

PREPARING FOR THE BLOOD MOON PART ONE

PATRIVIAS POV

Its been three days since Johnny and Jeffrey found out that I'm the daughter of Lucifer, when they came out of the woods I excused myself saying that Mark and Jr would be waking up soon and they don't like to eat with out me leaving them with my papa. I don't know what they talked after I left them and made my way back to the house, I have been keeping busy with Mark and Jr as well as talking to the council in private since they have been trying to get both my pack and Johnny's to get along but since he and I aren't talking everybody is doing the same thing feeling how tense the air is between him and me.

"Mom can we come in" Maggie asked

"Yeah baby come in, what is it" I asked

"Mom the blood moon is this weekend do you have everything ready, last time we were able to hold Lily under control but now that you are near him it will be even more dicult" she said

"We will also have to have our best and strongest ghters ready because ones dad smells you his wolf will take over and we will need to hold him back with everything we have" Alex said

"Unless we ask grandma, grandpa and grandfather to help us keep him and his wolf under control" Axel said

"Okay Maggie you go and get the ghters organized, Alex and Axel you guys go talk to your grandparents and I will talk to papa" I said

Everybody went their own way leaving me alone in the oce, I close my eyes and focus on calling my papa and before I knew it I felt someone place their hand on my shoulder.

"Hey papa" I said

"Hey baby girl what can I do for you" he said

"Well the blood moon is this weekend and you know what that means" I said

"And what does my little girl want" he asked

"Help to keep him and his wolf away from me and lily" I said

"Well let me go talk to his parents and see if they can also help since we will be having to keep all the unmated males away as well" he said

As he placed a kiss on my head he disappears to go see Johnny's parents, while I'm thinking of what I needed to nish setting up I walk to my room and get the bag where the special silver chains are and place them on the bed as well the bag with the shackles. I walk to the bathroom and take a quick shower walking out and putting on a long shirt and some shorts before walking in to my room nding Johnny looking at the bags on my bed before turning to look at me.

"What is in those bags and why do they smell like silver" he asked

"Johnny what are you doing here" I asked

"Don't change the conversation Paty" he said

"They are silver chains and shackles" I said

"And why do you have them on your bed" he asked

"I got my reasons" I said

"And they are" he asked

"What I do with them is not of your concern, now tell me what are you doing here" I asked

"I wanted to talk with you and get you to please give me one more chance, let me prove to you that I can be the mate that you deserve" he said

I walk to my bed and grab the bags with the chains and shackles I then dropped them near the closet door before turning and walking to my vanity and start to brush my hair, he walks up to me and places his nose in my neck smelling my scent almost making me moan but I was able to hold it in. I start to feel myself get wet just by this small gesture and he smiles while realizing a growl letting me know he can smell my arousal, he moves one hand down my arm across my stomach and down to my core making me drop my head back on his shoulder releasing the moan that I was trying so hard to hold in as he is about to push a nger inside my burning core the door swings open making us both freeze in the position we are in.
