you go back now, just to make a statement to the outside world, to make a statement to your grandfather, to minimize mom's influence on you, and it's good for our mother and son. Feelings, and no real damage, so why not?"

Su Zhi Fei blurted out, "But I don't want to take this position!"

Du Haiqing sighed helplessly and smiled, "You should also mature a bit."

Saying that, she looked at the old housekeeper and spoke, "Uncle Wang, you please help me send Zhi Fei to the airport."

The old housekeeper nodded without hesitation, "Yes, Second Miss."

Su Zhi Fei hurriedly said, "Mom, I still have business to take care of in Jinling."

Chapter 2400

Du Haiqing smiled slightly: "It doesn't matter, even if you fly back on the ten o'clock flight and fly back right after in the afternoon, the most important thing is to let others see your attitude."

The most important thing is to let others see your attitude." After saying that, Du Haiqing also instructed: "Zhi Fei, what is at stake? It's been made very clear, you are a smart child, don't let mom say it again from the beginning."

Su Zhi Fei pursed his lips and nodded helplessly, "Okay Mom, I'll go and simply pack up and go to the airport with Grandpa Wang."

Twenty minutes later, two black cars drove out of the Du family's old house.

One of them went to the Treasure Pavilion in the city, while the other one went out of the city to the Jinling International Airport.

In the first car, there was a mother and daughter, Du Haiqing and Su Zhiyu, who looked very similar.

The mother and daughter were very similar in appearance, and both could be considered to be beautiful women.[www.avracity.com]

At that time, Du Haiqing was known as the most beautiful woman in Yanjing, and she was the object of numerous officials and noblemen in Yanjing.

Unfortunately, even though Du Haiqing had the beauty of the nation, she still lost to Ye Chen's mother.

Su Zhiyu is very young, so she doesn't look as mature as Du Haiqing, but there is a bit more heroism between her eyebrows than Du Haiqing.

On the way to the auction, mother and daughter sat side by side, and Du Haiqing looked out the window, her thoughts flying.

She unconsciously thought of Ye Changba, and then unconsciously thought of Ye Changba's old mansion, and then unconsciously thought of the young man she saw in the old mansion that day.

"He must be the son of the coma or else he couldn't look so much like the coma Just these two days I haven't found any news about him, I wonder if he will come to the auction today?"

At the same time, inside the Treasure Pavilion.

Wearing a disposable mask, Ye Chen, accompanied by Bao Fugui's enthusiastic and attentive companions, stepped into the auction venue.

Although the auction was about to start in half an hour, Bao Fugui insisted on having all the auction participants stopped outside the door of the Treasure Pavilion.

In his words, the reason he did this was that he was worried about Ye Chen's identity being seen.

Therefore, he had to wait until Ye Chen entered the box before letting others in.

Since there were multiple compartments in the Treasure Pavilion, Ye Chen asked him, "Bao Fugui, is there anyone else reserved in the compartment today?"

"Yes." Bao Fugui hurriedly said, "There is a person surnamed Wang who wants to reserve a box, but I am afraid that other people in the boxes on both sides will affect your mood, so I didn't agree, what I said to the public is that this auction is not important enough, so the box reservation is not open, except for you, everyone else is sitting in the outside hall." Ye Chen nodded gently and said, "Thank you for your hard work, I think the time is almost up, you'd better let the other auction participants come in first."

"Okay Master Ye!" Bao Fugui bowed to Ye Chen and hurriedly turned around to leave the box.

A few moments later, the bidders who participated in the judicial auction began to enter the arena one after another.

Ye Chen sat in the one-way glass box, so he wasn't worried that other people would see him.

He carefully observed everyone who came in, and found that most of them were dressed in very ordinary clothes, and it seemed that the target of the judicial auction was mostly some ordinary working class people.

At this moment, he suddenly saw two familiar women walking in side by side.

The two women looked as if they were about the same age, the older one with full charm, and the smaller one was equally beautiful. [www.avracity.com]

If one didn't know, one would have thought that these two women were sisters.

However, Ye Chen recognized them at a glance.

He recognized the younger woman as Su Zhiyu, whom he had accidentally saved in Japan.

As for the older woman, she was the woman he saw in his parents' old home, Du Haiqing!

Ye Chen looked at the two beautiful bodies and couldn't help but sigh in a low voice, "I can't believe that this Du Haiqing actually came to the auction."
