

Young Lady 751

Chapter 751: Follow-up on the soap event

In the eyes of everyone's expectations, the gate of Yan Guo's government opened wide, and finally the news that Yan Huaiyu woke up.

Someone was relieved for a while, and some even felt that the whole person was feeling weak. The matter of the country was not a trivial matter. Besides, this is no longer an ordinary family matter. If there is something unexpected, the whole world will be dragged into the war, and such an unexpected event will not be astonishing.

Some people are relieved, but others feel disappointed.

However, Yan Huaihua was awake, which meant that there was no major event, and Yandi could not conduct training to Beijing Central, which caused a conflict and the war began.

The war did not begin, and the Iron Horse of Yan Guo could not rush in immediately, directly facing the capital.

Compared with the whole gloomy atmosphere outside, the government of Yanguo is quite calm. Although there are many people, but they dare not make noise, it will be true that none of the masters in the government will be alive. If this is true Wrath yourself, you won't even know how to die.

In the past few days, Wei Yue Wu has been in her backyard, following Yan Huai's intentions. The two did not meet much in the house. When the night was quiet, Yan Huai Hui quietly came to the courtyard of Wei Yue Wu. He quietly left, as for the spies in the house, of course, effectively controlled, only to see some scenes they should see.

The real behavior of the masters of the Yan Guo Gong Mansion is not what they can detect.

As soon as the gate of the Yan State Mansion opened, a manager sent by Wei Luowen immediately went to the door. Wei Yue Wu received the manager of Huayang House in the flower hall in front.

At first glance, I still knew each other, and it was Wei Cheng who was the most important person around my father.

"Is everything good to the county master?" Wei Cheng respectfully greeted Weiyue dance, "Hou Ye sent his subordinates to wait at the door, for fear that there was something wrong with the county master!"

"I'm fine, Shizi isn't a big deal! It's my father's trouble!" It was learned that Wei Luowen had sent someone to the door early, and Wei Yuewu moved for a while and replied gently.

"That's good, that's good. Ye Hou has nothing to do for the county master these days. Since the county master has nothing to do, Hou Ye can rest assured!" Wei Cheng wiped his sweat.

"How has your father's family been arranged these days?" Wei Yuewu smiled slightly and asked the topic.

Counting according to the date, the day after tomorrow is the day when the father greets his relatives. After the day he greets his brother, he will go to the border. The recent things in Huayang Houfu are also one by one, busy, not to mention that, Wei Yue Dance has not been assured. If something really happens, his father must be the first to bear it.

"Houye's family affairs have been arranged properly. The county master has sorted it out a few days ago. Although the county master is not there these days, the inner court only deals with it a little bit, and there is no major matter." Wei Cheng answered with a smile, "The subordinates have been helping Hou Ye to handle some external affairs these days, and basically they are almost the same."

"The affairs of the outer courtyard? Because of my father's marriage, and the relationship between the shops?" I heard Wei Cheng was dealing with the affairs of the outer courtyard. Wei Yuewu's heart moved, but her face was not obvious, and she asked with a smile.

"Exactly!" Wei Chengdao.

"Have you heard about the shop on the Yasukuni Palace?" Wei Yuewu took the tea at hand, took a sip, and said slowly, her long eyelashes flickered twice, covering a trace of deepness under her eyes. It should be a bit of an eyebrow now!

"The shop of the Yasukuni Shrine is not very good these days!" Although Wei Cheng was surprised that Wei Yue Wu would suddenly say such things at this time, he still answered honestly.

Lord Hou commanded that if the county owner asked these things, he would answer them one by one!

"What's wrong?" Wei Yuewu's smile faded a bit.

"I heard that Miss Jing was jealous of Miss Four of our family, and secretly included something in the soap corner that Miss Four bought in her shop, so much ... Now many businesses are reluctant to talk with Jinguo Government Many businesses are owned by the family! "

Wei Cheng said something vague, but Wei Yuewu understood it all. It seemed that his uncle's skills were good. How long has it been since outside?

It's not just the Huayang Houfu family who entered the Prince's East Palace. There are many other families. If Jing Wenyan is interested in dealing with anyone, he will use this method of inferiority. Who would dare to do business with the Jingguo government? Your daughter has not even had a chance to have children before she has entered the prince's east palace. That's fine!

Even though many people have no serious relationship with Jing Wenyan, but everyone is a family, who knows when to offend her, then also got a soap corner mixed with other things, but something big will happen, whose daughter will be sent to the East Palace. After that, I had no idea. Even if I could not step on the throne of the queen, it was always good to have a prince.

Then maybe there are plans to go further in the future, and people's hearts always think so.

In fact, the situation of Zaojia can not be said about how vicious Jing Wenyan's trip is, but this behavior has made everyone resist. For a time, the business of the Jingguo government was very light, and few people came to visit it. Almost everything The family feels that it is still not appropriate to do business with the Yasukuni Government!

Even some families who have no daughters sent to the East Palace also feel that the shops of the Yasukuni Palace are really scary.

Most of the shops in the Jingguo Government were only opened, and they were not very stable at first. Such a deal, the vitality was greatly damaged, and several businesses could not be maintained immediately. It is reported that the Jingguo could not sit down anymore. People went to pull the relationship, but the family in Beijing didn't sell his account.

I heard that Mrs. Jinguo's wife also quarreled with Miss Jingda, and the former son who stood on the side of Miss Jingda in the past also actually stood by his wife, and was said to be sneer at Miss Jingda.

The reason why Wei Cheng is so vague is not that he is afraid of being known by Wei Yuewu, but it must start with Wei Qiufu, but Wei Qiufu, who was supposed to be standing in front of everyone, is now a victim After the second prince, he was also sent to the second prince's palace by a piece of paper, and became the side concubine on the second prince's palace.

This matter is not a long-faced thing.

The inner courtyard of Huayang Houfu was also all low pressure recently. The puppet from the queen's mother also returned to the palace early.

Now Huayang Houfu is also reluctant to mention this because of Wei Qiufu!

Therefore, as far as things go, Wei Qiufu is not the one who wins.

"Tell my father that Shizi hurt me and won't go back for a few days, but I will come the day after tomorrow!" Wei Yuewu laughed softly.

"Yes, my subordinates understand!" Wei Cheng resigned.

He only left here before, and sent greetings from other houses. Weiyuewu was busy all morning, and he received the people sent by the houses to greet him. He would not rest until noon.

In the next two days, there will be no major incidents, and rumors of Yan Huai's health will continue to be heard in the government of Yan Guo, but the rumors are only rumors after all, many people are guessing the day of Huayang Hou 's wedding Guo Gongshizi will attend as son-in-law.

On the day of Wei Luowen's marriage, Wei Yuewu got up early, and got up early to freshen up.

Because today is going to support the scene in Houfu of Huayang, Yan Huaiyu has already prepared gorgeous clothes for Weiyuewu, gorgeous jade brocade, and waistbands with golden lotus embroidery, eight The Hunan skirt, with eight sides open, is also embroidered with lotus flowers, with jade as the base and light pink as the surface. In addition, it is equipped with a few green lotus leaves. Between walking, it is almost a step-by-step lotus.

A slender waist, lotus pattern half exposed, golden light flashes, showing a bit of enchantment in gorgeous.

The upper body's jade white clothes have no embroidery, but they are more beautiful than Hua Jiao, a beautiful face with a small face.

Yan Huaihan also wore a pair of jade clothes, and Wei Yuewu's clothes looked like a set.

It 's just that there are no large lotus leaf patterns. Only the corners of the clothes and the cuffs are embroidered with the same lotus flowers and lotus leaves. Two people stand together, one is beautiful, the other is handsome and beautiful. Eyes straight.

Even if Wei Yuewu herself could not help but feel embarrassed, she didn't dare to look at the figure in the mirror, but she still leaned in his arms.

"Wuer, do you think it looks good?" Yan Huaiyu looked at a couple in the mirror with satisfaction, and said lazily, "This is my own design. How does Wuer feel?"

"It's pretty!" Wei Yuewu blushed and reached out and shoved him. As she spent time with Yan Huaiyu, she found this cheek more and more.

"How do you reward me?" Yan Huaihuan took the waistline of Weiyuewu for granted.

"What reward do you want?" Wei Yuewu gave him a sideways glance.

"What does Wuer say?" Yan Huaihuan smiled, her narrow eyes fell through the mirror and fell on Wei Yuewu's face, and she was quite narrow.

"I don't know, I just know that you really plan to go to Huayang Houfu House today?" Wei Yuewu felt inexplicably reddened on her face, and asked Jiao Yan, Huai Yan.

"Don't they all want to see me? I naturally want to go, and to go with this dancer, I also have to go. I have to let others say that we are the best pair!" With a faint smile on his face, ringing Wei Yue Wu's waist, he settled on the wide chair.

"If Wuer is fine, it's better to be in the backyard!"

Knowing that he was worried about his safety, Wei Yuewu nodded: "I'm in the backyard, but you should go back earlier and show your face a little bit. Your injury is still not good. Everyone knows. Cut this time. No drinking. "

Yan Huaiyu does have a wound on her body, and the wound is not big. The reason why the flesh and blood are blurred is only after the doctor has dealt with it. It is also not advisable to sit down, since it indicates that the injury is very serious, of course you should take more rest at this time.

"Don't worry, I have my own share!"

Although Yan Huaihuan already had a calculation in her heart, she would see Wei Yuewu reassured her body, and narrowed her eyes with a smile, feeling that the whole piece was sweet, and there was a flash of pride in her eyes. The little fox has his own heart, no matter before or after, no woman can make herself like this.

The two were well prepared here, and a carriage was already prepared outside the gate. Although there were two carriages at the Huayang Houfu, Yan Huaiyu would be back in a while. Weiyuewu had no car

to sit in. Individuals are still sitting in the same car together, Yan Huaiyun's carriage opens, and the carriage of Weiyuewu follows.

When it came to Houfu, Huayang, it was still too early. Although the gate was full of joy, not many people came.

I heard Wei Yuewu and Yan Huaiyu came, Wei Luowen could not care about the things at hand, and hurried over, waiting to see Yan Huaiyu standing in front of himself, Wei Yuewu's face also looked good. At that time, he was relieved. He was also worried about these days. He was afraid that Yan Huaiyun had some shortcomings. If he was too late to respond, Wei Yue Wu might become a victim.

This also made Wei Luowen secretly determined that he should speed up the process there. If there is another time, Bao Budingwu will have such good luck.

Yan Huaiyu's side was full of danger.

"Father!" Seeing Wei Luowen hurried over, Wei Yuewu was touched in her heart and called softly,

"Master Father-in-law!" Yan Huaiyu also smiled slightly, and seemed to be in a good mood. Under the white robe, he could not see anything, but his face was a little pale, and he looked slightly weak. Lowen's heart dropped a little.

Chapter 752: Confrontation, Jing Wenyan's vagueness

"It's okay, go ahead!" Wei Luowen nodded and walked back, but walked a few steps and suddenly looked back at Yan Huaiyun, expressing concern, "If you feel tired, Just go back to rest early and don't have to come over! "

"Master Father-in-law, I have no problem. It is always the big day in Huayang Houfu. How can I not come." Yan Huaiyun smiled warmly and looked back at Wei Yue Wu, his emotions are difficult to hide in his eyes, "As long as the dancers are happy!"

But he could see that his father-in-law still had a heart for himself. In order to avoid unnecessary troubles, Yan Huaiyu felt that he could actually be a good son-in-law.

Wei Yuewu and Yan Huaiyu broke up at the Chuihua Gate. Yan Huaiyu followed Wei Luowen to the outer courtyard, and Wei Yuewu entered the inner courtyard.

Let's go to Mrs. Tai first. There are already a few old ladies who come to see Mrs. Tai and see that Yueyue Wu is a compliment. Let's not mention that Yueyue Wu's status is not ordinary, so dress up. It is both luxurious and beautiful, no matter who praises it, it means that Mrs. Tai is so blessed that she has such an excellent granddaughter.

Like a fairy, it's no wonder that people like Yan Guogong's son-in-law would be willing to marry.

Of course, this is not a scene, and everyone knows the joy before Weiyue Dance, but since the son of the State of Yan Guo is willing to do so, it also shows the extraordinariness of the Lord of Jingde County.

As for Wei Qiufu, everyone is not such a person. If you can't mention it, try not to mention it. You know that Mrs. Tai will never be willing to mention such a thing.

In the days of great joy, who would say such a bad thing!

After that, more and more people came, Mrs. Tai took everyone and moved to the flower hall next to the hanging flower door.

Wei Qiuju is waiting with Mrs. Tai, the only young lady in Huayang Houfu who does not appear to be in the cabinet now seems to be her. As for Wei Yuejiao, who is still in Zhuangzi, others only know that something happened to her aunt, she went to accompany She didn't know that she was going to Zhuangzi, but it was in the foreseeable future.

The fourth prince had no idea to let her in, and Wei Luowen had no idea to let her into the fourth prince's house.

Without mentioning these two people, naturally no one else will mention it.

Regarding Ms. Wei Luowen's biological three, she did not attend the banquet. Although some would say it in private, no one asked her in the presence of Mrs. Tai.

In the past, there were maidservants, both Wei Yan and Wei Qiufu were relatively strong. Wei Qiuju didn't have a chance to get ahead. This time there are no other ladies in the house, but it makes people see this Hua Miss Five of Yanghoufu is not useless.

Although it seems cautious, but treats people very well, smiles before talking, it is also very desirable to be flattering, and then think about what happened to her, which is really her bad luck, who knows that the son of the King of Nan'an is actually such a person, Actually for a woman in a blue house, she conceived a Miss Family.

From this point of view, Miss Wu of the Wei family was the real victim. Poor such a flowery girl may also be responsible for her marriage.

But this character looks good, so someone started secretly inquiring about Wei Qiuju, secretly probed Mrs. Tai's tone, and said that if it was suitable, she would be a matchmaker for the five ladies. Regarding this, Mrs. Tai is still very satisfied. It is a good thing for Mrs. Tai to let such an unimportant granddaughter marry out.

There are also many people on Wei Yue Wu. She is not only the master of Jingde County, but also the wife of the Emperor Yan Guogong. The main thing is that something happened before the Emperor Yan Guogong, but they do n't know the truth. Everyone wants to ask Something happened, so there were a lot of ladies and young ladies around Wei Yuewu for a while, Wei Yuewu knew this situation well, but it was quite easy.

She is no longer in Beijing, but the orphan girl who is suspected by everyone naturally has the confidence to cope with it.

"Shi Jun, can you take a step to talk!" Jing Wenyan also followed Madam Yasukuni, and wondered when Jing Wenyan came to Wei Yuewu and asked softly.

"Miss Jing is doing something?" Wei Yuewu's water eyes blinked and fell on Jing Wenyan's body. Jing Wenyan looked a little dazed, though still beautiful.

It seems that Jing Wenyan has not been through these days.

If you think about it, even if the queen Tu in the palace doesn't say anything, there will be no peace in their own house. There are only a few shops in Jingguo that are open in Beijing. However, due to the situation of Zaojiao, business has plummeted, or it is difficult to maintain. Status, even though Yasukuni will not say anything.

What about Yasukuni Seiko or Madam Seiko?

The wife of this son has Jing Wenyan who is horrified ...

"Some things ... want to ask the county master for advice!" Jing Wenyan's smile was reluctant.

"What's the matter?" Wei Yuewu's lips showed a smile, but didn't mean to get up.

"The lord ... I really don't know what offends you ... why now ..." Jing Wenyan looked around and said in a restless way.

The two of them can now be regarded as a model for the entire family in Beijing. Even though they said very lightly, they still attracted a lot of people to look involuntarily. There are still some people who have not looked straight at them, but their attention had already gathered here, clearly wanting to hear the two of them.

Jing Wenyan and Wei Yuewu were not brought up in the capital before, but now they are the most powerful, and they can be counted as Yuliang for a while, it is difficult to distinguish them.

Even though the marriage of the two people is very strange to say, it also shows that the two are extraordinary, and that the two are still as good as they are.

Although the Lord of Jingde County is young, it is not worse than the first beauty in this world. Even many people think that in another year or two, the name of the first beauty in this world will inevitably fall on the Lord of Jingde County. At a young age, he already has the beauty of a fascinating city. Such a look and color, what an amazing look it should be!

But what does Miss Jing mean? I heard that Miss Jing had to deal with Miss Wei Si. Now that Miss Wei Si hasn't gone to Prince's House, why did she meet the Lord of Jingde County again? Is there anything wrong with it? Everyone was skeptical, and they noticed the words of both of them more and more.

As soon as Jing Wenyan said this, the voice around him immediately became much lower.

"What does Miss Jing mean?" Although Wei Yuewu's face was still smiling, she did not have the slightest smile in her eyes, and her face was lightly indifferent. It was obvious that she was not close to Jing Wenyan.

However, the relationship between the two now looks like it really can't get close.

"Soap angle, in fact ..." Jing Wenyan looked a little anxious on her face, and when she looked around, she seemed to be awakened, and she kept her mouth up, only vaguely. Pass the Yasukuni Palace ... "

"What does Miss Jing mean? Could it be that the saponin caused by the fourth sister? Could it be that the saponin was not delivered by the shop in your house?" The smile on Wei Yuewu's face stopped, and she was welcome. Asked, did not mean to hide for Wei Qiufu.

What Jing Wenyan is thinking about, she is clear-cut, and sure enough, Jing Wenyan is not the one who grabs her hands, this is to push things to herself!

Jing Wenyan was originally vague and made people suspect that this was related to Weiyuewu, but she did not expect the fact that Weiyuewu didn't dare to defend Wei Qiufu's fame now, and pulled her out. It was not good for a while. Afterwards, I had to laugh a few times: "The county master ... Actually, this matter has nothing to do with us!"

"Miss Jing, if I want to talk about it, I really don't know that. It was also said by the fourth sister, and also ... went to the palace. If Miss Jing wanted to justify, she went to the palace to find the queen Madam, I believe the queen mother will definitely check Qiuhao and give Miss Jing a fair. "

Wei Yuewu said in a hurry, but she was not polite, and pushed the matter directly to Queen Tu.

Mrs. Tai filed it with Queen Tu, and she said she would investigate the matter, but she may no longer have business dealings with the Jingguo Government. Huayang Houfu's step is also a concession. Concession again, no one can gossip.

For those who want to harm themselves, they just do n't do business with them. It is considered to be the most tolerant. As the news spreads, do other families follow the trend, it is not something that Huayang Houfu should consider. .

There is nothing to say about the news leaked in the business field, whether it is careless or not.

There is no way to tell the truth.

I really have to be theoretical. I'm afraid that I can't come up with a powerful statement. This is also the Jingguo Mansion. Although it knows that it is the ghost of Huayang Houfu, it can't be like it.

As for the queen's wife, Jing Wenyan did not expect it, and the rest of the people did not expect it.

One by one, looking at Jing Wenyan, has a bit of a different look. If even the queen and mother agreed, it seems that this is true. I can't think that Miss Jing looks so soft and weak. This is really poisonous. Huayang Hou The four young ladies in the government office had not been well, so they had been sent over with other things. If they really entered the East Palace together, they would not be able to send poison directly.

Jing Wenyan also did not expect this. The queen mother also knew that the hand in the cuff could not help but clenched tightly, her heart jumped suddenly, and the corner of her eye glanced over Weiyuewu, revealing a hint of hatred, but she was very careful to store Under the eyes.

At this time, it is not appropriate for him to collide with Weiyuewu. Originally, he only wanted to be vague and doubtful about Yueyuewu, and Huayanghou or Yanguo government behind Weiyuewu, which can make his own business different. Easing, what would you like to defend Weiyuewu without any vague bluntness?

The thing that made her even more shocked was that the queen knew it, and didn't know what she would do to herself next.

Regarding Zaojiao, others do n't know. How could she not know? She was giving away Zaojiao, but not Wei Qiufu, but Wei Yue Wu.

Based on her own appearance and not taking the position of Mrs. Yan Guogong Shizi, what is Wei Yue Wu?

Why did she marry Yan Huaihuan, such a beautiful man can only be his own, and he is the sweetheart. He said that there was a marriage contract, but he finally went to Beijing to ask for a princess. .

Jing Wenyan at home for a while, the more and more I think that Yan Huaiyu cares about herself, but because Yandi asked to marry a princess, she had to leave herself. As for Weiyuewu, of course, because of a good father, Yan Huai He has such blue eyes, and although he is so outstanding, he does not have a powerful father and brother.

Whenever I think about it, Jing Wenyan will grieve her anger, Yan Huaihuan is her, and she will never allow his life to give birth to his children, so those soap corners will be made overnight and sent to the Yan state government.

It was Wei Yuewu who did the tricks behind him, which made him scolded by his father and brother. Jing Wenyan almost dripped the venom, but at this time knew that she should no longer say more, otherwise she would suffer even more.

At the moment, Napazi covered his mouth, coughed lowly, and laughed abruptly: "I will go to the palace to explain to the queen mother, if this is really related to me, I am willing to plead guilty!"

The words seemed to be overwhelming.

"Miss Jing, if you have to know the details, you can actually ask my four sisters!" Of course Wei Yuewu wouldn't memorize this evil, her eyes lightened.

Wei Qiufu is now the concubine of the second prince's palace, and she went in with that reputation. If Jing Wenyan had to compete with her for a short and long time, she was too worthless.

As for the reason why Queen Tu hasn't found Jing Wenyan, it is because the Queen Tu was busy in the end ...

"No need!" Jing Wenyan gritted his teeth, holding back his breath. "Shir, can you go and see in your garden?"

Wei Yue Wu can't start here, she changed to another one, but she heard that a wonderful person came from Huayang Houfu ...

Chapter 753: I heard the garden where your second lady lived

"Miss Jing please, please!" Wei Yuewu laughed, called a girl ring, and asked her to take Jing Wenyan to the garden.

At this time, everyone came, that is, sitting and talking together. No one has asked to go to the garden. According to the general process, it is often the host's family who sees the people coming. The guests went shopping in the garden, and continued to talk in the flower hall if they were unwilling to visit.

But there are not many guests who will come here, and the host family will be waiting for guests in the flower hall, but Jing Wenyan asked for a walk in the garden alone, which was really anxious.

There was a faint glimmer of light at the bottom of his eyes, and Jing Wenyan's news was indeed more informed than the average person.

Does this know what happened before?

Want to take advantage of this meeting, no one, go to the meeting "Wei Yan" it!

Jing Wenyan always knows more than others. Jing Wenyan is definitely the most informed in the entire family in Beijing. Of course, this understanding is due to the difference between Jing Wenyan and the family in Beijing.

The daughter of the princes' family, in fact, hasn't been left in the dark forever!

As far as the first beauty known in this world is concerned, we can know that Jing Wenyan has not appeared in front of people in the past. When he danced to the world, Jing Wenyan's position in Jingdi was by no means just a weak Qiang hidden in the boudoir. The location of the princess was not accidental ...

Watching Jing Wenyan leave, Wei Yuewu winked at Jin Ling. Sakura's lips opened slightly and she spit out a word. Jin Ling knew and flashed back.

Compared with Jing Wenyan, Huayang Houfu Jinling is naturally more familiar than her!

Jing Wenyan followed the Yahuan to the garden. The garden in Huayang Houfu was huge, but the garden in Jingguo's government was not small. Compared with the two, in fact, it was impossible to tell which one was better or worse.

Jing Wenyan even felt that there were a few similarities, but her intentions were not there. After a while, she asked the leading ring: "I heard that the garden where your second lady lived was the most beautiful. I wonder if you can take me. Go and see? "

Although the Qingheyuan that lived before Weiyuewu was extremely colorful and was also prepared to live in Weiyan, the yard where Weiyan lived before was not inferior. Even after living for so many years, the cloth in Qingheyuan is definitely more gorgeous. Some furnishings were originally intended to be moved when Wei Yan lived in Qingheyuan.

Wei Yan fancy Qingheyuan, on the one hand, because Qingheyuan covers a large area, and is located in the center of Huayang Houfu, and it is a yard on the big house side. If it is occupied, it is equivalent to the second house side The addition of a main house is also an important reason why Li wanted to embezzle the real estate of the big house step by step.

It is not because Wei Yan's courtyard is not outstanding, but because the Qinghe Yuan made Li and his mother more jealous.

Before Wei Yue Wu entered Beijing, Wei Yan's courtyard was indeed well-known in Beijing. Jing Wenyan proposed it at this time, but it was not too outrageous.

"This ... this ..." Yahuan hesitated. Originally, she took Jing Wenyan to take a look. It was fine, but now the woman who looks like Miss Er lives in that place, and looks at the masters in the house. Each has its own meaning, and people now don't know what to call this woman.

I was hesitant for a while. Would you like someone outside to see this woman?

"I just look at it from a distance. If it is not convenient to go in, I won't go in!" Jing Wenyan saw the embarrassment of Yahuan and was kind-hearted. Just looking at it from a distance, and not necessarily meeting people, Yahuan was relieved, and nodded after thinking: "Miss Jing, please come with slaves!"

The current Miss Jing Jing is the future princess, and even the future queen mother-in-law. Yahuan does not dare to offend such a big bodhisattva, even if it will bear some risks, if you want to come, as long as you do n't say it, even this Jing Da What about the lady who saw that woman?

At the time of Miss Er's scenery, this Miss Jing has not yet entered Beijing, or Miss Jing may not necessarily know Miss Er.

Thinking about this, coupled with the politeness of Jing Wenyan, Yahuan was inconvenient to refuse, so he took Jing Wenyan to the second room.

The former courtyard of Wei Yan was in the second bedroom. It was the main courtyard of the second bedroom. The surrounding scene was also very wide. The whole courtyard was not small, but after Wei Yan's death, Li's lost again. After that, a few aunts in the second room didn't have the intention to manage this side, so a large yard was deserted.

There were even some things that were secretly taken away. Seeing these Wei Yan hatred, they almost couldn't control the trouble of finding someone. Later, Li sent someone over to suppress her and send someone to Clean it up again here, you can live again.

But even so, Wei Yan was still uncomfortable.

I have lived in the courtyard for more than ten years, and I have been treated like this. How can Wei Yan's temper be tolerated? Fortunately, during this time, I struggled in Jingyuan Houfu and Chen Nianshan. Wei Yan also had a little brain, resisted the impulse, and stayed.

She has not yet officially admitted to her uncle that she is not the second lady of Huayang Houfu House, and she has no right to make irresponsible remarks here.

Both the father and mother sent people telling themselves that they should not lose their tempers casually. If you see Wei Yue Wu, you must pretend to be unknown, and you must also give a gift.

Thinking of Wei Yue Wu, which she hadn't been able to see at first, now she still has to worship and give her a gift. Wei Yan doesn't hit it in one tone, she just feels upset.

Why is this cheap girl so beautiful now, but she still has so much trouble trying to return to Huayang Houfu House, the more she wants to get angry, in order to avoid seeing Yueyue Wu, she can't bear the bad breath, Wei Yan feels she still won't go Good, anyway, I am not a part of Huayang Houfu now, even if it does not appear in front of people.

In this way, at least you will not see the little bitch, and you will not need to salute the little **** in front of everyone.

Wei Yan thought so, so she didn't go out. She planned to stay in the courtyard all day today. If Wei Yuewu didn't leave, she wouldn't leave.

Li's also arranged a few girls rings and a wife for her here. Wei Yan has now completed a large circle. In addition, everyone saw that Wei Yan was carried away after she died. For a while, everyone just felt that This woman is like Wei Yan, but she did not expect this to be Wei Yan.

Regarding her previous identity, neither Wei Luowu nor Li Shi dare to speak out, for fear of sending a little bit of Wei Yuewu's ears.

Because it is not Wei Yan, and she is not a formal master, the servants in the house will not be so attentive. Most of the servants will go to the front to see the excitement, leaving only a few Huan and the mother-in-law were still in the yard and didn't just go out to make fun.

"Miss, there is a lady in front of the yard, who walked around our yard several times, and don't know what you want to do?" The gatekeeper's mother has seen Jing Wenyan staring at the garden with a ring, and walked around several times, this can't help but get busy reporting.

Wei Yan froze: "Who is it?"

"Slave doesn't know, but it's not a few ladies in the house. It should be one of today's guests, but I don't know which house it belongs to, but it is very beautiful, just like ... Zi was a clumsy man. He couldn't figure out how to describe it for a while, but he pulled Wei Yuewu out.

Several ladies in Huayang Houfu House were originally Wei Yan's best, but after Yue Yue Wu entered Beijing, they naturally preferred Wei Yue Wu. People in the house naturally took Wei Yue Wu for comparison.

However, this comparison made Wei Yan extremely uncomfortable. He put the tea cup on the table heavily and scolded: "What is similar to the county master, there is only six lady in the house, and there is no county master or county master. Besides, Her beauty is so pale, she looks pale like a dead man. "

This time back to Huayang Houfu, Wei Yan had a big gap. In the past, she was the most honorable young lady in Huayang Houfu. If there is any good, she will hold her first. Even when Wei Yuejiao returns to her house, she will take care of it first. Wei Yuejiao, but Wei Yuejiao came for a few days at a glance.

But now coming back again, not only is she not the second lady of Houyang Houfu, but also an unidentified person, but Weiyuewu has become the most honorable one. Not only the county owner but also the right to marry. Yan Guogong's son, Wei Yan could not bear such a big contrast.

There would be no one else in the room, the anger could not be controlled, and the eyes in the eyes were jealous and hateful.

"But even Mrs. Tai said that Miss Liu is now the county master!" For Wei Yan, the woman scorned her lips and expressed dissatisfaction. Although she did not understand why Wei Yan was angry, she also felt that the lady in front of her was not the master, really Don't look long, can't help but retort.

"You dare to talk back!" Wei Yan was furious, but never before did anyone dare to disobey her, "slap!"

There was only the ring of Jingyuan Houfu beside her. She looked at Wei Yan timidly, and looked at the wife. She stepped forward cautiously.

"Miss, where is the mischief of the slave, that makes the lady so angry, the lord of the county is the lord of the county. If the lady is wrong because of the slave, the slave is willing to accompany you to see Mrs. Tai, and let Mrs. Tai comment on it. The status of Miss Liu is a distinguished county lord. How to run Miss is not allowed here, is it a rule in our house for many years, because the Miss is about to change! "

The mother-in-law was not willing to suffer. When she saw Yahuan coming over, she yelled like a pig, and cried loudly with tears and a nose.

Seeing his wife spilling, Wei Yan hated almost picking up the tea cup at the table and smashing it directly. When she saw the timid girl ring, she was not even beaten up, but she also remembered her current identity, and she must not take it. When he got in front of Mrs. Tai, she had to grit her teeth and hate: "If you don't invite the lady in to talk, you might as well keep the guests outside the gate."

There is no way to say that this woman admired Weiyuewu and made herself angry, so she had to drag things to the level of treating guests slowly, but her heart was moved.

This time around the garden, it must be for a reason, she would have to see who came to her site!

"Yes! The slaves will go right away!" As soon as Wei Yan heard no punishment, the mother immediately ran out.

Chapter 754: Is this the new sister?

Jing Wenyan had already made several turns outside the courtyard, and she did not believe that it would not have caught the attention of the people inside.

The girl looked at her around the courtyard, and was a bit anxious. It would n't work if she did n't want to be noticed, but Jing Wenyan did n't leave, and she did n't dare to say anything, she could only accompany Jing Wenyan. In circles, I stopped talking and didn't dare to say anything.

The wife came over and said, Yahuan was at a loss. This was not Jing Wenyan's initiative to come to the door. It was requested by the lady who lived there. Although the identity of the lady was still uncertain, the second master There was also a clear statement that she must be accepted as a righteous daughter.

But you haven't taken the road yet, what can you do?

"Go, go and see your lady!" Jing Wenyan agreed with pleasure.

Turned around and went to the gate of the courtyard, of course the girl ring of Huayang Houfu didn't have the courage to stop her, so she could only follow her.

After taking a few steps, Jing Wenyan stopped suddenly, facing the leading ring and airway: "Since it is the lady in this yard who invited me in, it will naturally take me there in a while, and you don't have to wait here It 's all about yourself! "

She and Wei Yan have something to say. If this girl ring was sent by Wei Yue Wu, it would be better to let her leave, otherwise some things are really inconvenient to say.

"Yes!" Yahuan dare not be obedient, stopped and said helplessly.

At the entrance to the main house of the yard, Wei Yan stood smilingly at the door to welcome the guests. She could not see the anger and resentment she had, and her round face looked kind. It was a little more festive than before, plus she was deliberate. The flattering, the more people look at it, they feel good.

Jing Wenyan looked up at Wei Yan, and her face was gentle and soft, as if she really didn't know Wei Yan.

"Is Miss Jing Jing coming?" Wei Yan never expected to see Jing Wenyan here, her excited eyes brightened. She should have thought that she could be more beautiful than Wei Yue Wu, except for Miss Jing Jing. other people.

This lady Jing Jing is a bit more prosperous than before. This is the future princess. If you can tell her to deal with the little **** of Weiyuewu, it is not a matter of capture, Wei Yan even I feel that Jing Wenyan is a noble guest from heaven.

The whole heart warmed up.

How could this not grasp and immediately lead people inside.

"Exactly!" Jing Wenyan smiled slightly.

What she thought about was similar to Wei Yan, and her attitude towards Wei Yan was very friendly. She didn't even ask Wei Yan's identity, and went inside with Wei Yan and her two guests.

Entering into the room, the two of the guests and the host sat down, and Yahuan brought tea and set aside.

Jing Wenyan took the tea and took a sip, and once again set her eyes on Wei Yan. It is strange that the second lady of Huayang Houfu reappeared in Huayang Houfu. Wei Yan looks with Before, it was not very similar. In the past, it was thin and thin, but now it is a lot more polished.

However, a face still looks very good, but it was once beautiful and turned into another gorgeous beauty.

Luxiang Yulu, each has his own favorite!

Jing Wenyan had been paying attention to Huayang Houfu because Weiyuewu had always been following the wind, so she immediately reported to her.

At that time, she only said that she was a long woman like Xiang Weiyan. Jing Wenyan immediately suspected that Wei Yan was not dead. She must have been the heroic Miss Huayang Houfu Er, but she finally found her own way of death. Her temperament makes sense if she is dead.

Under the circumstances at that time, the reputation of this Miss Huayang Houfu was already filthy. If you want to get rid of such a reputation, there is only one way to die. Jing Wenyan feels that if she was in the situation of Wei Yan at the time, or she would use it, but just returning at this time, it makes people feel a little confused. How dare she appear, she was not afraid of being recognized.

This will see Wei Yan's situation clearly, and understand why Wei Yan appeared in Huayang Houfu.

It is really fat that Wei Yan has grown up to six or seven points like before. It does not make people recognize it at a glance, but she thinks it is Wei Yan because of long guessing.

This will take a closer look, and you will understand that the person in front of you is Wei Yan who died.

"This lady doesn't know what to call it?" Jing Wenyan smiled slightly, looking like she had met for the first time.

"Call me Miss Two, I'm not actually the official master of Huayang Houfu!" Wei Yan replied, pushing the fruit pot beside Jing Wenyan deliberately, "Miss Jing, please use some, I am not a serious master here, so there is nothing good to entertain Miss Jing. "

She deliberately said this, of course, because she was afraid that Jing Wenyan would inquire about her details. She did not want to say more about herself. Mo Huating once told her that she said more and less and less, and let her enter Huayanghou. After the government, we must be careful to say these things, Wei Yan has always kept in mind.

Jing Wenyan is certainly not here to break the casserole and ask to the end. She came to recognize whether the new Huayang Houfu is Wei Yan. If it is Wei Yan, it is a good cooperation for her. Candidate.

It is said that when Weiyuewu entered Beijing, the second lady Wei Wei had already assassinated Weiyuewu, and the reason why she got so dead was of course because of Weiyuewu and her hatred of Weiyuewu , Only a lot more than myself.

"Miss Er, you're welcome. This courtyard is the courtyard of the former Miss Huayang Houfu. I heard that the former Miss Wei was the most favored Mrs. Tai, this courtyard is really magnificent, gorgeous!" Sweeping all around, looking at the layout of the house, praised.

Wei Yan's face could not help showing a little proud, the layout here was naturally made by herself, which can make Jing Wenyan admire, if not.

But the next moment, the smug smile stiffened on his face.

"It's a pity that this illustrious Miss Wei Er finally ended up like that. In her capacity, even if she entered the royal family, it was more than enough. It's a pity that a generation of peerless women ended up like this ... Xiang Xiaoyu died! Jing Wenyan sighed, Liu Mei froze slightly, it seems that she really sighed for Wei Yan.

"Also ... always herself ... I didn't have a good reputation at the time!" Wei Yan explained stiffly, and the parcel in her hand was screwed together fiercely. If it wasn't Wei Yue Wu, why would she be this.

"Isn't my reputation good? I came to Beijing relatively late, but as early as Jingdi, I heard that there was a second lady in Huayang Houfu in the capital. She was full of talents and fame, and she did n't expect to come to Beijing for a long time. But from time to time, I heard the second lady's misdeeds. Speaking of it, the time I entered Beijing should be about the same as when the Lord Jingde County entered Beijing!"

Jing Wenyan seemed to not see the uncontrollable hatred on Wei Yan's face, smiled softly.

The softness of this statement is faintly clarifying that Wei Yan fell to that point because of Wei Yue Wu's entry into Beijing. All this was caused by Wei Yue Wu.

The corner of Wei Yan's eyes beeps two times, almost uncontrollable, and the silver teeth bite secretly. All of this is really because of Wei Yue Wu. If it was not Wei Yue Wu, she would not be able to marry Mo Hua Ting right now. , Or Huayang Houfu's most honorable lady. No matter where it is now, even Chen Nianshan who has settled down can ridicule himself, even in Jingyuanhoufu, faintly under Chen Nianshan.

"It was true that the county master also entered Beijing at that time!" This sentence almost came out of his teeth.

Anyone can see Wei Yan's gritting teeth.

Looking at the heat, Jing Wenyan felt very satisfied: "I saw Miss Er today, I feel quite connected, if ..."

She was just thinking that if there was a chance in the future, Wei Yan could come to the house to find her, and at that time, she could talk about cooperating with Wei Yuewu.

Now is not the time, Jing Wenyan has not forgotten that Wei Yue Wu is still ahead.

She can't be anxious to deal with Weiyue Wu. From the matter of Wei Yan, it can be seen that the Jingde County Lord is not a weak woman blindly. If she is really a weak woman, I believe it is impossible to escape from Wei Yan life.

"Well, Miss, there are guests here!" One came from the door with a slightly exaggerated voice, Jing Wenyan was startled, choked his mouth and looked up at the door.

A pretty gorgeous woman came in, followed by a girl ring and a woman-in-law.

The woman Qing Qing looked rather frivolous. The dumplings in her hands flew in front of Wei Yan and did not make a salute. Instead, she looked at Jing Wenyan up and down: "Such a beautiful lady, I don't know which one? Also know such a beautiful one? Is it because we want to enter our Huayang Houfu House? That's great, I'm missing good sisters here! "

Jing Wenyan's brows frowned unconsciously, but this did not sound very pleasant.

The Jingguo government has never had a woman who does not understand the rules. The women in front of her are non-slaves. At first glance, it is the type of auntie. In the Jingguo government house, Jing Wenyan dislikes it most.

She is a maid of honor, and she most despise this kind of unruly maiden. The only demon in the demon who can only hook up with people, in the Yasukuni Palace, she did not deal with it secretly.

Among them are people of the Yasukuni Kingdom, and some of them.

"Presumptuous!" Wei Yanqi trembled, she could not imagine that Aunt Luo dared to be so presumptuous, and ran to the door of her house to say such words,

What made her even more angry was that Aunt Luo came, and no one came to inform her. She did not mean to put her in her eyes.

"Miss seeing what this said, what are you wanting to do, you are not the second lady's righteous daughter, but I am a real aunt, how can you come here to say a few happy words, you are wanton?"
"Listening to Wei Yan, Aunt Luo is not happy anymore, she said wisely.

She was originally from Huanhuan, but she was also very savvy and did not leak water.

Wei Yan's hand was pressed on the table, and she couldn't help but want to slap Aunt Luo, and when an aunt from a girl ring dared to arrogantly in front of herself.

But she also knew clearly that her current identity was only an undecided righteous woman, and she was really not qualified to do anything with Aunt Luo.

For Aunt Luo, of course, she knows that she was still a Chen Nianshan person now. It is needless to say that Chen Nianshan secretly instructed her. When she and Chen Nianshan were in Jingyuan, she did not give anyone a secret trip. And coming here today is bound to be a trip to myself.

Chen Nianshan, when she got on the position of Mrs. Jing Yuanhou, would definitely let her get off early, or step on her directly under her feet and dare to fight with herself, all at a price.

"You ... what are you doing here?" Taking a deep breath, Wei Yan forbore the anger in her heart, but her eyes still glared at Aunt Luo.

Chapter 755: What does this mean, miss? threaten me

"Look at what the lady said. I heard that there is a girl friend here. I came to see it. I didn't expect to meet such a beauty. Is the lady looking for the second master or the third master? Really? Excellent quality. "Seeing Wei Yan's tone softened, Aunt Luo's face smiled again.

The papa in his hand was shaken, and the man came to sit in a chair on the side, and sat down for a long talk.

Jingwen Yanbi stood up and snorted coldly: "Miss Er, I left in advance!"

Her identity had been disdainful to be angry with an auntie, but Auntie Luo had been repeatedly degraded, and this was already full of anger in her heart.

The future crown prince was overwhelmed by a little aunt, and no one could swallow this breath.

"I'll send Miss Jing!" Wei Yan gritted her teeth for Aunt Luo's disruption. Of course, Chen Nianshan couldn't wait to tear it, but she couldn't reveal it on the bright side.

Wei Yan would feel very aggrieved. She is clearly the second lady of Houyang Houfu, her father's biological daughter, but now she is looked down upon by her father's little sister-in-law. live.

"I will also send Miss Jing!" Aunt Luo seemed to be provoking again and again, as if she had not seen the anger in Wei Yan's eyes.

This will actually stand up Yingying, look like a guest with Wei Yan.

"Miss Er, you're welcome, don't have to send each other!" How could Jing Wenyan let an aunt who couldn't get on the table send her, reached out, and said coldly.

"Ah, what kind of lady is this, we might as well be the family in the future ..." Aunt Luo's patten fluttered, and the smiling flowers fluttered.

"Shut up, if you dare to blaspheme the future princess, you will be dead!" A girl ring beside Jing Wenyan stood out and screamed loudly.

The other Yahuan came over and pushed Aunt Luo directly, pushing Aunt Luo aside politely, Jing Wenyan gave her a cold look and left with her own Yahuan.

For this aunt who broke her own affairs, she also hated herself!

The second room of Huayang Houfu's house is no stranger than the big room. He walked around like this auntie and knew that although the second old man Wei Luowu was also a top-ranking member, he could not compare with the big room's Wei Luowen.

This auntie in the backyard is an unstructured person. When she saw someone else's family, she dared to come up and talk nonsense.

I'm not afraid to cause trouble for Wei Luowu. She doesn't want to make things big today, otherwise, a little auntie said so few words, Wei Luowu also couldn't eat it and took it away.

Moreover, Jing Wenyan also wanted to contact Wei Yan secretly. It was impossible to make things bigger and cause Wei Yuewu's suspicion, so she could only eat such a dumb loss.

It seems that we can only find another opportunity to contact Wei Yan, but it wasted such a great opportunity.

Wei Yan's identity is still unknown, and she can't directly attend other family banquets. Jing Wenyan wants to meet her, it's very difficult. This time, I don't know when, when Jing Wenyan walks, she frowns deeply. , Think about the next time you are most likely to see Wei Yan.

Have to find a chance to talk privately with Wei Yan.

Since Jing Wenyan had reported her identity here, of course Aunt Luo would not dare to confuse her, and she would watch Jing Wenyan leave.

She was just politely pushed aside by Jing Wenyan's girl ring, and almost hit the wall, but a glimmer of pride appeared on her face. Li's lost the child in her stomach, and Jingyuan Hou secretly gave himself medicine, I was not able to find revenge on them, so Wei Yan opened the sword.

What Wei Yan wants to do will not let her succeed!

Her own child was gone, and what made her even more desperate was that Doctor Ming also said that it would be almost impossible for her to conceive a child after that, that is, the child who was killed might be her only child.

This kind of hate has caused Aunt Luo to hate Li and Mo Huating to the extreme. No matter what they want to do, she will not let them succeed. She must avenge her baby ...

The person in front of us is Wei Yan, others are unclear, and Aunt Luo is not clear.

"What the **** are you doing here?" As soon as Jing Wenyan left, Wei Yan couldn't bear it anymore, and came over to hold Aunt Luo with a stern rebuke.

"What am I doing, has nothing to do with the lady? This was once the place where the second lady in our house lived. Of course, I will see if there is something missing. It must be that you are not someone in our house now, if it is missing whatever, Mrs. Tai and Mr. Er can't explain anything! "

Auntie Luo also politely pushed away Wei Yan, and slowly brushed a ray of hair in her ears. Wei Yan could not tell her identity, and of course she wouldn't tell the truth. Before she said it, Wei Yan was just An unidentified woman.

"You ..." Wei Yanqi wanted to take a shot. The girl next to her looked bad and hurriedly pulled her sleeves.

"Want to hit me?" Aunt Luo raised her face, she was a little shorter than Wei Yan, and raised her head to face Wei Yan's face. "You do n't know where to come from, but it is only temporary. Let us master it, and want to accept it for my daughter, but Lord Hou does not agree, the second master will not admit it, it is so arrogant before you admit it, actually want to hit me, okay, you fight, you What a fight! "

Aunt Luo said as she forced Wei Yan over.

Wei Yanqi's face turned pale and her body trembled. Anytime an aunt could follow her, but she knew exactly who she was now, and there was nothing in Huayang Houfu.

"Miss, you hit it. It just happened to let everyone see. Our lady with ulterior motives who entered the government has not yet officially become the second lady. I have already started hitting people in the government. This arrogant attitude is really true. Some of them have a fight with the former Miss Wei Er, but the one who is now dead and still loses his reputation and is dead. "

Aunt Luo sneered scornfully.

Of course, Auntie Luo knew where Wei Yan's heart was. This would naturally be to Wei Yan's most painful place. She wasn't afraid of the trouble.

But the more she did, the more Wei Yan came to know. Although she was anxious to grab the proud face of Aunt Luo, she did n't dare to really do it. Aunt Luo was a spoiler that she could n't deal with. I knew this cheap girl. She will make trouble for herself, of course, when she went to Jingyuan Houfu, she dealt with her directly.

"You ... You carefully dispose of you!" Wei Yan took a few steps back and saw that there weren't many others on the left and right, lowering her voice angrily.

"Oh, miss, what does this mean? Threatening me?" Aunt Luo didn't make any further progress this time, she stood still, a gleam of light flashed coldly in her eyes.

"You know what you want!" Wei Yan said coldly.

"Miss, I'm here to see you. I'm afraid you'll be unaccompanied here. I can't think of good intentions or reports. In this case, I'm leaving!" The aunt in Luo's hand wiped her lips. He gave Wei Yan a glance obliquely, but he didn't come in again, and he just left like this.

Seeing Aunt Luo leaving, Wei Yanshun grabbed a tea cup in her hand and slammed it on the ground, immediately the porcelain splashed.

"Miss ..." the girl ring of Jingyuan Houfu said timidly.

"Call the master, call the master!" Wei Yan's neck was violently screaming, and she screamed loudly, mad with anger. When she became the second lady of Huayang Houfu, she could become the lady of the main room of Mo Huating. Be sure to step underfoot all those who look down on you.

Including the shameless Chen Nianshan, who has no media and no employment, is actually with Mo Huating, and now he still wants to destroy himself as a wife.

As for this auntie Luo, at first glance it was Chen Nianshan's instructions, otherwise Mo Huating would not be mentioned at all, even if her mouth was hard, she would leave immediately. It is clear that Mo Huating really cares about it, but there is Chen Nianshan here. This is right There was no substantial harm to herself, and Wei Yan knew what Mo Huating would not do with Aunt Luo.

As for her father, she has never been able to talk to Wei Luowu, and her father has always been somber.

"Yes ... Yes ... Master!" Ya Huan shuddered in shock.

Seeing the appearance of Yahuan's incompetence, Wei Yan became more and more annoyed. Her backhand was a slap. She only played the "Hua" back two steps and hit the wall pillar on one side with her lips cornering. There was blood dripping down.

"Useless bitch!" Wei Yan hated.

It's also a girl ring. How come she brought back such a useless one, but Chen Nianshan's girl ring dare to bump against herself. Then think about this girl ring that Mo Huating picked for herself, saying that she looks honest. But who knows if Chen Nianshan's means are in it.

I deliberately picked one that didn't make much sense.

Wei Yan was in a state of horror here, and she sent all the dumb losses she had eaten to the girl ring around her, but the people who would be there over the flower hall were almost the same. The wife was too old, and naturally she did not want to take guests out The garden, accompanied some elderly people who were also unemotional, sat and talked in the flower hall.

Wei Yue Wu and Wei Qiu Ju took some young ladies and young ladies to the yard together to enjoy the scenery.

The landscape of the garden is very beautiful. The large spring flowers bloom in the early spring, and the rocky mountains and rivers reflected are immediately vivid. The spring sun is also very warm. Such a warm weather was originally a great time to enjoy the scenery. Young Lady and ladies walked together in pairs.

Wei Yuewu and Qu Yan walked together. Because of the previous Wei Ziyang's affairs, Qu Yan was very grateful to Wei Yuewu. When she arrived in the flower hall, she always accompanied Wei Yuewu. This will go out together and always Accompanied Wei Yue Wu.

The two walked and stopped together, talking, and they were quite agreeable.

Wei Yue Wu is not a person who likes to be lively. The two people slowly lag behind, and gradually leave the crowd.

Unconsciously, I walked to the courtyard of Wei Yuewu's mother.

Here is also a scene of red and green flowers, which is better to pick up. Wei Luowen and Wei Yuewu have specifically told them that no one dare to ignore this courtyard without the owner, even if there is a distance. It feels like spring.

Wei Yue Wu stood unconsciously, her eyes fell on that yard for a long time.

Qu Yan didn't know who this house was originally. When she saw Wei Yue Wu standing in place for a long time, she looked sad and immediately understood, and sighed softly. Speaking of this Mrs. Huayanghou It is indeed a fragile life, leaving a young daughter at a young age.

Today is the time of the wedding of Huayang Hou. It is no wonder that the owner of Jingde County laughed in front of the host and was sad afterwards. How could his birth mother's position be replaced by someone else? Keeping her silent there.

"Miss Qu, do you know the master of Qingyang County?" Wei Yuewu asked suddenly after half a ring.

Chapter 756: The younger sister in the memory of Wei Yue Wu

"Qing ... Lord of Qingyang County!" Qu Yan's face changed suddenly, and she subconsciously exclaimed, and when she was able to exit, she suddenly came to her senses, reached out her hand and took a quilt to cover her mouth, her eyes panicked.

"Ms. Qu seems to know the owner of Qingyang County?" Wei Yuewu turned her head and looked at Qu Yan.

"I ... I'm not ..." After being swept by those beautiful eyes, Qu Yan's face became tense, she shook her head, and subconsciously wanted to deny it.

Wei Yuewu's gaze moved away from her, turned to the garden over there, and then walked in slowly. Qu Yan couldn't help but follow her because Wei Yuewu didn't look at her and let her relax. After a few minutes, I just held the papa, and for a while I didn't know whether to say it or not.

She didn't know much, but she didn't tell anyone about it.

"When I was young, the master of Seongyang County was very close to me. We still played together. She or I was many years old, but it was really good for me. Our name was engraved under the tree over there. I was young, and then something happened. I can't remember her as a child! "

Wei Yue Wu said softly while walking.

The sound is not high, but it is enough for Qu Yan to hear clearly.

The master of Qingyang County, this young lady in Weiyuewu's memory, couldn't find out about her, as if everyone was silent about her.

Wei Yue Wu can now be sure that there is such a person, and he is also a county owner, but the others know nothing.

Qu Yan had a relationship with Wei Ziyang since she was a child. When she was young, she should not have been to Huayang Houfu House. Even if she did not hit the Qingyang County Lord, she must have heard Wei Ziyang's words. I know some.

At that time, Wei Ziyang was not so big, and naturally he would say something to Qu Yan. The two young children were no better than the others.

"The Lord of Qingyang County ... later died ... But before she died, she and I should be fine ... Unfortunately, my mother is not there. If the mother is here, she will definitely tell me about her. ... even though no one has talked about her for so many years, she is still in my heart, no matter who she is! "

When it comes to the last sentence, Wei Yuewu's words are a little firmer.

"Ms. Qu, did you also know that Qingyang is the king of Bei'an ..." Wei Yuewu said a pause here, but she kept sighing softly under her feet.

"The county master, please be careful, the Qingyang county master is the daughter of King Bei'an. It used to be a forbidden word in the palace."

When listening to Wei Yuewu's words, Qu Yan no longer thought about the others, and whispered anxiously.

Daughter of King Bei'an? Wei Yue Wu tightly squeezed her own veil, calming down the madness in her heart, daughter of King Bei'an? Sure enough, she was the daughter of King Bei'an.

She had guessed many, but the most reliable one is the King of Bei'an. There are many county officials in this world. There are also some county officials who were subordinated by the court on the land, like the Jianan County, and there are several in the capital. Like the Jingde County Lord himself, but really speaking, you have to count the royal County Lord as the highest.

The daughter of the emperor was a princess, and his brother was divided into kings. The daughter of the emperor was the county master.

Throughout the court, the only thing about King Bei'an was taboo. With the order of the emperor, everyone would not mention it. If it was just an ordinary county master, how could it not be found out?

Unless the owner of Qingyang County has a close relationship with King Bei'an, or the daughter of King Bei'an, everyone will not dare to mention it, for fear of involving him again.

After a little temptation here, I got a letter of approval. The younger sister in my memory, the owner of Qingyang County, was the daughter of King Bei'an.

This result was both expected and unexpected.

"What kind of person is she, the master of Qingyang County?" The two walked into the courtyard. After the mother-in-law saluted respectfully, she stepped aside and Wei Yuewu took Qu Yan to go on.

The few peach trees that Wei Luowen had planted before had taken out new leaves. Although they were not large, they could see that they were growing well and they were carefully maintained.

Wei Yuewu's gaze crossed the small trees and fell on the big tree over there.

"We used to play here together. She used to be the younger sister in my memory, but when I grew up, she was gone!" Wei Yuewu's eyes slowly glazed with sadness.

In memory, the owner of Qingyang County saw her eyes very soft. At that time, she was young and had a kind of affection for her sister. Even at the last scene, she looked at herself with soothing herself appearance.

"Can you tell me, what do you know?"

The words were very calm, and the calm could hardly bear the slightest wave, but with the moon-dancing water eyes, she could immediately feel the pain in her heart.

There weren't many temptations, just a light question, almost 100% sure that Qu Yan would know.

Qu Yan hesitated and looked at the door.

At the gate, the mother-in-law re-entered the house. Two girls-rings followed behind her. Her own ring was her confidant. The Lord of Jingde County did not avoid her own ring. It seems that this ring is also her confidant.

Gritting her teeth, Qu Yan turned back and whispered, "The county master, in fact, I only know one thing, the Qingyang county master is the daughter of King Bei'an. This was learned at an occasional opportunity, originally I only knew the palace. There is a Qingyang County lord, but she does not know who her daughter is, and few people know her, she is alone in a secluded palace. "

"Is the owner of Qingyang County in the palace?" Wei Yuewu frowned, asking.

"When I knew it, she was in the palace. Once I went to the palace for a banquet and saw her occasionally. I thought she was the princess of the palace, but the leading palace man quietly said that she was The master of Qingyang County, but asked nothing but asked nothing. Later, when I met in Huayang Houfu, the grandfather secretly told me that she was the daughter of King Bei'an and told me not to ask more. . "

"Where was King Bei An at the time?" Wei Yuewu heard a little doubt.

"At that time, King Bei'an had been imprisoned. No one said much about King Bei'an, but I don't know why Qingyang County's owner was raised in the palace without being with her parents!" Qu Yan doesn't understand.

King Bei'an's rebellion can be regarded as a major crime of the Nine-Nine clan, but he is also a prince. Of course, the so-called Nine-nine Nation is impracticable, so he was banned. This meant, of course, to ban the ban. His son-in-law and wife's room all followed the ban, but he didn't know why the Qingyang County Lord was raised outside.

And still in the palace.

The generous supporter lived in the palace, and the emperor could not fail to know it. That is to say, he knew it, and he also hosted the Qingyang County in the palace?

But I do not know why the daughter of a rebellious emperor would make the emperor so sorry.

Even though it was said that the entire family of King Pei An had been banned, the Qingyang County Lord was well protected in the palace, which seemed to be a bit mysterious.

"Ms. Qu, do you know anything else besides these?" There was so little news that Wei Yuewu always felt that they could not be connected. "Others, I do n't know anymore. I only saw her from afar, but there were too few people who knew her, and those who knew it did not dare to talk about it, so there was no one about Qingyang County. Filed. "Qu Yan thought for a while.

"So ... how did she die?" Tian Nuo's voice was a little trembling.

"It's ... I don't know. I haven't seen the Qingyang County Lord for a long time. Only later I secretly heard that the Qingyang County Lord in the palace was gone. Then I was still young, because I couldn't be arbitrarily told. Talking about the Lord of Qingyang County, he dared not ask more. "Qu Yan shook her head.

"I didn't mourn after the Lord of Qingyang County died?" Wei Yuewu froze for a moment, but something seemed to flash in her mind, but she didn't catch it for a moment.

"No!" Qu Yan nodded.

"If I hadn't met the Qingyang County Lord, if I hadn't met it, I really didn't know that there was such a County Lord in the palace, and there was no sound after death, and I don't know why she died. After being questioned by Wei Yue Wu, Qu Yan also felt confused.

The identity of the county master, even though it is the daughter of King Bei'an, but since he was raised in the palace, it represented the emperor's recognition. Why was such a person so silent and silent in the end, as if this There has never been such a person in the palace.

"Have you seen her from that place in the palace before?" Wei Yuewu could not ask anything for a while, took a few more steps, went directly under the tree, raised her head, narrowed her eyes, and looked He looked at the dense branches above and asked.

"When I was young, I can't remember it now. I just remember that it was a remote place. This was the way I occasionally went the wrong way. I didn't keep up with my mother's footsteps. I walked there. It's a cold feeling, even under the big sun, it's a bit cold in the bones. "

Qu Yan described that, as a child, she did not have much memory, only vaguely remembered some one-sided scenes.

Seeing that Qu Yan couldn't say anything, Wei Yue Wu didn't press again, and took Qu Yan around the garden, and then slowly walked out of the garden.

When the woman at the gate of the garden saw Wei Yuewu coming out, she hurriedly and respectfully gave her a gift. When the Yue Yue Wu left, she closed the door again.

The yard is now closed. Unless the master comes, the door is always closed on weekdays.

A girl ring hurried over, saw Wei Yue Wu from a distance, immediately speeded up her pace, walked to Wei Yue Wu, and said anxiously, "Shi Jun, Mei Yan, please come back and see that there is something urgent Find you! "

Mei Yan, is it a matter of arrangement?

Wei Yuewu nodded and looked at Qu Yan.

"The county master, I know the way myself, so let's go alone. The county master please help yourself!" Qu Yan knew that Wei Yue Wu had something to do, and smiled happily.

"Then ... let Miss Qu go first, and I will come to accompany you later!" Wei Yuewu agreed, and then she said goodbye to Qu Yan and took her to Qingheyuan.

At the gate of the Qingheyuan, Mei Zheng was anxiously looking at the intersection. She had stretched it several times. She sent several girls to go out, and she did not know if she had encountered the county master. I don't know where the county owner went.

This will see the figure of Wei Yue Wu at the intersection, then settled a little, and returned to the yard again.

Wei Yuewu came in, Mei Yan went in to welcome Yue Yue, and after the ring was delivered with tea, Yahuan retreated.

Seeing that there weren't any disturbing people in the room, Mei Zheng anxiously said, "The county owner is not good, something really happened over there!"

Chapter 757: Bluestone

"What's going on?" Wei Yuewu's face sank, and a gleam flashed across her eyes, "You speak slowly!"

"The lord, the slave, as you have commanded, pays attention to the new lady's yard every day. The bluestone slab also goes to look at it every day, but when the slave went to see it last night, they found that the bluestone was pryed, and the slave also let The man turned it over and looked at it, and it turned out ... "

Mei Yan said that her face was pale, and the whole person couldn't help but start to breathe, and then continued, "It's all poisonous there!"

"Poisonous puppet?" Wei Yuewu couldn't calm down anymore, her face condensed, her hand pressed against the table, and asked, "I can see clearly."

"You can see clearly. It was really a large nest of drug lords. The lord and the slave dropped the lanterns to the ground in a fright. Later, they hurriedly dropped the bluestone slabs, and then came over."

Think of the cave under the bluestone at that time, all of them were creeping crickets, Mei Xu felt that his whole body was numb.

The tricks that Li's made in front of the new man's house are just to cover up the newly changed bluestone slab. The bluestone slab is full of debris, and it is still the kind of wet and stinky debris. The color of the slate is slightly different from the previous bluestone, and no one will notice.

Besides, if it still smells a little bit.

Who would look carefully at a humble bluestone slab.

The newly changed bluestone slab has a hole that is not too deep under the bluestone slab. It was also checked before Weiyuewu. There is nothing in it, but it is strange that a small hole was punched on the side. A long wooden stick stretched out and pierced the hole. Wei Yuewu later found a small hole at the gate of the courtyard, and it passed through it again.

After passing all the way, the last thing I got was inside the house.

There is also a small hole under the big bed in the inner room of the main room.

Wei Yue Wu didn't know what the small hole in the past was for. Except that the hole under the bluestone slab was bigger, the other place was just a small pit, because the brick was used in it. Get up again and cover it again. It's not a big place, so I don't change the brick again.

I can't see it outside.

It can be said that the entire small hole passing from the outside, except under the bluestone slab, has almost no traces elsewhere.

If it weren't for Wei Yuewu's disposal of the garbage and washing with a lot of water, I wouldn't find that bluestone slab different from the others for a while.

After Wei Yuewu became suspicious that day, she carefully looked at the bluestone slabs under the pile of garbage, only to find a step with a slightly different color that was a little hollow.

Afterwards, she found a time and sent all the others away. With only a few of her confidants, she turned over the bluestone slab and found the mystery under the bluestone slab.

But I also only found potholes, and the others were nothing. The small holes that passed through horizontally one by one did not know what to do.

But the point that this hole leads to the bed in the newcomer's room is enough to guard Yueyue Wu from taking it lightly, but now Mei Yan tells her that he is making her look heavier and combining all the points. .

A hole in the poisonous urn, although it was outside the courtyard, but there was a small hole over there, Wei Yuewu's heart moved, and she stood up and said: "No, go, I'll go to the newcomer's room to see."

Counting this hour, the newcomer should be coming soon, after visiting the church outside, he will be sent to the cave ...

"Yes!" Mei Yan also felt that the big event was not good, so he went out with Wei Yue Wu.

A party hurried to the entrance of the newcomer's courtyard.

I saw Wei Luowen and Tu Yuzhen turning around at the intersection. Two red flower bands on his hands. Tu Yuzhen still had a hijab on his head and could not see his head and face. There were two upper girls around him who helped him along the way. Come here after worship.

Wei Luowen's face was very peaceful. When he saw Wei Yuewu guarding the door of the new house, he froze a little, but said nothing, and then took Tu Yuzhen into it.

The redness of the room was filled with joy, and there were red decorations everywhere, and the quilts on the bed were also red, one tight, one at the top, and a stack of at least five or six.

I don't know what was spilled, the rich aroma filled the whole room.

When Wei Luowen came in, he frowned unpleasantly at first. Such a strong aroma, he didn't like it very much, but think of today as a day of great joy, I am afraid that it was specially made by the people in the government, and it was strong. Hold back and say nothing.

Tu Yuzhen was supported by Yahuan and sat down on the bed. The Yahuans retreated aside. This time, some female relatives came by, laughing and joking.

Xi Niang sang the celebration song of the newcomer acacia.

Tu Yuzhen was sitting on the bed, her head bowed, and she could not see her face, but the twisted hands in her hands showed that her mood should be extremely uneasy at this time.

For her, this is the first and only time in her life.

Wei Luowen took the hieroglyph from the hands of Xi Niang, raised his hijab, glanced at Tu Yuzhen, the corner of his eyes flickered slightly, and the expression on his face didn't really look like a smile, and he just pulled his lips slightly. Put down the happy name.

Everyone can see that he really can't say joy to this marriage. Several wives around the couple looked at each other and saw the surprise in each other's eyes.

The Huayang Hou does not look so happy, is he really dissatisfied with the newcomer?

As soon as Xi Niang didn't look good, she said a lot of happy words again and again, and the husbands and wives around laughed for a while, which seemed to round up the whole scene.

Next, Wei Luowen went outside.

Wei Yuewu had entered the new house at this time, stood outside the new house, her eyes fell on the red bed sheet.

Scarlet sheets, red Yanyan 's special joy, scarlet pillows, scarlet quilts, all of them are scarlet, and then stained with the fragrance of this room, once you enter the house, you will be buried in a scarlet eye, and the corners of the eyes are almost invisible To any other color, only the color of the big red.

But today, even if it is red again, it will not make people feel weird. The wedding is overjoyed, and the color of the big red originally represents joy. If it is not red, it will make people feel weird.

"Wuer, why are you here?" Wei Luowen strode out and stopped in front of Wei Yuewu, looking a little serious.

In fact, it is not serious, but a bit awkward.

"Father just go to work, I will take care of it here!" Wei Yuewu smiled softly.

"Aren't you staying with your grandmother in the back?" Wei Luowu was really uncomfortable, and asked with a low cough.

Although this wedding was still intended by Wei Yuewu, Wei Luowen was inexplicably embarrassed to let the young daughter see herself and another woman marry.

"The grandmother's ladies and ladies are enjoying the game in the yard. This will probably come here, so wait here first!" Wei Yuewu explained softly, her feet still, as if she didn't bother with Wei Luowen at all. Meaning, there is no action to leave half a silk.

"If you are tired, go back to rest. It is not a big deal!" Wei Luowu didn't respond, Wei Luowen paused helplessly and whispered.

"Yes, father!" Wei Yuewu nodded, and then watched Wei Luowen leave, a faint light flashed in the water's eyes.

My father didn't care, it was always visible at any time, and I could hear what he had just told him. He was actually not at all interested in this matter. The left is because Huayang Houfu needs a lady in the right room, and Tu Yuzhen Quite quietly enough.

Think of it this way, but I feel that Tu Yuzhen is pitiful.

She sighed softly, but this is also helpless. She also expressed implicitly before that her father may have been thinking about his mother and let Tu Yuzhen think clearly. Tu Yuzhen also said that it was nothing, even if his father kept thinking about his mother, She will also marry because she likes Weloven.

These words are all suggestive. You can't ask them to speak very clearly.

But Wei Yuewu can also conclude from this that Tu Yuzhen really likes his father.

Or the two of them are the most suitable, but it takes time ...

At the moment, some people are using this attitude of their father to recruit disasters for the entire Huayang Houfu, and the gloom in their eyes has turned into a suffocation.

Step into it.

The ladies and ladies in the room were making fun of Tu Yuzhen. Tu Yuzhen blushed as they said. They could only lower their heads and twist the puddles in their hands. However, the other ladies and ladies laughed even more. The future Mrs. Huayang Hou is a tender face.

Huayang Hou can be really blessed, begging such a beautiful woman ...

When I saw Wei Yuewu coming in, the smiles on the faces of the people were choked. Everyone knows that Wei Yue Wu was born of the former Mrs. Huayang Hou. Now I see the new Mrs. Huayang Hou coming in, I do n't know what will happen. It will not come to find faults, if you really find faults, it is extremely difficult to handle.

This one is not just the identity of Hua Yanghou's daughter.

If it's just an ordinary lady, no matter how it is, it can't really affect things, but this person is not only the daughter of Wei Luowen, but also the owner of Jingde County and the wife of the Emperor Yan Guo.

If it really gets into trouble, there may be something serious going on.

"The lord, you have already come, Mrs. Tai is afraid that you will not come to support and let some slaves snub the new lady!" Acer walked in from outside the house and saw Weiyuewu standing in the room. The look on his face was mild, and nothing unpleasant happened, and he couldn't help sighing and laughing.

Mrs. Tai was also worried about Wei Yuewu's unhappiness before it happened, so she deliberately let Acer visit the new couple's yard.

"How did Grandma think of me?" Wei Yuewu's eyes flashed and she stopped. When she was walking, Mrs. Tai was just happy. Why did she think of herself after a while, she didn't think Mrs. Tai would care so much. Yourself.

Who brought it up? Does this mean that even if you don't come here, you have to come here once in a while, it's always too much for your wife to say so. If you don't come, you will be too small.

"Only a few old ladies mentioned the county master. They all said that the county master is rare. They all said that Mrs. Tai is blessed. They also said that the county master was grand and Hou Ye's marriage. The county master also inherited it early. The county's generous performance, if the county host comes to support the new lady, it will certainly make the new lady very face-to-face, and when outsiders talk about the county master, they will all give thumbs up. "

Acer said with a smile.

"Who brought me up first?" Wei Yuewu asked deeply.

This is how to support myself to the new house. Is this new house going to have an accident soon, and staying here by yourself, if there is an accident, then it is a natural disaster, but if the accident is only Tu Yuzhen, he can be here. Even jumping into the Yellow River can't be washed out.

"It's Mrs. Er's mother!" Acer said with a low cough, uncomfortable.

Speaking of Li's, the whole house is uncomfortable now, but Li's is Wei Ziyang's biological mother, but no one can send her away first.

Sure enough, it is related to Lee's!

Wei Yuewu sneered. The design of Li's this time was really big, but it was a bit stupid. If there is something wrong with the father, this will happen to the whole Huayang Houfu House, but how long can Mrs. Tailer tolerate her this time?

Even if she is Wei Ziyang's biological mother, not only is Li's mind vicious, but she seems crazy now ...

Chapter 758: The smell of blood under the strong aroma

"Acer, please bring these quilts to your grandmother!" Wei Yuewu's gaze fell on the stacks of quilts on the middle bed, and she thought about a slight tick on her lips, and suddenly laughed abruptly.

There is also a practice in Beijing to give the elders in the new bed to their elders, which means that the elders can also follow the booming and happy.

The husband's family will prepare several quilts, and the new couple will also dow over several quilts. Of course, these quilts cannot really be fully covered, so when sleeping, most of them will be put away, leaving only one.

When the next day, the collected ones will be sent to the elders in the house.

But this will be taken away directly, but it is really rude. Acer listened to Wei Yue Wu's words, thinking Wei Yue Wu did not understand, he implicitly reminded: "The lord, the quilt will be sent out tomorrow. "

Wei Yuewu's personal affairs are of a joyful nature, and she was sent out in a coma when she got married. As for the government of Yanguo, she does n't have a serious elder now. Besides, she was not raised in Beijing and grew up in many rules. It may be just a hearsay, half-knowledge.

"Well, Miss Fang Caijiu secretly said that this quilt is very uncomfortable sitting next to you, can you remove it first?" Wei Yuewu smiled, her eyes glanced at Tu Yuzhen sitting beside the bed. face.

Tu Yuzhen is very beautiful today, sitting there shamelessly, and let those ladies and ladies make fun.

Fearing that it would interfere with people, Wei Yuewu and Acer retreated to one side at this time. The voice of this talk was also light. Even if someone noticed, they could not understand what they were talking about.

As for the title, although Li Cheng, this meeting can still be called Miss Tu Jiu, and will not officially recognize her until tomorrow.

"It is also possible to take it down, that is, you don't have to send it to Mrs. Tai first. As for how to allocate it, I believe that Miss Tu Jiu will have a decision tomorrow!"

Since it was Tu Yuzhen's meaning, Acer naturally couldn't ignore it, thinking about it.

Acer felt that it was possible that Tu Yuzhen felt uncomfortable sitting there, and removing a few quilts was not a big deal.

"But now ... how do I get it?"

Tu Yuzhen was sitting on the outer edge of the bed. At this time there were so many people around the new house. If so many people went directly to pick up the quilt, it would be a real rudeness and Acer's brow would be frowned.

"Hongye, I'll tell Miss Jiu, you come over and hold the quilt again." Wei Yuewu laughed, then stepped forward, and said a word lowly in Tu Yuzhen's ear, a trace of Tu Yuzhen's face flashed. Alas, her face was pale, but she was not a hesitant.

I stood up.

The new couple was so frightened that some of the women in the room were shocked. The bride could not leave the bed. Several ladies wanted to remind them, but saw that Tu Yuzhen had just walked to the side and sat back on the bed. , And then smiled and said to Acer: "There are labors Acer hugs a few quilts."

Since Tu Yuzhen said so, Acer might not be so rude to go forward again.

In order to show Tu Yuzhen's status, Acer came forward with a smile and groaned. He picked up the quilt by himself. The room was very fragrant. The scent was almost invisible to other flavors, especially when the quilt was lifted. Floating out, the smell of the fragrant was almost fragrant to Acer because it was too fragrant.

Acer turned his head sharply and took a few breaths before slowing down.

Brow frowned secretly, although the newcomer's house did burn some incense, but it was too fragrant. I didn't know whether the quilt was prepared by myself or painted by the government. I didn't know if I smoked on the quilt. How much incense is such an aroma method is actually not appropriate.

Too strong aroma, it feels disliked.

But looking at the surrounding ladies and young ladies, taking a few steps back together, you know that this is really an unpleasant aromatherapy method.

Acer thought about asking the steward for a while. Whose incense is this? If it is Tu Taishi 's house, it does n't matter, but if the people in his own house do it, it 's better. Rebuke it.

The quilt was lifted three at a time, and Acer was thinking of arranging the quilt in her hand, lifting it slightly, and wanted to pass it to the little ring on the side, but when she pressed the finger, she suddenly felt a place. When it touched the place, it was stunned for a moment, how could the newcomer's quilt be wet.

The hand was pressed again, and the fingers were sticky, and it didn't seem to be water!

"Acer, what's wrong?" Wei Yuewu asked when Acer stopped there.

"It's nothing, I'll hold it there and put it away!" Wei Yuewu's words reminded Acer that the look on her face became comfortable and she moved forward to the side.

It was always surprised to follow her little girl ring. In this case, Acer just took it for meaning. It can never be held forever. Where is Acer's identity? In Huayang Houfu, even if the masters met Acer, they were very kind.

Why need Acer really do it yourself?

But what happened next surprised Xiaohuan even more. After Acer took the three-bed quilt and set it aside, she came over and hugged the three-bed, and then the three-bed ...

It wasn't just Xiaohuan, but also some ladies and young ladies present.

There were only twelve quilts on the bed. Acer went back and forth like this, and actually took the twelve quilts together and set them aside.

The wardrobe door didn't open, and the quilt was placed on a vacant chair over there.

"The lord, these quilts, put them here first. The slave will go back and report to Mrs. Tai, and later come over to deal with these quilts. The lord does not have to let people come over and let the slaves listen to Mrs. Tai's. it means!"

Acer asked Xiaoyahuan to ask Wei Yuewu to talk.

"These quilts, just like that?" Wei Yuewu stretched her fingers and looked at the quilt that looked a little messy, her face blank.

"Let it go, maybe it will be carried away soon!" Acer nodded.

"This ... is it better to put it in?" Wei Yuewu pointed to the wardrobe on one side.

"It's okay, let's leave it like this!" Acer said, leaning next to Weiyue Wu, lowering his voice, "Sir, please don't touch these quilts first, it's a little bit wrong, the slaves will be too mad this time Madam go! "

"This ... well!" Wei Yuewu nodded.

Hongyu then hurriedly took Xiaohuan to leave, leaving Weiyuewu standing beside the quilt alone. Liu Mei frowned slightly, and her eyes were so deep that she seemed to guess exactly.

This is because standing next to the quilt, the bursts of fragrance become more and more dense, but then the rich fragrance has a strange smell, it is very light, and it can hardly feel in the fragrance.

It's just that Wei Yue Wu has a heart here and can smell something strange from it.

The handkerchief pressed her nose slightly, so the rich scent, Tu Yuzhen was able to withstand it, it is because she is a newcomer today and can't leave the bed anyway.

So I told her myself that when you could help her take off a few quilts, Tu Yuzhen promised at a stretch that anyone who had been sitting in such a thick fragrance could not bear it anymore.

Especially when you are near, and when there is a faint smell.

Just smelling it from afar, this will get closer, it is definitely problematic.

Bloody smell ... a hint of **** smell, mixed in a strong aroma, the combined taste, even if it is still fragrant, but it makes people feel extremely disgusting.

Wei Yue Wu also took a few steps back, far from the quilt.

The other female dependents standing in the new house, although they felt that the quilt was a bit out of date, but since this is Tu Yuzhen's own meaning, plus the people of Huayang Houfu's own hands, it is not good to say anything.

The two in question must not say anything, they are after all outsiders.

Some people even thought it was good to take it off. They just surrounded the new bed. The rich fragrance of the bed made them extremely uncomfortable. It would be far away, but everyone was relieved. a feeling of.

Shouldn't the quilt you take away be put away? Why is the mess piled aside.

And even if the Jingde County lord saw it, he didn't care about it, it turned out that he was a child without a mother. He was not very sensible, even if he was married, he didn't understand these.

The eyes of everyone watching Weiyuewu with a bit of pity.

However, without such a strong scent, everyone feels more comfortable, and no one cares about the irregularities made by Huayang Houfu, and is still joking with the newcomers.

Acer hurried away, and hurried again, brought a few women, holding a large wrapping cloth, folded up the quilt placed there, wrapped it, and then in the surprised eyes of the daughters and daughters Just leave.

This time, he didn't talk to anyone, but no one felt that Acer's look was right.

The female relatives would be really amazed, looked at Acer, and then looked at Weiyue Wu, for a while I didn't know what they were doing.

Tu Yuzhen felt that something was going on here, and Liu Mei could not help wrinkling, and looked up at Wei Yuewu, but when Wei Yuewu gave her a soothing look, she slowly relaxed.

Although it is just a young girl who has not yet reached the level, Tu Yuzhen feels that the little Mrs. Shizi in front of her is extraordinary, whether it is dealing with people or dealing with others.

"Acer, what does this grandmother mean? Ms. Jiu is still sitting on the bed, so always leave a quilt!" Seeing Acer going, Wei Yue Wu stepped forward and stopped her in a low voice Road.

Of course she wouldn't let Acer take the quilt so easily.

"Mrs. Tai ordered to take a look and say, there's something in it ..." Acer looked around, before lowering her voice to Weiyue dance.

"How can something be wrong? Isn't this quilt prepared by Miss Jiu?" Wei Yuewu asked in amazement.

"There are also those from our house, all mixed up!" Acer shook his head, his voice became even lower.

"This ... what can be done, everything in the needlework room was ordered by Erji and Sanji early, and done early, but it was taken early today, I came too early, but this But Bian already put it in place, and said that it was ordered by Erji specifically, maybe he was too late! "

The smile on Wei Yuewu's face faded a little.

"Erhu cares more and more about our big house. Only she cares about my presence. She reminds her grandmother to let Acer come to me. This will also prepare her quilt for her father. It seems that after this You will definitely get along with Miss Tu Jiu and Erji! "

Wei Yuewu said casually, there was a feeling of speaking in private. Even when she was called Tu Yuzhen, she was still only Miss Tu Jiu, and she didn't say anything that much about her, and the most elaborate thing was the mention of Mrs. The topic of Lee's, this topic brought out.

It's totally free to speak.

Acer frowned tightly on the side. When was the second lady so nice to the big house ...

Chapter 759: This is the rhythm of something big

The quilt was placed in front of Mrs. Tai. There were twelve beds, and three beds were problematic.

The three beds in question were placed in front of Mrs. Tai. The big red satin looked dark and seemed to be splashed with water, but it was not water, but blood. It should be a chicken in the kitchen. Blood, duck blood and the like.

Huayang Houfu has a happy event today. There are many chickens and ducks prepared.

The kitchen was busy yesterday, for fear that it would be too late today, and some living things were killed early.

Li is basically ignoring things now, but Zhang is in charge, but Zhang's own ability is limited and he is not very capable of doing things. The big room Wei Luowen does not have a chamber, the third room Wei Luoli has two, but Wei Qiuju's mother died early, and there was another who had been sick and could not help.

So the matter fell to several aunts in the second room. Aunt Huang, Aunt Luo and Aunt Yang all joined hands. If anyone said that, Zhang would not know it and could not find out.

As for the steward, Zhang's is obviously not as good as his relative's three grandfather Wei Luoli.

"Mother ... I ... I don't really know what it will look like, and there were a lot of people in the kitchen last night. This ... so check?"

Zhang's was called too, and she was totally dumbfounded for a while. On this red quilt, there was a large piece of blood stains. What a weird look, she would not be too scared, and her face was pale. The whole People couldn't help but stunned.

If this matter can't be found out, the responsibility rests on her.

She has not always been capable, but she does not know how to investigate this matter.

"You asked people to ask one by one, who did they go to in the kitchen last night, and then where did the blood from the chicken and duck kill fall, but someone took it!"

Mrs. Tai hated Li Zhi, who was iron and steel.

"Yes, yes, I'll check it right away!" Upon seeing Mrs. Tai's anger, Zhang no longer dared to hesitate, and didn't ask anyone to go to the kitchen himself.

"Ma'am, look at this ..." Acer hesitated, but reminded, "Is the second lady too concerned about the big house recently?"

She remembered what Fang Caiwei Yuewu said to her, and the more she thought about it, the more skeptical she felt. The second lady's behavior was really strange, plus the lady Mrs. Li who raised the Jingde County Lord today Go to the county owner by yourself, there is really no connection in this?

No matter who Acer deals with privately, the most loyal is Mrs. Tai.

"How do you say?" Mrs. Tai naturally heard a bit of meaning, turned back and sat down again, took the tea on the table, took a sip, and calmed the air.

"Mrs. Tai, don't you think the old lady of Li's house is strange today? The second lady has always disliked the county master. How did the old lady of Li's house like it? The last thing Li Yueer did was the hand of the county master. In that sense, why would Mrs. Li not be willing to join the county master, it was true before, but she mentioned it today! "

Acer walked behind Mrs. Tai, knocking on her back while talking.

Mrs. Tai's eyes closed slowly. If anyone in this government did not like Weiyuewu, Mrs. Tai knew that it must be Li's.

Do not talk about Li Yueer, but talk about Wei Yan, and it is all about Wei Yuewu. Even if there is no evidence to prove that it is the ghost that Wei Yuewu has smashed into it, here at Li, it is bound to hate Wei Yuewu.

If Wei Yue Wu doesn't enter Beijing, Wei Yan might not be in trouble!

Or maybe Wei Yan is already Mrs. Jing Yuanhou now, even though she is not satisfied with Mo Huating, she feels that she is also a queen concubine in Wei Yan's appearance, but at least it is much better than now, her current status is just a corpse. The unidentified auntie made Mrs. Tai feel hematemeses.

At first, if it wasn't for the second child who kept blocking, she really almost killed Wei Yan.

Huayang Houfu's niece actually acted as a room for Jingyuan Hou. The more Mrs. Tai thought, the more she felt that Wei Yan was useless, and Li was useless.

Wei Yan, who was raised with all kinds of treasures, originally wanted to marry the royal royal lady, but now she falls into this position.

From this point of view, Mrs. Tai also felt that she did not like Wei Yue Wu very much, and thought that it was all related to Wei Yue Wu. Both men were robbing Mo Hua Ting at first. If Wei Yue Wu retired from Mo Hua Ting early, Yan Girl won't fall into this place now.

But thinking about it, Mrs. Tai still knows that Wei Yue's current identity is not what Wei Yan can match.

And if Li's really poured chicken blood and duck blood on the quilt of the newcomer, then he would not simply want to deal with the moon dance, but he would have provoked Wei Luowen.

Dare to raise such a demon in Wei Luowen's wedding, Mrs. Tai thinks that Li 's mind is really broken, and she dare to do such a thing.

"What does she want to do? She just wants to be disgusted and disgusted with Lovin? Even if she doesn't look at her own identity, Lovin wants her life. It's not a matter of words. She dare to do such a thing in the marriage of the boss She really thought she couldn't figure it out! "

After thinking about this, Mrs. Tai hated herself.

Like Acer, she also determined that this incident must have been done by Li's. In the backyard battle, Mrs. Tai was also killed from the siege. Would she not know these tricks?

"Mrs. Tai, I think I'm afraid that it's not just these? If it's just these, what is a big obstacle to the county master and the government is just disgusting Hou Ye and the new lady. The second lady always knew that Mrs. Tai valued Houye. If it really did cause trouble to Houye, she would have nothing good to eat. Why does the second lady spend so much effort to do such a thing? "

However, Acer thinks that Li's purpose is doubtful. What he thinks about it is not good for Li.

At the beginning, it still seems to be detrimental to others. Later on, you have to see how much Houye tolerates. If Houye is furious and picks things up to Mrs. Tai, Mrs. Tai will definitely dispose of Mrs. Not the former second lady, the second master would not protect her at all.

Since she entered the house this time, the second master hasn't seen her squarely.

What is this lady trying to do?

The wife Mrs. Tai also said that she was silent. For a while, no one could figure out what Li was doing. It was so interesting to make these beds of chicken blood and duck blood.

The third lady, Zhang Shi, came hurriedly and got the same information as she did not say.

Even last night, because of many things, the aunts in the second room and the people of Li's almost all visited, but the people of Li's just asked for something, and the others didn't do anything. Busy, staying in the kitchen for a while, when the time left, the kitchen steward said he didn't notice.

The kitchen was busy at the time.

As for the chicken blood and duck blood, it is not clear what is in charge. When it was killed, it was not a single person, because there were many, and it was not a single person. Although they all said they were dealt with, who actually lied? Zhang felt that he really couldn't say it. He would look at Mrs. Tai's face and cry, she would only say, "What to do, what to do! Mother, what can you do!"

"Nothing, I'm not ready to re-prepare a few new quilts!" For the uselessness of Zhang's, she was too mad to catch people directly. This little daughter-in-law was like this. Since marrying in, she has not used much.

I used to steal the housekeeper's right from Li, but then something happened to Li and she couldn't manage the house. Mrs. Tai was completely disappointed with her. Just like Zhang's, she was not a housekeeper at all. material.

After all, there isn't a powerful lady in the second room!

"Yes, mother, I'll go right away!" Zhangshi wiped his sweat and left in a hurry. The result of coming and going was nothing, and it was definitely related to Li's.

But Mrs. Tai, here, has already determined that this was done by Li's. Lee's abnormal behavior, Mrs. Li's abnormal behavior, plus these abnormal things, all these things are too abnormal. However, if Li said he had no brains, just to dislike Wei Luowen people, it seems that he can't justify it.

Wei Ziyang's title was passed down from Wei Luowen. For Wei Luowen, Li should not look like this.

"Mrs. Tai, here is the county master!" Suddenly, there was a whistle from Yahuan outside the curtain.

What is Wei Yuewu doing at this time? Mrs. Tai frowned, but nodded.

Acer asked, outside the curtain, "Please come in."

"Yes!" Yahuan stepped back and said respectfully to Weiyuewu, "Guest, Mrs. Tai, please come in!"

"Okay!" Wei Yuewu nodded, her feet moved lightly, and she slowly walked into the house, followed by Jin Ling closely behind her.

"Dance girl, you will not support your new mother on the side of the new house. What are you doing here?" After Mrs. Tai waited for Weiyue Wu, she was impatient and said that she would be full of quilts. I really do n't want to ignore Weiyue Wu, so when I say it, I just send it off.

"Grandmother, I have something to tell you!" Wei Yuewu looked up and looked around. There was a bit of solitude between her looks, and she gently touched her lips with a whisper.

"What's the matter?" Mrs. Tai became nervous before the quilt happened. She was very disturbed in her heart, watching Wei Yuewu nervously unconsciously.

"At the entrance of the newcomer's garden, there is a pothole of poisonous poison under the bluestone slab!" Wei Yuewu Napazi covered her lips, and her face was shocked. "Fang Cai's mother wants to eat there. I'm afraid the mother is hungry. Jin Ling went to pick it up, who would have thought that this girl was careless, and actually stepped on a bluestone slab at the gate of the courtyard, and opened her head to see that it was poisonous! "

"What?" Mrs. Tai's face changed drastically, and she couldn't sit still anymore. Aunt stood up, and Aunt trembled behind her, holding on to the back of the chair to stand.

Drug poison?

Bloodthirsty, this ... this is about to happen ...

Chapter 760: Climbing up one by one

When Mrs. Tai arrived in the new room, there were still many women in the new house. When she saw Mrs. Tai coming, they all hurried over to see the ceremony. Mrs. Tai also responded with a smile, and invited them to sit out. opened.

The female dependents retreated one after another, and even if there were a few people who still wanted to set up a new house, looking at Mrs. Tai's posture, they went out with interest.

How this matter in Huayang House looks weird, but it looks like something is going to happen. Everyone is smart. Madam, this is to clear the market.

Sitting on the edge of the bed, Tu Yuzhen looked at Mrs. Tai quite at first, then slowly, her face sank, feeling that this was getting more and more wrong. .

"Mother, please come here!" Wei Yue danced softly.

Although she called Miss Tu Jiu when she was talking with Acer before, she was still a mother when she was in front of her. Even though this mother was really difficult to export, she must have entered the door. Be regarded as Wei Luowen's step-wife, called today and tomorrow, in fact, it is just a cutscene.

And this situation is different from just now.

"What's the matter?" Tu Yuzhen frowned, but still stood aside.

Come over four rough-skinned women, pull the new bed to the side, and suddenly a small opening below is exposed.

"This ... what?" Tu Yuzhen was startled when he saw such a mouth. Although the small hole under the bed didn't look big, it looked weird.

Mrs. Tai pressed her hands on the table, but her face changed.

"Go ... Go and call Master Hou and Second Master!" She whispered, but still ordered.

Acer hurriedly called two Yahuan to summon the Wei Luowen brothers. After thinking about it, they nodded and recruited two wives to keep them at the intersection and not let anyone else come over.

This kind of incident is definitely a major event in Huayang Houfu House. If it is spread, it may cause big waves.

The scene immediately became tense.

"Pour the blood up!" Mrs. Tai was very satisfied with the arrangement of Acer, and ordered after calming down.

Someone had sprinkled a prepared bowl of chicken blood, and the chicken blood slowly poured down. At first, you can see the blood red color above, but after all of it penetrated in, this layer of blood red color subsided. In the end, it was just a faint red.

The room is very quiet. You can hear the sound of each other's breathing. Everyone seems a little nervous. Some answers are just guessing. But when it is verified, not everyone can afford it.

Regarding all this, Wei Yuwu had already been in the chest, gave Tu Yuzhen a soothing look, and continued to stand behind Mrs. Tai, waiting quietly.

Time seems to be particularly slow, or it is really slow, anyway, Mrs. Tai is a little annoyed here, and her eyes are flickering a bit.

"Mrs. Tai ..." Acer glanced at Mrs. Tai and screamed hesitantly.

But the next moment, her voice was frightened by Xiao Yahuan's exclaiming voice, and then Ya Huan and her wife both screamed back.

One tadpole, two tadpoles, and three tadpoles slowly crawled out of the ground, then out of the small hole, and then climbed to the new bed aside without any hesitation.

The new bed had already moved away from its original position, but the puppets still rushed there.

One just emerged from the hole, and then another went to the new bed.

Xu Jiao Zhang Yang, seeing people feel numb ...

There would be no one in the new bed. If Tu Yuzhen was lying on the bed and he was bitten by these drug unknowingly, he would not know how to die.

Wei Luowen will be waiting outside today. It's absolutely impossible to return early. Tu Yuzhen is tired and may rest early. If someone pours a cup of chicken blood on that pothole, it won't take long for those poisonous urns. They will be led over, and they will crawl towards the bed with a purpose.

Knowing nothing at all, Tu Yuzhen shivered almost uncontrollably, holding her hand on the side of Xiaoyahuan and holding it up, she did not fall down. She was bold, but Hui was frightened, everything in front of her had long overturned all her imagination.

Such a thing, she was unexpected by any means!

There is also Mrs. Tai, but she is not just fear, but panic and anger!

"Come, come here ..." Mrs Tai hissed. "Kill them, kill them!"

Followed by the girl ring and mother-in-law, none of them dared to step forward, and watched one by one of the puppets digging out of the hole, and some of them were almost at the foot of the bed, but the back has never been broken. This situation is not acceptable to them in the backyard for a long time.

All screamed back, but none of them dared to step forward.

Even Mrs. Tai was led back and forth.

Weiyuewu also retreated with the crowd, long eyelashes fluttered, and a deep sigh of gas flashed in the eyes. Sure enough, all these things were arranged early, and the purpose was the father. Day of marriage.

The day of my father's marriage was when the disaster arose ...

Not only is Li's vicious, he's crazy!

The figure of Wei Luowen appeared at the door. He strode over and saw a "road" made of drug lords in front of him. He took a short walk, then turned around and walked to the candlestick, which was lit with a red candle. Pick up one, and then pull a large silk on the side, light it with a candle, and throw it directly in front of the bed.

"They all retreated!" Wei Luowen sternly said.

Seeing Wei Luowen's coming, Mrs. Tai was relieved and gave it to Wei Luowen, and all of them withdrew.

In the new house, the fire lighted, and many flammable items were burned.

Wei Luowu came over and entered the new house without a word, and helped Wei Luowen dispose of the poisonous puppets. As for the hole full of poisonous pies at the bluestone slab, Mrs. Tai also let a lot of firearms enter.

For a time, Qingyuwan looked like fire, and the smoke billowed, as if the whole Qingyuwan was on fire.

Some people felt strange, came over and asked, but were kicked out.

Some guests saw this smoke rising from afar, and hurriedly asked the people in Huayang Houfu House, but they were relieved that they were burning something in the house, but many people were still very

skeptical. On this wonderful day, nothing happened to burn anything, burning a thick smoke of a newcomer's garden, as if on fire.

Is something going on in Huayang Houfu?

But no matter what the guests think, the people in Huayang Houfu still tell you honestly, it's okay, just burn something unnecessary. As for the others, there is nothing more to ask, the guests just ask and ask. After you ask, you can only give up.

Even if I still doubt it!

The large and small crickets were almost burned, and then many small holes were found, all of which were covered with burning silk. After all the treatment was completed, several talents sat down again.

The confidant girl ring and the mother-in-law are all organizing the things in the house. The outhouse Wei Luowen brothers are sitting at the bottom of Mrs. Tai, while Tu Yuzhen is sitting at the other side. Her next head is Wei Yue. Dance, the faces of several people are not very good-looking.

Tu Yuzhen held the parcel, and found something in this meeting. She bowed her head and said nothing. She did not expect that she would encounter this kind of thing. It was only on the first day of the wedding that someone wanted her life, and still wanted it. Way, I feel scared.

But she is a newlywed, and although she hates herself, she has to listen to Mrs. Tai's disposal.

"Daughter, this is Li's!" Mrs. Tai unkindly told Wei Luo Wu, without much evidence, just think about it, Mrs. Tai already knew that this was done by Li, even if Li. The innocence of Shi's performance is reminiscent of her anomaly with Wei Fengyao and the incident of Mrs. Li.

The evidence does not have to be acknowledged by the other party; it is already known.

"This ... she ... is crazy!" Wei Luowu took a breath, said Nana, and there were underworlds under fire on his face. Hearing this matter was anxious and hate, don't need to think too much. Many, Wei Luowu immediately believed Mrs. Tai's words. Recently, Li's feeling was like this weird look.

"She's crazy, she's really crazy, second child, I said how did you marry such a desperate poisonous woman!" Mrs. Tai patted the chair bar beside her, "She's going to destroy It 's our entire Huayang Houfu! She never thought about Ziyang. If Huayang Houfu is ruined, where can he inherit the title? "

Too ladylike eyes are red.

The big thing about life and death!

Some things, once connected, make everything clear.

There were rumors that Wei Luowen was very dissatisfied with this marriage some time ago, and he rarely came here. Instead, his original wife 's yard went almost every day. It was even more true that Wei Luowen did not want to marry a wife. The fact is simply because the will of the emperor was compelled to do nothing about it.

Now if Tu Yuzhen dies in a new house, everyone must think that Wei Luowen's hand must have killed Tu Yuzhen.

With previous rumors, coupled with Wei Luowen's behavior, everyone thinks this is true.

This happened to the emperor's marriage, no matter what status Wei Weiwen could not eat and walked away, the knight was afraid that he could not be preserved or even went to jail, and the entire Huayang Houfu may be implicated. Damage and damage, the result is that the entire Huayang Houfu will sit together.

"She is crazy, really crazy, second child, it's up to you!" Mrs. Tieqing turned to Wei Luowu with a face.

After thinking about this, Wei Luowu's face was also as pale as snow. It was one thing for him to fight with Wei Luowen, but it was another thing to be seated with Wei Luowen, thinking that he was almost ruined in that crazy woman. On his son, Wei Luowu was furious and patted his hands on the table: "Mother, I know, she is really crazy, and she is still crazy!"

Although Wei Yuewu lowered her head, knowing that Li was really dead this time, Wei Luowu did not hesitate to get rid of her and gave her a conclusion.

"It's good if you know, then go back!" Mrs. Tai waved her hands coldly. She felt abnormal heartbeat, almost uncontrollable wild jump, almost, almost the whole Huayang Houfu would be destroyed. In the hands of this mad woman, I don't know what this mad woman thinks.

If something happened to Luo Wen this time, the entire Huayang Houfu could not run.

Wei Luowen didn't speak, and looked at Wei Luowu coldly. He had nothing to say about Li and didn't want to get involved in his brother's house, but Wei Luowu's appearance was to give himself a Confessed.

This is actually not a matter of one's own.

In which house, Li's is a dead end. He will not deal with Li's affairs next, but he will not relent.

"Luo Wen, you still go to the front of the hospitality. I will work with your daughter-in-law to deal with things here!" This matter has been dealt with almost, Mrs. Tai ordered Wei Luowen.

Wei Luowen stood up, frowned and looked at Wei Yuewu, and found that Wei Yuewu was only a little pale, and there was no other problem, so he was relieved, and looked at Tu Yuzhen on one side, then Turned around and strode away.

"Dance girl, you should go back to rest first. Your health is already bad. Go back to the yard to rest and rest. After a while, you will help grandmother to serve. Grandma will come over." Dance kindly.

Knowing that Mrs. Tai is clearing up, after all, she is the daughter to marry. She is no longer a real Huayang Houfu person.

Weiyuewu stood up with interest, bent slightly towards Mrs. Tai and Tu Yuzhen, and after owing herself to the ceremony, she withdrew and went out to Qingheyuan.

Although I knew it would be such a result, it was very scary to watch so many poisonous creeps crawling on the bed one by one. Even Jin Ling felt very uncomfortable and followed the guard. Behind Yueyue, his heart twitched and he was silent.
