

## Young Lady 741

Chapter 741: Send up the opportunity, seize it

The two girls' rings raised their heads, glanced at the woman, and smiled and understood the rules without saying a word, but the woman lowered her head slowly, Wei Yuewu's eyes lifted, and her eyes were light as water.

The two girls' twins, which Wei Qiufu didn't have before.

Wei Qiufu himself knows that the looks are not particularly good, so the looks of the people around him cannot be amazing, but this excellent pair of sisters' flowers, standing behind Wei Qiufu, even wearing them, without Wei Qiu Fu Huamei, but this appearance still gives a strong feeling.

And this feeling is completely different from Wei Qiufu's style, but it can catch people's attention at first glance, and it is precisely for this reason that Wei Qiufu does not like such looks.

Such a look, it is easy to think of her as a background picture. In the past, Wei Yan was famous for it, and it was also because of this look. At the same time, Wei Qiufu was suppressed, and she could only win with talent. Wei Yan It is the reputation of both talent and beauty.

But today Wei Qiufu abnormally took such a beautiful pair of sisters to spend, even at his own expense, and then look at the mother-in-law on the Yan State Mansion. Although she would not speak, the shocked eyes could already explain. With all that in mind, these two girls are the founders of the Shang State Government today.

Such a pair of sister flowers is not something anyone can find!

What's more, this pair is obviously related to the Yan government. The mother-in-law at the door retreated quietly, although Wei Yue Wu saw it but did not speak.

"Sister Liu, I'm here to learn the rules this time, I don't know why Sister Liu taught me? At the banquet in the Luguo Government House, my grandmother can never let me lose our face in Huayang Houfu." Wei Qiufu said.

Now that she has entered the house, it is impossible for Wei Yuewu to disagree with the next thing. She really wants to see who the mysterious Miss Lin is, and she can actually suppress Wei Yuewu.

"I can't do this!" Wei Yuewu said, looking up faintly.

Wei Qiufu suddenly looked up. When she wanted to come to Weiyue Wu, she was also the wife of the Emperor Yan Guogong. Even if she really couldn't control her place, she couldn't tear down her own stage in front of everyone.

This is not to tell others clearly their weaknesses.

"Then ..." Wei Qiufu hesitated and asked.

"I have to ask my son about this." Wei Yuewu took the tea cup at her hand and took a sip, and slowly put it down. "However, this son will receive the second prince in front of me. I have no time to see you. , Talk about it tomorrow? "

Want to send yourself back when you come? Even if it wasn't for the queen's mother's orders, Wei Qiufu felt too shameless.

What's more, if this matter let the queen lady know that her status in the eyes of the queen lady will plummet, and even such a trivial matter is not done, what should the queen lady think.

"Sister Liu, I'm all here. If you let me go back like this, I'm afraid ... Grandma's side will be very angry. It's like ... If you find someone who can manage things, I tell him myself, I won't bother you. Sister, let's not let Yan Guogong Shizi blame six sisters. "

Wei Qiufu also reacted quickly, her eyes flashed, and she immediately accepted the words of Wei Yuewu, and raised the words of Mrs. Tai, who is always the grandmother of Wei Yuewu.

"This ... " The next Weiyuewu was hesitant, but only hesitated for a while, then said, "The four sisters don't say that except Shizi in this house, no one is in charge, but she has been sick, and she has never seen anyone. If you were so brazen, she wouldn't necessarily see you. "

The house can still be in charge, and his body is not good, but he is not Wei Yue Wu. It seems that there is really no one except the mysterious Miss Lin!

Wei Qiufu was overjoyed. What she thought came from originally. She originally wanted to find a reason to go to this Miss Lin, but there was no reason. Now Wei Yuewu personally gives this reason to herself, how can she let it go.

"Sister Six, please ask sister Six to see me for a while, or I can talk about moving this person." Wei Qiufu said sincerely.

"I only bothered a little bit, just to learn the rules of learning. The rules of Yan Di, it seems that the six sisters do not understand, I can ask someone who understands to give directions, even if they go to the Luguo government It will be rude. "

She believes that by reporting her name, Miss Lin must meet.

Wei Yue Wu has advanced Yan Guo Mansion, and it is said that this one should be the most advanced Yan Guo Mansion. How would you like to see Wei Yue Wu occupying her position?

He will certainly think of dealing with Weiyue Wu, and he is a cousin of Weiyue Wu. He naturally understands Weiyue Wu. To deal with someone, he must know himself and others, so that he can kill him in one hit. She hasn't moved at all, just trying to grasp the shortcomings of Weiyuewu, but she can send the shortcomings of Weiyuewu to her.

In this way, would she disappear.

"Four Sisters ... Forget it, she's not in good health, so it's inconvenient to meet people!" Wei Yuewu calmed a little, raised her head and refused directly.

"It's just one side, or if you are really sick, say a few words across the curtain, it's all right? You can't even talk about illness, can't you even say it?"

The more Wei Yue Wu didn't let her see, the more she wanted to see her.

"Four sisters, Miss Lin is really in bad health. Shizi has told me not to disturb her rest. If you pass by this way, Shizi may think about it!"

Wei Yuewu reached out and rubbed her brows, quite helplessly.

But such a look Wei Qifu naturally would not believe, would Wei Yue Wu be such a helpless person? This must be to prevent myself from seeing that Miss Lin.

But the more she refused to see herself. The more I want to meet.

The enemy who can make Weiyuewu have a headache is his friend.

"Liumei, just ask Liumei to ask, because Chengdu has nothing to do with Sister Liu. If I really don't want to see me, I will come to Yanguo Mansion today to see Sister Liu. In fact, I will not mention anything. , If my grandmother asks after I go back, I will take full responsibility for this matter, sister six, what do you think? "

Wei Qifu looked at Wei Yuewu with a straight face.

This statement was extremely euphemistic. Wei Qifu believed Wei Yuewu had no reason to refuse.

"That's it ... Okay!" Wei Yuewu looked reluctant, but she still promised it. Wei Qifu said this, if she didn't agree, she would be too inhumane, besides this Mrs. Tai was also carried behind.

Wei Yue Wu has been going to Huayang Houfu every day for the past few days. It really annoys Mrs. Tai and is not good for herself.

Seeing Weiyuewu had to agree, Weiqiufu was quite proud, a little taunt flashed in her eyes, and thought how powerful Weiyuewu was. I did n't expect it to be so weak at the Yan State Mansion, just to learn the rules. I have also asked Miss Lin of Yandi if she is still the lord of Jingde County, who is the queen's mother.

If she has such an identity and position, she will surely become the true wife of the emperor of the State of Yan Guo. Where else would other women be allowed to go crazy in the state of Yan Guo.

No matter who came first, but at least this moment, I got married, at least a hundred times stronger than I haven't married yet. Such a good situation actually made Weiyuewu look like this elbow. I think Weiyuewu is much stronger than Weiyuewu.

It was just a flower-like face.

At most, it is a beautiful vase. For a person like Yan Guogong Shizi, how can there be fewer beautiful vases around, afraid that they are not strange.

However, the current situation is excellent for himself. If he can join hands with this Miss Lin, removing the Yueyue Dance should be effortless.

After Wei Yuewu agreed, she sent a girl ring around to ask, and they talked with Wei Qiuwu in the hall, but they did n't match each other. They used to be torn in Huayang Houfu. It's a shame, but this will be in Yan Guo's Mansion, naturally it will be a sister-like look.

But no matter what, with the mustard, it is impossible to go intimately, that is, talking and talking on the scene.

Yahuan came back quickly, and she was not alone. She was said to be a girl near Miss Lin. She said that Miss Lin heard that the four ladies from Huayanghoufu were coming to see her. Qiu Fu went to talk.

This Miss Lin really was exactly what she thought, Wei Qiuwu was overjoyed. Needless to say, this one has always wanted to deal with Wei Yuewu, but she was struggling to find the most opportune moment.

"Sister Liu, then go and see Miss Lin!" Wei Qiufu stood up and smiled.

Wei Yue Wu groaned. She twitched her finger on the tea cup in front of her, and for a moment she groaned. It was obvious that Wei Qiufu was not happy to see the Miss Lin.

"Sister Six, Miss Lin is not in good health, so she can't keep her waiting!" Wei Qiufu urged again.

"It's too early for this time, Miss Lin can use the medicine?" Wei Yuewu ignored her and looked up and asked the girl ring next to Miss Lin.

"The medicine was only used, and our lady asked the slave to thank the county master. Fortunately, the county master found the medicine good, otherwise the body would not be well adjusted at this time."

The girl answered with a smile, and thanked Miss Yue for Miss Lin.

"Since the medicine has only been used, it is necessary to take a good rest. If you do not take a rest at this time, the effect will not be so good." Wei Yuewu said softly.

"Mrs. Xie cares, our lady said, she just took the medicine and couldn't sleep right away. It had to be cleared a little. It was just right. I heard that Miss Shangsi from Guifu was here, and she happened to be able to accompany her." It was obvious that I knew that Weiyue Prom said so early.

This one-on-one answer fell on Wei Qiufu's ears, but tasted the meaning of Wei Yue Wu not letting her see Miss Lin.

This was also expected, would Wei Yue Wu not know that if she saw Miss Lin, she would be very bad for her, but in this case, Wei Yue wouldn't even think about agreeing, with a hint of irony in her eyes.

Wei Yue Wu's wife is not a sight at all.

"Sister Six, so I will accompany Miss Lin to talk." Wei Qiufu said, a pair of Miss Lin had already become very fate.

"Four sisters, Miss Lin has been in bed for a long time, and her temper may be bigger." Wei Yuewu turned and Wei Qiufu said with a straight face.

Want to scare yourself? Wei Qiufu gave a mocking look at Wei Yue Wu: "Six sisters rest assured, I will talk to Miss Lin well, Miss Lin is not in good health, and I will also be considerate."

In other words, no matter what, you have to see Miss Lin yourself.

"That's it, let's go!" Seeing Wei Qiufu insisting on going, Wei Yuewu didn't stop it this time, smiled, and stood up, looking to accompany her to see Miss Lin.

Jin Ling hurried in, walked to Wei Yuewu's ear and said a word low, Wei Yuewu's face changed suddenly ...

Chapter 742: Provocation after meeting Miss Lin

Wei Yuewu raised her head, her eyes fell on the twins' faces, her eyes were so deep that she could not see any emotions.

But Wei Qiufu, who was staring closely at Wei Yuewu, still noticed the dreads in Wei Yuewu's eyes, and rejoiced in her heart. The twins were really extraordinary, which could cause Wei Yuewu's jealousy.

This is really suspicious, but it is just right. At first she was worried that Wei Yue Wu would follow her. Some things were inconvenient for her to talk to that Miss Lin. But at the moment, the focus of Wei Yue Wu should not be just staring. It took her to stare at the sisters.

Sure enough, Wei Yuewu groaned a little, and looked at Wei Qiufu indifferently: "Four sisters, since Miss Lin is looking for you to talk to, I will not pass. There are too many people, so many talks, so Miss Lin is really tired. No, the fourth sister said a few words, so come back! "

"Sister Six, rest assured, I will." Wei Qiufu promised.

Wei Qiufu said so, and Wei Yue Wu wouldn't say anything more. It must be the Yan State Mansion here. Even if the sisters in the same house have contradictions, it should not be too obvious in the Yan State Mansion.

Miss Lin's girl ring then took Wei Qiufu away, and it was Shu Fei who sent them past. Shu Fei's meaning was also obvious, for she was afraid that Wei Qiu Fu would say bad things about Wei Yue Wu in front of Lin.

As for the pair of sister flowers, a mother-in-law of the State Government of Yan Guo came over and whispered two words in their ears. The two were overjoyed, and they could not care what they said to Wei Qiufu. The mother-in-law's departure seems to have gotten some great benefits.

Seeing this, Yan Huaijuan should have called the two girls.

In other words, these two girls rings are people whom Yan Huaiyu knows. Think of these two girls rings. If they are next to Yan Huaiyu, nothing will happen.

Although Yan Huaijuan is known as a phoenix-like existence, it must not be a real cymbal. For two familiar beauties like flowers, they must be different.

There is a Miss Lin here at Wei Yue Wu, and a pair of sister flowers will be sent here. In addition, she had no status in the Yan Guo Mansion, and this is enough to make her drink a pot.

Seeing Wei Yuewu's tight face and her obviously displeased look, Wei Qiufu didn't say a word. She hid her pride and turned to follow Shu Fei to leave, but before leaving, one of her earrings " "Inadvertently" fell under the chair she had just sat on. Of course, such a small movement, Wei Qiufu believed that Wei Yuewu, who would be full of unhappiness, would not see it.

Miss Lin's residence was still in that garden, and she didn't move. Just like before Weiyuewu got married, there was a guard at the door. When Wei Qiufu and his party came over, the guard reached out and stopped.

"This is a guest invited by Miss Lin, Miss Four of Houfu in Huayang." Miss Lin's Yahuan stood back.

The guard looked up and down Wei Qiufu's eyes, but he no longer blocked them, letting her in respectfully.

This makes Wei Qiufu very proud, and even feels that Wei Yue Wu has no place in the Yan State Mansion.

After arriving inside, Wei Qiufu found out that this garden looks wider than the outside, and the garden where Wei Yuewu lives now is actually comparable, and the layout is also atmospheric. Such a garden, all look positive. Where Madam Shirley lives, the garden of Weiyue Wu does not look like Madam Shimuro's residence, and it tends to be masculine. It is supposed to be the original Yan Huaiyuan garden.

The marriage of Weiyuewu was originally hastily. Suddenly, the marriage of Yanguo Mansion made it impossible for other gardens to vacate.

It is understandable to use Yan Huaiyuan in his own garden. As for the plaque at the gate of the courtyard, "Qinghe Courtyard" should be made later, and it looks brand new.

Seeing it this way, Wei Yue Wu was a little bit worse in Yan Huai's mind, and it was just superficial.

Feeling that she had clearly seen Wei Yuewu's status in the Yan State Mansion, Wei Qiufu smiled and was proud of her. She also looked forward to meeting this Miss Lin more and more, and she would follow the girl into the room.

Then turned into the inner room.

The inner room was divided into two parts, and the curtain fell down, and only a faint figure of a woman leaning on the couch was seen. It should be the mysterious Miss Lin, and she seemed to be accompanied by a few girls. There are a lot of people inside.

Wei Qiufu didn't expect to see Miss Lin's true body at once, so she didn't feel strange to see the drapery.

It's good to let this Miss Lin see herself, and I don't expect this Miss Lin to show her face all of a sudden.

"Miss, Miss Wei Si is here!" Yahuan stepped forward to report, and a faint voice came from a woman:  
"Miss Wei Si, please sit down."

"Thank you Miss Lin!" Wei Qiufu laughed, and then sat down in a side chair. Shu Fei stood behind her, acting as her girl ring.

"Shu Fei, my earrings are off!" Just sat down, Wei Qiufu touched her ears, her face changed greatly, and she lowered her voice to the side of the book.

Shu Fei was with me, and there were a lot of inconveniences. I could n't say a few words to Miss Lin. Of course, Wei Qiufu had already figured it out, so the earrings were thrown "accidentally" early Under the chair, this is the best excuse to take the opportunity to dismiss the book.

"When did Miss Four fall?" Shu Fei asked, lowering her voice.

"This ... I don't know, come this way, or the courtyard where Sister Liu lived before ... Shu Fei you go and find out, if this is picked up, what can we do!" Wei Qiufu was anxious Tears are coming down, urging Shu Fadao hurriedly.

Seeing her eagerly looking like this, Shu Fei didn't dare to bother and turned around and left.

Seeing Shu Fei's departure, Wei Qiufu showed a little pride on her face, turned her head to Miss Lin in the curtain, and opened the door directly to say: "Miss Lin, I don't talk nonsense anymore, I don't know Miss Lin and me six How does your sister get along? "

"Our Lord! We're doing pretty well!" Ms. Neilin's voice was very light, she could only hear it faintly, and she knew that she was short of breath.

The voice of this guy is actually worse than Weiyue Wu's, which is unexpected to Wei Qiufu, not to say that this Miss Lin is now in good health, it is the medicine sent by Yandi for the consultation, why is she so weak? , Even saying a word is out of breath.

However, these are not important, what is important is that this Miss Lin hates Weiyuewu.

"I heard that Miss Lin is the wife of the queen's wife. The former prince of the kingdom of Yan also asked the queen of the emperor personally. The queen of the queen also agreed to the marriage of the queen of the kingdom of the mother of the queen after the illness. , Sister Liu actually entered the backyard of the Yan State Mansion for such a reason. Is Miss Lin really irrelevant? "

Wei Qiufu was worried that Shu Fei would be back soon, so she didn't go around with Miss Lin and bluntly.

Everyone says that killing the father and taking away the hatred of his wife is the enemy of life and death.

That kind of hatred that robbed other people's husbands and wives is a situation that never ends.

Wei Qiufu doesn't believe this Miss Lin doesn't understand.

"So what? Could Miss Wei Si have a way to teach me!" There was a silence in the screen curtain, only to hear a woman's deep voice came out after a while.

This Miss Lin's body doesn't look good at all.

It is even more necessary to deal with Wei Yuewu. If this Miss Lin is gone, the backyard of Yan Guo Gong Mansion is the situation of Wei Yuewu's dominant family.

"Miss Lin, I can help you!" Wei Qiufu looked up without hesitation, said.

"Why? Isn't Miss Wei Si the sister of the lord of the county? Why would you help me?" Miss Lin seemed somewhat skeptical, and then she asked slowly after half a ring.

To this question, Wei Qiufu also thought about the answer early. After listening to Miss Lin's question, her face was gloomy: "We and Wu Yue Wu are indeed sisters, and they are cousins close to each other by blood. It's no more than a word of profit. Wei Yue Wu has hurt me to this point for personal gain. "

"Oh, what are you talking about?" Miss Lin said.

"Before Weiyue Wu entered Beijing, our sisters in Huayang Houfu were very united and very friendly. Nothing had ever happened. Not only were they not sisters or sisters, but they were better than their compatriots. After that, she viciously killed her second sister, which caused her to be rejected by the Nan'an Palace and ruined my reputation. She even took advantage of the five sisters' relatives for her. She ... she was too vicious! "

Wei Qiufu grunted her teeth.

All things were tainted in Wei Yuewu's body. Anyway, this Miss Lin has been ill. Even if she knew some things, it would not be detailed. Besides, the internal affairs of Huayang Houfu were unknown.

I just need to say something about it. I don't believe that Miss Lin doesn't do anything.

So in this meeting, Wei Qiufu didn't mention the vicious things he had done, but pushed everything to Weiyuewu's body, as if Weiyuewu was the malicious and unforgiving person.

"Miss Lin, if you look at our sisters, there will be no good at the end. Not only did she marry the Yan Kingdom, but she also won the title of the Lord of Jingde County." Wei Qiufu's face was almost grim and almost dripping water , The eyebrows jumped, and the color of hate was hard to hide.

She hated Weiyuewu, and could not wait for Weiyuewu to die in front of her now.

"What am I going to do?" Miss Lin did not continue to ask this time, but changed a topic.

This topic made Wei Qiufu feel relieved, knowing that things were more than half successful, which meant that Miss Lin had to cooperate with herself.

I didn't expect things to go so smoothly, but it made her overjoyed for a while, settled down, and said, "Miss Lin, do you know why the son of the State of Yan Guogong married Wei Yue Wu?"

"I don't know!" Miss Lin whispered.

"It's Weiyuewu playing tricks, otherwise how could this happen? Miss Lin thinks about it, can you and Shizi's childhood friend be replaced by someone else? But Weiyuewu is good at bewitching, Shizi It was also a trick, so for the purpose of this day, it was directly to Wei Yue Wu that Miss Lin could safely marry the son of the State of Yan, or else she would n't know how to die in the end. "

Wei Qiufu continued to exaggerate.

She didn't believe that Miss Lin would endure it anymore. The more the fire was burning, the better the next thing was to say. No matter what it was, as long as Miss Lin thought of it, she would not be good.

Now that the Yueyue Dance is relocated, what's the matter?

Now Ms. Lin is almost led by her nose, Wei Qiufu feels that as long as she talks a little more, if she will let Ms. Lin do anything, she will agree.

After she had finished speaking, there was a silence in the screen, but Wei Qiufu was not in a hurry. She knew that Miss Lin was considering it, but the result of the consideration was all her own.

Then you can make a plan for two birds in one game.

By the way, although this time waited a long time, Wei Qiufu still heard the voice of Ms. Neilin, "Miss Wei, you teach me how to do it!"

Wei Qiufu's face couldn't help showing a cold and smug smile, and there was a bit of oozing in the dark offline, inside the room ...

Chapter 743: Yan Huaihuan Sword

"I heard that the second prince came to the house today. If the second prince and Weiyuewu can be mixed together, and the character of the son of the State of Yan Guogong ..." Wei Qiufu thought of himself and hinted.

"Shizi will kill Weiyuewu." Weiyuewu in the screen lowered her voice. Of course, the so-called Miss Lin was herself. Wei Qiufu came from the front door and went around in a circle. Weiyue Dance is naturally waiting for it early.

The voice was lowered, on the one hand, because Miss Lin was physically weak, and on the other hand, to prevent Wei Qiufu from hearing her voice.

However, Wei Qiufu should never have dreamed of it. Miss Lin, who is here, is actually Wei Yue Wu.

Linking Wei Yue Wu with the sickly second prince, this is the idea that Wei Qiufu only realized when the second prince was also in the state palace of Yan Guo.

The second prince is said to have died soon, even before the Yue Yue Jiao disgusted her, and even arrogantly gave up, counting the fourth prince as a concubine, unwilling to enter the second prince's house, which is why.

If Wei Yuewu has anything to do with him, it's definitely not okay, that's for sure.

"Will the prince of the kingdom of Yan Guo be so tyrannical?" Upon hearing Yan Huaiyun's life, Wei Qiufu would be killed. Wei Qiufu also choked for a moment, but then asked with great joy, the joy on his face could no longer be suppressed.

It is unexpectedly good news for Wei Qiufu that Yan Huaiyu, who is like a fairy in front of her, lives in such a violent heart.

"Even if she doesn't kill her, she will be locked up, or her wife will be divorced directly!" Wei Yuewu looked at Wei Qiu outside the curtain-said her eyes narrowly.

This remark was entirely based on Wei Qiufu's preferences.

"That would be great, no matter what the outcome, Weiyuewu will not end well. After divorcing his wife, what kind of face is alive, or you can give the second prince a favor, and then wait for the second prince. Dead, widow to the second prince." Wei Qiufu smiled proudly.

"So how do you associate her with the second prince?" Wei Yuewu flashed a cold mangle in her eyes, and she would never be polite to those who blame her.

Earlier in Huayang Houfu, Wei Qiufu escaped again and again, not because of the protection of his wife, but he would arrive at Yanguo Mansion to see who else could protect her.

Such a vicious woman, the former Weiyue Mai wanted to send her and Jing Wenyan to make a pile, enter the Prince's East Palace together, and let them roam in the East Palace, but this will evoke a cold smile on the lips, how to say Wentian Yao is also his own brother, Wei Qiufu is not good to enter the East Palace.

Moreover, the two are counted as cousins, and they are not suitable for marriage, but they do not know why the father and Mrs. Tai had known about it but did not mention it, and the father was indifferent.

Although they didn't care, Wei Yuewu felt that he was still unhappy.

"Miss Lin only needs to faint Wei Yue Wu, and then lead the second prince to the place of Wei Yue Wu, take off their clothes and let them lie down together, naturally it will be. I believe Miss Yi Lin's ability, this is all Not a big deal!" Wei Qiufu said, took out a small porcelain bottle from the cuff, and put it on the table.

This is also prepared earlier. I heard that it is still a secret medicine in the palace, but it is not available to ordinary people, and it is not suitable for people to discover.

It is actually extremely simple to make Weiyuewu's move.

"Miss Lin, there are some medicine powder here. If you pour it into the tea of Weiyuewu and drink it for a long time, it will be a little confused, and there are some other things in it ... at that time, even if you have everything If you do n't do it, she and the second prince will not help but ... "

Wei Qiufu hinted.

This medicine actually not only makes people unconscious, but also hurts chastity. Wei Yuewu's face remains unchanged, but he sneers. Wei Qiufu already prepared it, so he brought it directly. Today, he is not the second prince. It will be other people too, just because the second prince happened to be there, so he pulled in the second prince.

Wei Qiufu is indeed a poisonous snake hiding in the dark.

This will not only kill one's own life, but also make one's life impossible.

For this kind of person, Wei Yue Wu has always stayed away.

A girl ring came out, went to the table outside and put in the porcelain vase placed in front of Wei Qiufu, Wei Yuewu lowered her eyebrows casually, and said slowly: "Just according to Miss Wei Si said. "

"Miss Lin, it will bother you to send someone to teach me some rules of Yandi. I came here in this name. If Wei Yuewu knows that I have a good conversation with you, I will doubt you. . "

Things have been done, Wei Qiufu naturally would not be able to stay more, immediately stood up and said goodbye.

There will be a major event at the Yanguo Mansion. A person in her situation just needs to look at the excitement. As for the next thing, it is not her thing. The queen mother asked her to check the details of this Miss Lin. Nothing was found, but giving the bottle of the queen maiden's medicine out should be a great achievement.

Next, let's watch the show yourself!

However, watching the entire Yanguo Mansion turned upside down, when in Huayang Houfu, Wei Yuewu fled again and again, this time to see where she was going.

Lord of Jingde County? Mrs. Yan Guogong? These glorious titles will eventually become cloud smoke!

Wei Yue Wu will die with shame and shame.

How beautiful is it? Nothing in the end is empty.

"Come here, send Miss Wei to learn the rules." The inner curtain Yue Wu of the screen curtain whispered, and a girl came over, saluting Wei Qiufu respectfully, and then leading the way.

Wei Qiufu thought she was worth it here, and she followed Yahuan immediately.

The screen curtain was slowly picked up, and the half-covered window opened. The sunlight came in and fell on the porcelain bottle, revealing a touch of gold. It should be the same as the porcelain bottle from the mother's relatives. Secret thing.

It's just a different shape.

Needless to say, this should also be given to Wei Qiufu by Queen Tu.

"Master, what do you do now?" Shu Fei asked Wei Qiufu with an ear pendant in her hand.

This was previously dropped by Wei Qiufu in order to send Shu Fei away so as to discuss the murder of Wei Yuewu with "Ms. Lin".

In fact, when she dropped it intentionally, Jin Ling had already seen it, and after Wei Qiufu left, she gathered up the earrings directly.

Shu Fei didn't go back, just circled in front and returned to this room.

"Put the earrings in a purse and send them to the second prince's hands. I heard that the second prince was in shock and fear. If anyone comforted him, it would be great." Wei Yuewu smiled slightly and took the bottle at hand and shook it twice. I'll let my doctor see what kind of medicine is in the end. "

The bottle contained some white powder. Nothing could be seen across the porcelain bottle. Wei Yue Wu thought about it, but decided not to open the porcelain bottle, and handed the bottle directly to the Taiyi Medical Examination of the State Government of Yanguo.

These are unknown powders, but the specific effects are unknown.

There are some secret medicines in the palace, which must not be what she can detect. There is still some knowledge about Weiyue Dance!

The second prince was really scared now, and his eyes widened and he looked at the arrows flying in front of him, his face was scared, and his body was almost soft.

No one had expected that when Yan Huaiyu accompanied the second prince to hang out in the garden, he actually encountered an assassination. Although this assassination was almost directed at Yan Huaiyu, the second prince who was heavily guarded by the guard was obviously the same. Objects for assassins.

The assassins held swords in their hands, black cloth covering their faces, and they were all well-built. The swords in their hands were splattered with blood, almost flesh and blood flew within a few steps.

In such a scene, the second emperor, who has always been absent from the home, has hardly encountered it. This will scarcely know how to be at home. I just feel that the whole person is panicked. I knew that it would be so bad to go to the Yan Guo Mansion today. Will not come over.

Seeing less and less guards in front of him, the second prince's face became more and more pale, and his expression became more and more panic.

"Yan Shizi save me!" Originally still endured, but when he saw a sword almost picked up in front of his face, the second prince couldn't bear it anymore, suddenly he couldn't control the scream. The whole person shivered.

Someone pulled him around and happened to avoid Jian Feng.

Yan Huaiyu turned back leisurely, he was also in the guards, but there was much calmness between them, a pair of handsome eyes turned to the second prince, seeing that the guards around the second prince were indeed much less, and frowned for a while, Then he brought his own person and moved closer to the second prince.

The assassins were originally divided into two piles, and a lot of them were all on Yan Huai'an's side, but there were many guards on Yan Huai'an's side. Moreover, this was still in the Yan State Mansion, and a steady stream of guards came over, There is no danger, but at this time, moving to the second prince's side, naturally some empty doors were exposed.

A few assassins immediately noticed this, their bodies flashed, and they rushed over, and several swords stabbed at Yan Huaiyu together.

The few guards around Yan Huaiyu were not slow to respond, and flashed over immediately, happening to block the sword in front of Yan Huaiyu. The thrill of this moment made the second prince open his mouth, and did not dare to make a sound.

After such a catastrophe, two places were merged together, and the guards also increased. The second prince saw the dense crowd of guards around him, and was relieved. He took the papa and wiped it on his pale and pale face. She wiped, and said Yan Huaiyan, who was still elegant in the side, hated poison.

"Shizi, do you know who came to assassinate me?"

"It's not the assassination of the second prince, it's the assassination of me! This is actually not the first time, but the second prince is just in time for its meeting!" Yan Huaihuan looked strangely, without a slight nervousness, said slowly.

The ground was full of blood, and from time to time someone saw a sword in his sword. After falling down, the blood overflowed, and then he didn't wake up.

Even though the second prince has been lying in the dark to count others, this kind of battle with real swords and swords is still rare. This will endure the soreness of his legs and feet, and he will have to sing: "This ... This is someone who assassinates Yan Guo Gong Shi Zi? "

"It's not just my house, the government of Lu, the government of Qi, but also the government of Chu. It should happen from time to time, and I don't know who has offended the four places. There are always people who don't want to let us go." Yan Huaiyi raised an eyebrow and threw the sword gracefully, and happened to stab a flying assassin.

When a chest stabs, it is difficult to survive.

A few drops of blood splattered on the second prince's face, and the second prince's face became paler, and he hid subconsciously.

All the assassins were in front of him, because most of the assassins were in front of them, but there were not a few guards behind them, everyone's attention was in the front, but no one noticed the back, the second prince stepped back, because Afraid to take a few more steps, he actually withdrew from the guard's guard circle.

Immediately, an assassin discovered this once-in-a-lifetime opportunity. The sword in his hand was learned from Yan Huaiyi, and he threw it vigorously. As an arrow in front of the second prince, he could not assassinate Yan Huaiyi. The government house is enough for Yan Huaiyi to drink a pot.

In front of the sword that came from the chest, the second prince had only one time to scream. His body was already weak. In addition, he would be shocked. He had lost his ability to move, and he watched the sword coming from his chest. If this sword is stabbed, the body of the second prince must also be a hit.

A white shadow flashed in front of him. The second prince was pushed away and fell to the ground. The second prince who fell on his back to the sky was seeing the long sword in the air as a stab at Yan Huaiyi ...

Chapter 744: Bad thing, the fear of the second prince

It was a chaos. The second prince only saw the guards of the Yan Kingdom Mansion rushing up like crazy, one by one, the blood was flying, and the assassins threw the corpses in the ground. A few escaped.

The prince of Yan Guogong was called over, and the people in the government didn't even have time to deal with the corpses of a place, escorting Yan Huaiyu to the nearby yard, and called the prince directly for treatment.

Through the crowd, the second prince faintly saw Yan Huaiying covering her chest, her head bowed slightly, and the flowers colored red snow-colored robes.

"His Royal Highness, what shall we do?" The guard of the second prince's house was also dumbfounded, and no one came to say hello to them.

"Wait!" The second prince gritted his teeth.

While subconsciously looking at the yard over there, the guards of the Yan State Mansion guarded the gate of the yard tightly. Several guards still dripping with blood saw the eyes of the second prince looking at them, one by one with a bit of addiction. The blood stared back, which made the second prince soberly aware.

If Yan Huaiyuan is really in trouble, he must be in trouble!

The second prince deeply regretted himself. He originally wanted to borrow the power of Yan Taiyi, and then slowly appeared in front of everyone. He only said that Yandi 's Taiyi had good medical skills. He had previously cured the ill of Miss Lin. The illness is much better, so that he can justify himself before the crowd.

I expected that this situation had not been borrowed, but such a thing happened, and Yan Huaiyuan had to be like this in order to save himself. The second prince was even regretful at this time.

But now there is nothing but helplessness. I have to wait for the news. I only hope that Yan Huaiyu will not have an accident this time. If it is really for his own accident, the second prince will know that this matter will be a big one. In the relationship, Yan Di was originally powerful, but the father is now more and more timid.

Of course, this is not the only way to wait. The second prince tuned his guard into the palace to report, and it was necessary to save himself.

Yan Huaiyu was injured, but this was a major event that she could not resist.

The waiting time was a little long. The second prince stood anxiously under a tree, his brows frowned tightly. The gloomy face in the past looked more and more gloomy. He had not seen the sun for years, and his face was pale. And it's still the kind of paleness that doesn't see the sky, but it will be a little green in the paleness, and you will know that the look is not good at a glance.

His health was really bad, and after a while he couldn't stand anymore and had to sit down in the pavilion on one side.

Someone had packed up the body, and a clerk from the Yanguo government hurriedly came over and said politely, "Your Highness, please go to the side yard to rest!"

"No need, I'll wait for the son of the State of Yan Guo to wake up!" The second prince shook his head, holding up and refusing to say.

The embarrassment of the steward became difficult: "His second emperor, our son is seriously injured. This may not wake up at one and a half. The second prince will go to rest first, or our son will wake up and have something to ask his highness."

I can't wake up at this time and half, but the representative is serious. The second prince shook his body, feeling only exhausted physically and mentally, but there was a hint of coldness in his eyes. When he was in the government, he clearly wanted to drag himself into the water, but he didn't know who it was.

But no matter who it is, after he goes back, he will certainly make people inquire more about it. No matter who wants to take himself as a scapegoat, it is not so simple.

But the second emperor's body really couldn't hold it at this time. He looked at the sky, his face was somber with a frown and said, "Well, just rest there!"

The steward looked at the yard, nodded, and nodded and called a girl to take the second prince over.

The girl gave a respectful gift to the second prince, and then led the way in front of him. The second prince shook it a little, and the guard on one side stood up. His body could hold up to now.

The courtyard was empty and quiet, but at first glance it was clear that it was an empty courtyard.

The main son of the government of the State of Yan is now in the middle of Beijing with Yan Huaihuan and the newly-married Weiyuewu, as well as the yet-to-be-missed Lin, almost all the courtyards of such a large state government are empty.

Went to the room to sit down, and after the ring was served with tea, Yahuan stood by and waited.

"I'm fine here. You're waiting at the gate of the deceased son's courtyard. If there is news of the deceased son," the second prince ordered to Yahuan.

All he has here is confidant. Of course, there is no need for the Yanhuan government to wait on the side. Send her out and let her stare at Yan Huaiyu. You can also get the news of Yan Huaiyu quickly .

"Yes!" Yahuan retreated.

When he walked to the door, he walked across from a guard in the second prince's house. Yahuan looked up at the nervous guard, and looked down calmly, without making a slight stop.

The guard hurried into the door: "His Royal Highness, there is a doctor in the palace!"

"How many?" The second prince asked anxiously, forcing the pain in the forehead suddenly, which represented the attitude of the palace.

"Here are four. There are two medical doctors. One of them was a senior doctor. He asked the emperor that after hearing about the incident, he was very angry. He also called several officials in Beijing for law

and order. Lined up outside the gate of the Imperial Study Room, kneeling down to plead guilty!  
"Reported the guard.

Although the second prince did not become a good doctor for a long time, he had a good relationship with a few doctors who had seen him.

Naturally, the people in the second prince's palace also knew those doctors.

The second prince frowned, stood up and hurriedly took a few steps in the same place, then turned back and walked a few steps, and turned around a few circles with his hands on his back.

He knows clearly that the Father Emperor will be shown to others. This seems to be a big fanfare. I'm afraid that Yan Huaiyu really has something to do with him. Father Emperor also has some talk, but this is getting worse. The more unfavorable.

In the end, I really couldn't get rid of myself.

His own body is worthless to his father, and how can he offend Yandi for his son who is crooked and doesn't know when it won't work?

Yan Huaiyu is the son of the Grand Duke of the State of Yan, which is equivalent to the prince of a country.

"Go and bring some of the good medicinal materials from my house and send them directly to the courtyard of the Emperor of the State of Yan. Tell the Taiyi, as long as I can save the child, let me do anything. If I can use my life to change the child I did n't hesitate to kill my life, and said that my life was saved by the son, and I must repay! "

The second prince stopped suddenly, preached with his teeth, he really did it!

"Yes, my subordinates know!" The guard nodded and hurried away.

The second prince sat down in the back again, stretched out his hand to support his head, and felt a headache as if it was about to burst, jumping abruptly, and the whole person was faint, almost unable to sustain it, but at this time he knew clearly that he could not sustain it. Have to hold on.

Anyway, at this time, I can't leave the Yan government.

Father Huang was all expressing his position, clarifying the relationship between this matter and him. Of course, a large group of people kneeling at Yu Shufang were of course shown to others. If you do n't take a stand here, the consequences will not be too big. As for Yan Huaihuan to save himself from serious injuries, you ca n't hide it from others. He just opened up and said that he would be grateful to Yan Huaihuan. Show that you are also extremely innocent.

When he was assassinated, he was also a target of the assassin.

Therefore, this assassination should have nothing to do with yourself.

After just a fight, there are not many remaining guards in the second prince's house. Today the second prince came to the house to be a guest, and it is interesting to ask Yandi's doctor to help him see the doctor. When the assassin was only folded Several, one was sent out, and there were only two remaining by his side.

Looking at the second prince's face, I also know that his condition is not good, but the situation of the Emperor Yan Guogong will be even more critical. Naturally, I can't ask the doctor of Yanfu to look at it. As for the doctor in the palace, he should also do his best There will be no time to come to see the second prince for treatment.

"His Royal Highness, go inside and rest for a while!" A guard suggested.

"Yes, Your Royal Highness, if you don't rest, the Son of the Kingdom of the State of Weng Yan will wake up, or there are some things to ask you to deal with in the past, your body may not be able to hold up." Another guard also followed with concern Road.

"Okay, I lie down a little. You all go outside and keep it. Notify me immediately if there is any news!" The second prince himself knew the housework best, and knew that it would really be a bit irresistible. , Commanded.

"Yes, Your Highness!" The second guard nodded.

The second prince did not need them to wait for this meeting anymore. After turning the screen, he unloaded one of the clothes and went directly to bed to lie down and rest.

He was still thinking about Yan Huaijuan, where could he fall asleep, put his wide sleeves on his head, closed his eyes, rested motionlessly, had a headache and was awake.

When the two guards saw the second prince going to rest, they did not wait outside the house, turned around and left the house, and stared at the courtyard where Yan Huaiyu was outside.

The second prince, because of his poor health, must be quiet while sleeping, and the guards also know.

In the courtyard of Yan Huaiyu, blood was sent out. The doctors have already seen the wounds, but the natural treatment of the wounds is naturally the doctor of Yanguo 's government. Hands, four people frowned together in the compartment, Yan Guogong Shizi was really hurt.

But looking at the amount of blood flow and that pale face, plus they can also be regarded as looking at the wound, the position of the wound is blurred, and it seems to be close to the heart of the chest. This position is not good, but I really can't wake up.

Although they are here, they also know the weight, and they are afraid to prescribe medicine.

If something really goes wrong, Yan Guogong may get angry with them.

But it did n't work, and the four of them decided to write a recipe together. Everyone discussed and decided not to act in a brave way. Even if something went wrong, everyone would be tied together and no one could escape.

Wei Yue Wu was informed shortly after the death of Yan Huaihuan, and he could not discuss Qiu Fu with a few girls, and hurriedly brought Jin Ling to the front yard.

Had it not been for Jin Ling's help, she had hit something several times and almost fell.

The previous news only said that Yan Huaihuan was injured in order to save the second prince, but there was no specific information. Wei Yuewu flew into the sky with a scared heart, and never felt such weakness. He stumbled forward. Going to the yard, I didn't hear what Jin Ling said in her ear at all.

Chapter 745: Love is strong, so much so far

Seeing Wei Yue Wu's overwhelming overcoming, the two guards at the gate flashed respectfully aside, Wei Yue Wu couldn't help talking to them, and hurriedly entered the courtyard.

There were also two guards at the door of the house, but when they saw Wei Yuewu was not blocked, they took a step back, saluted her solemnly, and stepped aside.

With her steps, the layers of guards retreated ...

Wei Yuewu went into the back room and saw that the Taiyi of Yan Guo Gongfu was at the table on the side and prescribed a prescription.

"Medical doctor, how is the son?" Wei Yuewu stood still and asked pale. She was just a young girl who was too late, and it was very normal for her to behave like this.

"Go in and take a look!" Tai Yi replied with no respect or emotion on his face.

Seeing nothing, Wei Yuewu hurried to the back room. When she passed the threshold, she was tripped and almost fell.

Jin Ling strode forward and reached out to help Wei Yue Wu.

On the bed, Yan Huaiyu was lying there, covered with a quilt, and couldn't see anything, as if he was asleep in the past, but in the past, Yan Huaiyu basically woke up first, Wei Yue Wu has never seen such a deep sleep Yan Huaiyu.

His long eyelashes were covering his eyes, and his handsome eyes closed tightly, his face was like a sharp axe, and in the dim light, a little pale.

In the past, the fairy-like appearance was now frozen in another space.

With some preparation in mind, Wei Yuewu's body was still soft. She reached for a pillar near the bed and calmed herself. She calmed down, calmed her breath, walked over to the bed, and walked to the bed. Reached out a slightly trembling hand and tried it lightly between his nose.

Very shallow breathing.

But even the very shallow breathing made Wei Yuewu's heart loose, and she sat down on the stool on the bed, her body was almost sour.

There was no one else in the room. Wei Yuewu held out her hand to Yan Huaiyu's side.

In fact, she also understands some pulses and tells her not to panic. The old black fox will be fine. He had previously told himself that some \*\*\*\* things would happen today. It should be prepared. Knowing nothing about today, Wei Yue Wu is not convinced.

But one hundred secrets and one sparse, Wei Yue Wu was afraid that this sparse happened at such a critical time.

Holding Yan Huai's hand in his hand, he closed his eyes and fixed his mind, and told himself not to panic again, and then slowly opened his eyes, but he stunned a pair of extremely enchanting and handsome eyes.

Immediately on the spot, a pair of beautiful eyes stretched out, staring at the person in front of them in horror, but did not respond for a moment.

Looking at such a moon dance, Yan Huaiyu held her hand back and chuckled, "Did I scare you? I'm fine!"

"Are you ... are you okay?" Weiyue Wu said, almost instinctively.

"I'm fine, I'll show it to them." Yan Huaiyu laughed and pushed away the quilt and sat up.

Seeing the bulging piece of his chest, there was still a big blood stain on it, Wei Yuewu couldn't help tears anymore, and fell down one by one.

"I'm fine ..." Yan Huaiyu paused, watching Wei Yue Wu crying like a teardrop for a moment, stretched out his hand, and gently held her in her arms, the other hand was on her. Gently patted her on the back, soothing her softly: "I'm fine, it's really fine!"

"Do n't you say that even the doctors in the palace are holding hands? Are you saying that you have blocked an arrow for the second prince and have n't woke up yet? Is n't it that this will be a matter of life and death, everyone does n't know if you can survive? ? "

The words were almost sentence by sentence. Wei Yuewu pushed Yanhuai Huaiyan hard, trying to see his face clearly, but the tears falling from the corners of her eyes blurred her vision.

Let her not be able to see clearly for a while.

"What's wrong?" Yan Huaiyan sat up straight, and embraced her again, stroking her hair, and her eyebrows twisted slowly.

The tears in Wei Yuewu's eyes kept falling, almost uncontrollable, and stretched out her hands to slowly hug Yan Huai's waist, then slowly tightened with all her strength.

There is temperature in the bottom of the hand, and everything is not a dream.

The nervousness, fear, and fear of the talents just turned into joy because of the sense of touch.

Fortunately he is fine, but fortunately it is not true ...

Although I had known that something would happen today, I didn't expect it to be such a thing, and I heard it was an occasional event. Wei Yuewu couldn't control the panic, even more afraid than when he was killed in the snowy night.

She felt that she was strong enough. After going through the catastrophe of life and death, she felt that she could face this situation alone. What could be more frightening than going through death!

Although she is only fourteen years old, although she has been a long time in the past, she feels that she can see through life and death, and also through many things.

But at that moment, she felt that she could not see through, and she was not as transparent as she imagined.

In fact, she would be so scared, too scared to know how to do it, she could only run by her instincts. It turned out that she was just a woman who was alone, and could not bear too much blood, especially his.

This surface is elegant, in fact, the charm of the demon man in her charm, in her heart, is not just a husband and wife!

"It's okay, it's okay!" The confusion in Yan Huaiyu's eyes slowly became gentle, and he reached out and hugged her tightly, as if to squeeze her into her own body.

The kiss fell gently to her ear, to her hair, revealing his unique breath.

However, Wei Yuewu's panicked heart slowly returned to its original place.

"Isn't ... just talking about something? Why do you risk yourself?" Wei Yuewu reached out and pushed his hug, sucked his nose, and looked at his tight chest. Since all the doctors in the palace have seen it, The injury should be real, and I could not help thinking of a burst of anger here.

Although she was still in tears, her small face tightened, and Yan Huaiyan stared with red eyes.

Seeing his young wife's angry and angry eyes, a pair of water eyes were aggrieved and angry, coupled with the tears in her face, Yan Huai was soft and soft.

"If something happened, then use him. Anyway, nothing has happened recently. I'll take a break for a while. They can't get into trouble with me anymore!" Yan Huaiyu explained softly.

Of course he would not carelessly guard the expression of Yuewu.

But does this mean that Wuer really cares for himself? My heart was inexplicably rejoicing, and I even felt that this hurt was unyielding, and I even made a profit.

Wuer has always been cold and cold. Since there are few times when she is out of control in front of herself, this time she can truly show her heart, but she is unexpectedly happy.

Of course, Yan Huaiyan didn't say it smartly, otherwise he might provoke Wuer to get angry, but he felt sweet in his heart.

"What's upset? Who's upset?" Wei Yuewu keenly grasped the two words, and wiped her tears with a papa, choked and asked, although she knew that Yan Huaiyu had nothing serious, but the tears kept falling It can't be stopped.

Yan Huaiyu smiled slightly and reached out to hold Wei Yue Wu in her arms again. This time it was very gentle, as if Wei Yue Wu was a late-breaking treasure.

"The three princesses and four princesses must have moved recently. People from the Nanxia Kingdom have come. It is said that they are also required to marry the princess and the pro. If the two of them are still Yunying unmarried, the name of the relative shall be Falling on them, it must have meant to lose someone's house recently. "

Yan Huaiyan leaned her head on Wei Yue Wu's hair, softly.

Nanxia Kingdom? Weiyue Wu froze for a moment, but immediately remembered that the so-called Nanxia Kingdom was related to the border that his father had previously guarded.

Or it should be related to Yan Di.

It is rumored that although Nanxia is a small country, its people are weird and should not be underestimated.

However, Nan Xianguo's marriage to the princess was the first time she heard it.

"My elder brother recently went to the border without even having time to get married. Is it because of this?" Wei Yuewu remembered the incident and couldn't help asking.

Wei Ziyang's non-marriage is really strange.

"It's exactly this, Nan Xia Guo's mission will come over, your elder brother will be stationed there as the first stop defense." Yan Huaiyu nodded.

"Please marry the three and four princesses?" Wei Yuewu blinked and asked again.

"If you don't have a princess, you can find a woman in the clan as a princess, or the county master!" Yan Huaiyu smiled, and patted his hand on the thin back of Weiyue Wu, "I was still worried about you. What you do is also the status of a county master, but now you don't have to worry about it. You are now the wife of my son, Yandi. Even if the court wants to get your idea, it will not be possible. "

Wei Yuewu was so impressed by the words that she couldn't help but look up at Yan Huai and said, "Did Queen Tu had the same idea when I was named the county master?"

"Then Nanxia should have mentioned it to the junior high school. Queen Tu could agree to seal you as the county's owner. It is partly because of this reason. If you marry to Nanxia, it is also a joy for her. Things, you are far away, whether it is life or death, it depends on your good fortune, and the queen of the earth is a little bit indifferent, she is so happy! "

Yan Huai shouted.

Wei Yuewu's heart fluttered twice, and a little bit of hatred flashed in the corner of her eyes. The queen smeared her mother and robbed her brother, and now she is still deliberately hurting herself.

"Don't worry, you have me now!" Yan Huaiyu laughed.

"Neither the third princess nor the fourth princess will agree to kiss!" Wei Yuewu nodded and said slowly, the fourth princess need not say here, there is Tu Zhaoyi's guard over the third princess, and the queen is not trying to do anything Can do anything.

"Disagreeing is marrying someone else. Originally you were the most dangerous, but now you are the most okay, let it go, everything has me!"

Wei Yuewu's head rested in his arms and was speechless for a moment.

It turned out that before I knew it, so many things had happened, but in the end, it was that I was married to the Yan State Mansion. During this period, Yan Huaiyu must have exerted a lot of strength.

Under the queen's eyelids, he can send himself to him step by step, or only Yan Huaiyu can do it.

In fact, Yan Huaihan has done a lot for himself, but he still knows nothing, and tears can't help but remember the bits and pieces of the two people have been together in the past. I do n't know when he started. He has been defending himself, and his eyes can not help turning red again.

Watching Wei Yuewu actually started to cry again, Yan Huaihan suddenly found that his little wife who had always been cold and cold was actually so crying, such a small one, shrunk in his arms, holding his own corner. The crying was silent, and the more distressed she became, the more she hugged her and made her cry fast.

"Sir son, the four princes are asking for you!"

Chapter 746: You're fine, but something's wrong with me

Hearing this, Wei Yuewu's body stiffened.

Fourth Prince, what is he doing here? There must be news in the palace, which should be for Yan Huaiyu, but Yan Huaiyu is clearly not as bad as the rumors of the outside, can it be seen?

Feeling her stiffness, Yan Huaiyu patted her shoulder: "Come and see if I'm fine!"

"So ... is there anything wrong?" Wei Yuewu said, looking at his chest, even though the package was rigorous, Wei Yuewu could still see the blood stains on it.

She felt an inexplicable pain, and now she still does not believe that Yan Huaiyu is completely unharmed.

"There is something ... Of course there is something, but it can't die!" Yan Huaiyu leaned back, lay down again, and even leisurely blinked at Wei Yuewu, "You crying eyes are also red. , But just let them check it out! "

"Don't tell a joke!" Wei Yuewu blushed.

"It's not a joke. If the four princes see you like this for a while, this heart must be half-hearted." Yan Huaiyu smiled lowly, Jun Yan's eyes narrowed, it didn't seem to be What big things look like.

"The four princes came to see if you were pretending?" Wei Yuewu was seriously contemplative.

The Taiyi had already come to the hospital for treatment before, and naturally he had examined the wound. This would send the four princes on the one hand, representing the attitude of the emperor, and on the other hand, trying to explore the situation of Yanfu.

The assassination, or for other reasons, may of course be a farce directed and performed by Yan Huaiyu.

These Weiyue dances don't want to know.

The political affairs are too complicated. She thinks that she is not necessarily competent. She reluctantly intervenes, and will even help and become more chaotic. By then, she will make things out of control.

Anyway, Yan Huaiyu blocked in front, she just had to check the backyard for him!

Therefore, she did not want to ask something clearly. Yan Huaiyu was the son of Yandi. He had his own work to do and did n't need to explain everything to himself.

And I just have to be the wife of Shizi of the State Government of Yan Guo!

"Naturally this is the reason, I will sleep again, let him in! Next, it's up to you!" Yan Huai's evil charm narrowed his eyes and said, for his own little fox, he is still very Rest assured, as for this next, let your little fox play freely!

Anyway, I was watching myself, no matter what the little fox said, he could come round.

Seeing Yan Huaihuan as if you had the final say, Wei Yuwu nodded helplessly, saw Yan Huaihuan closed her eyes, and said to the outside: "Please come in, the four princes!"

The four princes just came into the door with a housekeeper under the guidance of Jin Ling. As soon as they entered the door of the inner room, they saw Wei Yue Wu sitting on the bed, lowering his head and wiping tears, and he heard his footsteps hurriedly looking up. A pair of slightly red and swollen eyes, as well as the tear marks on the corners of the eyes that did not completely wipe away, made the eyes of the four princes faint.

"See the four princes!" Seeing the four princes came to Weiyuwu to stand up and salute.

"Jingde does not need to be polite!" The eyes of the four princes fell on Wei Yuwu's face, and the little white face was a little unhealthy, which would be even more frowning, a pair of water eyes weeping with tears, eyes The faint tears make the delicate little face pitiful and rare.

In the past, even if the Wei Yue dance was not good, it was a bit cold, but today she is more pity,

The eyes of the four princes were almost stuck on Weiyuewu for a while. I thought that Weiyuewu almost became her queen concubine, but in the end, it was not done yet. Now I think it was caused by the master of Jianan County. disaster. ,

Could not help but a while of hate!

Think of Jia Nan's temperament, and then look at the Wei Yue Wu in front of you. How do the four princes feel that the relationship between them and Jia Nan is not good? This is obviously the two have said good things, but they have never been announced. The reason is that the four princes have never been to the Jianan County Lord since the incident between Wei Yuewu and Jianan.

The Lord of Jianan County repeatedly sent people to invite him, and he was repeatedly pushed away. As for the mother-in-law, he also said repeatedly, and then waited.

As for what he waited for, he didn't even know it, but felt that he didn't want to marry the Lord of Jianan County.

The two grew up together when they were young, and the two had long been interested in negotiating relatives. It was because they were too young, and then it was because the four princes wanted to count Wei Yue dance, and now it is entirely because the four princes are reluctant to do so. I was dragging it all the way, but I didn't have a letter of trust on my side, but the beauty was already a wife.

Every time I think of it, the four princes feel depressed.

This time I saw Wei Yue Wu, and I saw Wei Yue Wu's so pitiful expression. For a while, she seemed to be stunned, but she forgot that there was a Yan Huaiyu on the bed, so she looked at Wei Yue so dumbly. dance.

"Shizi, please sit down!" Wei Yuewu's face sank, and she also found out that the four princes were different, and her face was cold, pointing to the chair on one side.

Seeing that Wei Yuewu's face had cooled down, the four princes came to their senses and hurriedly coughed to conceal their disorder, then settled in a chair on one side, and stared at Yan Huaiyu on the bed.

Yan Huaiying was lying so quietly, his face was white and white, but there was no trace of blood, and the quilt was slightly turned up, exposing his high chest. The white brocade was covered with blood. After seeing it out, I saw that the injury was not minor.

"Shizi, is this ... okay?" The four princes frowned, converging, and asked.

"The Taiyi said he would do his best to diagnose and treat it. This sword hurt his heart, but now this situation ... I don't know when to wake up!" Wei Yuewu's eyes were red, and her tears were falling. Go down, and then wipe your head with a paper.

Because of the anxiety of the four princes, she hasn't seen the wound with her own eyes, so she's not sure about it, and she's very disturbed and upset.

Although Yan Huaiyun's expression didn't seem to be much, but in this way, he must have been injured, but how about the specific injury, this fox doesn't say, Wei Yue Wu thinks he really can't see it.

This will be mentioned by the four princes, and they are in a hurry.

"Jingde, you don't need to be anxious. The best doctors come from the palace. It is said that the doctors of the doctors at Yan Guo Gong Mansion are also very clever. Before that, even the dying Miss Lin from the government was optimistic ... Yan Shizi's injury is actually nothing! "The four princes comforted Weiyue Wudao, but in Wei Yuewu's seemingly stiff expression, it was very awakening to mention that Miss Lin was very inappropriate at this time, so only Hastily took it.

"I ... have been here for a while. He hasn't woke up until now." Wei Yuewu bit her lip, lowered her head, and didn't just cry, just stirring the puddle in her hands, a panic. Look like.

The eyes of the four princes could not help falling to Wei Yuewu's small white hand that was stirring Pa Zi. Her long hands and light bones made the four princes very beautiful even with only one hand.

Regarding the daze of the fourth prince, Wei Yuewu was disgusted and raised her head. Although she still frowned, her voice unconsciously exaggerated: "Four princes, the doctors in the palace also have better medical skills, no Do you know if I can invite two? "

The four princes did not mention that the defense moon dance suddenly amplified the sound, was frightened, and then looked up at the slightly irritated eyes of the Shangwei moon dance, and immediately knew that he was dying again, and coughed heavily. Then he picked up his mood and stood up and said with a clear look: "The most powerful Physician in the palace has already passed. This should be a recipe for me. I'll ask them how?"

I don't see anything from myself. I want to ask from the doctor's mouth?

Wei Yuewu sneered, but stood up very cooperatively, pointing outside: "I heard that some of the princes in the palace are prescribing in the box room. The four princes can go and see. I'm here ... Accompany the son, let the four princes do it! "

Yan Huaiyun's work will never leave such obvious loopholes. The doctors in the palace will certainly not find anything. For this, Wei Yuewu is convinced. This is a well-thought-out belly black child. How could this be so? The obvious thing was unexpected.

The four princes nodded, and looked at Wei Yuewu's red and swollen eyes and grief, nodded, and turned to leave the room to the side.

The father is still waiting in the palace. He must inquire clearly before he can answer, but from the look of Weiyue Dance, it seems that Yan Huaiyun is true this time, so I do n't know whose hand it was. Yan Huaiyun, these assassins are really powerful, but I heard it was an accident.

Originally, these assassins could not assassinate Yan Huaiyu, but because of the appearance of the second brother, Yan Huaiyu saved the second brother's life, but almost took his own life.

Thinking about it this way, the four princes' minds immediately reached a conclusion, and the corners of the lips could not help but slowly evoke a smile. If Yan Huaiyu really had an accident this time, Yandi would have a powerful heir, and Beijing's own second brother can stop the crime, which can be regarded as killing two birds with one stone.

Many people in the middle of Beijing counted Yan Huaiyu, but they never succeeded. This time, they accidentally inserted Liulu Chengyin.

Looking back at the room where there was no sound behind him, the four princes turned to the side room in a good mood.

When Jin Ling led the four princes away, Wei Yuewu gently pushed Yan Huaiyu: "Look at your wound!"

"It's nothing to look at, it's bloody." Yan Huaiyu opened his eyes and smiled.

"No, I want to see!" Wei Yuewu insisted, no matter how well Yan Huaiyu could hide, her pale face couldn't be hidden.

"I did get a little wound. The sword tip was slightly scratched on the skin, but I had already expected that it looked serious, but it was not serious, otherwise how could I have the strength to accompany you to speak at this time!" Yan Huaiyu sat up again, took the cushion on one side and leaned behind, lazily.

Wei Yuewu looked at him up and down suspiciously: "Is there really no big deal?"

"It's really not a big deal. Now that I've figured it out, how can I be seriously injured, but it hurts a little, and the flesh and blood made by the Taiyi doctor is blurred." Yan Huaiyu raised an eyebrow and stretched out. With one hand holding Wei Yuewu's little hand, gently put it on his wound, rubbing it a little, "Don't look, you will be scared!"

Wei Yuewu was shocked to see that the blood on the robe at the wound was more obvious immediately, and the whole person shivered slightly.

"you....."

"Look, isn't this okay? If something really happens, if you do this, I can't give my life to you!" Yan Huaiyu laughed, took the pouch in her hand, and carefully took her fingers Inadvertently stained blood, wipe it carefully.

"Really okay?" Seeing him so calm, he still thought about the blood on his hands, and Wei Yue Wu's leaping heart calmed down again, but there was still a little doubt, and he looked up and down. A few glances in Huaiyan's eyes, Yang Yang asked.

"It's okay!" Yan Huaiyin stretched out her hand and pulled Wei Yuewu's body involuntarily, leaning over her, laughing in her ear.

Wei Yuewu was dragged directly to him and looked at the handsome face close by, gritted his teeth, and made a fierce expression: "You are fine, but something is wrong with me!"

Chapter 747: Wei Qiufu who suddenly became impulsive

Wei Yue Wu wanted to make a fierce expression here, but the delicate and delicate face of helplessness couldn't be more fierce. It looked like it was screwed into a bitter gourd, and Yan Huaiyu couldn't help laughing, and straightened her In her arms, she gently breathed in her ear and asked, "Say, what's the matter?"

With such a blow from him, Wei Yuewu blushed and wanted to reach out and push him away, but thinking that there was always a wound on his chest, he didn't dare to really do it, just stared at a pair of bright water eyes and looked at Yan Huaiyu. Hatefully said: "What do you think of the twins brought by Wei Qiufu? Why send someone to call them?"

What happened to the twins was very abrupt!

At first Wei Yuewu saw the twin beauties, and thought they were like the two court maids sent by Queen Tu last time. They wanted to beautify Yan Huaiyu with beauty, but later they discovered that the cause was more than just herself As expected, these two girls should be known by Yan Huaiyu.

Later, she was taken away by Yan Huaiyan's people, and there was no news. Even if she wanted to visit, she couldn't visit for a while.

"Wuer is jealous?" Yan Huaiyu laughed, a pair of handsome eyes are even more rude, and quite proud.

"..." Looking at his elation, Weiyuewu was speechless. For the first time, he found that this powerful and powerful man had such a childish side, but he didn't know what was so good about it.

She slipped her lips, and Wei Yuewu gave him a sideways glance: "Shizi, do you want me to take them directly for you? Also, Wei Qiufu or the queen Tu will not put out any demon sons. This beauty goes to us one by one. I was sent by the government, and I was afraid that we would not accept it, and I came up with reasons like this! "

"It's no trouble dancing, since I'm here to deal with it, I'll take care of it!" When referring to Queen Tu, Yan Huaiyu slowly converged on the smile on her face, and there was a ruthless flash in her eyes. Alas.

For those who used to be Yandi, now it is used by others, Yan Huaiyi will never show mercy.

The twins were actually Yandi people, and they were rewarded by Mrs. Yandi to Yan Huaiyuan's yard since she was a child.

But Yan Huaiyu is usually followed by housekeepers. The so-called big girl ring is also dealing with some common affairs in the courtyard of Yan Huaiyu.

It is not close to Yan Huaiyu's body.

Moreover, when Yan Huaiyu was an adult, he basically stayed in the outer courtyard, and he couldn't even see anyone on weekdays.

But no matter how they are, they are both from Mrs. Yan Tai and the big ring around Yan Huaiyu, and her status is different from that of other people. Yan Huaiyu has never married, or even a housemate, so There is a faint statement in the government that the two of them are likely to become Yan Huai's chamber.

Mrs. Yan Tai gave them the same meaning, although she didn't say it clearly, but the meaning was very obvious, so the government has always secretly said that the two of them have special identities.

If their stomachs are upset, maybe they will have a child and a half daughters later, and their identities will be even higher at that time.

And they themselves felt the same way. When they faced Yan Huaihuan, their manners gradually softened, and they even deliberately caused Yan Huaihuan to come.

After discovering it, Yan Huaiyuan decisively found an excuse to condemn them back to Mrs. Tai. It is said that they were rebuked by Mrs. Tai after being sent back.

Yan Huaiyu has always been strong, even if it is his own marriage, he has to be the master himself. Before that, Guo Guoyan even almost ordered Jing Wenyan for him, but he was also pushed out by him. Mrs. Tai could not really be his master. Take people away.

What happened to Yan Huaihuan didn't care too much, only later heard that their own father seemed to have gotten a fortune, became rich, and redeemed the two daughters.

Since Yan Huaiyu had no intention, Mrs. Yandi's wife didn't care too much, and even didn't ask for their money, and let them pack their luggage and go home with their father.

This happened not long before Yan Huaiyu entered Beijing. I never thought he was in Beijing now. He actually saw Wei Qiufu appearing in front of himself with these two girls.

Needless to say, this is a long-planned plan ...

"They didn't go home with their father at the time?" Wei Yuewu asked inexplicably. According to this situation, it was clear that someone had been calculating Yan Huaiyu.

"Should not have returned, but at that time they themselves have repeatedly confirmed that the person is their father. People like them who did not grow up in the state government of the Yan Kingdom have not been reused, and their grandmother did not know What happened, they actually gave them to my yard! "

Yan Huaiyun gently rubbed Weiyuewu's waist, even across the fabric, making Weiyuewu's face eager for a while, trying to push him away, but thinking about his wound, finally did not have the heart, She only forbore the shyness on her face, and made her face look straight. Helpless pair of watery eyes had long betrayed her mood.

Yan Huaiyu laughed in a good mood.

"Isn't they a house where they have entered since childhood?" Wei Yuewuqiang drew his attention to these two girls, not to see Yan Huaiyun's handsome face with a bit of laziness.

Like this vassal land, the domestic slave should not be the one used for generations, so that at least faithfulness can be preserved.

"No, I was about ten years old when I entered the government. It is said that the harvest was not good. My father sold on the street kneeling. My grandmother walked by and looked at the cuteness of a pair of girls. They also bought a fate." Yan Huai Ling explained that the gloomy eyes flashed away, with a bit of strange forest cold.

People who calculate Yandi will never let them end well, nor do women!

"Wei Qiufu just gave Miss Lin a bottle with some powder in it, and said that it was to let Miss Lin lie to me to give me the medicine, and then send me and the second prince to make a pile. The medicine bottle should be in the palace." Wei Yue Wu frowned Liu Mei, but did not notice Yan Huai's look, and the topic turned around unconsciously.

"Give you some medicine and send you and the second prince to make a pile?" Yan Huaiyu narrowed his eyes suddenly, a flash of anger suddenly flashed, "It really is the person in the palace! Wuer won't just arrest him like this Come on! "

His woman, even dare to think, don't blame him for being rude!

As for the dance side, some protection measures are needed more ...

"Then I'll be polite!" Wei Yuewu lifted her eyes and looked at Yan Huai.

"You're welcome, feel free!" Yan Huaiyin reached out and gently touched the hair of Weiyue Wu, his eyes grew darker where Weiyue Wu could not see!

polite? He never knew there was such a thing ...

Then his woman, of course, does not need to know!

"Miss Four, take a rest here first. We Miss Lin will come over and tell you something." A girl ring led Wei Qiufu into a yard, and pointed at the doorway of the main house that was slightly in between.

Wei Qiufu was following Yan Di's learning rules, and under the intentional arrangement of Wei Yue Wu, Wei Qiufu saw the complexity of the rules of the vassal land.

This kind of complexity even surpassed the rules of the family in Beijing. For a time, Wei Qiufu was amazed, and she could not help secretly whispering. I never thought that Yan Di's rules were so large. I thought I was just an excuse. Now I only It turned out that it was really not easy.

Because it was her first contact, she was also very difficult to learn. When she was working hard, she was suddenly brought by Yahuan, who she knew, the one who had taken her away from Weiyuewu before. Ah ring.

Then she took her to Miss Lin.

So she followed her to this yard and told her to wait here. Miss Lin would be here in a while. When Wei Qiufu wanted to find out what was going on, Yahuan whispered something, it seemed to be Lin The lady calculated that Weiyuewu failed, but she was checked by Weiyuewu.

Miss Lin didn't know what to do for a while, so she asked Wei Qiufu to help the staff.

Regarding this Miss Lin's behavior, Wei Qiufu only sniffed, thinking that the family woman of Yandi was mysterious and powerful, but now it is just like this, how can she fight Wei Yue Wu like this.

It seems that he still has to help this Miss Lin with Wei Yuewu.

Thinking about this in my heart, I went to the main house, pushed open the hidden door, went to the main house to sit and waited, and waited, but I could n't see anyone, so I picked up the tea in the teapot and poured it for myself. Take a cup, take a sip, then frown, and think carefully.

In the current status of Miss Lin, it is actually very simple to want to give Wei Yue Wu a medicine, but if it is not done today, there will be no such good opportunity. The second prince, such a valuable person, does not appear every day in Yan National Government.

Therefore, we must let Wei Yuewu drink those medicines, and then send them to the place where the second prince rests. With the second prince's body, the Yanguo Mansion will inevitably prepare a room for him to rest.

While thinking about it, she drank a cup of tea in her hand and drank a dry and clean, but suddenly felt thirsty, so she poured herself a cup of tea.

Although the weather outside has warmed up, it is actually not that hot.

However, Wei Qiufu felt a hotness rising from her body. There would be no one left and right. She just loosened the collar and fanned her face with her face. Helpless, she still felt hot. It was so burning that she couldn't sit still, she just stood up and walked up and down.

Suddenly I heard a slight sound coming from the back room. Although Wei Qiufu was hot, she was still awake. After a moment of stunning, she hurriedly stood still and listened.

There was really a voice inside, Wei Qiufu froze for a moment, thought about turning around and walked to the inner room silently.

The Yan Guo Mansion, an empty courtyard, if you can discover something, whether it is the Queen Mother or His Royal Highness, you will feel able.

Holding back the hotness of her heart, Wei Qiufu carefully opened the door of the co-authored inner room. There seemed to be nothing in the room. Only the carved bed had a veil hanging on it. She could not see what was inside, and she stood still. Later, I listened to it, and the sound actually came from the bed.

For a while, I was surprised.

There are only three masters in the state government. Yan Huaiyu is in front of the guests. Ms. Lin said that she would invite herself to come, and Weiyuewu was also in her yard. So who would sleep in bed in a grand hall? Are there other masters in the Yan State Mansion?

This awareness made Wei Qiufu more excited. She would feel that if she could discover the secrets of the Yan State Mansion, Queen Tu would definitely reward herself. Of course, compared with rewarding herself, she could improve her status, and then How happy it was to watch Wei Yuewu step on the mud.

The body became hotter and hotter, and her mood became more and more exciting. It was actually less calm, without much thought. She stretched out her hand and went straight to open the tent. She had to see who was behind the tent. , Actually dared to lie so grandly in the courtyard of the Mansion of Yan State.

Outhouse, the tea placed on the table was quietly removed!

Wei Qiufu only stretched her hand here. One hand behind the tent was faster than her. She took Wei Qiufu's hand and pulled her hard. Wei Qiufu had no time to say "Oh!" Pulled into the veil ...

Chapter 748: Where did this woman come from? How dare you give me

The second prince originally was resting, and then fell asleep unconsciously due to physical reasons.

But he did n't know much about sleep. When Wei Qiufu started walking around the circle, he woke up. The second prince was very displeased. When his own people were so unruly, he dared to come in and disturb him when he was sleeping. Yourself.

However, the second prince's temperament has always been gloomy. Moreover, this will be bad for his body and he will not care about it. He turned over and thought about Yan Huaiyu's affairs. He just felt full of heart, couldn't sleep anymore, and turned over again. Body, then simply sat up.

Then he saw Wei Qiufu walking in crazily. Through the gauze, the second prince could not see who the woman was, but he knew that she was a woman, and she was a sneaky woman.

The second prince then sat quietly on the bed, waiting to see Wei Qiufu's next move. The next moment, Wei Qiufu's hand reached in, his hand outstretched lightningly, and Wei Qiufu's whole hand shook. Everyone dragged in, for fear of Wei Qiufu escaping, the second prince returned and the whole person pressed down.

Severely suppressed on Wei Qiufu's body.

The second prince himself knew his own affairs.

His health is indeed bad. Although he has secretly practiced martial arts later, even if this is the case, he may not be able to restrain people. Therefore, he can only press the weight of his whole body and believe that this should be able to deal with a woman. .

Wei Qiufu thought that the second prince was ready to go in the gauze. He was dragged so hard, and the whole person was pulled in, and was squeezed between the quilt and the second prince. The whole person was blinded. climb up.

It was felt that the woman below was about to get up. The second prince pressed even tighter. Even if his health was not good, he was not a strong man, but it was more urged to deal with a weak woman in Wei Qiufu's boudoir.

Wei Yuewu struggled hard, only to feel that her body was getting hotter and hot, and her hands unknowingly turned into a pull. She pulled the second prince toward her, and she was gasping for the second prince. When he got up, he put his face on the face of the second emperor who couldn't wait.

The second prince stunned for a moment, but did not respond. He had been pressing Wei Qiufu before, and the two men struggled hard. They did not find that this woman was Wei Qiufu. This would not be found either, but Wei Qiufu was originally Rejected, this will become a pull, but also put the face up, but for a while did not respond, but was posted upright.

Before he could fully react, Wei Qiufu's hands had been wrapped around his neck, and the sakura lips kissed the second emperor's face, warmly and urgently.

"You ... you want ..." The second prince also felt wrong this time, and wanted to reach out and pull Wei Qiufu's hand, but Wei Qiufu seemed to be very strong at this meeting, but she still clinging tightly to the second prince. , The sweet woman's breath went straight into the nose of the second prince.

The second prince inexplicably thought that the woman who could not see the face in front of her was very cute, and she seemed to have lost her strong disgust, and her refusing hand also relaxed, and then she politely reached out and pulled Wei Qiufu's The apron, the breath could not help rushing.

The second prince reacted, and Wei Qiufu became more and more excited. The two men pulled each other's clothes involuntarily, regardless of the surrounding environment ...

"Second Brother!" The gauze tent was picked up, and the four princes looked at the two people entangled in the bed with a group of guards, astonished.

He had asked the room doctor before, and he said that Yan Huai's wound was not small, and the flesh and blood seemed to be very blurred. The face of Yandi's doctor changed, and when the wound was handled carefully, the blood was also sloppy. Looking out, it looks terrible.

Several Taiyi doctors also implicitly said that if there was something unexpected about Yan Guogong Shizi, it was not the reason for their incompetence, it was the reason that the sword was too close to the heart.

After hearing what they said, the four princes felt more and more that Yan Huaiyu would really be in trouble this time, and they were very satisfied.

Since I came to the Mansion of Yan Guo, after reading the severely wounded Yan Huaiyu, of course, I have to go and see the second prince. It must be related to the second prince. The father also repeatedly said that he would ask the second prince. I must have asked the second prince about this, so I went to the second prince.

The guard of the second prince who was standing outside the courtyard did not dare to lead the fourth prince because he did not get the order of the second prince. However, the servants of the people's palace in Yanguo didn't know. Take the four princes to the past, but the four princes never imagined that this would be the case now.

At this time, such a thing happened, the second prince actually had the heart to play a woman in the state palace, and the fourth prince did not know what to say.

The gauze tent was lifted, the second prince raised his slightly confused eyes, and frowned, seeing the shocked face of the fourth prince, soberly awake, sitting up fiercely, pulling the clothes that had slipped off his shoulders: " Where did this woman come from? How dare you give me medicine! "

At this time, of course, he couldn't say that he was a little confused before, so he pushed things directly to Wei Qiufu. He would think of his situation again. He only felt that the first two were bigger. It's over, this will make the four princes "caught in bed".

The second prince hated the woman beside him.

The sudden rise of the veil also awakened Wei Qiufu. She had a sudden hesitation. She didn't react for a while. She had to see the four princes in front of her, and then she could see the situation in front of her. A terrified "wow" burst into tears.

"You ... what do you want to do!"

She would suddenly wake up, holding her half-retracted clothes in her hands, and screaming as she cried.

"You ... you want to hurt me ... Your Crown Prince ... you are so brave!" Wei Qiufu yelled almost incoherently.

After hearing her voice, and then hearing her words, the eyes of the fourth and second princes fell on Wei Qiufu involuntarily, and both of them thought that they were just the ordinary Yanhuan in the Yan State Mansion. Hui Wei Qiufu yelled so much, and her scattered hair on her head was thrown off by her, and the two immediately recognized that the person in front of her was actually Wei Qiufu.

Wei Qiufu who is about to enter the East Palace?

The second prince only felt that for a while, the whole man couldn't help but sit on the bed. This woman was Wei Qiufu, actually Wei Qiufu who was about to enter the East Palace, Miss Four of Huayang Houfu!

"You ... how did you come in ..." The second prince reached out and pointed at Wei Qiu, not only disregarding the overall situation in the Yan Guo Mansion, day-time prostitution-kinky, but also with Wei Qiufu, the second prince felt that he had encountered In an unprecedented crisis, I'm afraid that my grandmother can't protect herself this time.

"I ... I came here at the invitation of Miss Lin, you ... you ..." Wei Qiufu now only wanted to relieve himself and did not dare to drag people in, so she had to say something, now I was confused and didn't know what to do with the scene right now.

"Miss Lin? The lady Lin of the State of Yan Kingdom? I'm not ready to invite you!" The second prince would also scream like a life-saving straw. If it can be proved that this was framed by someone else , At least you can wash yourself.

"Second Brother, Yan Guogong Shizi was so injured. The news spread to the backyard. I heard that the fragile Miss Lin had passed out, otherwise it would surely be in front of Yan Guogong Shizi's bed. "The four princes looked at the second prince with helpless expression.

When he came out of Yan Huaiyu's house before, he kept a special eye and asked Miss Lin, who should reasonably stay in front of Yan Huaiyu's bed like Wei Yuewu.

As Miss Lin, she can be considered to be upright, and she should be in front of Yan Huai's bed.

However, the government of Yanguo told her that Miss Lin was still very weak. When she heard that something happened to Yan Huai, she fainted immediately. This hasn't woken up yet. I heard that there was a mess in there, for fear of this. What happened to a fragile Miss Lin, Yan Huai would be angry when she woke up.

So there is a mess there too.

Wei Yue Wu is now standing in front of Yan Huai's bed, only to see her swollen eyes, she knew that she would not be a master of the six gods, and anxious, why sometimes she is in charge of Qiu Fu, but Yan Huai is still lying in bed, I don't know.

It can be said that none of the masters of Yan Guogong's government had time to talk about Wei Qiu, so Wei Qiu would appear here and mix with the second prince, it is quite doubtful that Wei Qiu really has had a relationship with the second prince for a long time. It will be heard that the second prince has also come to the state government of Yan Guo.

Otherwise, how could it be so coincident that the two of them went to the Yan State Mansion together?

Thinking about this, the fourth prince turned from the second prince from Wei Qiu's face with suspicion.

He also noticed some private actions of the second prince, and no one should treat anyone as a fool: "Second brother, it is really a blessing!"

The four princes sneered, and turned and walked out. He didn't want to touch the muddy water. When this happened, His Royal Highness was bound to involve him. He retreated early.

Seeing him go so fast, the second prince was also skeptical, looked at Wei Qiu and then looked at the back of the fourth prince, and suddenly came to his senses, and stood up, hesitating that he was undressed and turned over from the bed. , Took two steps tightly and grabbed the clothes of the four princes, and the anxious eyes were red: "Did you collude with this woman and harm me?"

The second prince also felt epiphany, just as the fourth prince realized that he had ambition, and the second prince also found that the fourth prince had ambition. On the surface, he seemed obedient to the words of the prince. In fact, he wanted to step on the prince. And of course they are competitors.

This matter cannot be pleased, and the reputation of the prince will also be damaged. Only the four princes who were seen at the scene seemed too innocent, but why did he come so well? When he was just entangled with Wei Qiufu, He came, and the second prince also felt that he had always been calm. Why was Wei Qiufu holding him a few times and couldn't control himself?

It was clear that Wei Qiufu's cheap woman and the four princes counted themselves.

He also heard this secret medicine, it seems to be in the palace, and even if he can't get it, but want to come as Tu Zhaoyi, can still get some.

Tu Zhaoyi's harem is not just talking ...

Chapter 749: Suspicion

The second prince guessed that Wei Qiufu had a relationship with the fourth prince. This woman felt that a small niche in the East Palace could not satisfy her, so she made such a mess, so the green tendons on the forehead of the second prince were going to be violent. , He pulled the four princes to death.

Like the thoughts of the four princes, at this time, several masters of the Yan Guogong government were injured and sick, and they could not free up their hands to deal with themselves, but this matter was clearly set up, otherwise how could it be so clever, the second prince This would be the conclusion that the four princes wanted to kill two birds with one stone, where they would give up.

The fourth prince was caught inexplicably, and his heart was also angry. He threw his hand vigorously to the side, and immediately took the second prince back by two steps, and then the second prince with a weak hand and a poor body ran straight to the side. Immediately after seeing blood on his forehead, his body fell straight.

Several guards of the second prince also rushed over here, and saw everything in front of them immediately rushed up, and a few stared at the fourth prince, fearing that the fourth prince would have something different here.

Suddenly the second prince was knocked out.

The fourth prince also saw sweat on his forehead, and hurried forward to help the second prince, but after being squeezed by several guards, he had to send someone to ask the doctor to come over immediately.

So here was another round of fuss, and all the second prince went, Wei Qiufu gritted his teeth, stretched out his hands and wrapped the messy clothes slightly, and got up to sneak away.

But where would the four princes allow her to leave, with a wave of her hand, the two guards stood in front of Wei Qiufu.

"Miss Wei, you and the second brother, I can't do the master, but please ask Miss Wei to enter the palace to explain to the mother and the elder brother!" The fourth prince's eyes fell on Wei Qiufu, despised, "It's always something that Miss Four made up herself and can't blame others!"

I heard this Miss Wei Si of Huayang Houfu was a good one, but I do n't know when it will start. This Miss Wei Si is getting more and more embarrassed. She was originally a princess and now she is in the common room. Status, not even a concubine seat, this is not reconciled, what kind of demon child came up!

The four princes regretted it, knowing how they would not come to see their second elder brother, so as to avoid being involved in this kind of incident. Her mother and concubine now have a bad relationship with the queen Tu, and this kind of thing happened. Some were unclear, so Wei Qiufu would never allow her to leave.

"Four princes, someone really framed me. I ... I came here at the invitation of Ms. Lin, and I only drank a cup of tea here ... Yes, tea, please ask the four princes to look outside me The tea I drank was problematic! Someone intentionally framed me and the second prince! "

Wei Qiufu was anxious to distinguish, and suddenly remembered that he was awake before, but there was a period that was not very clear, and he had only drunk two cups of tea when he came here, his eyes brightened, and he pointed outside.

"Come here, take the outside tea cup and show it to the doctor!" The four princes half-trusted and said, in his opinion, everything Wei Qiufu is doing is sophistry, but since she said it, she couldn't help walking through the field. Don't drag yourself on again.

However, this tea cup was actually changed again when the second prince and Wei Qiufu were entangled.

The second prince was put on the bed again, and the doctor followed the guard and checked the tea cup. Wei Qiufu and the four princes also followed.

After some inspections, Taiyi shook his head in Wei Qiufu's expectant eyes and smiled bitterly: "His Royal Highness, there is nothing in the tea, it is just ordinary tea."

"How is it possible ... you see clearly!" Wei Qiufu could not help but screamed.

"If the four princes do not believe it, they can let other princes check it!" The prince did not look at Wei Qiufu, and only respectfully suggested to the princes.

"You said this was designed by Miss Lin?" The four princes frowned and turned to look at Wei Qiufu.

"Yes, it is this vicious woman who knows that I am the sister of the Lord of Jingde County. She said that she had something to discuss with me and invited me here. Then she set me up to frame me and my six sisters." Wei Qiufu This will be used by all the people who can use it, and his face is as white as snow, his teeth are biting, his whole body is shaking.

"That being the case, let's go to the palace and talk!" The four princes rubbed their foreheads and turned to the guard on the back, and said, "Bring the second brother together, let's go back to the palace together."

It is difficult to say what happened to Yan Huaihuan, and the second prince and Wei Qiufu also emerged. The fourth prince felt that these things were not something he could handle, and he simply took them back to the palace.

They were in a mess, and then the four princes brought a large group of people back to the palace!

In order to save the second prince, Yan Huaiyu was injured. When the second prince and Miss Wei Si of Huayang Houfu were together, they were smashed by the fourth prince and passed out together. For a time, both the front and back yards shook.

Some are because Yan Huaiyu was stabbed, and some are because Wei Qiufu, Wei Qiufu, who is about to enter the East Palace, had such a thing, and was still unconscious after being stabbed by the emperor Yan Guoguo. It was too shameful.

As for the second prince, it was said that he was seduced by Wei Qiufu, and even passed out afterwards.

Others said that the two had a personal relationship originally, and Wei Qiufu was dissatisfied with his status, so he had a private relationship with the second prince, and another said that someone intentionally harmed the second prince and Wei Qiufu.

But no matter what, the facts are there. It is impossible for Wei Qiufu to enter the East Palace to serve Prince Wen Tianyao.

Her princely Liangzhu status was naturally abolished, but Queen Tu still opened the net and allowed her to enter the second prince's residence as the second prince's side concubine.

As for the second prince, it is said that he was severely reprimanded by the emperor. If it were not for his fragile status, I am afraid that his second prince's position would be revoked.

Later, he rebuked him for taking good care of himself at home, and Wei Qiufu, who was given the second concubine's side concubine, had the status of concubine, but he did not have the respect of the concubine at all. The prince's palace became the side concubine in the second prince's palace.

As for those reasons that Wei Qiufu wanted to explain, they were also eliminated directly on the side of Queen Tu.

Although the place of the incident was in the State Government of Yanguo, no one would doubt that those who were in the State Government of Yanguo would have had such a great deal.

"Master, the queen and queen in the palace sent someone to pass on the order to Miss Lin again!" Jin Ling hurriedly entered the door of the inner room, but did not enter the room, only to report outside the bead curtain.

"Just say that Miss Lin is still faint, and she won't be able to get up for a while!" Wei Yuewu was cutting pears for Yan Huaiying, without raising her head, said lightly.

Queen Tu wanted to push Miss Lin to the front for this reason. This so-called will has been passed on several times.

"But the father-in-law in the palace said that he would always wait for Miss Lin to wake up!" Jin Ling was embarrassed. Seeing the position of the housekeeper, she did not want to see Miss Lin.

"Then let him wait! Give him a room for rest!" Wei Yuewu's eyes swept out the window, the sky outside the window had darkened, things in the palace had been dealt with, but the queen's maiden still refused to comply. Bullying Wei Qiufu's words, she must let Miss Lin come forward.

"Yes, master!" Jin Ling understood Wei Qiufu's meaning, which meant that Miss Lin would not wake up temporarily.

"The medicine in the palace is really amazing!" When Jin Ling left, Wei Yue Wu murmured to himself, and brought some spring-emotional medicine powder, which was silent and tasteless in the tea, but after using it, and Not blindly addicted, if you are frightened, you will immediately wake up.

And it looks unquestionably ordinary.

On the bed, it looks like Yan Huaiyu is lying high on the bed, but in fact it is not. Yan Huaiyu is not in this temporary courtyard now. He has quietly returned to his residence. Here is only Weiyuewu. Stay and do it yourself.

"Master, it's getting late, you should go back to rest!" Shu Fei came in and looked at Tianse Road.

"Wait a while!" Wei Yuewu shook her head and chopped a small piece of pear.

"But, will anyone come again this time?" Shu Fei advised, and it was darkened long ago, and it didn't make much sense to keep it.

"Isn't Queen Tu sent a little \*\*\*\* over here!" Wei Yuewu said with a slight smile.

"What does the master mean? Is there anything else the little \*\*\*\* in this palace can't do?" The face of the \*\*\*\* Shu Fei sent by Queen Tu was tense.

"He's going to live in our house tonight!" Wei Yuewu said leisurely, the corners of her mouth also curved, her beautiful little face was a little bit bright, only those beautiful eyes brought people Unpredictable deep.

"Queen Tu sent someone not just for Miss Lin?" Shu Fei asked carefully.

"Miss Lin, of course, is the object that Queen Tu wants to explore, but she is now in a coma. Even if she wakes up, she will not be able to enter the palace at this time and a half, and the matter of the second prince and Wei Qiufu has been resolved. Entering the second prince's palace, there is no evidence for this so-called fact. It is not that important for Miss Lin to enter the palace! "

Wei Yuewu smiled brightly, put down the knife in her hand, took a piece of parcel, and carefully wiped her white fingers, "After a while, I'm afraid I'll come and see what's happening here!"

"What? The housekeeper who came to pass will come again?" Shu Fei froze for a moment, but as Wei Yuewu's eyes fell on the falling edge of the tent, he was shocked and lowered his voice unconsciously, "Is it ... .. and the news of the Son of Seeker! "

"It's bound to happen! It hurts a lot, but after all, whether you can wake up or not, that's what matters." Wei Yuewu stretched out her slender fingers, and swayed in front of her, her lips cornered. His smile grew deeper.

The matter of Miss Lin is also the matter of the inner court. Queen Tu really wanted to bite and let Miss Lin turn to the stage, but this matter has already been dealt with now. Miss Lin's words are not helpful. Actually, You don't have to be so anxious, but the queen is so anxious that people are waiting outside.

This is really suspicion!

It's not just one, but two that fainted in the Palace of the Yan Kingdom. Obviously, Yan Huaiyu's status is higher than that of the mysterious Miss Lin. I don't know how much.

This is the real purpose of the palace, or this is not already the queen, but the emperor has been planning there ...

"Master, the housekeeper in the palace said that he couldn't see Miss Lin, and the same was true when he saw the master. He said that he would come with some questions from Queen Tu!" Jin Ling's voice came from under the curtain.

Chapter 750: Everyone is waiting anxiously

"Let him in!" Wei Yuewu smiled slightly.

"Yes!" Jin Ling retreated.

Wei Yuewu stood up, picked up the basin on one side, and placed it on the desk in front of the bed. The freshly cut pears, piece by piece, were neatly arranged, but they could not be seen at all.

The gauze fell down, and only slightly saw an arched figure.

The housekeeper in the palace came in, and his eyes fell on the bed first, and under the gauze, in fact, he could not see anything, but he could see that the person on the bed was motionless, and he did not know whether he was asleep or faint.

"See the Lord of Jingde County!" The housekeeper looked back, and first paid respectfully to the Yueyue Wu sitting next to the bed.

"What's the queen maiden to say to me?" Wei Yuewu looked up at the housemaid, examined it, and asked.

The corners of her eyes were still slightly red and swollen. Under the light, she looked a little bit woody, and her reaction did not seem so sensitive, she felt a dull feeling.

In fact, such a big thing happened, and she was a woman who was not as good as her.

"The queen mother wants to ask you what you need and tell her, whether it is medicinal herbs or other things, you must save Yan Guogong Shizi, this time Yan Shizi did this for the second prince ... Sorry, "the housekeeper said again.

"Shizi is only because of the second prince ..." Wei Yuewu turned her head, looking a bit dully into the gauze tent, and wiped the corner of Napazi's soft eyes, and tears flashed under the lights. However, the housekeeper caught the sharp eye, "I hope the queen mother can help me find out. Who is trying to assassinate Shizi? Who did Shizi offend in Beijing?"

These words are extremely rude, not to mention the words are still passed on to the queen's mother-in-law, but at this time Weiyuewu said it very naturally.

I just passed through the door and encountered such a thing. Anyone will get out of control. From the point of view of the housekeeper, although the face of Mrs. Yan Guogong's face looks calm, it is actually on the edge of out of control. It's just coercion.

Just like the neat small pieces of pears placed in front of the bed, how does the person in bed look like they can eat now, even if he wakes up, he may not want to eat pears, but this one Mrs. Shiko is serious about cutting pears.

The code of such a neat pear, if it is not nothing to make fun of, is the situation now, this wife of the son must do something to distract her, so it is so carefully placed Useless things.

It seems that the injury of Yan Guogong Shizi is real.

"The lord of the county rest assured that the queen lady will report to the emperor, and will find out who did it, and ask the son to take good care of him." The self-righteous servant who thought that he had seen it clearly respected him. Was the Yan Guogong Shizi really hurt so badly, or was it just a cover up.

As for the four princes who have seen it before, Queen Tu felt that it was still unreliable, so she sent another clever housekeeper to check it.

It looks real right now.

This can be sensed from the Lord of Jingde County. Although there is not much display on the face of the Lord of Jingde County, you can still find some from the clues, just like the pear and the expression and words of the Lord of Jingde County that are almost out of control. ...

"What's going on with Miss Lin? If nothing happens ... still ask the queen lady to be more accommodating ... If Shi Zi wakes up, she thinks I've driven Miss Lin to a faint!" Wei Yuewu turned her head, her eyes infatuated. Looking at the figure in the gauze, smiled bitterly.

"Yes, the minion understands that the minion must tell the county owner what it means." The internal servant got the news. At this time, he wanted to retire, and stepped down with Wei Yue Wu's words. "The slave retired first, when Miss Lin woke up. "The annoying County Lord asked, if there is anything you want to say, if there is anything you want to say, the County Lord will help me pass on the message."

Nor did he insist on meeting Miss Lin.

Wei Yuewu nodded, then stopped talking, and the housekeeper resigned, and Jin Ling sent him out.

Wei Yue Wu also cleaned up here and returned to her yard.

But this night, doomed many people to sleepless ...

The lights on the palace of the State of Lu, the State of Qi, the palace of the Crown Prince, and the Prince's East Palace, the second, the third, and the fourth prince's palaces have all been on for a long time, and the most noticeable is the emperor's royal study. None of them returned to the harem and spent the night in the Imperial Study Room.

In the Prince's East Palace, the three princes did not leave, but accompanied him to play chess. Neither of them spoke, and there was only the voice of a falling child in the room.

Wen Tianyao struck a pale yellow robe with a light belt around his jade belt. Jun could not see any emotions on his face. His attention seemed to be between the square chessboard, and there was no influence on Wei Qiufu's affairs.

His chess skills are strong, only to kill the three princes gradually can not protect themselves, can only struggle in the corner side, it can be seen that it is only a matter of time before the three princes lose.

"Big brother is angry!" The three princes sighed, threw his son in the chess basket aside, raised his eyebrows and looked at Wen Tianyao bluntly.

Wen Tianyao also tossed the chess in the chessboard, his eyes lightly said: "It's really fun, but it was just a prince and a concubine who let them work so hard to figure it out!"

Although his face was still faint, but deep in his eyes, there was a strong look, and his three princes always knew that Wen Tianyao was really angry.

Wei Qiufu is nothing, but the prince seems to be wearing a green hat, but it is a fact. The ordinary men can't bear it, how can the prince can bear it.

"Brother, is just the fourth lady of Houyang Houfu, and the one who is the most uneasy. The older brother did not indicate that he always had some blood relationship with her. This marriage was actually not supposed to be ended!" The three princes advised, he Knowing that Wen Tianyao was bound to be angry, it was only then that he remained in the Prince's East Palace and accompanied Wen Tianyao.

The relationship between Wei Qiufu and Wen Tianyao is actually a cousin, and the marriage was not very proper. Wen Tianyao later said that he must try to retire the family and let Wei Qiufu marry another. It didn't take long for this to happen, it was really unexpected to the three princes.

This Miss Four of Houyang Houfu is really not easy!

"It wasn't Wei Qiufu's case. I don't know when the second and fourth brothers joined forces." Wen Tianyao snorted coldly, and patted his hands on the table. "Have they ever regarded me as their own?" From the point of view of my elder brother, I didn't want to pull me down from time to time, and now I even do this kind of inferior things. "

"Brother, the second brother also seemed to be the victim. The Miss Wei Si said that it had nothing to do with her. She was also wronged. She was deceived by that Miss Lin at all. Or there is something strange about it. "The three princes were actually very suspicious of what was in it, but he would say nothing in front of the queen.

Things are all there, and they are seen by the fourth prince, isn't it true that Wei Qiufu and the second prince are also true? It's weird.

"Brother, no matter who is behind, but at least Wei Qiufu's matter is resolved, for Yu brother, there are some benefits." Three emperors changed the topic and said, "Don't mother say anything these days?"

Finally, when Queen Tu saw Wen Tianyao once, he forced him to ask once when he started to make Wen Tianyao annoyed by two heads. Now when he mentions Queen Tu, Wen Tianyao has a headache.

"Nothing to say for the moment!" Wen Tianyao shook his head and groaned for a moment, "Who is the Assassin's man who has such a great ability!"

"Brother, since these sons came to Beijing, they haven't had peace, and assassins have appeared from time to time, whether it's the brother or here, or even the second and fourth brothers, it's not easy to guess. "The three princes frowned, analyzing.

I really don't see who did it.

On the surface, it is only the incident of the sons of the four princely places entering Beijing, but in fact, the wind and the storm before, not long ago, it was not just a simple incident of entering Beijing. Assassinations occurred from time to time. The relationship among them is intricate.

Anyone may send assassins, but on the surface, no one can detect them.

"Let's check the second and fourth brothers' dynamics. Both of them happened to coincide with each other!" Wen Tianyao nodded, and there was a hint of darkness in his eyes. The second and fourth princes also said it's really doubtful that both of them happened to be inside, and the second prince seemed to be suffering, but it wasn't really suffering, and only he knew it.

Wen Tianyao naturally doesn't care about Wei Qiufu, but if someone uses Wei Qiufu to calculate on his own, of course he will not be polite.

"Big brother, don't worry, I'll check with my second and fourth brothers, it's just the government of Yan Guo ..." The third prince frowned and said.

"I'll send someone there to check, and make sure to find out if there is anything wrong with Yan Huaiyu. If something really happens, Jingde must find a way to leave." Wen Tianyao looked up when he mentioned Wei Yue Wu. Firm way.

The accident of Yan Huaihan represents the tilt of the whole power situation. Wei Yuewu, a small woman caught in it, can easily become cannon fodder.

"Brother, if something really happens to Yan Huaiyu, I'm afraid there will be a mess in this world ... Jingde still doesn't need to take any action first, otherwise it will inevitably cause doubts of other people, and it is mainly low-key." However, she had other ideas, and felt that it was not easy to move easily at this time.

Otherwise, it will cause all parties to move and doubt, "Brother, I know you are worried about Jingde, but at this time it is more difficult to have too much action. Now everyone is paying attention to the Yan Guo Mansion. Great mess! "

The three princes advised that this was not the best time for him.

"Then ... well, watch the situation of the Yanguo Government change in the past two days!" Wen Tianyao thought about it and nodded, this will make the Yanguo Government the most important in the whole situation. One point, the assassination of Yan Huaihuan, I do not know if it is the key to setting off a \*\*\*\* storm.

No one knows what will happen next!

Everything can only wait.

Everyone is waiting, waiting for the news of Yanguo Mansion, wake up or send bad news!

For this reason, the entire capital of Beijing appears to be very peaceful, and dare not take any action, for fear of attracting the attention of others. At this time, everyone is avoiding suspicion, and no one dares to take it lightly before the storm. Everyone is waiting for this last moment, everything is centered on the Yan State Mansion.

The next day, the gate of the Yan State Mansion was not open.

On the third day, the gate of the Yan State Mansion remained open.

But on the fourth day gate, the gate of Yanguo's Mansion suddenly opened ...
