

Young Lady 811

Chapter 811: Mrs. Jing Yuanhou and others

"What's wrong with Mo Huating's identity?" Although there has been conjecture, Yan Huaiying said it so plainly, Wei Yuewu was still startled, and asked with a stare in her eyes.

"It's about the harem!" Yan Huaiyun reminded with a smile.

"Related to the harem?" Wei Yuewu repeated his words, and her face sank. "Queen painted?"

"It's not Queen Tu!" Yan Huaiyu shook his head and waited to say, but Wei Yue Wu interrupted his topic abruptly, "I'm not hungry, I'll let the kitchen warm you the dishes, Go eat some more! "

"Okay!" Yan Huaiyu nodded with a smile, and didn't care too much about Wei Yuewu's weirdly shifting topic.

The two returned together to Qingheyuan, where they had already prepared warmed up meals. Yan Huaiyuan also looked really hungry, and used three bowls at a time before putting down the bowl in his hand.

He did not leave the Qinghe courtyard that day, and rested in the courtyard.

Wei Yue Wu was a bit sleepless. She was stunned all night and didn't know how many nightmares she had. Whenever she was panicked and scared, she always felt that she had a hand gently patting her back, soothing her. This tension.

Slowly the nightmare subsided, his frowning brows slowly relaxed, and his breathing became calm.

There was no words overnight, and I had to wake up again. It was three strokes a day. The people around were long gone. I felt my head and felt some dull pain. It was clearly because I didn't sleep well last night.

"Master, you're awake, it's almost lunch time. If you don't wake up, you will wake up the master!"
Hearing the sound of the bed at the end of the painting, he raised his gauze and smiled.

"I'm ... a little dizzy!" Wei Yuewu sat up a little, and leaned against the cushion handed over at the end of the painting behind her.

"Yu Yan, come and see, is the master ill?" Wei Yue Wu's small faces were wrinkled together, but the end of the painting was anxious. He pulled Yu Yan, who was standing aside, anxiously.

Yu Yan came over, reached out to catch the pulse of Weiyue Dance, and then laughed halfway: "Master, rest assured, nothing serious, just that I didn't fall asleep last night, thoughtful, so I hurt a little, but I don't want to Thinking about so many things, in the morning, Shizi asked the slave to change the medicated diet for you. After you use it, you will sleep again in the afternoon and wake up! "

It turned out that Yan Huaiyu had already prepared himself for a medicated diet, remembering the gentle hand at midnight when the nightmare was thick, and a warm heart.

Very warm feeling!

"What about Shizi?"

"Shizi has gone out and said that he is looking for someone to let the slaves wait for the master to take a good rest. There is no need to worry too much. Shizi said that everything is with him!" At the end of the painting, there was nothing serious about Weiyuewu, which would be crowded again. Come over and laugh.

Does everything have him because he is aware of his abnormality?

He rubbed his hand on his forehead and sighed softly, how could a person like him not check? What he was worried about, what he was afraid of, he was afraid of being clear!

The nose was inexplicably sour, with a strong sense of astringency, and the long eyelashes flickered twice before the tears at the bottom of the eyes were depressed. After all, his family affairs were too complicated.

Inexplicably, there is even a feeling of shame. Yan Huai's own affairs are quite a lot, and they are also matters of great importance. For her own family, Wei Yuewu is more willing to solve it herself.

"Let the carriage be prepared outside and go back to Huayang Houfu once!"

Raising his head, his eyes became calm again, Weiyuewu softly said.

"The master is unwell, so rest more. Although it is not a serious illness now, it is also possible if the illness is accumulated. The master didn't sleep well last night. Today it looks as if it was not as good as before!" Because Yu Yan knew medical skills, she was not so optimistic at the end of the painting. She looked at Wei Yuewu's face and cared.

Wei Yuewu smiled bitterly, her hands fell on her head, and rubbed her face. She didn't really want to think about it, but there were some things she couldn't tolerate.

My mother's affairs, my father's affairs, and now my Prince Wen Tianyao's affairs!

"It's okay, I slept a little late yesterday, and it would be much better after lunch." Wei Yuewu shook her head, striving to inspire her spirits.

Seeing her insistence on this, the girls would not be more persuaded to go out at the end of the painting to prepare a carriage for Weiyue Wu, and this room was washed up for lunch.

This will be the time for lunch. Naturally, the lunch will be prepared, but looking at the rich dishes on the table, Wei Yue Wu can't really lift it, but Yu Yan's new medicated meal made her drink half a bowl, light. It is very suitable for her taste, and then I have no energy to drink it.

After a little rest, I got on the carriage parked at the door and went all the way to Huayang Houfu.

Coincidentally, Wei Luowen, who happened to be returning from the outside at the gate of Houfu in Huayang.

Looking at the current weather, Wei Luowen looked at his daughter in surprise: "Wuer, what's the matter with you at this time?"

The rules of the family in the capital city, if they are going to come for lunch, they often come earlier, which is also convenient for the host's kitchen to prepare the dishes that guests love.

If it is an afternoon visitor, it is usually in the middle of the afternoon, otherwise the host family may also have lunch.

Wei Yuewu is here, Wei Luowen can't tell if she has lunch, but seeing her hurriedly, something is instinctive, and her face sank.

"Father, I'm looking for you!" Wei Yuewu said straightly, without hesitation.

"You follow me!" Wei Luowen nodded and said, then took Wei Yuewu to the study.

Entering the study room, Xiaoxiong brought tea, Weiyuewu picked up the tea cup, took a sip, Liu Mei wrinkled slightly, and looked at Wei Luowen's utter endlessness.

"Wuer, what do you say, don't you believe that you can't be a father?" Wei Luowen's eyes fell on Wei Yuewu's face and asked gently.

"Father, do you know Mrs. Jing Yuanhou?" Wei Yuewu thought for a night yesterday.

"I've seen it a few times, what's the matter?" Wei Luowen asked in puzzlement, how many years had Mrs. Jing Yuanhou had passed, he didn't understand what Wei Yuewu would ask this to do.

"What kind of person do you think she is?" Wei Yuewu's head dropped, and she asked while playing with her own handkerchief.

"She ... I don't really understand her, but your mother thinks she is nice. She is loyal and trustworthy, so she ordered you to Mo Huating at the time. I expected his mother to be good, but her son was a sham. .
"Thinking of his daughter, was mistaken by Mo Huating, Wei Luowen was angry.

"Does her father know her origin?" Wei Yuewu asked again.

"This ... seems to be of ordinary family origin, but I don't know the specifics, what's wrong? Is there any monster E Mozi again? Is he still locked up now, does not stop?" Wei Luowen face There was a sharp color on it, and there was a rage at the scar. He certainly knew about Mo Huating's detention.

And the reason why he has not come back in a hurry until now is because of the disappearance of the prince of the Nanxia Kingdom.

"Father, I just think of something. Was it the mother who had to order with Mrs. Jingyuan Hou, or did Mrs. Jing Yuanhou have to order with the mother?" Wei Yuewu shook her head, and this time she came to intercept Wei Luowen. Just to understand the doubts in my heart.

Since she knew that Mo Huating's life was different, she remembered it again and again.

"This ... I don't know too much, but your mother said that Mrs. Jing Yuanhou is good and good. If she has something to do in the future, it won't matter if you marry to Jingyuan Houfu. Mrs. Jingyuanhou will definitely For her sake, I take care of you." Wei Luowen thought and answered.

Things have been going on for many years, and for a while, he really couldn't remember who first mentioned it.

Ruier had said that Mrs. Jingyuanhou liked Wuer very much, and said again and again that she didn't care about it at first, but later Ruier said that she wanted to marry Jingyuanhoufu, so she thought it was early. There is a sign, thinking about Mrs. Jingyuan Hou is really good, it should be filled up.

"Wuer, isn't this marriage wrong early?" Looking at Wei Yuewu's appearance, Wei Luowen's heart froze a little, anxious.

Wei Yue Wu's remarks were difficult to answer. She was originally a little puzzled in her heart. Now she was boundlessly magnified by the answer of Yan Huaiying yesterday, but she had no evidence, but she couldn't talk about it for a while.

I thought about it too, and caught a little too much.

"Father, there is nothing wrong with it, just wondering, is Mrs. Jingyuanhou just as good as her mother said? I was born weak, right? Mrs. Jingyuanhou should also know, and then the mother died. As I am getting worse, hasn't Mrs. Jing Yuanhou said she wants to get married? "

Wei Yue Wu said implicitly.

Mrs. Jing Yuanhou's wife was too good to kiss, so Wei Yuewu could hardly believe it.

The mother herself did not urinate in Beijing, and she and Mrs. Jing Yuanhou also met after marrying her father. However, all the later shows that Queen Tu was killing her mother, but Mrs. Jing Yuanhou, who has been close to her mother, is really knowing nothing, or pretending not to see it?

She is not a mother-in-law, she is not so naive, especially after entering Beijing, she is used to those detours, and it is really hard to believe that Mrs. Jing Yuanhou knows nothing.

But if you know, why not remind your mother-in-law, but look ignorant?

If she really knew and didn't say anything, then what kind of mentality did she have to let her only child and her own relative?

If she was frail and sick, if she didn't take good care of her, maybe she didn't have much time to live, how could she let her only son marry herself, and even after her mother died, she still didn't intend to retire at all.

Is this Mrs. Jingyuan Hou really a sincere person, or does this mean that Mrs. Jingyuan Hou has other plans.

Originally Wei Yue Wu didn't know what this Jingyuanhou lady meant, but now she doesn't think that's what she imagined.

Mrs. Jing Yuanhou is not easy!

This is the conclusion that Wei Yuewu thought about for one night yesterday!

There is no evidence, but there is intuition, but seeing that Mo Huating hides himself so much, Chen Nianshan stayed in Jingyuanhou Mansion earlier, Wei Yuewu felt that everyone praised Mrs. Jingyuanhou, it was by no means what others thought .

Chapter 812: Wei Yan's Abnormal Reaction

Wei Yue Wu has a kind of intuition. Mrs. Jing Yuanhou is a far-sighted person!

Socializing with people and thinking too long is bound to be something.

"Mrs. Jingyuan Hou did not indicate that she would remarry. After your mother was away, she also sent some things over and said it was to reassure us. After that, you sent it to your grandparents to raise it. I also sent someone to ask Mrs. Jing Yuan Hou, Mrs. Hou said that she has no opinion, but when you return to Beijing in the future, you will directly marry Mo Huating, and there will be nothing more! "

Wei Luowen was still thinking about Wei Yue Wu's words, but he did not find Wei Yue Wu's face abnormal.

That is to say, Mrs. Jing Yuanhou knew that she had gone to her grandfather's house, and she should know the address of her grandfather's house. tell myself.

The enthusiasm that Mrs. Jing Yuanhou had for herself in Beijing was shown to whom.

Mother was no longer there ...

"After that, I was at the border ..." Wei Luowen was ashamed when he said this, and he couldn't say anything for a while. He actually turned a blind eye to his daughter, so that everyone in the capital knew about Wuer. It is unintentional.

This was originally wrong!

Wei Yue Wu was silent.

Time passed too long, and at that time, it was his mother-in-law who contacted Mrs. Jing Yuanhou, and her father didn't seem to know anything about it.

"Father, is Mrs. Jing Yuanhou familiar with the dead Miss Tu Er?" Seeing Wei Luowen's silence, Wei Yewu asked the question in confusion.

"This should be familiar!" Wei Luowen said, "Ms. Jing Yuanhou, Miss Tu Fu Er, and Mrs. Yang Shilang, as well as your mother and Tu Zhaoyi in the palace, are familiar with each other, their relationship It should be all good! "

"Ms. Tu Er was close to my mother. With ulterior motives, Mrs. Yang Shilang knew some inside information and felt ashamed that the matter was gloomy. Do you think that Mr. Tu Zhaoyi and Mrs. Jing Yuanhou really know nothing?" Wei Yue Wu raised her head to look at Wei Luowen, her eyes narrow, revealing a glaze-like texture, but extremely deep.

Wei Luowen's eyebrows jumped twice, and he said slowly after half a ring: "Wuer said it reasonably, according to Wuer, when the family affairs, or Mrs. Jingyuanhou himself took the initiative, Your mother-in-law is a little introverted. If it was not brought up by Mrs. Jing Yuanhou's master, or you would not be so strongly asked to marry Mo Huating! "

Some things are thoughtlessly. When you think about Wei Luowen carefully, you also have doubts. Ruier is the most indifferent. Even if that happens, she just ignores herself and rarely takes violent things. She didn't insist on action, but she was very persistent in this relative's affairs.

"This family thing, your grandmother was against it!"

"Grandma is opposed to this marriage, why?" Wei Yuewu was surprised for the first time to know Mrs. Tai's attitude towards the matter.

"Your grandmother thinks that there is a shelf in Jingyuan Houfu's house, but it is actually only a close family. Even if Mo Huating inherits the title of Jingyuan Hou in the future, it is not a big family." Wei Luowen said.

The situation at the time was indeed the case. The old Jingyuan Hou was not an original person, but only stood in the name of Jing Yuanhou. As for what he did in the court, it was actually better than Yang Shilang. Mo Huating is indeed not worthy of Weiyue Dance.

The mind of Mrs. Ether, it is quite excusable to oppose this family matter.

"But at that time your mother-in-law should bear the responsibility alone, and ... compelled me to respond, and I ... saw your mother-in-law was sick in fashion, and her health was not good, as she wished, and agreed with Jingyuan Houfu It's a wedding!" Wei Luowen sighed, and the marriage was settled entirely because of Ruier's attitude.

If it wasn't for Ruier's illness at that time, if it wasn't for Ruier's insistence, Mrs. Tai wouldn't be able to pass this level!

But in the end, he couldn't help but say in front of Mrs. Tai, the talented man reluctantly agreed.

"Father, can you help me check the family history of this Mrs. Jing Yuanhou, does she have anything to do with the palace?" Wei Yuewu nodded.

Wei Yuewu feels that it is more appropriate to ask her father about some of the old Beijing things, not to mention that these things are also related to her mother-in-law.

"Okay, I'll check it! Didn't Wuer find anything?" Wei Luowen wondered.

"Some, but not quite sure!" Wei Yuewu nodded and did not hide.

"I know some old things about Jingyuan Hou here, and it is convenient to check them up. When they are almost checked, I will send them to Yan Wangfu!" Wei Luowen did not follow up, said.

"Thank my father!" Wei Yuewu stood up and respectfully greeted Wei Luowen deeply.

Wei Luowen rushed to help and sighed deeply, "Dance, you are my daughter!"

This was very sad. Even if it was just a sigh, Wei Yuewu had mixed feelings and looked up at his father. He didn't know what to say for a while.

"Aren't you using lunch yet, let's use it with my father!" Wei Luowen turned the topic and asked gently.

"Father, I have already used it, and this will not bother you, I will go and see my mother!" Wei Yuewu's expression also recovered freely, smiling.

She's talking about Tu!

"Okay, then you can go. It's too early. Don't rush to rush here! Your body is already bad, so rushing to hurt your body." Wei Luowen looked at the sky outside the window. Caring Road.

He really has something to do now, but it's not convenient to chat with Wei Yuewu.

"Yes, father!" Wei Yuewu nodded, and the voice retreated, standing a little outside the study door and calming down, before taking Jin Ling to Tu's clear jade.

In the clear jade Wan, Tu's also finished his lunch, and after hearing that Weiyuewu came here for a moment, he took it out with joy.

Seeing Wei Yue dancing over, she took a few steps and came up, holding her hand inside.

When two people in the room sat down, Tu asked with concern: "Did you have lunch? Would you like to let the kitchen do it for you?"

She is Mrs. Huayang Hou, and Qing Yuwan naturally set up a small kitchen. I was afraid that it would be inconvenient for her and Wei Luowen to eat.

"Thank you mother, I'm not hungry!" Wei Yuewu shook her head and smiled.

"Then you are here at this time, is there something wrong?" Like Wei Luowen, Tu also felt that Wei Yue Wu was extremely unreasonable at this time, and asked with concern at the moment, "but what happened to Yan Wangfu?"

"Mother rest assured that Yan Wangfu is fine, but yesterday Shizi came back late. I waited for a while and slept late. It was late today, so I used breakfast and lunch together." Compared to Wei Luowen, Wei Yuewu even felt that she was more natural around this stepmother, which would cover her lips and smile.

"Last night, I slept late too. After I asked Mrs. Tai early this morning, I slept again. This is only a short time after I got up!" Tu rubbed his forehead and grinned, "Your father I also came back very late. It is probably the same thing as Shizi, but the house has been in trouble for a long time. "

"In the house? What about the second lady?" Wei Yuewu smiled and answered.

"It was the second lady. I thought that even if it wasn't good, at least it was a woman from the Qing family. She was married to a past wife. Who knew it was just an aunt. She quarreled with the woman in the Qinglou house yesterday, and almost held her. The child was lost, and I thought it was the aunt in our house, and Mrs. Tai didn't make it clear! "

Tu's sighed, and said helplessly, while letting the ring to send tea cakes to Wei Yue Wu.

"What does Mrs. Tai mean?" Wei Yuewu took up the tea and asked with a sip.

"Mrs. Tai means to drag it for a while, but it really can't hold it up. There are legends about the gossip of your father, second and third uncles, who are guessing who is your aunt and who is unethical. The women in the blue building are mingled together. I think about such a thing, but it is also very clear. I just said that it was a woman I met on the road. To tell the truth, I do n't know what my wife cares about! "

Tu was also very upset about this.

It would lose the entire face of Houfu in Huayang, but Mrs. Tai took care of the second lady who didn't know where to come out.

"Mother doesn't need to worry. Since this is what Mrs. Tai meant, you just let Mrs. Tai decide!" Wei Yewu said unhurriedly.

Some things, she was inconvenient to talk to Tu, but could only hint that she was too involved in this matter, and she was not enough as a lady of Huayanghou.

"I think so too." Tu sighed again. "But this second lady is not a peace of mind. At night, some people saw her go to the second lady's yard. Madam Tai had ordered it before. She is not allowed to pass. "

Wei Yan went to Li's house?

Wei Yewu's heart moved, but her face was not obvious: "Did you tell Mrs. Tai about this?"

"I didn't say it, Mrs. Tai would have a headache whenever she mentioned the matter of the second lady, so let's stop talking about her." Tu said.

Not to mention Miss Er, and naturally not to mention the rumors of the aunt outside, let alone how to deal with it. Does Tu think that this lady really does not know what she is doing?

Although there is no empirical evidence, the more this rumor drags on, the less good it will be to the government. At that time, maybe the truth is said, and others think you are telling the truth.

That's long enough for you to compose a lie.

I don't know what this lady thinks, but since Mrs. Tai expresses this meaning, even if it is Mrs. Hou, it is not convenient for her to say anything. She must be a newly-married woman. Feelings, and some people can not understand the nature of the people in the house.

"After that, what happened to Mrs. Er?" Wei Yuewu asked with a deep groan. There should be something in it. At this time Wei Yan still had the mood to see Li's.

"I was also afraid of an accident. I kept secretly following the second lady. It did n't matter much, but it did n't take long, but the woman who listened to the newspaper said that after the second lady entered the door, Li cried and made a noise. I know what I said, but I heard that the sound is not small, but the time is not long, and then Miss Two goes out. "

Speaking of this matter, Tu's really knew it and thought about it now.

"Isn't Mrs. Er's door closed?" Wei Yuewu remembered another doubt, and her long eyelashes flickered twice, asking.

"The door is closed, and I don't know where Miss 2 found the key, but I asked her to open the door. After that, I called the wife of the door, the key was still there, I didn't lose it! I want to ask Miss Er, but depending on Mrs. Tai's attitude, this matter will not be investigated further! "

Tu thinks that Huayang Houfu is completely different from his imagination. Although the population is simple, there are a lot of unreasonable things. Even for such a trivial matter, I am afraid that Mrs. Tai is unwilling to check it. Stop and think about it as not a big deal.

It is estimated that the key was assigned by Miss Er before, but the wife-in-law didn't know it.

I rebuked the wife-in-chief of the steward and stopped asking about it. Think about the second lady with the most power in Houfu, Huayang, who is now locked in a corner of the yard. , Tu's also feel quite desolate, although all these are the reasons why Tu's own corrections.

But women who are also in the backyard, seeing this scene, still have a bit of indescribable taste.

"Mother, call the supervisor, I'll ask again, okay?" Wei Yuewu was keen to find the anomaly in it, and there was a gleam of coldness in her eyes, and she smiled at Tu.

Chapter 813: Picture poor, weird in clues

The housekeepers in the house didn't come slowly. When he heard the call of Tu, he hurried over.

Wei Yuewu was also at the entrance, and he was even more afraid to take it easy. After the ceremony, he stood side by side.

Wei Yuewu nodded secretly, and she could be seen as a master of the season. The kind of person who speaks a bit better is called the judgement of the situation, and if she doesn't listen well, she is swinging left and right, but if you are strong enough, she will never dare Contrary to what you mean.

Such people, even if they were Li's before, would not dare to favor Li's anymore, and would even make a gesture, indicating that Li had nothing to do with it afterwards.

In a situation where the situation is completely overwhelming, such people dare not take any action.

Right now, this is the time.

"Where is the yard on the second lady's side usually quiet?" Wei Yuewu said, her eyes narrowed, and she looked slowly before she looked.

"The lord, Mrs. Er hasn't stopped much, sometimes yelling, sometimes hits the door. The slaves are afraid of harassing the masters, and they have persuaded Mrs. 2 across the wall. He stopped, and also picked brick doors from the inside, smashing the slaves, and the slaves were almost smashed several times. "

Listening to Wei Yuewu's question, the mother-in-law didn't dare to conceal, one hundred and fifty words.

As for the persuasion that the woman said, Wei Yue Wu naturally knew that was not the case. The left was just that the people saw Li's weak potential and ridiculed himself.

Li's current situation, anyone who knows it is not good, the meal delivered is also a meal without meal, it is clear that she did not intend to let her survive.

And in the backyard of Huayang Houfu's backyard for so many years, where Li can tolerate an inconspicuous ridicule, mad at himself, it is normal to smash bricks.

"Every day?" Wei Yuewu asked lightly.

"It's true every day recently, but ..." said the woman, stuttering here.

"Say!"

"It's a little weird today!" The woman shook her head and bewildered. "In the past, when the slaves randomly delivered meals, the second wife would rush out when they heard the sound of the door, but this time ... the slaves didn't hear the voice."

There was no meal for Li's meal, and Mrs. Tai just said a word, and delivered when hungry.

This statement is very particular about what it means to be hungry, so can it mean that you have n't given away.

The lady in charge thought about it for a while before she understood it, so the meal was delivered freely. It can be said that if you want to send it, you do n't want to send it, you do n't want to send it, and the delivery is more inaccurate. Based on this, Li 's I want to wait, I ca n't wait.

Every time I heard the door open, Li rushed out again, but it was too late.

Moreover, even if it really rushes out, it's useless. When the wife-in-charge of the meal delivers meals, she often takes two ruthless wives, who are afraid that Lee will go crazy and rush out. .

I do n't know if Li 's is really crazy, she knows she ca n't rush out, but she always rushes out with her legs when she hears the outside courtyard door is open, but the mother-in-law has already Rice was thrown there casually, and the door was closed and locked, even if it was noisy inside, it had nothing to do with her.

"Because yesterday seems to be ... something," the wife-in-law said with a glance at Tu's, and replied carefully, "Slave was afraid that Mrs. Er had something to do. It was a little too early today. She put the rice at the door, but I saw nothing in it, and I didn't see the ring next to Mrs. Er! "

"Isn't it too early for you to send it?" Tu said inwardly.

"Ma'am, it's not too early ..." The mother-in-law said a bit, "It was delivered before noon in the past. It was delivered before noon today, but it wasn't too early!"

One meal a day, and it is often delivered at noon. Tu's sighed lightly, and his heart was full of taste.

I do n't like Li 's, but I think it 's better to be happy, to be dragged immortally, and to starve to death slowly, or even if I do n't starve to death, the whole person is going crazy.

I was locked in a high wall every day, I had no hope, no thought, in fact, it was very easy to go crazy. Moreover, Li originally didn't look normal.

A normal woman would do that kind of thing, and her own husband-in-law would be in such a situation!

Before Li's was not crazy, there was definitely a problem!

Wei Yue Wu didn't speak, her Liu Mei frowned slightly, her brows fluttered, and she hadn't spoken for a long time.

The room suddenly became quiet.

Jin Ling was standing behind Weiyuewu. Although Weiyuewu didn't say a word, she felt the heavy weight of her master inexplicably. This kind of heavyness was almost uncommon, and she also frowned.

The master seemed to have encountered some problems, but after careful consideration, he did not find that the mother-in-law said something extraordinary, which made the master so worried.

"You go down first!" After half a ring, Wei Yue Wu waved her hand, and her eyes fell out of the window, which would have been past noon.

"Yes!" When the wife-in-law saw nothing, she felt relieved, and hurriedly and respectfully retreated.

After she left, Tu looked at Wei Yuewu with a heavy look on her face, and finally found her wrong. She asked in amazement, "What is wrong with the county master?"

"A bit weird!" Wei Yuewu nodded, raising those clear water eyes, Liu Mei could hardly show.

If there is a problem, it must be a problem, otherwise it will not be so abnormal.

But where exactly is this problem, Wei Yuewu couldn't remember for a while.

"Mother said yesterday that Miss Er secretly went to see Mrs. Er, using a key that she didn't know when she had been assigned, and she didn't know that Miss Er had a key in her hand?"

After sorting out my thoughts, Wei Yuewu asked in an orderly manner.

"No one expected that Miss Er had a key in her hand!" Tu nodded, and his expression followed.

"And only the mother knows this, and even Mrs. Tai is not aware of it." Wei Yuewu continued to organize her thoughts, "Mrs. Second is basically abnormal now!"

"Yes, in this case, who would be normal! Really might as well die happy!" Tu sighed and did not conceal his emotions in front of Wei Yue Wu, "If Mrs. Tai wants to be early If it was her life, it might as well be a white cricket, so why drag it on, isn't that dragging people to death! "

"Mrs. Tai won't do this!" Wei Yue was very sure about this.

Even though Mrs. Tai hated Li Shi, she did not try to torture her personally. She would torture Li Shi to death or die by herself. Wei Ziyang would not blame her head after seeing her. Knowing that on the one hand she was anxious for Li's death, but on the other hand she did not want to take responsibility.

So I slowly cut the meat with a soft knife, but I don't know that this soft knife is actually more bitter than a single knife.

Of course, Wei Yue Wu didn't believe Mrs. Tai didn't know. In short, Mrs. Tai didn't want to take this responsibility, so it was suggested that the torture of the steward was Li!

For Mrs. Tai's understanding, Wei Yue Wu is much stronger than Tu.

After listening to Wei Yuewu's words, Tu was silent for a while, but then came to understand, sighed deeply, and didn't know what to say for a while.

In fact, this can be regarded as Li's self-sustainment!

"What happened to Miss Er?" Wei Yuewu blinked and asked.

"Nothing changed, because I almost had a miscarriage yesterday. This will be raising a child, but it is very safe." Tu thought for a moment, turning his attention from Li's body to Wei Yan's body.

About Miss Er, although she didn't tell Mrs. Tai, it didn't mean that Mr. Tu didn't care, so she kept staring at Miss Er, for fear that something would happen again. I didn't think that Miss Er would be extremely quiet. It doesn't look like that.

"Go, look at Miss Er!" Wei Yuewu stood up.

"This time?" Tu said in surprise as he stood up.

"Isn't it right at this time? It's always Miss Two or Mrs. Tai's admission. It happened yesterday. Mother must never have seen it, right?" Weiyuewu took a puddle and smiled.

"No, she is not in a position to see her now!" Tu said.

The second lady is now unknown, she will go to see her, and she is a bit embarrassed. Tu feels that it is not suitable to see her at this time.

Besides, she is a magnificent Mrs. Huayang Hou, and the second lady recognized by Mrs. Tai is always her junior. When she saw herself and was arrogant and unreasonable, why did she go to her?

"It wasn't appropriate, but it would be more appropriate to go there!" Wei Yuewu smiled slightly.

"The two of us?" Tu hesitated, but heeded the meaning of Wei Yue Wu.

"Of course it's not just us. Although Grandma didn't know it, she had to let Acer know it wasn't. Mother, you sent a girl to tell Acer about what happened last night, and by the way, just tell the mother-in-law's words. That said, Acer should know how to do it! "

Having said that, the look of Weiyuewu remained unchanged, and thought for a while and continued: "As for us going to Miss Er's courtyard, we must let Acer know, otherwise we will not tell you what happened! "

This is extremely mysterious. Although Tu believes Wei Yue Wu, he can't help but persuade him, "Mr. Shi, is there anything wrong with the second lady? Even if there is something wrong, at this time, it's not appropriate to go. You are a treasure, and she can't compare with her. If there is any mistake, I can't bear responsibility here. "

After marrying, I also knew that Wei Luowen valued Wei Yuewu. Tu was not jealous. He became more and more devoted to Wei Yuewu. This would be afraid of her impulse, and could not help but persuade.

"My mother is assured, I know." Wei Yuewu smiled, thanking Tu for her kindness, "I already know what Miss Er wants to do, I just want to go and see it in advance. If the mother has something, then Just go your own way, I'm fine here! "

"What can I do, it is more important to always accompany you!" Seeing that Yueyue Wu didn't look impulsive, Tu's heart let down a little, and he laughed.

"That would be the best!" Wei Yuewu smiled mysteriously. She was sure that for a while Tu must have something and it was very important. It was so important that she had to leave.

Then only myself and Wei Yan will be left! If you guessed it well, it's time for the map.

Seeing that Weiyuewu's idea had been decided, Tu's no longer hesitated. While sending his wife to say to Hongye, he cleaned up a little and accompanied Weiyuewu to Miss Er's yard ...

Chapter 814: Dagger

Wei Yan lives in Qinyinge.

In the inner room of Qin Yinge, Wei Yan was lying on the bed, and Li was sitting at the table.

The Li, who was wearing very ordinary clothes, would be cleaned up, but he described them as ghosts, his eyes sinking deeply, and two deep ponds fell out. He looked at people with a spooky pair, and he was still wearing them. It's a bit crazy, looking at it is really infiltrating.

She is now thin with only bones. She can almost see the skeleton on one face. She looks thin and thin as if she can only see the depressions and protrusions of the bones on her face. The whole person is skin except for the bones, and her clothes are fluttering lightly. It is hanging down.

This was her previous clothes, which Wei Yan secretly brought from the yard before Li's, but the previous clothes would not be available anymore, and it was exactly like hanging on her body.

"Mother, are you thinking?" Wei Yan leaned halfway on the bed, raising her eyebrows lazily, looking at Li's Road.

Her richness contrasts with Lee's.

"I'm afraid that **** isn't fooled!" Although Li's expression was cold, he hesitated.

"Don't be fooled? But the mother is afraid? In fact, as is the case with the mother now, it is better to die than to live." Wei Yan mocked.

"You ... what are you talking about ..." Li was furious at being so ridiculed by his own daughter.

Helpless Wei Yan didn't take her seriously: "Mother, wouldn't you still think that your elder brother would come to save you? Your elder brother will be at the border early, and it is estimated that he won't be able to return in a short time. When he returns, you I ca n't die any longer. Can I still get up from the grave and be a Mrs.? My mother 's dream should be awakened! Moreover, if the elder brother really cares about you, he will not leave you at that time and leave It is clear that you are letting yourself go! "

Wei Yan sneered, hitting Li's mercilessly.

Li's face turned red: "Your brother, that's not the kind of person!"

"Is my elder brother that kind of person, actually the facts are better than eloquence now?" Wei Yan said disdain, "I still want to rescue my mother, but my elder brother is obviously capable, but I watch my mother openly Tortured by my grandmother, does my mother still think your elder brother will save you! "

"He just couldn't think of it for a moment, so ..." Li said with a red face.

"Can't think of it? Is there anything that can't be thought of, isn't the mother doing it all for him? Is there anything else he can't think of, let alone that there are more pro-parents than mothers and sons in this world, mothers have done this for him. Without his mother, could he get the title of Huayang Hou? Without his mother's plan, the uncle said that he would not have given birth to a child long ago. Where is the brother's business? "

Wei Yan snorted coldly.

When it comes to Li's heart, she is also extremely dissatisfied with her eldest son. She feels that she is devoted to him for his own sake, but she turns her face and does not recognize anyone, and just walks away.

And he left that night.

He was still waiting for him to save himself here. He did well, turned around and walked away. Thinking of here, Li's eyes could hardly hide his anger. She really felt that her son was not like himself.

The only children I have are the only son who is not like myself. Whenever I think of hatred, she can't wait for Wei Yan to be a son. At least one son who can be single-minded with himself is not the only one like Ziyang. chosen.

"Mother, if you still can't figure it out, and you're thinking about being Mrs. Hou's wife, then it's meaningless. You've done so much for your elder brother, and the elder brother doesn't thank you. It might as well save your little daughter, at least I'll thank you wholeheartedly. Besides, don't you always hate that cheap girl? If it weren't for that cheap girl, you wouldn't be where you are now. "

Wei Yan looked ridiculous at Li's expression.

When she was not in Jingyuanhoufu, she still thought that her mother was very good. Only when she got Jingyuanhoufu discovered that her mother was actually not good at all, otherwise she would not have reached such a point.

When Wei Yuewu first entered Beijing, she was a little orphan who had nothing, and no one was her backer, but she actually stepped on her mother to this position step by step. Mother fulfilled that cheap girl.

"Mother, if you listened to my opinions at the beginning, when she entered the government and hadn't established a foothold, she would start directly and save a lot of trouble, or it would be checked by her father and grandmother, but then what, then Uncle Hui hasn't arrived in Beijing yet. You can push things to Aunt Dong. "

The more Wei Yan said, the more she felt that Li was really stupid, and she had such a good advantage. In the end, not only did she fall into this place, she also became like this even when she was involved.

"I ..." Lee was speechless for a while.

"Mother made the decision early. This time you helped me. The daughter will not be as unconscienceful as the elder brother, at least it will give you a good account, and the mother can't really be in trouble. Since the mother was young, Water is more suitable than me. If it wasn't for my baby, I would rather come by myself, but I would not only be waterless, but I would also be pregnant with Jingyuan Hou in the future. "Wei Yan continued to seduce Road.

There was a hint of hesitation on Li's face.

"Mother, you are now following me out of the courtyard. If you let Mrs. Tai know, you will definitely be locked in again. Will my mother still be willing to live like that?" Wei Yan looked at it, knowing that the fire was almost over, and she went down again. A stick medicine.

In those days, life is worse than death. If you are not thinking about Wei Ziyang coming back, or your own day, Li feels that she can't stand it any longer.

Gritted his teeth, a hint of hate flashed in his eyes: "Okay, Yaner, mother can promise you!"

"Mother, really, that's great. I knew it was my mother who hurts me the most!" Wei Yan laughed. This was the first time Li had slackened after bringing Li back last night. Body.

"Slow, I still have the condition!" Li's gritted his teeth, and his teeth became more white and sharp behind his thin face, more like some kind of vicious inhuman animal.

"What the mother said, Yaner must listen to her mother!" Wei Yan said this very well-behaved, and now she is submissive.

"If I really die, I have to push things to that cheap girl, otherwise I will die in vain!" Li bit his back molars and hated.

"Mother is assured. Moreover, the mother may not die. If that cheap girl died directly, it saves us a lot of heart. I still hope that my mother will survive. Mother is assured. After this is happening, I must convince the elder brother. Let him return to Beijing to save his mother. The mother only needs to boil for a few more days. "

Seeing that Li's had been talked about, Wei Yan's eyes turned, and she deceived Li's fancy words.

Li's face eased, and he nodded heavily: "I don't expect to survive, but if it can be the best, the **** hurts me so far, I have long wished to eat her flesh, It's up to you this time, whatever you say, but for one thing, remember not to underestimate this cheap girl, now she's a feathered one. "

"Mother rest assured, I will do everything right now, just wait for that cheap girl to come, that day she secretly calculated me, thinking that she will definitely return to Huayang Houfu to see the situation, when the time ..." Wei Yan gloomy Road, sharp fingers scratched the quilt on his body.

I almost lost the child in my stomach, and it was all due to Weiyuewu.

This made her feel that there was no way Yue Weiwu could fool herself. Only when Wei Yuewu died, everything could return to the rules, and she could become Mrs. Jingyuanhou again.

Everything is due to Wei Yuewu's entry to Beijing.

Then eliminate the scourge from the root, and now she can use Li, who hates Wei Yue Wu just as much as her. Moreover, Li's current situation does not help her at all.

"If I am not dead, you must convince your brother to rescue me!" This is actually a condition that Li must mention before, but since Wei Yan said this, it means that she already knows that Li is just casual. Just mention it again.

In fact, she didn't want to die at all. If it weren't for the situation at hand, she wouldn't agree with Wei Yan's request. Fortunately, Wei Yan's plan was not necessarily dead, and that was what Li said. The essential.

Of course, this so-called immortality was only realized by Li Yan's confused brain now under the conscious traction of Wei Yan.

Everything is done consciously by Wei Yan.

Li has now become a matchmaking grasshopper under her hands.

After the two had discussed it properly, Wei Yan got up, and was about to talk to Li Shi, and suddenly saw the girl ring around her hurried in: "Master, Mrs. Hou, and Lord Jingde County ... Here! "

"What? It came so fast!" Wei Yan froze for a moment. She had expected that Weiyue would come once, but she didn't expect it to be so fast.

But because she had prepared it early, she was not so panic, she said to the girl: "Go outside first and involve them for a while, and say that I am getting up! Then take them over."

"Yes ... Yes ..." Xiao Yahuan's face was frightened and guilty.

Since Wei Yan secretly brought Li's last night, Xiao Yahuan has been shaking.

Hesitant to say anything, but Wei Yan yelled at him: "Bad girl, can't you go on, what are you waiting for? Is it possible to wait for me to teach you how to do it? I haven't taught you yesterday!"

What she said was that the girl ring called her aunt in panic, and Wei Yan hadn't made her way to educate the girl ring yet.

"Yes, slaves ... slaves will go down right away!" Hearing Wei Yan still had to teach herself, Yahuan's face was white and scared, and she couldn't hesitate. She turned back and stood out. , Still shivering.

She also stayed with Wei Yan for a few days, of course, knowing the vicious heart of her master.

Even your own mother and dad can calculate, what else is there!

But she was just a little girl ring, and she didn't dare to resist, and she calmed down and greeted the house.

Inside the room, Wei Yan handed Li a cup of tea, and watched Li drink the tea slowly, and then took it. Her eyes were out of the place where Li could not see, showing a grim smug smile. This cup of tea Drink it, and the big thing is half done.

I thought I could not use it at least for the time being. I did n't think I would use it so soon, but this is also good, so as to avoid night long dreams ...

Chapter 815: Something bad, it fell into the water

Outside the house, Tu and Weiyuewu were slowly stepping into the yard, and the guardian 's wife nodded and followed them. Although Wei Yan had said that someone had to report in advance, the guardian 's wife was still clear. Know who you are eating now.

Miss Er can't be considered a serious master in the house.

The talent of Huff in front of him is that, as for the county master, it is even more offensive. When the former real second lady was in the house, she did not dare to offend the sixth lady at the time, not to mention this is still a fake.

"Mrs. Hou, the lord of the county, the master happened to go to the garden next to her, and the slaves showed the way!" Yahuan touched her scalp and went forward.

"Isn't your master unwell? Why don't you rest in the room?" Tu asked in confusion, looking into the room sideways.

"The lord said that after lying for so long, he still got up and walked. It didn't take long before, and he was in the free garden beside him!" Yahuan settled down the timid way.

"The garden on the side? Which garden?" Tu asked with a frown.

"It's the garden over there. There's an empty garden over there. When the master is okay, he likes to stroll around. It's quiet and leisurely." Yahuan reached out and pointed to the right side.

"Is there an empty garden over there?" Tu was unfamiliar with some places in Huayang Houfu House. After thinking about it and not remembering what it was, he turned his head and asked Wei Yue Wudao.

"Yes, there is an empty garden there, but that garden cannot be inhabited. It happens that there is a section of the lake in the house that passes by and goes around the garden, so there is a good place to rest on weekdays. A lot of flowers and plants were planted, and no garden gate was set up, but an ordinary moon hole gate was set up. "

Wei Yuewu thought about it, and she was very clear about the structure of Huayang Houfu.

That garden should not be called a garden. It was a place in the back garden of Huayang Houfu. When it was originally designed, it was not intended for people to live. Both sides were opened and many flowers were planted. Wei Yan's garden was originally placed here. It should be because of such a garden.

Although it is not a garden, because it is right next to Wei Yan's garden, it can be regarded as an extension of Wei Yan's garden. If Wei Yan wants to treat guests, he can also set it directly there.

It is both elegant and transparent, and it is not afraid of outsiders entering.

If it wasn't for Li's desire to take advantage of the big house, the fancy Qingheyuan of the big house, Wei Yan, the Qinyin Pavilion is actually the best location in the entire Huayang Houfu.

"Mother, can you lend you a girl ring?" Wei Yuewu turned to Tu with a smile.

"Okay!" Tu said with a blank expression, but still called a girl ring behind him, looking at the appearance and manner of that girl ring, should be Tu's big girl ring.

"Come here!" Wei Yuewu nodded her head, took her aside and whispered a few words, Ya Huan nodded repeatedly, then turned to leave.

"Go, look over!" Wei Yuewu turned around and walked to Wei Yan's girl ring.

"Yes!" Xiao Yahuan led the way in front of her, turned around a path from the Qinyin Pavilion, and saw that the garden was not like an ordinary courtyard door, guarded by a mother-in-law. Here was a moon-shaped door and door It was open, and when I went in, it was a beautiful scenery, and Tu couldn't help but stop and marvel.

I did not expect that Huayang Houfu has such a good place.

The main reason is that it can also be regarded as the courtyard of the inner courtyard. Even if a foreigner comes in to appreciate the garden of Huayang Houfu, it cannot be brought directly into the courtyard of the inner courtyard.

It's a great place to relax.

Although there are not many small bridges, rockery, flowing water, and blooming flowers, they are very ingenious. It can be seen that this garden next to Wei Yan is very good.

"Madam, madam!" A woman hurried over from behind.

"What's the matter?" Tu said.

"There was something in the kitchen that had been prepared for Mrs. Tai, but you found something wrong. The kitchen is for you to see, and Mrs. Tai will use it!" Said the woman sweaty.

Although Mrs. Tai has her own small kitchen, some snacks are still taken from the large kitchen.

Some snacks are cumbersome to make, and they can't be prepared in the small kitchen, so the large kitchen has been preparing snacks for Mrs. Tai, and Mrs. Tai uses some snacks every afternoon.

If something goes wrong with this snack, it's not a small problem.

What's more, in the Huayang Houfu where Tu's only entered, and the kitchen's housework, only if something really happened, Mrs. Tai would definitely not like it.

This would make Tu's hesitant hesitant, looked at Weiyuewu and stopped talking.

"Mother take care of herself, I will just go and see the second lady. If Acer comes to ask for a while, you say that something suddenly happened over the kitchen, and you were called away! This will only be Me and the second lady!" Wei Yuewu smiled slightly, said in a hurry.

There was a hint of darkness in the water eyes.

Tu was called away at this time, and indeed he was left with Wei Yan alone.

Of course, the fleeing Li should be there too!

"Then, let me go first. You will come back immediately after taking a look. The left is just an aunt who doesn't know whose house it is. Maybe it's an escape. I really don't know where your uncle came from. One person. "Tu was extremely dissatisfied with Miss Er, which would tell Wei Yuewu a few more words and then turned away.

Run away?

Wei Yuewu smiled, turning her eyes and falling on a bridge across from it. The moon cave door came over and it was a bridge, a rockery beside the bridge, and the water flowing on the rockery was very pleasant.

"Master, please sit here first, slaves should find our master. It should be near here. She said that she was in a bad mood, so she got up to relax." Xiao Yahuan reached out and pointed at the stone table on the side of the fake mountain. It is indeed an elegant place with a few pots of flowers beside it.

The blooming flowers are beautiful.

It looks similar, but it comes in several colors.

It happened to be placed on the edge of the stone table, reflecting the rocky mountains and flowing water on one side. It was indeed a good place for others to look up. Except for this place, there seemed to be no more suitable place. The main bridge passed, and over a distance, the lake flowed here and turned into river water, but it still looks great.

The coldness in her eyes turned into a cold mist of water, hiding her mind.

"Okay, go back quickly!" Wei Yuewu nodded, Sakura lips slightly lip, said slowly before half a ring.

"Yes, the slaves will look for it right away!" Ya Huan, such as Meng Dahe, nodded again and again toward Weiyue Wu, and then went up the bridge, then disappeared in the eyes of Weiyue Wu's master and servant.

It was a great joy for her to have such a chance to get away, and she wouldn't have run away quickly.

"Master ..." Jin Ling looked around vigilantly, and suddenly set his gaze on the rockery, grabbing Wei Yuewu's sleeve and hinting.

"No problem, just wait here!" Wei Yuewu walked to the stone table and sat down, unconsciously.

"Master ..." Jin Ling had nothing to say, but she saw Wei Yuewu looking up, a pair of bright water eyes revealing a bit of cold, as if inlaid with ice lingzi, with one glance, it made people feel cold.

"Jin Ling doesn't have to worry much, just wait here for yourself, no problem!" Although the look on Wei Yuewu's face was cold, her tone was very gentle.

Such a strong contrast, let Jin Ling for a while do not know how to respond.

The reaction of the master was a bit abnormal, but she also reacted very quickly. Looking at the meaning of the master, she noticed clearly that she no longer spoke much at the moment, and stood behind Wei Yue Wu, but stared obliquely behind the rockery. There is clearly a person hidden there.

The rockery was close to the water. Actually it was very close to the water. The stone table was outside the rockery. Weiyuewu sat with her face naturally facing the outside. Even if someone peeped, she could not see her face, but You can hear her talking.

When I waited, it was a bit long.

Jin Ling, the girl ring behind Weiyuewu, couldn't help it at first: "Master, why haven't you come? How long has it been? It hasn't arrived yet. Would you like to see it?"

She couldn't stand anymore and came out behind Wei Yuewu.

This meeting did wait for a while, Wei Yuewu looked up and said lightly, "Go to the bridge and see, the terrain over there should be visible."

"Yes, the slaves will pass immediately!" Jin Ling promised happily, the bridge was not far away, looked up on the bridge, and it was not too far from Weiyuewu.

Jin Ling went forward. The bridge was not far, but she had to go around a little before turning to a footpath in front. There were flowers blocking her view. It was not clear at a glance how much Jin Ling was walking. far.

The sound of a "thump" suddenly came from behind the rockery. At the moment of silence, it was very abrupt and weird.

Wei Yuewu frowned, turned her head to look, and found nothing, waiting to turn back again.

Suddenly a dark shadow rushed behind her. She stood up subconsciously and avoided it, and hurriedly approached the rockery: "Who!"

"Who else can you, little bitch, you can't think of me!" A thin, sloppy face, if Wei Yue Wu wasn't prepared for it, you can't really guess that the person in front of you is Li's.

The Li who used to call the wind and rain in the backyard of Huayang Houfu.

After Li had spoken, he leaped violently, and Wei Yuewu leaned to the rockery again, and the lake was over the rockery.

"You want to push me to the lake?" Wei Yuewu squeaked while avoiding, "Don't you take care of yourself? If something goes wrong, you will have to go!"

"So what? Today, even if I'm desperate, I want your little bitch's life!" Li's gritted his teeth and looked at Wei Yuewu with a venomous glance, leaning on his legs, and continued to pounce.

A way of disregarding oneself completely.

Wei Yue Wu's body has been avoided by the water. If she retreats, she can only retreat to the water. The water is not shallow. Besides, although the weather is warm in spring, if it really falls into the water, I am afraid Cold biting.

Moreover, the girl's family is delicate, and if she gets cold, she may not be able to have children forever.

Seeing Li's crazy look with a bit of paranoia in the cold, Wei Yuewu also knew that at this time, I was afraid she could not tell her clearly, watching the surrounding environment while watching her reaction.

In fact, she has retired.

It was also found that Li was in a bad situation, and when she saw the fluster on Weiyuewu's face, Li was overjoyed, and flung her over her body. This would be her best effort, and her hands would come when she came over A cage, want to hug Wei Yuewu's body.

This kind of completely disregarding her own body, if she was held in a hug, Weiyuewu and Li would inevitably fall into the water together.

Weiyuewu will not be water!

She was weak from a young age, and she drowned in the backyard of Huayang Houfu House, and her grandmother did not allow her to get close to the water.

"Li's, you really don't want to die!" Wei Yuewu snapped sharply, his eyes tilted to the side, winking.

Seeing that Weiyue Wu was about to be thrown into the water by himself, Li was overjoyed and laughed sharply; "Baby girl, all this is your own fault."

Speaking, he rushed over, fishing with both hands.

Only a loud sound of "plop" was heard, and the figure rushed into the lake with splashes ...

Chapter 816: Li's death, whose sin

Jin Ling hurriedly came over from the side, holding a crumbling Weiyuewu, pulling it harder, which made Weiyuewu stand on the shore.

In order to avoid Lee's, the soles of one foot of Weiyuewu got wet.

If it weren't for her holding a sharp stone horn at the rocky hill, she wouldn't have been able to wait for Jin Ling to turn around to help, but even so, she herself was teetering, and I'm afraid she won't be able to catch it next moment.

After Jin Ling pulled Weiyuewu back, he looked at Li Shi who was still rushing in the water, and picked up a bamboo dipper on the rockery, and drew it on Li's head.

Thinking of the malicious intentions of Li's formula, Jin Ling wasn't angry.

After pumping into the water a few times, in order to avoid it, Li drifted more and more into the water. She stepped on the water while screaming: "Wei Yue Wu, you must not die, you actually want to kill me, originally you were the most wicked one, I am your second wife. You dare to murder your second wife! "

"Is it Erji?" Wei Yuewu smiled coldly, walked to the water again, looked at Li's rushing in the water, her eyes frosty, "You killed my mother, but you still harm me now?" Whose plan am I cheating here, Wei Yan? "

Li's really knows how to water, no wonder he just rushed over desperately.

"Come here, come here, Weiyuewu is killing me!" Li looked at Weiyuewu and smiled, but did not answer, but screamed loudly, "Come and come, Weiyuewu Not only pushed me into the water, but also hit me with a bamboo pole, which would cause me to death. "

The sharpness she called here has already alarmed many people.

Here is the environment that is transparent from north to north. There is a view from the bottom. Sure enough, I saw Wei Yuewu standing next to the water with a girl ring, but in the water it was Li who screamed. When someone turns around, they want to report to Mrs. Tai. This is the rhythm of a major event, and no one can afford this responsibility.

Before walking a few steps, he saw Acer with a large group of girls ring, his wife hurriedly came, so a group hurriedly hurried over to the yard.

"Wei Yue Wu, people are doing it, heaven is watching, you ... you are so vicious, you will be punished."
When someone came over, Li's shouted loudly.

She does know water, and it is pretty good. She is not afraid of water.

Wei Yan and Li's plan is to let Li Shi push Wei Yue Wu into the water and drown Wei Yue Wu, but if it doesn't work, let Li himself fall into the water and then contaminate Wei Yue Wu, two The method is actually the same method, so that Wei Yan and Li can be invincible.

As for the bamboo pole, of course, it was also prepared aside early. Under the anger, people will indeed make some negligent actions, just as Jin Ling now hears that Li's is still polluting the Weiyue dance, and the angry one took the bamboo pole in There were two strokes in the water, and Li's didn't avoid them.

She deliberately let Jin Lingzha take her own, so for a while she can be considered to have left evidence here.

But the next moment, I suddenly felt weak and twitched my hands and feet. I was sinking heavily. I was struggling. I was powerless. I just felt that water was pouring into my mouth and nose.

She was desperately trying to struggle, but her hands and feet suddenly lost strength, and the head of Hunhun'e was suddenly sober, the glass of water, the glass of water that Yaner handed herself ...

Jin Ling suddenly looked at Li after sinking for two times, she actually sank, and she really panicked for a while: "Master ... this ... isn't she fluent ..."

Li's was obviously a water club, but it actually sinks, and it sinks quickly at a speed that can be seen with the naked eye, Wei Yue Wu secretly barks.

But this time, Li's will be heavy, and they are still far away from them. It is impossible to pull again, and the delicate little face wrinkles tightly for a while.

"Mother, mother, mother!" A scream of scream came from the back of Wei Yuewu, Wei Yuewu looked back at Wei Yan, panic-stricken, and looked at Li Shi, who was already out of breath, crying. stand up.

She didn't look very good. She was holding on to the ring and turned around from the path. Seeing this scene in front of her was almost crazy, she wanted to rush over, but was tightly held by the ring, so she only I can cry in situ.

Acer also took people to the entrance of Yuedong. They saw a scene in front of them and waved their hands. Several rough women who could meet the water quickly took off their jackets and jumped out of the water to rescue Li.

The crowd was so busy, but when Li was pulled up again, Li was already out of breath.

"Mother, mother!" Wei Yan seemed to only call these two words, hissing and crying, sitting next to Li's body, crying miserably.

When Acer saw the scene in front of her, she was speechless for a while. She really did n't know what to do with this matter. For the two ladies, she could n't really be the master. Although the second wife committed a crime, she must Ming is still the second wife of Huayang Houfu, or the wife of the second master.

Something happened on their side. Mrs. Tai also got a letter this time. With Tu and Zhang, they hurried over before they entered the door. Wei Yan rushed to Mrs. Tai and held Mrs. Tai's legs. , Cried loudly: "Grandma, I ... my mother was killed by the county master ... you ... you must be fair ..."

She is the second lady in the government. Before that, the second grandfather wanted to recognize her as a daughter. Under such distress, she lost her voice and called Li's mother. It was also desirable. People in the government were not surprised.

Upon hearing that Li Yue was killed by Wei Yue Wu, Mrs. Tai's hand shook and looked up at Wei Yue Wu. Wei Yue Wu also looked up calmly, facing Mrs. Shang Tai's eyes.

"Dance girl, did you kill Li's?" Mrs. Tai sternly.

Regardless, Li is not the second-family lady in this room. This status is there, the elder of Weiyuewu.

"Grandma, it is ... she, you see, her girl ring still holds a bamboo pole in her hand, that is to push her mother to the middle of the river. Grandma, even if the mother offends the county master, but the county The Lord should not have killed the mother, no matter how bad she is an elder! "

Wei Yan was crying aloud, holding her wife's legs and not being able to cry. "Grandma, mother is also a life-saving wife. If she died in the hands of the county master like this, she must also explain to the queen!" Shouldn't viciousness go to sentence to capital punishment! "

"Dancing girl, what's going on? Why did you push Li's into the water?" The wife said that she was speechless and turned her head to Wei Yue Wu again.

Jin Ling also knew that she was impulse-breaking. The bamboo pole in her hand was neither thrown nor thrown. She could only watch Wei Yuewu helplessly.

At this time, anyone felt that this bamboo pole was evidence, and it was evidence that Wei Yuewu had killed Li.

"Grandma, it's not that I want to push her into the water, it's that she wants to push me into the water and wants to kill me!" Wei Yuewu said unhurriedly.

"You bullshit, you clearly wanted to kill my mother. You actually mean deer as a horse, and you dare to say such a thing, you are not afraid that my mother's spirit in heaven will come to you to calculate!" Wei Yan cried loudly, which would be angry. Turning around to watch Yueyue Wu, tears in his hatred.

No matter what happened to her, her expression was extremely natural.

After speaking, she turned to Mrs. Tai: "Grandmother, my mother is Mrs. Hao Ming. If this happens, the palace will come to investigate. Please ask my grandmother to judge her, and give my mother a fair, Weiyuewu heart, He even drove Hao Ming's wife alive in the water and drowned. This ... even the concubine of the King of Kings, had to give an ordinary courtier a statement! "

Wei Yan looked like a victim, angrily accused Wei Yue Wudao.

Tu's eyebrows were locked tightly, she felt something was going on, but the evidence was indeed there. For a moment, she could not think of a way to crack it, so she had to secretly let the girl next to her run to the outer courtyard to inform Wei Luowen.

This was not something she could explain.

There is a saying that this lady Wei Er said quite well. In the capacity of Li's, there was such a thing. If it is true, Wei Yue Wu is not only the concubine of the King of the King, but also fate.

What's more, Wei Yue Wu is the junior of Li's.

This thing is appalling ...

Wei Yue Wu was very calm. He watched Wei Yan's performance calmly, then walked slowly in front of Li's body, crouched down, and it was an accident that Li suddenly drowned.

No one had expected that Li, who was still screaming and sulking Wei Yue Wu, would suddenly die and drown.

At first Wei Yuewu thought that Li was messing up again.

Eyelids rolled up slightly, and looking at his eyes, Li was indeed dead!

But how could it suddenly die? Wei Yuewu didn't believe this accident. Li's previous behavior was clearly in his chest. How could he suddenly lose color.

As for the bamboo pole in the hands of Jin Ling, Wei Yue Wu is certainly not of much help.

Li may have been hit twice, but rarely. After that, Li himself floated into the water. The bamboo pole was out of reach. After that, Jin Ling's count would not be able to hit Li again. Then Li His death is even more skeptical. How could he be drowned suddenly?

Seeing Wei Yuewu still looking at Li's eyelids, Wei Yan was furious and rushed to pat Wei Yuewu: "Let go, it's hard for your mother to die because of you. You have to slander her. Is it your body? Wei Yue Wu, you are so vicious. I thought you were a good person before, but I was so sad. "

"Isn't the second lady killed by you?" Wei Yuewu stepped back, avoiding Wei Yan's hand, and wiped her hands with a parchment, raising her face coldly.

"You ... what did you say, not only did you kill your mother, but you also ... dared to say such things, aren't you ... aren't you afraid of Tianlei Wulei!"

Wei Yan yelled madly at Wei Yuewu.

"Dance, did you do it?" Madame Tai sternly again.

"Grandma, let someone come for an autopsy!" Wei Yuewu said lightly.

"What, you didn't kill your mother enough, but you also killed her incomplete bones, you ... what are you doing!" Hearing to let someone check, Wei Yanyue broke out and cried.

"It was drowned, what corpses were examined, and I heard that many people heard what Li said before, dancing girl, you really did such a thing, your grandmother couldn't protect you!" Mrs. Tai looked at Wei Yan , Looked at Wei Yue Wu again, his face unhappy.

"Grandma, I said it wasn't my job, do you believe it?" Wei Yuewu looked at Mrs. Tai, lightly.

"Dancing girl, facts speak louder than words. You have come to the palace with me to see the queen's wife and make yourself clear!" Mrs. Tai sighed in disapproval, shook her head and turned I walked over and instructed: "Converge Li's, dance girl, please go into the palace with me to plead guilt against the queen mother!"

With that said, go out.

Go to the palace to plead guilt? Wei Yuewu's face was cold, and her eyes were cold like ice. There was a gap between herself and Queen Tu. If she really got in front of Queen Tu, she would definitely not be pleased.

There, I have been waiting for my leak, ready to look good on myself ...

Mrs. Tai is really not responsible!

"Grandmother, I also want to ask, how did the second lady escape from the hospital?" A faint sentence successfully held Mrs. Tai in the footsteps.

Chapter 817: Partially, Mrs. Giving up

"Come, send someone to check it immediately!" Listening to Wei Yuewu's words, Mrs. Tai had to stop and turn her head and instructed.

Acer nodded, busy sending someone over, and soon brought Dong Mei by Li's side.

Dongmei is very thin, and she is almost out of shape. It seems that the whole person is very weak.

After being brought over, she still had some instability. If you think about it, Li himself can't eat enough. It is estimated that this girl may not even have food. Compared with Li, she is more energetic than her.

It is estimated that her share of food has basically fallen into Li's mouth.

"How did Li escape?" Mrs Tai looked at Dong Mei coldly.

"Just ... this morning, the slaves didn't go out with little strength, and faintly heard the sound of smashing from time to time. The slaves didn't care, but when they were brought out, they saw this." Dong Mei knelt in front of Mrs. Tai, she handed the chain up.

Wei Yue Wu flashed her eyes. This was a chain that closed the gate outside. At a glance, she knew that someone had broken it. It turned out to be two, so Li broke the door by herself in the morning. The chain came out, watching Wei Yuewu smiled as she saw this broken chain.

"Early morning today? Why don't you stop it?" Mrs. Tai exclaimed.

"The slaves had no strength. When they came, they gave me half a bowl of porridge, and I had the strength to come over, otherwise I wouldn't even be able to stand up!" Dong Mei said in a sullen breath, the situation under her eyes it didn't look very good indeed. Not only was his face thin, but he looked weak.

When I was lying on the floor and talking, I felt weak and weak.

"Grandma, it must be after my mother left in the morning, she walked here casually, and saw the shepherd, and the two did not know what to say, or the mother had offended the shepherd, but even so, the mother had in this case, the county owner should also release her once, instead of pushing her into the water viciously, causing her to death! "

When Wei Yan at the side heard Dong Mei's words, she cried aloud, and blamed Wei Yue Wudao while crying.

Mrs. Tai's eyes fell on Weiyuewu again, her smile was a little cold: "Dance girl, what is going on with you? Even if Li's something is wrong, she won't be guilty. Besides, she is still your brother's biological mother?"

"Grandmother, the second lady didn't push me into the water, but had a premeditated plan!" Wei Yuewu smiled lightly, said in a hurry, and then turned to look at Wei Yan, "This is the new arrival in the house Miss 2? Where were you when the accident happened? Why did Mrs. Er happen and you will appear. If you appear early, or if you see something like this, it's your girl ring that brought me here. Come on! "

Everyone said this, Wei Yuewu was actually called by Miss Er, and the problem inside was not so simple, and she looked at Wei Yan with a doubt in a moment.

"Bring you here? What's going on?" At the sight of everyone's suspicion, Wei Yan immediately looked surprised, as if she didn't know anything.

"The lord of the county and Mrs. Hou came to see you in the morning, and the slave told the lord of the county that you were here, and then brought them with you." Xiao Yahuan said timidly. Persuasive.

This girl always feels honest, plus her attitude, it is actually very convincing, and for a time everyone looked at Wei Yue Wu with suspicion.

"Miss Er didn't rest in her yard, but why did she come here, and she didn't bring a girl ring with her?" Wei Yuewu's lips showed a slight smile, her eyes fell on Xiao Yahuan's body.

Xiao Yahuan looked more and more worried, and even lowered her head.

"I ... I'm in a bad mood, I just walk around and lie a bit more!" Wei Yan explained.

"Miss Er is in a bad mood? Why? Isn't your grandmother bad for you? So much so that you are in a bad mood when you arrive at the Houfu of Huayang? If this is true, it's not your grandmother's!" Wei Yuewu raised her eyes. , Shui Mo looked at Wei Yan peacefully, said.

Wei Yan was shocked when she said this. She now relies on Mrs. Tai in Houfu, Huayang. Of course, she can't say that Mrs. Tai makes her feel bad. After hearing Yue Yuewu's words, she hurriedly explained: "Grandmother told me Excellent, how can it make me feel bad. I feel bad because of yesterday ... "

Having said that, he paused here. Although what happened yesterday, the government knew about it, but let Wei Yan say that even though she was thick-skinned, she couldn't tell at this time.

"What happened yesterday? What happened yesterday?" Wei Yuewu quickly grasped Wei Yan's words and smiled slightly, but her smile was cold.

"Yesterday ... something happened yesterday. Outside the house, it is difficult to explain. I feel sorry for my grandmother, I am sorry for my mother! So I am not in a good mood." Bian and Chen Nianshan have met many times, and Wei Yan is no longer the same Wei Yan was a little hesitant, then said vaguely.

But she has held her tail by herself. Will Wei Yuewu let go of her and sneer: "Did Miss Er find it difficult to say, let me say it. Something happened outside the house yesterday. Now people in the whole city are wondering who the second lady is, and why do they live in Huayang Houfu? It is said that Yu Shi has been staring at Huayang Houfu, but when they smell a little wind and grass, they will participate. A copy of Huayang Houfu! "

Under this half-truth, Mrs. Tai's face became a little blue, and her expression was dignified.

Is it spreading so loudly outside the government? More importantly, Yu Shi actually paid attention to Huayang Houfu, which made Mrs. Tai feel that this matter can no longer be carried on, and that dragging on will not do any good for Huayang Houfu.

Listening to Wei Yuewu saying this, and then seeing Mrs. Tai's face, Wei Yan immediately feels bad, and anxious: "I will explain this to my grandmother, but this is not the case now, county master, do n't talk about it Topic, you murdered my mother viciously, it's more than mine! "

Li's life is also fatal, naturally not Wei Yan, such an incompetent aunt can be compared.

"Did I kill the second lady?" Wei Yuewu looked at Wei Yan coldly, then smiled sweetly, "If the second lady knows that she will die in your hands, I wonder if she will get up in the middle of the night. Bed, find your account! "

This remark was very slow. With the temperatureless smile of Wei Yue Wu, Wei Yan panicked inexplicably, and glanced at the motionless Li, who was lying there, and her lips became pale immediately.

"Miss Er, you are also a child with a child. Karmic retribution has always been unsatisfactory. If your child does the same to you in the future, or Madam happens to give birth ..." Wei Yuewu's eyes fell on Wei Yan. On the belly of Xianhuai, there was a soft whisper.

Wei Yan's entire face turned pale, and her breathing became short. She subconsciously reached out and covered her belly. Instead, she thought that her face was green again, and watching Wei Yuewu for a while did not know how to respond.

She knows her own business. Of course, the reason for Li's troubles is of course her hands and feet. Otherwise, with Li's water, she can't sink into the water suddenly. Will drown.

If this Li's ghost really stays with him ...

Killing his own mother, Wei Yan did not think so before, but this would be described by Wei Yue Wu, the whole person was panicked.

He stammered stiffly at half a moment and said, "The lord of the county ... don't scare me, even if your mother is looking for you, it's also about you, it's you who killed her, or between you and her, The man who pushed her into the water viciously, even if you are the lord of the county today, you must give my mother an explanation! "

Wei Yan was scared, but she was afraid to be afraid. She still knew that she would definitely not be intimidated by Wei Yuewu.

"Is Mrs. Er really killed by me?" Wei Yuewu smiled lightly.

"This ... a lot of people should have heard what you said to the second lady. The second lady said that you wanted to kill her. I came here after hearing it, and many people here heard it!" Wei Yan felt weak, and she would stretch out her hand and point it in front of the subordinates.

"Slave ... Slave heard!"

"Slaves heard it too!"

"Slave ... I heard a voice faintly!"

"Slave saw ... saw Jin Ling beside the county master took the bamboo pole to the second lady in the river ..." ...

With Wei Yan's direction, each one sounded louder and saw a lot of people. Only a few moments later, several people had spoken timidly.

All the spearheads pointed at Weiyue Wu, which must be the scene at the time.

Mrs. Tai coughed heavily, her eyes fell on Weiyuewu's delicate face, her face was cold, without a trace of temperature: "Dance girl, did you really do such a vicious thing? If so, I I ca n't protect you, not only can I not protect you, but also the King of Kings, and I cannot protect you! "

Such things are simply appalling!

This statement means that Mrs. Tai's belief in Wei Yan and her abandonment of Wei Yue Wu, proud of Wei Yan's face.

If at that time, Wei Yuewu wasn't married yet, Mrs. Tai said that Wei Yuewu would have no way back, even her biological grandmother said so, that is, Wei Yuewu really did something vicious.

Based on the words of a few subordinates, Mrs. Tai didn't even try to interrogate them, and ordered Weiyuewu to make a crime. In fact, she was very hasty.

Tu's face exasperated on one side, stepped forward, was trying to speak, but was stopped by Wei Yuewu's wink.

"Grandma thinks that the death of the second lady is because of me? Grandma is totally trusting this second lady who doesn't know where to come out, but is it better for me, my granddaughter, than an outsider?" Wei Yuewu's sharp eyes were silent Shaved from Mrs. Tai's face.

The appearance of Weiyue Wu made Mrs. Tai's heart tremble inexplicably, and she did have selfishness.

Subconsciously avoided Wei Yuewu's gaze: "Dance girl, it's not grandmother who doesn't help you, it's really that you don't get angry, and you are really vicious. We have never had such a vicious woman in Huayang Houfu. Give it directly to the queen maiden, but your status is different, but the prince breaks the law and commits crimes with the people. Even if the princess has committed such a thing, she can only die for her life! "

Chapter 818: Evidence, in fact, has been laid out early

Mrs. Tai's face was calm and she looked like a business official.

After hearing this, Wei Yuewu smiled, and said unhurriedly, "Grandma, if this is what she did, I don't know what about grandma?"

"If ... if there is evidence to prove that she did it, naturally drive her out of Huayang Houfu and return to her husband's house, waiting for disposal!" Mrs. Tai looked at Wei Yan and gritted her teeth.

A married woman is naturally related to her husband's family. Mrs. Tai doesn't want to get involved, she wants to push things directly to Yan Wangfu.

Wei Yuewu sneered, her eyes shivered, and she looked up at Mrs. Tai and said, "Grandma, I have evidence!"

Mrs. Tai frowned and looked at Wei Yuewu's displeasedly, "Dancing girl, the facts are all there, what evidence do you have, what Li said before he died, but many people have heard it. , Can you let Li's come back to life and say what he said then? "

Can Li live again? What this said is really a joke. How could a long-stiff person survive? This is obviously Mrs. Tai's unabashed mockery of Weiyuewu.

If it is not her current status as the concubine of the King of Kings, Wei Yue Wu believes that this "loving" grandmother will tying herself up mercilessly and directly letting her be sent to the government. Madam, she never felt it.

Wei Yuewu's gaze fell on Mrs. Tai, and she did not shy away: "Grandmother, although the second lady cannot live, it is not impossible to prove!"

Everyone was said to be stunned, how did the dead prove it.

"Mother, call out the person you sent yesterday." Wei Yuewu said to Tu.

Tu nodded and called a woman-in-law.

"Tell me Mrs. Tai you saw yesterday!" Wei Yuewu smiled slightly, her face extremely calm.

Seeing this scene, Wei Yan's heart jumped twice suddenly, her hands clenched her fists involuntarily, her eyes involuntarily swept over Li's lying on one side, and gritted her teeth with hate, she did not believe this. At this time, the Wei Yue dance can be turned upside down, and the mother has died, this is the truth!

"Grandmother, you must be your mother, even though the county lord is extraordinary, but ... the prince broke the law and guilty of the people, doing such a vicious thing is really out of the question!" Wei Yan cried loudly. , And then flung onto Li's body, crying sadly, but his ears were tightly listening to the movement here.

I'm afraid to miss it.

"Let's go!" Wei Yuewu was not led by Wei Yan's snoring cry at all.

"Yes, Mrs. slaver saw the second lady and went to see the second lady last night, and the slaver felt that when she left ..." The woman said here and glanced at Wei Yan, "the slaver thinks the second lady seems much older!"

"What's so much bigger?" Mrs. Tai sank.

"Just ..." The mother-in-law couldn't describe it for a while, but she felt a little sweat on her head, "Just ... Just ..."

"Going in a cape?" Weiyue danced.

"Yes, if you go in your cape, it's like ... wrapping two people out at once!" In the area of Weiyuewu, the wife immediately found the wording and hurriedly said.

"Let's talk about it, this morning!" Wei Yuewu nodded and called the wife who was in charge of the courtyard of Li's courtyard. It was only a while ago that she brought Dongmei here.

Seeing Wei Yuewu calling her, the wife-in-law hurriedly stepped out of the crowd: "Mrs. Tai, slave-in-law is the wife-in-law of the courtyard. When the meal was delivered in the past, the second lady would rush out, but today the slave-in-law At that time, the slave did not see the second lady, it was strange! "

She had told Wei Yue Wu and Tu Shi before. This would be very clear. One hundred and fifty words added a sentence: "Slave thinks that if Mrs. Er is inside, there will be no such thing. come out!"

"The second lady, did you talk about it, did you go to see the second lady last night? Why did you go there suddenly?" Wei Yuewu raised Yang Liumei, looking at one side while still crying, making a sad expression Wei Yan, said.

"I ... I went to see my mother yesterday ... my mother is like this, I'm not assured!" After listening to the words of these two people, Wei Yan felt that this was good, and I thought about it and wanted to tell.

"Yesterday? I remember that Miss Er had an incident yesterday. It was so stormy in the city. My grandmother didn't know if I wanted to deal with you. I can't guarantee it myself. How could I go to see Mrs. Er? It is human nature, unless you think that seeing the Second Lady can solve your problem! "

Wei Yuewu's bright water eyes fell on Wei Yan's body with a bit of loneliness, only to see Wei Yan's whisper.

Mrs. Tai was keenly aware of something wrong.

The testimony of the two women was not just that Wei Yan went to see Li's meaning. This would no longer say anything, but turned her eyes from Wei Yuewu to Wei Yan, with a little doubt .

Wei Yan's incident was a lot of trouble yesterday, and it hasn't been conclusive yet. Under normal circumstances, of course, it was self-help first. Wei Yan didn't think of self-help, but she had no time to see Li's.

"I ... I really just went to see the second lady, and the second lady treated me like a mother. I ... I was restless and went to see what was wrong with the second lady!" Wei Yan's face changed, but it was still tight. Grit your teeth and keep your mouth open.

The mother was dead, and it was not her own words to say what she wanted to say. She didn't believe that Wei Yue Wu could make her live and talk.

"Miss Er, no one is forbidden to see Mrs. Er, but you brought Mrs. 2 out, just wrong!" Wei Yuewu sighed softly.

"You bullshit!" Wei Yan screamed anxiously.

"When I went, I wore my cape and took my cape out of the yard, and then planned for today's affairs. Miss II, you really have a good heart and murdered me with one of his life, but you didn't know me. What kind of hatred I have against you makes you do that! "

Wei Yuewu's eyes flashed with a clear and insidious taunt, and her eyes became more ice-cold.

"You ..." Wei Yan was anxious.

"Ms. Er, I don't know who you sent. A janitor, why did an auntie enter our Huayang Houfu door, and specially picked a woman who looks like her sister, is it for today? That 's right, then you are really successful. You have not only cheated your grandmother, your second uncle, but also your wife, but you do n't know who you sent it from. Why did you harm us Huayanghou! "

Wei Yuewu interrupted Wei Yan's words, hummed coldly, and politely pulled the words.

Mrs. Tai's face turned dark.

Of course, Mrs. Tai knew that the person in front of her was Wei Yan. Originally, she wanted to take it out at the last moment as evidence to show that Wei Yan could not kill her own mother, but when Wei Yuewu said that, she knew that even her Say this is Wei Yan, can't!

"My mother sent someone to invite Doctor Ming and check how Li died!" Wei Yuewu didn't stop there, facing Tu.

Tu nodded and called a girl ring next to her and asked her to invite someone immediately.

"Mrs. Tai, if Mrs. 2 was taken out of the yard by Miss 2 last night, what would have happened that would have made Mrs. 2 foul me with her own life? As for the bamboo pole in Jin Ling's hand, it happened that Just put it here, it seems to be waiting for the second lady to speak well, let people use it! "

Wei Yuewu smiled coldly, stepped forward two steps, and pointed to the bamboo pole that Jin Ling had set aside before.

"I said that I heard the last few sentences of Mrs. Er, and said that it was Mrs. Er that I was going to murder her. The reason why I came over was because Miss Ernest's ring led me. If Mrs. Er appears here, It was also secretly brought out by Miss Er, so what did all this coincidence mean? "

Wei Yue Wu's sharp words, Sakura 's lips slightly tickled, with a bit of ridicule: "A second lady who somehow appeared in Huayang Houfu, can actually be so windy and rainy in Huayang Houfu, it is really strange. The crash that day will not be a trick! "

This sentence forced a sentence, the words rushed between words, forced Wei Yan to sweat coldly, looked at Wei Yuewu in horror, opened his mouth, and found that he did not know what to say for a while.

"What the **** is going on?" Madame Tai sullenly, scolding harshly.

This reprimand awakened Wei Yan, gritted her teeth, and resentfully said: "Shijun, I don't know what you say. This is Huayang Houfu. You are the sixth lady in this government and Jingde. The lord of the

county or the concubine of the king of the king, what you want a subordinate to say, is not a matter of words, I am just the wronged death of the second wife! "

She didn't believe that she killed Wei Yue Wu with a bite, and Wei Yue Wu could confess her failure.

"Dancing girl, these two are under the control of Tu Shi, the words of the two underlings ..." Mrs. Tai seemed a little difficult.

Wei Yuewu sneered, Mrs. Tai would remember that these were subordinates, but when those subordinates testified against themselves, they did not see Mrs. Tai defend themselves.

"The words of the two subordinates are inaccurate, but there are more. Did my grandmother believe it?" Weiyue danced.

"If there are more people, you should have a higher level of credibility!" Mrs. Tai also heard something bad, and she would not dare to shut her down.

"Higher credibility? What if they are not true?" Wei Yuewu raised Yang Liumei's eyebrows.

What she said was that so many people just heard Li's words and accused Wei Yue of dancing.

"This ... there are many people, and they are always more credible! It will never be possible for everyone to buy it!" Mrs. Tai could only nod in accordance with Wei Yuewu's words.

"That being the case, the grandmother will take a closer look!" Wei Yuewu said calmly, waving her hands, letting the two witnesses back, and her eyes fell on Dong Mei again.

"Dongmei used to be your meal?"

"Yes ... it used to be, but then, the slaves became weaker and weaker ..." Dong Mei bowed her head timidly, and she was almost thin and could not kneel. No energy.

"So the second lady got it by herself?"

"Yes, sometimes Madam Er will eat the rest of the slaves, such as ... if not, don't eat!" Dong Mei said bitterly.

In fact, her meals are also delivered, and although the dishes are not good, but there are a lot of meals, but now most of them have been snatched by Li's. She is a girl ring, of course, she dare not say anything. She had to be scolded by Li, and speaking of it, she also felt that she would not die.

"Did you see Miss Er yesterday?" Wei Yuewu asked.

Dongmei who asked this question did not dare to answer, looked at Wei Yan timidly, and for a moment did not know how to respond, a flash of panic flashed in her eyes.

"Are you looking at Miss Er? That's why you will serve Miss Er in the future!" Wei Yuewu smiled and said.

"No ... don't, no slave, don't serve Miss Er!" A very common sentence, but it seemed like an extraordinary thing, Dong Mei's face was so pale, she looked up at Wei Yuewu, panicked.

All people's faces changed, Dong Mei's reaction was too fierce, and he would still be alive or dead, but this would be completely different from the mental state of the former, and it would not look as weak as before ...

Anyone can feel her trembling!

Chapter 819: Step by step, guilty

"Why not? Ms. Er looks so good. She can't resolve her own affairs, but she has pity on Mrs. Ms. and cares for Mrs. Ms.! You are a blessing that you have repaired for a lifetime! Looking at Mrs. Tai, "Since Miss Er is so old, let Dongmei follow Miss Er, what does Mrs. Tai think?"

What this said was extremely reasonable, but Dong Mei's response was extremely unreasonable. The whole person was shaking, and a look of despair appeared in her eyes.

Mrs. Tai frowned.

"I wonder if Mrs. Tai's intentions?" Wei Yuewu smiled slightly, forcing a sentence.

"Slave is Mrs. Er's ..." Dong Mei looked up, and her face was as white as snow. Others did not know that Miss Er was Wei Yan, how could she not know.

And Wei Yan certainly knew she knew.

She had been an ordinary little girl ring after this disaster, but if she followed Wei Yan, Dong Mei knew that she had no life to survive, and Wei Yan would not keep such a living.

Even if Wei Yan had promised herself before, all this was conditional on her being alive. If she died, the benefits of those promises would not only be lost, but would also cost her life and follow Wei Yan herself. It's almost like putting yourself to death.

A girl who knows too much and happens to follow Wei Yan. Needless to say, I know the results ...

"Then you want to be buried? Want to hit the coffin in front of the second lady's body and die?" Wei Yuewu raised Yang Liumei.

Funeral? A faint word, but with an indescribable **** taste, immediately shocked everyone present. Although Li's identity could not have any funeral words, if this girl ring felt the gratitude of the host, If you hit the coffin and die, you will be buried.

"Slave ... Slave ..." Dongmei couldn't answer.

"If you really love the second lady's kindness, and since then you don't want to serve other people and hit the second lady's coffin, then Mrs. Tai can accept you as the right lady instead of the second lady and let you be buried with the second lady , Since then with the second lady, maybe you don't have to serve others! "

Wei Yuewu's words are very gentle, but the oppressive meaning in this words has made everyone in the scene feel her strength, and also made them more clear that the person in front of her is not only the six lady in Huayang Houfu Already.

"Country master, slaver doesn't ... it doesn't mean that, although slaver ... feels the kindness of Madam Er, but ... it doesn't stop serving others!" Dong Mei stuttered.

"That's why, why can't Miss 2 be so kind? Miss 2 is so kind!" Wei Yuewu said lightly.

"Slave ..." Dong Mei's words couldn't continue. How could she say in front of so many people that Wei Yan might kill someone.

"Shijun, don't force a girl ring. She is very affectionate for her mother's affection and mother's mood, but she doesn't want to serve me. I'm afraid she will remember my mother as soon as I serve. The long elephant should be a bit like the mother. She was afraid that she would see me hurt when she touched the scene. "

When Wei Yan saw Dongmei's appearance, she knew that it was not good. This would calm the peace and take the topic.

It was just a far-fetched explanation, and Mrs. Tai's frown frowned and couldn't spread.

Wei Yuewu's gaze shifted from Dong Mei's face to Wei Yan's face: "Miss Er, are you sure Mrs. Er did not let you out? Her death has nothing to do with you?"

"It doesn't matter to me!" Wei Yan hurried.

"Sure it doesn't matter?" Wei Yuewu sneered.

"Sure it doesn't matter!" Wei Yan certainly couldn't soften in this meeting, and gritted his teeth.

"That's good!" Wei Yuewu smiled slightly, and her eyes fell on the doctor Ming who came far away from the crowd. "Then let the doctor check, who is the murderer who killed Mrs. Er!"

"Good!" Wei Yan gritted her teeth.

Doctor Ming came hurriedly carrying the medicine box, and everyone walked away. He came in and saw Li's lying on the ground, sighed softly, and checked.

The once-fashioned lady of the second bedroom, lying on the ground like this now, really made Doctor Ming sigh.

Seeing that Mrs. Ming was examining, everyone noticed his movement together. Doctor Ming stood up for a while, and Xiaoyahuan brought a basin to her, and Doctor Ming washed her hands.

"How is Doctor Ming?" Mrs. Tai couldn't help but ask, "What's wrong!"

"It seems ... nothing!" Doctor Ming shook his head in confusion, he couldn't find it for a while.

Upon hearing this, Wei Yan's heart was immediately relieved, and she immediately strengthened herself, crying at Mrs. Tai: "Grandmother, the county master shrugged off his responsibility, and said that my mother was killed by me, and I came later Here, my mother has been drowned by the county master. I do n't know how I killed her. I also want my grandmother to take revenge on my hard-working mother! "

"Dance girl, how do you say?" Mrs. Tai turned to Weiyue Wu with a somber face. "If this is really what you did, you have to do it yourself, or you will not affect Huayanghou and Yanguofu!"

Is this forcing her to decide?

Wei Yuewu sneered, Mrs. Tai really had trust in Wei Yan, much closer than her granddaughter who had emerged halfway.

Now he even let himself make a decision, so as not to endanger Huayanghoufu.

"Mrs. Tai, you are in a hurry, it is not the end of the matter." Wei Yuewu's bright water eyes sneered, and her eyes fell on Doctor Ming.

"Doctor Ming, can you see how the second lady drowned?" Wei Yuewu asked slowly.

"It's ... I can't see it!" Doctor Ming shook his head and frowned, "The second lady seems ... somewhat wrong!"

"What's wrong with it?" Wei Yuewu asked calmly.

"If it's a drowning person, it shouldn't happen so quickly. Besides, Mrs. Er will be able to get water!" Fang Cai, who had already asked the people of Huayang Houfu on the way to the Ming Dynasty, was also extremely concerned about this. accident.

Others don't know that Li's knows how to water, but he does. This is an occasional opportunity, Li himself said.

"The second lady knows water, how could she suddenly drown and die, and it is so fast, it seems ... it seems ..." Doctor Ming hesitated.

"What does it look like?" Wei Yuewu asked.

"It looks like ... it was prescribed a medicine before!" The doctor who asked about it was Doctor Weiyue Wuming, and thought for a while, "If it was a drug, it would not be checked in time, Madam. This drank so much water, those drugs could not be detected long ago, and they were not poisons! "

With this words, Wei Yan's heart beat suddenly, she lowered her head in a hurry, hiding the horror in her eyes.

"Doctor, you can't just say that!" Said Madam Sensen.

"Mrs. Tai, the subordinates didn't talk nonsense. The situation of the second lady is really like giving a medicine, otherwise the second lady is unlikely to have such a thing!" The doctor explained with a straight face.

"It was impossible for Lee to have an accident. He might want to climb ashore, but was pushed away by the bamboo pole of this cheap girl. After a few counts, he lost his strength, couldn't step on the water, and drowned!" Mrs. Tai looked at the bamboo pole to one side, and she groaned slowly.

This is to drag things to Wei Yuewu.

Jin Ling heard the anger and was about to come forward, but was winked by Wei Yue Wu and stopped. "Check where did the bamboo poles come from? Why are there bamboo poles at this location?" Weiyue danced.

"This ... this is brought by slaves." She asked, a woman could not stand, anxiously.

The bamboo pole is not short, and many people see it in it, even if you want to hide it.

"Why do you come to this garden with a bamboo pole? Do you still need a bamboo pole to succeed here?" Wei Yuewu looked at the woman and asked gently.

"Yes ... it was the girl in the courtyard of Miss Er who ordered the slave to bring it. Yesterday, a bamboo pole was put here. Miss Er might use it."

The woman answered quickly.

"I need it?" Wei Yuewu smiled coldly, "I don't know what Miss Er will do with this bamboo pole? I already knew what happened today, so I prepared the bamboo pole specially to pull it together with me? Let me carry this blame, and it's a coincidence that it was brought yesterday. "

Wei Yue Wu said to Wei Yan.

"This ... I occasionally visit here, there are some fish swimming in the river, and I sometimes feed the fish ..." Wei Yan stuttered, "I want to feed the fish a little further away."

"Bring a bamboo pole to feed the fish? Miss Er is really good-looking!"

Wei Yuewu smiled coldly and was no longer polite: "First, she took the second lady away from the tight courtyard, and then served the second lady. Then she lied to the second lady with rhetoric, but she pushed me into the water, but she was surprised I did n't enter the water, but I still had follow-up. I gave Li's medicine early. Miss two, do n't you admit it! "

"You nonsense, I ... how could I do such a thing?" Wei Yan was actually said one by one, Wei Yan's heart was jumping wildly, and her bluff was loud.

"Although Doctor Ming is not good at this kind of thing, the prince of Yan Wangfu is good at this kind of thing, Jin Ling, send someone to call the prince of Yan Wangfu." Said Wei Yue Wu Ling Ran.

"Of course the doctor in your own house will help you!" Wei Yan was anxious.

Although this medicine is said to be undetectable when it is available, it is not absolute, and it does not necessarily include the Taiyi, where would Wei Yan dare to let the people of Yan Wangfu check it.

Wei Yan was sweating coldly on her forehead. The words of Ji Cangjie, anyone noticed the embarrassment on the face of the second lady, it seemed that the second lady really had a problem.

A group of people became more and more skeptical of the second lady. Before that, she stood by Wei Yan and proved several of Li's subordinates, who closed her mouth tightly.

How can I see that the second lady is very guilty, and no one wants to be shot by anyone, not to mention that this congregation also remembers that this second lady is not a serious master in the house, but the Lord of Jingde County is the favorite of Houye Daughter, the status of the two people is very different.

If this is to help the second lady who does not know where to come out, and framed the Lord of Jingde County, there will be no good fruit to eat!

"The one in my house will help me, what about in the palace?" Wei Yuewu smiled coldly, and said to Jin Ling, "I saw the wounded medical doctor before Shizi. I should be in our house today, you go immediately Ask someone to come and help him to see the second lady's cause of death, as for ... "

Wei Yuewu said that she slowly eased here, and glanced towards Dong Mei with the general look of Bing Lingzi: "As for what happened in this yard, I believe that my father will have a conclusion there. Huayang Houfu also has a guard at night. When did the second lady leave the yard, was the chain broken in the morning? If something happened, by her father's means ... it wasn't just her who was offended! "

Huayang's guard?

After returning home from Wei Luowen, Huayang Houfu did have guards. At night, he would go around from time to time. Thinking of this, Dongmei's heart was severely hit, his eyes were straight, Huayang Houfu's guards. Why didn't she find out ...

Chapter 820: The last strongest evidence

"Yes, the slaves immediately go to the doctor in the palace!" Jin Ling nodded, and he was about to leave.

Seeing their masters and servants say so surely, Dong Mei couldn't help but panic, shouting, "The county master, the slave servants ... all recruited, the second lady ... left yesterday. The slavery's words are all The second lady and the second lady let slaves say! "

The thought of involving her family, Dong Mei still had the courage to hide.

She concealed the matter before, and thought it would be impossible for others to know, but this month, Weiyuewu brought up the guards of Huayang Houfu, and immediately remembered that there were guards on guard at night in Huayanghoufu. .

Weiyuewu smiled slightly, and the water eyes were dazzled, and a cold feeling came out.

All she did was to force Dongmei to tell the truth. The key to all the problems here is Dongmei, but obviously Dongmei is not so easy to relax, and she is breaking Dongmei's defense step by step.

First let Dong Mei understand that she knew she had lied, and then said that she would be given to Wei Yan, let her be exposed, and then go to the medical doctor in the palace, and her father, just to give evidence. Of course, the matter of guarding is also the most important thing.

No matter what Li and Wei Yan said to Dongmei or promised her, with this, Dongmei will tell the truth.

The medical doctor in the palace and the guards in the palace are used to force Dongmei to tell the truth. She has been beaten by Weiyuewu before. Dongmei is already panicked. This will be added soon. Positive medical treatment, and the fact that the guards in the house saw the truth.

Dongmei really can't stand it.

"What a bad girl, what are you talking about! Are you trying to die!" Wei Yan felt a sigh for a moment, and immediately felt bad, screaming and rushing over, slamming at Dongmei as hard as two slaps, only hit Dong Mei leaned back and fell to the ground directly.

"Pull off!" Wei Yue danced sharply.

With the wave of Tu 's hand, the two women in the past pulled out Wei Yan 's hand.

These two women were brought by their own family from Tu's family, and Wei Yan was naturally not polite.

Wei Yan struggled desperately.

"I heard that Miss Er was pregnant with a child ..." Wei Yuewu said gently, and immediately stopped Wei Yan from struggling, covering her belly subconsciously. It almost happened yesterday. The child in her belly could Nothing can happen!

This child is all she wants.

"Are you grandmother a **** girl, do you believe it?" Although she stopped struggling, Wei Yan refused to rest, her eyes widened, and she said loudly to Mrs. Tai.

Mrs. Tai frowned.

"Mrs. Tai, what about a girl ring? Only then did she clearly testify against me, and Mrs. Tai also believed it. Wouldn't Mrs. Tai think it would be credible to testify against an aunt?"

Weiyue dance raised her eyebrows, her lips were slightly pursed, and she looked at Mrs. Tai straightly with a force of Ling Ran's momentum.

If Yahuan's words are not credible, why did you believe it when you testified?

The meaning in this is not just the question of Miss Liu of Houfu of Huayang. She now represents the Yanwang Mansion. Wei Yuewu believes Mrs. Tai will understand.

The sixth lady of Huayang Houfu may be able to withstand partiality from her grandmother, but the princess of Yanwangfu cannot.

Mrs. Tai's eyes paused on Wei Yuewu's face, and after a little hesitation, she said to the two women holding Wei Yan: "Take her down!"

"Grandmother, grandmother, I did not harm my mother. The county host deliberately framed me. She deliberately made me taint me. This is Huayang Hou House. The people in the house listen to her ..."
Wei Yan still refused Hugh, although he didn't dare to struggle, he still shouted.

"Mrs. Tai, did you kill Mrs. Fatal? Is that how you deal with it?" Wei Yuewu ignored Wei Yan and only raised her eyebrows slightly.

"This ..." Mrs. Tai hesitated. She thought about suppressing it. Wei Yan would never be upset, but also her granddaughter. If she was sent to the government, she would not be private.

"Mrs. Fang Caitai also said that she was going to take me to the palace, but obviously she does not need to enter the palace. What does Mrs. Tai think?"

Wei Yuewu looked at Mrs. Tai, her eyes were cold.

Mrs. Tai wants to let this matter go, she is absolutely not allowed here.

"But ... Li must die in your hands, always for your own good, forget it, anyway, Li himself is a bit simplistic ..." Mrs Tai reminded Wei Yue of the dance implicitly, a pair It's a peaceful thing, "I'll go to your second uncle, and don't make things big anymore, dancing girls is not good for yourself!"

As soon as Mrs. Tai said this, Wei Yan was completely struggling, and even a bit of vicious appearance was revealed on her face. Grandma would surely save herself. She would never make things big. If it was really big, Wei Yuewu would have to. No good, a testimony by Yahuan, she insisted that what she said was false.

"I have nothing to do with Li's death!" Wei Yuewu shook her head decisively.

"But so many people see and hear! It's not always good, but the big things are small, and the little things are small!" Mrs. Tai pointed her fingers before giving evidence to Wei Yan.

"What they saw was only the latter part, but before it was Mrs. Er that she was going to push me into the river. Afterwards, what she said was to mislead others, but she couldn't imagine that Mrs. Er would give Mrs. M. the medicine early. Madam did not expect that she was a mortal situation! "

Up to now, Mrs. Tai actually helped Wei Yan to suppress herself, but it was a pity that she had already prepared here, but depending on how Mrs. Tai ended today, or how his father would handle this matter.

Compared with Mrs. Tai, Wei Yuewu believes in her father more. Besides, there is a strange way of getting along with the mother and son ...

Wei Yuewu smiled slightly, and she reached out a finger to the building next to her.

"Grandma knows, who's in there?"

"Who is there?" Mrs. Tai's heart shook, and she felt subconsciously.

"My father!" Wei Yuewu looked up at the tall building.

The windows of the high-rise building are open, facing the direction, which happens to be this side. From the position of the window, you should be able to see the scene here. Wei Luowen looked down at the scene below, his face was not moody. The guard behind him, Luo Li, looked blank, looked at Wei Luowen, and then looked down.

They have been here for a while, and Wei Yuewu borrowed Tu's girl ring to invite Wei Luowen over.

Originally Wei Luowen called Wei Luowu over, but Wei Luowu happened to be out of the house, so he brought Wei Luoli over.

They had been here for a while, and happened to see Li's murder on Weiyuewu. At that moment, Wei Luowen almost couldn't hold back and shot directly.

Fortunately, there was nothing wrong with Wei Yuewu. Li Shi was in trouble, and what Li Shi said afterwards, what he did, he also looked in detail.

Because he was standing high, he even saw the last moment that Li's sank into the water, feeling so heartbroken, and saw Wei Yan hiding aside early, only to hear that Li's accident happened. Turned out scene.

It can be said that Wei Luowen and Wei Luoli, who stood at a high place, completely understood the whole thing.

"Father is upstairs, and he should be able to see everything that is happening inside. If Mrs. Tai doesn't believe it, she can ask her father, or not just her father!" Wei Yuewu said lightly.

She used to call her grandmother in the presence of Mrs. Tai, but at this moment, her name was just Mrs. Tai, which represented her attitude and was dissatisfied with Mrs. Cai's efforts to defend Wei Yan.

Seeing everyone looking up, Wei Luowen silently took Wei Luoli downstairs, and the people slowly backed away.

The brothers Welovin came over and came to Mrs. Tai. The look of Wei Luowen was a little stunned, and her eyes fell on Mrs. Tai. The disappointed look made Mrs. Tai's face paler and paler. .

"Mother, is it my daughter that makes you so unwilling to see you?" This sentence is very light, almost not like what a big man like Wei Luowen said, but Wei Yuewu saw Mrs. Tai's body After a shock, he almost fell, and Acer reached out her hand quickly to help her.

"Lovin, you ... how do you say that, mother ... isn't your mother good enough for you?" Mrs. Tai trembled, her eyes reddish.

"Mother is very good to me, but ... to those who care about me ... but so!" Wei Luowen's brows frowned tightly, his eyes dropped slightly, and the scars on his face showed a sense of coldness and loneliness. .

"Of course Ruier is like this, it's still like Wuer now. If the mother doesn't like them, straight away says that I won't let them be in front of you, please you!"

"Luo Wen, I ... why do I ... Qin Xinrui or ... I do n't like it very much, but for what you know, as for the dancing girl, how can I not like it, how can I not care, that's me My dear granddaughter! "Madam Tai almost shouted this.

"Is my dear granddaughter? My mother treats Wuer, not even an aunt of unknown origin!" Wei Luowen smiled wryly, turning his head, and his eyes fell gently on Wei Yuewu. "Mother, only my third brother It is clear from the above that Li wants to harm the dancer by herself, but finally eats back her body. She should have been drugged or something before she fell into the water, but it is difficult to detect such things! "

The drug is not a poison. Besides, Li's still falling into the water and drinking a belly of water, he really can't find it out. If Wei Yuewu said to ask for medical treatment, it was just a scare to Dongmei.

"But no matter what, a few subordinates, the mother has to take the dancer into the palace to punish the queen, and even let the dancer decide, and this aunt who doesn't know where it comes from is just locked up!" Wei Luowen Slowly said.

In Wei Luowen's soft words, Mrs. Tai saw sweat on her forehead.

"Come here, **** that woman to the government!" Waiting for Mrs. Tai, Wei Luowen's face showed a sharp look.

Come over to the two guards and pull Wei Yan down one side.

"Grandmother, grandmother, save me, save me!" Wei Yan shouted in horror at the sight.

Wei Yuewu's eyes fell on Mrs. Tai, although she was sweating a lot, but she said nothing. She reached out and grabbed Acer's hand, and she could see that the fingers were shaking slightly, and the look on her face seemed to change. I'm suppressing something, but I can't help it.
