

Young Lady 901

Chapter 901: Why are the Four Highnesses so good to me

The people in the tea shop have mixed opinions, and they have said everything for a while, but one thing most people agree with is that Yan Wangshizi really loved this uninformed Miss Lin.

It is said that the reason why Miss Lin went out was because of a fight with the Jingde County Lord, and then she was taken away after leaving the house. Then someone expressed sympathy for the Jingde County Lord. Shizi is still busy looking for someone and has no time to trouble the Jingde County Lord.

If something really happened to this Miss Lin, the Lord of Jingde County would not get well.

There is also speculation that the Lord of Jingde County may be suspended this time.

Although it is said that the Lord of Jingde County is distinguished, it is not enough to look at the Lord of King Yande. If the King of King Yan blame the Lord of Jingde County for this matter, it seems to be reasonable.

All the rumors don't seem to be good for Weiyue Wu, and no one is optimistic about Weiyue Wu, everyone thinks she will be worse ...

"What do you think?" A smile appeared on the corners of the four princes' lips, and he took the tea at hand and took a sip.

"I don't think so!" Wei Yuewu smiled lightly, and took the tea at hand, took a sip, and said without hesitation.

"You don't think this means that Yan Huaiyu didn't take you seriously, everyone could see clearly!" The four princes put down the tea cup in their hands and said with a straight face.

"I think Shizi has been thinking about me forever!" Wei Yuewu smiled sweetly, and the water eyes appeared a faint wave.

"Because Yan Huaiyu said that Miss Lin was gone? Don't you think this was originally intentional for him, and the purpose was to break you? In fact, no matter if you find it, he is giving up on you!" The prince sneered.

Wei Yuewu took a brief look at the four princes and shook her head gently: "I don't think so!"

"How do you ... get obsessed!" The four princes expressed anger.

"It's not that I'm obsessed with obsession, but the fact is this!" Wei Yuewu also put down the tea cup in her hand and reached out and brushed the hair that fell from her forehead.

"Don't you hear the fact that Yan Huaiyu deliberately took this incident and planned to take a break from you, or that you never return to Yan Wangfu, he can also say that you have been robbed, or you can even say that you Miss Lin was in trouble and killed herself!" The four princes looked at Wei Yuewu a bit and hated the iron.

"His Royal Highness, how about we make another deal?" Wei Yuewu looked at the angry four princes and smiled suddenly.

"What's the deal?" The four princes wary.

"In fact, this matter is not a big deal, and there is no harm to your Highness." Seeing the four princes so alert, Wei Yuewu laughed softly.

"What deal, you say!" The four princes remained wary.

"His Royal Highness, you gave me some medicine before, but you don't know where these medicines came from. How did you know that these medicines would work with me?"

Wei Yuewu said, watching the four princes.

This is a question in her mind, but she also knows that it is impossible for the four princes to obediently tell her, so this will be asked through the transaction.

"You know what these are doing!" Sure enough, the four princes refused very simply.

"His Royal Highness, we are just talking about ourselves. Why is Your Highness so nervous? This shouldn't be a big deal!" Wei Yuewu laughed softly. "It's just about my own illness. I'm just curious why the Four Highnesses treated me. I know the condition so well, even better than the people in my family. "" You don't need to know! "The four princes said flatly.

"His Royal Highness, is there anything hidden here? Is it possible that my body is related to other secrets?" Wei Yuewu glared with a pair of bright water eyes, staring at the four princes, and she seemed to be conjectured by herself. Frightened, Sakura's lips slightly opened for a moment, with a little horror.

"What do you think, your condition is just your condition, who is it related to? There are secrets? What secrets can there be, if there are secrets, for so many years, your maternal grandfather's family has asked you to take care of you. Nothing found! "The four princes glared at her, angrily.

"Nothing was found, it's always been good at the grandparents' home!" Wei Yuewu nodded.

"So you should go back to Jiangnan. The scenery in Jiangnan is good and the environment is good. In addition, it is not as big as the waves in Beijing. In fact, this is the best place for you. You have been in Jiangnan for so many years and you have been in good health. It can be seen that returning to Jiangnan is the right choice! "

Having said that, he came back again, and the four princes talked bitterly.

"Four Highness, if you tell the reason, I will tell you one thing, something you must not know!" Wei Yuewu was not passed by him, and smiled mysteriously at him.

"What's the matter?" The four princes originally wanted to ignore her, but somehow took her word.

"But see if His Highness is willing to exchange!" Wei Yuewu said more and more mysteriously, and even his voice was very low.

The voices of the four princes also lowered involuntarily: "What the **** is it you want to say!"

"An important thing related to Xianhuang is very important!" Wei Yuewu smiled slightly and said something.

"The thing about the emperor? You know!" The four princes were startled, and looked at Wei Yue Wu up and down, as if they had known her on the first day.

"I know, this matter is also related to our Huayang Houfu. Your Highness, do you want to hear it!" Wei Yuewu looks very confident.

This made the four princes dubious, watching Wei Yuewu Jun frown slowly.

For a while without speaking.

"This matter is really important, it's all about the lifeblood of the entire dynasty!" Wei Yuewu said a little bit more, "Take the secret of the lifeblood of the entire dynasty with His Royal Highness for the simplest question, Your Highness will not fail Dare to respond! "

After speaking, he looked up provocatively, and nodded toward the four princes with his chin, a sure look.

This almost made the fourth prince laugh.

"Okay, I agree to the transaction, let's talk first and see if your so-called secret is really valuable!"

"I said the Four Highness, but I must say it!" Wei Yuewu bought the child this time.

"Rest assured, I will say!" The four princes nodded.

"Your Highness knows the Feiyun Tower in our house?" Wei Yuewu said as she watched the reactions of the four princes. What she really wanted to know was not why her illness was known to the four princes.

In this matter, she felt that the four princes would not tell the truth to themselves, they would only use words to fool themselves.

Anyway, this right and wrong, I can not say any evidence, say not to say, all look at the four princes themselves.

Therefore, the purpose of her meeting is not why the four princes checked her condition and gave herself medicine early. She was checking another thing.

This year, after the plum blossoms came down, she always had conjectures, but there was no evidence at all. All she had was conjecture, an appalling conjecture.

The four princes have a lot of secrets, and his ordinary days in Yunyunehe, and his relationship with Wen Tianyao, inexplicably made Weiyuewupin feel that the four princes might know.

Having said that, she is here to see the response of the four princes.

"What, Feiyun Tower?" The four princes stunned and said subconsciously. After they finished speaking, they immediately knew what they said was wrong. They laughed and laughed and said, "When I went to your house before, this building was the highest. , So I asked about it, but no one is allowed to enter there! "

There seems to be nothing wrong with the words, but under the clear eyes of Weiyuewu, the four princes seemed slightly uneasy, and their eyes deviated from Weiyuewu's sight.

"His Royal Highness knows that there is a secret in Feiyun Tower, a very important secret!" Wei Yuewu continued, pretending not to see the fourth prince's slightly widened eyes.

"What do you know?" The fourth prince's eyes met Wei Yuewu's eyes again, and he could see that he was a little nervous.

"My second uncle went up secretly before. It didn't seem to be there, I also found that the things inside were very old. It seemed that I hadn't moved for so many years, and I think ... this should be related to the palace!" Wei Yuewu was watching the expressions of the four princes while guessing.

The expressions of the four princes were getting heavier and their faces were getting worse.

This conclusion of Wei Yuewu came to an end, the four princes first met, then looked at Wei Yuewu and said, "Why do you think so?"

"Just think so, no reason!" Wei Yuewu laughed.

"Can such things be guessed blindly? Don't think too much about it in the future. Your second uncle may also think there is something in it, but in fact there can be something, but it is a place in your Huayang Hou government that is unwilling to make more people. It 's just a place to see. There are also such places in the palace. Often they are won because they are unwilling to destroy the place they lived in before. Do n't worry too much! "

The four princes said casually, but Wei Yuewu noticed sensitively. When he said the unfounded conjecture behind him, the four princes first narrowed his eyes, but then calmed down.

"I ..." Wei Yuewu has yet to say, but was interrupted politely by the four princes. "Don't say anything about this, your illness to the ground. Although your transaction is not successful, but I can still sue you. I was asked by the doctor in the palace, and I asked them to give you a pill based on your condition. "

"Why is Your Highness Four so good to me?"

"Because you were saved by Qingyang!" Now the four princes said it very smoothly. Almost everything can be used as a reason. Although Wei Yuewu knows more than that, she can't say anything to refute.

"You have to know that I'm good for you, and your father is also good for you. It's only good for you to stay away from Yan Huaiyu, or listen to my father's advice, pack up and leave Beijing, as for Yan Huaiyu , He will marry the family daughter of Yandi in the future, or not to marry, it has nothing to do with you! "The four princes angrily stood up, ready to leave with Weiyuewu.

Since he was robbed, he had no plans to send him back. Regardless of whether Wei Yue Wu was willing or not, he would send Wei Yue Wu back to Jiangnan.

Of course, if Weiyuewu willingly is the best.

"His Royal Highness, have you ever asked me what you mean?" A long, slender hand patted the four princes' shoulders silently, and when they heard this voice, the four princes were all there ...

Chapter 902: Yan Huai was angry ...

"His Royal Highness, is there Yaxing? It's better that the Husband and Wife invite your Highness for a meal together today? Your Highness is also asked to move upstairs to the private room!" Yan Huai turned around behind him with a gentle smile on his face, The immortal look immediately stopped everyone around.

Someone recognized him and said lowly, "Yan Wangshizi!"

"It's actually the King of Yan!"

"There are four princes over there!" Someone recognized the identity of the four princes.

"Go, let's go up and talk!" Now that they were discovered, the four princes could only spread their hands, even though others felt that Yan Huaiyu was as gentle as ever, but he clearly felt Yan Huaiyu's eyes. There was a hint of enchanting coldness.

It's definitely not going to go up!

The three men went upstairs together and entered a private room. Except Yan Huaiyu, Weiyuewu and the four princes, all others retreated.

The fourth prince's housekeeper looked at the situation. He had anxious to stay, but was waved by the fourth prince, and the housekeeper had to exit the door.

The door closed silently.

Yan Huaihuan's face had a beautiful smile, watching the four princes slowly sit down, her eyes narrowed, and seeing him smile so beautifully, the four princes couldn't help sulking.

"His Royal Highness, it's such a great interest that she took the dancer away without telling me!" Yan Huai laughed more and more evilly.

The four princes were waiting to explain, but the body was stiff, a dagger flashing under his neck, and his head suddenly hit his throat.

"His Royal Highness, what would happen if you were assassinated?" Yan Huai's eyes looked at the fourth prince scorchingly, and her voice was still gentle, as if she didn't know her finger was on the throat of the fourth prince.

A little mishandling may hurt the four princes.

Wei Yewu took off her veil smoothly, and Shuimu blinked twice, but did not speak.

"Yan Shizi, can you make such a joke!" After the four princes stunned, their faces became angry, but their necks had to be held up, otherwise the sharp dagger exposed to the cold light would be bound to their necks. on.

"If His Highness is assassinated, someone must think that I did it, and then someone will tell me to the court. Of course, some people think that such an obvious thing cannot be done by me, and some people will justify me, and some people will say Since the assassination of the three princes with me at that time, if the assassin succeeded at that time, this would be the result now. "

Yan Huaihan said leisurely, with a smile on his lips. If it wasn't for the dagger in his hand against the throat of the fourth prince, I really thought he was just talking about some affair.

The fourth prince began to sweat cold on his forehead.

At first he felt that Yan Huaiyu would not do anything, and he would see that many people entered the private room with him.

But this will also remind me of the fact that the three princes went to Yan Wangfu and was assassinated with Yan Huaiyu. At that time, Yan Huaiyu also saved the life of the three princes, but if the assassin really succeeded at that time, Yan Huai would be killed. Following the rumors of the three princes, there were a lot of people who saw the three princes entering Yan's palace.

Although not the same thing, the four princes made a connection from these two things.

It seems that Yan Huaiyu really stabbed himself, and he also had a reason to explain it. He pushed the matter to others, indicating that someone had intentionally assassinated himself to frame him.

Think of it this way, even the vest began to sweat coldly.

This kind of thing, Yan Huaihan really can do it, and looking at Yan Huaihan 's smiling enchanting handsome eyes, the four princes actually saw the cold murderousness from it.

Yan Huaihan really wanted to kill herself. This recognition made the whole body of the four princes nervous.

"Don't scare His Royal Highness!" Wei Yuewu stepped forward, gently pushing away Yan Huaiyu's hand holding a dagger against the neck of the fourth prince.

Yan Huaiyin's hand against the fourth prince's neck was very stable and tight, but after Wei Yuewu gently pushed it, the force on her arm slowly relaxed and she followed Wei Yuewu. His hand retracted his dagger, then settled in a chair on one side, and said lazily, "I'm just joking with His Royal Highness, His Highness Four won't be angry!"

The dagger around the neck disappeared, and the murderous spirit in Yan Huaiyu's eyes disappeared. The four princes couldn't help wiping the cold sweat on his forehead, and smiled bitterly: "How can I be angry with Yan Shizi!"

"His Royal Highness doesn't get angry with me, but I want to be angry with His Highness. His Highness explain why he robs Wuer. Is this Beijing's declaration of war on Yandi?" Yan Huaiyu said with a sigh of relief, Looked at the four princes' bad look.

This matter actually involved the relationship between the two places. The four princes felt that they were really wronged.

The cause of the matter was not in fact itself, but Wen Tianyao could not be pulled out. If Wen Tianyao came forward, this matter would be even greater.

"I think Shizi prefers Miss Lin of Yandi, and that Miss Lin is also a sweetheart. Jingde will not be happy to follow you, so I want to take Jingde away!" After the four princes wiped a cold sweat, they also He calmed down and looked at Yan Huai with a straight face.

The reason is not false, so what he said is extremely natural, although it may not sound like real.

"Do you think I don't care about Wuer? You're not me, how do you know?" Yan Huaiyu didn't give the four princes a sneer, sneer, "Since Wu'er married me, it's my person, and he has nothing to do with the four princes. It 's okay, why did the four princes take it for the sake of the dancers and take them away!"

"I ..." The four princes were speechless for a while. Although he had many reasons, he couldn't say a word.

"The four princes will come into the palace with me for a while. I would like to ask the emperor what it means, why did you marry Wuer, take Wuer away, and make the matter so big. Is it really when we swallow the land? Who will take away the world's concubine?" Yan Huaiyu did not let go of the Four Princes, and was even more aggressive between words.

Although he was also laughing, how this smile made people feel cool, and even prevented the four princes from facing the handsome eyes with a bit of bloodthirsty.

Yan Huaiyu is really angry ...

This was the only conclusion he reached, but it was because of Wei Yue Wu itself or because the incident itself challenged his authority. The four princes couldn't really guess.

"Yan Shizi, this matter ... or a misunderstanding!" The four princes had to explain arrogantly. The matter was really noisy. He couldn't resist it, and he might even bring out Prince Wen Tianyao, and even what happened then. So he had to be soft.

"Misunderstanding?" Yan Huai's dark eyes covered the four princes. Although the expression on his face did not show the mood, the Yueyewu and the four princes knew that the world son looked more like a runaway state.

So she will be extremely helpless ...

"This kind of misunderstanding is really not small or small. I think it's better to ask the emperor clearly, so as not to have such misunderstanding come later, when the time comes, there will be a lot of trouble!"

"There will be no next time!" The four princes had to guarantee that he felt that either he and his elder brother were wrong. Yan Huaiyuan didn't seem to really care about Wei Yue Wu at all.

"No? I won't do it again next time for the sake of dancing!" Yan Huaiyu smiled and glanced at the four princes.

"No next time!" The four princes affirmed.

Even if the eldest brother still has an idea to take Jingde next time, the four princes also think that they will persuade the eldest brother well, not to mention Yan Huaiyu's eyes and hands, but even when he found himself here, he said Yan Huaiyu's attitude, It makes people seem different.

"If there is another time, I don't mind turning the entire capital one by one. Since I feel that the capital is too peaceful, I don't mind the **** storm coming out!"

Yan Huaiyu said this with a smile, but also smiled very mildly, took the tea in his hand, and made an elegant gesture to the four princes, and slowly in the shocked eyes of the four princes, slowly Take a sip before letting go.

Such a bloodthirsty word was actually spoken in such a gentle tone, coupled with the handsome and enchanting look of the Yan Wangshizi, the four princes had a chill in their hearts.

He has always loved not involving politics, but he is not afraid of things.

At this moment, he felt that a chill came up from his heart, and he clearly realized that Yan Huaiyu was not telling lies, he was telling the truth!

What he said was true. He really wanted to make a splash in the middle of Beijing. He was still lamenting that he had encountered Yan Huaiyuan's four princes once he had been out of luck. This would even give birth to a few points. Fortunately feel.

According to this strong attitude, if you really want to make trouble, it will not be a good thing for the entire capital or the entire country.

Brow frowned tightly, looked at the side of Wei Yue Wu and looked at Yan Huaiyu, the four princes felt that they could not understand.

Everyone knows that Miss Lin is the love of Yan Huaiyuan, but she feels that Jingde seems to be, but in the end who is true and who is false, he really can't taste it.

However, he will be a little bit scared at this time. If this matter is really big, it won't do any good to the elder brother.

Fortunately, Yan Huaihuan just took them to the private box upstairs, and there seems to be room for recovery.

"Jingde ... Come on!" The four princes now had to call for help in Weiyuewu.

"Shizi, the four princes are also kind!" Wei Yuewu reached out to grab Yan Huai's sleeves, shook it gently, and calmed him with a smile.

"Good intentions? What if I robbed the four princes!" Yan Huaihuan's eyes narrowed slowly, showing a bit of evil, which made his handsome face also a bit of intangible Senhan .

"What to do next?" Wei Yuewu thought it would be better to say it from other places. The black-bellied fox had smashed her hair. "What will I say after I go back?"

"I'll arrange this. You don't need to worry, but the four princes have to give me an explanation?" Yan Huaiyue clicked on the prince's name again, and it seemed that he did not intend to let him go so easily.

"How does Shizi think I am going to do?" The four princes were absolutely aggrieved, especially when they saw this enchanting Shizi smiling more and more stunned eyes, feeling a deep pit.

If you think about it, it turns out that you planned to pit Yan Huaihuan, but why the final result was that Yan Huaihuan pitted herself ...

Chapter 903: I 'm not here to see my father-in-law.

On this day, not only the four princes but also Wei Luowen were pitted.

Looking at sitting in his own study, a leisurely pair of Yan Huaihuan, Wei Luo Wenqi did not hit one spot, but he had to be caught fire, because this request did not sound excessive.

A very simple requirement.

"Wu'er likes Feiyun Tower. I want to build a Feiyun Tower in Yanwang Mansion. My father-in-law won't even let Wuer achieve such a small wish!"

Little wish, is this a little wish! Obviously, it was unreasonable to make trouble, and this unreasonable trouble made Wei Luowen directly think of the thing before Wei Yuewu was not married. At that time, the son of the world asked to measure Feiyun Tower, and then asked to build one according to Qingheyuan.

Obviously I had an idea for Wuer!

I thought I was going to hold a daughter in my hand for a few years, but in the end, she became the concubine of Yan Huaiyu, and she was also an unconcealed concubine. The flames of Wei Luowen's forehead were blue. Began violent.

"Where's the dance? Let her speak for herself!" Wei Luowen said coldly.

The four princes had hinted themselves before, saying that Wuer had taken him away, and asked him where to send her, and he thought it would be Jiangnan.

Wei Luowen felt that she was at ease as well.

Obviously Wu Huaiyu wasn't there, but Yan Huaiyu actually talked to Wuhuai. Why didn't he let Wei Luowen get angry? The more he looked at Yan Huaiyu, the more angry he became.

Wuer was gone. He was embarrassed to go to the gate of Houfu House in Huayang, and also said that he would build a building according to the Feiyun Tower on his own house to please Wuer.

"Master Father-in-law wants to see a dance?" Yan Huai raised her eyebrows and smiled unusually brightly.

Wei Luowen felt that he was more uncomfortable, and his eyes were cold and cold, "Since Shizi took Wuer to talk about things, naturally he wanted to let Wuer speak for himself. It is not possible. Shizi intends to let that Miss Lin come No way! "

"What does Father-in-law say about Miss Lin, what does this have to do with Miss Lin!" Yan Huai smiled lazily, as if she did not hear the meaning of sarcasm in Wei Luowen's words.

"Is it irrelevant to Miss Lin? I heard that the Miss Lin in your house had a fight with Wuer, and when he left the house, he suddenly disappeared. Shizi thinks that this has anything to do with Wuer?" Wei Luo
The way the text looks bad, no matter what Yan Huaihan fights, he will just ask this.

Even if it is not necessary.

Today, if Yan Huaiyu said that this was because of Wuer, or there was a trace of dissatisfaction with Wuer in his words, Wei Luowen felt that he had the right to ask Yan Huaiyu for a fairness for his daughter

"It doesn't matter!" Yan Huai's handsome eyes flickered and smiled.

This answer made Wei Luowen froze for a moment. He prepared a large amount of words and prepared to throw it to Yan Huaihan. However, he thought that the three words Yan Huaihan would hold him back.

"You won't be in trouble with the dancers!" It took a long time for Wei Luowen to utter such a sentence.

"How come, Wuer is my son-in-law. My son-in-law cannot naturally be bullied, let alone be counted!" Yan Huaiyu's eyes slowly became cold, although his face was cold With a smile, but inexplicably made Wei Luowen feel uncomfortable.

"The queen mother meant before that Wuer was indeed your only concubine, but I heard that you and that Miss Lin seemed very dissatisfied!"

In these words, Wei Luowen always wanted to ask, but he always had no chance. Now that he has the opportunity, Wei Luowen simply asked it together.

"Heard? Lord Father-in-law, the word" heard "is a complete word. At that time, I heard that Lord Father-in-law's least favorite was Wuer, and she was abandoned in her maternal grandmother's house. It was years after it was abandoned. There are rumors of talentlessness and flying!" Said Huai Yan with a smile.

Wei Luowen had the impulse to grind his teeth. Looking at Yan Huai's beautiful face, he felt more and more right how the four princes took Wuer away.

"It was the beginning, now it is now!"

"Is there a difference?" Yan Huaihan raised a frown, and said quite lazily.

"In the beginning, I had my own plan. Now that you are interested in Feiyunlou, bring Wuer first. If Wuer said he likes it, I will naturally let you take someone to measure it!" Wei Luowen felt himself The more he said with Yan Huaiyu, the more angry he was.

He came to anger himself today, and he simply didn't talk nonsense with him, and directly got around the problem.

Wei Luowen must be in the hands of the four princes, and Yan Huaihan couldn't find any dancers. No matter what he said, it was just empty words.

No matter what idea Yan Huaiyu came to fight with today, he has only one condition here.

"Father-in-law must let Wuer speak for himself?" Yan Huai narrowed his eyes.

"There is nothing to say about a dancer, and nothing to say without a dancer!" Wei Luowen insisted, reaching out and picking up a book case at hand, which meant that I was busy, and you could go back if everything was fine.

"What if the dance is here?" Yan Huaiyu said with a smile, and it seemed to be in a good mood, and his eyes were dark.

"If Wuer is here, I will let you measure Feiyun Tower!" Wei Luowen was sure Yan Huaihuan would not find Wei Yuewu.

"Father-in-law speaks well!" Yan Huaiyu laughed.

"Of course it's a matter of course. The eldest husband has said nothing and four horses can't chase!" Wei Luowen said with a grimace.

"Well, that's it, I hope my father-in-law is the real big husband!" Yan Huaiyu laughed, stood up, stretched out his hand, and the guard standing behind him ran away as soon as possible, and invited this meeting to be on the carriage of Yan Wangfu Weiyue dance.

The guard said that there was a lot of pressure. This would stand behind his own son. It would be better to go to Shizi.

At first glance, Shizi knew that Shizi would be in a bad mood. This is not to see his father-in-law.

"Wuer is on your carriage?" Watching the guard leave, Wei Luowen froze, his face suddenly asked, what happened to the four princes?

"Isn't it normal for Wuer to be on my carriage? Is it true that my father-in-law doesn't think that Wuer should appear on my carriage, but instead should be on someone else's carriage!" Yan Huaihua said, his eyes pale.

"..." This was a bit of a worry, Wei Luowen didn't even know how to respond, but eagerly wanted to know about Wei Yuewu. After a pause, he asked again, "I'm not talking about Wuer and Lin Does the lady fight? "

"Miss Lin had a fight with Wuer. What was lost was Miss Lin, but my father-in-law looked strange here. Why did you think it was Wuer? Is there any inside story about your father-in-law?" Yan Huai sneered sarcastically.

These words are more heart-piercing than sentence-by-sentence. It sounds like nothing, but when you take a closer look, it seems to mean everything.

Wei Luowen's heart became more anxious.

Taking a deep breath and telling myself to calm down, maybe Yan Huaiyuan was bluffing.

"Wuer quarreled with that Miss Lin, and Miss Lin left. I heard that King Yan's Mansion was looking for Miss Lin everywhere. Why would you still have time to accompany Wuer to Huayang Houfu?" Wei Luowen Pingping After getting angry, try to make your words sound more natural.

Although he still had the case file in his hand, all his attention had fallen on Yan Huaiyu.

Think about the situation quietly.

The Yan Wang Shizi who was opposite him was not so inquisitive. Yan Huaiyu did come to find fault today. This will raise a handsome eyebrow and smile at Wei Luowen's lukewarm saying: "Master Father-in-law said It 's strange that Wuer is my concubine. Miss Lin is strong again, but now she is only Miss Lin. I naturally find her for the family of Yandi, but I do n't know why my father-in-law thinks I will abandon myself. Shi Zifei, looking for another woman wholeheartedly. "

"Everyone said that you were very good to that Miss Lin!" Wei Luowen said with a calm face.

"He 's a family. Does your father-in-law march in the past? Are all the things you heard about heard from you?" Yan Huaiyu sneered Wei Luowen with a smile, "Master Father, find someone first, and I 'll let you know The people who follow you will measure Feiyun Tower! "

Actually, at this meeting, he had not forgotten the stubble. Wei Luowen felt that he had fallen into the pit dug by Yan Huaiyu.

If in the past, I would not let Yan Huaiyu measure the building of Feiyun Tower anyway, it would have a great relationship there. Even though Yan Huaiyu's people may not find anything, he is still cautious.

But I got the news before, knowing that Wuer was in the hands of the four princes, so she agreed to Yan Huaiyu's words.

But saying this, I couldn't swallow it.

"Wait until Wuer comes in!" Wei Luowen gritted his teeth. He still didn't believe that Hua Yuehou would now follow Yan Huaiyu to enter Huayang Houfu.

"Master Father-in-law can't be immortalized by the Yellow River. In that case, wait for the dancers to come over!" Yan Huaiyu smiled coldly, and the more insistent Wei Luowen was, the more he knew.

Originally, he was guessing that this matter was related to Wei Luowen. Otherwise, after he knew about Miss Lin, he just sent someone personally and asked what happened and why Miss Lin would leave the house.

No one was sent after that.

If it wasn't related to him, or if he didn't know, how could he be so calm. Now it seems that the four princes took Wei Yuewu, Wei Luowen must know.

Yan Huaiyu feels that his heart is not that big. Even though Wei Yuewu is Wei Luowen's daughter, she is now her own. This will actually make people calculate. Of course, he will not make Wei Luowen better.

Anyway, how to get upset!

"Yes, wait for the dancers to come over!" Wei Luowen still does not believe that Yan Huaiyu really took Wei Yuewu back. Although the strength of the four princes is a little weaker, but hiding a person in the capital is still very simple, and even if it is found, it won't be so fast.

But when he saw the figure of Wei Yuewu appearing at the entrance of the study, his face became pale for a while. What happened to the fourth prince ...

Chapter 904: Ercha Feiyunlou

"Wuer, why are you ..." Wei Luowen said this subconsciously, and then he checked his words after he finished speaking.

"Why is my father-in-law so sure that Wuer isn't with me!" Yan Huaiyi snorted coldly, and there were no outsiders in the room. "Is that my father-in-law knows that someone has taken away Wu-li instead of Lin Miss! "

"I don't know!" Wei Luowen denied, gazing at Wei Yue Wu up and down, not relieved that she was abnormal, but still relieved, "Dance, you all right!"

"Father, I'm fine!" Wei Yuewu stepped forward and smiled to Wei Luowen.

"You ... how do you ..." Wei Luowen wanted to ask but also knew that it was extremely inappropriate at this time, and Yan Huaiyu was still staring at him.

"Master Father-in-law wants to ask anything, just ask, there is nothing more to say about his own daughter-in-law," Yan Huaiyi asked with a smile, but how did you hear this and feel it was not tasteful.

"I want to ask Wuer, isn't it a big deal!" Wei Luowen coughed and said with a straight face.

"How could it be all right? They were all robbed. Does the adult father-in-law ask who the dance was taken away by? The adult father-in-law knew who it was!" Yan Huai smiled more and more.

"How could I know!" Wei Luowen reluctantly replied, then turned to Weiyue Dance Road, "Dance, have you really been taken away!"

This sounded like an interrogation, but it wasn't an interrogation at all. In Yan Huai's burning eyes, Wei Luowen had to say so.

I felt quite embarrassed after asking myself. I am afraid that Wuer already knew about it. He said that he really wanted to cover it up.

"Wuer, tell your father-in-law who hijacked you, and then plan to send you where you don't know when the father-in-law said nothing." Yan Huaiyu elegantly leaned Wei Luowen gave a glance, and said rudely, looking at Wei Luowen seemed to be watching a comic.

"..." Wei Luowen didn't know how to answer for a while, this sentence was stabbing, clearly stabbing himself.

"Father, I'm fine. I'll go back to the King's Mansion with the son of the world. I'm afraid he will come here and tell my father. This is a misunderstanding!"

Wei Yuewu smiled implicitly, determined to make the words more gentle, as soon as she entered the door, she saw her father's embarrassment. It is also a good intention, Wei Yuewu never wanted Wei Luowen to be run by Yan Huaiyu.

However, the black-bellied fox is not very happy today. After seeing him, he was such a grotesque and moody look. It is estimated that if he appears later, he will blast away his hair. Say.

Follow his temper and give him hair.

"It turned out to be a misunderstanding, Master Father-in-law knows!" Yan Huaiyu snorted coldly, not planning to let Wei Luowen go.

Wei Luowen felt that he wanted to swear again, didn't he just know it afterwards, and made the meaning to let Wei Yuewu return to Jiangnan? As for everything, he stabbed himself!

But he just said this again. Wei Luowen was both aggrieved and helpless. He didn't know if something had happened to the four princes, and he was worried.

"Wuer, since it is a misunderstanding, then ... is it all right?" Wei Luowen certainly would not ask Yan Huaiyu, and had to turn to Wei Yuewu's implicit way.

"Father rest assured, everyone is fine!" Wei Yuewu smiled sweetly. As for the four princes who finally talked about the conditions to leave, it was certainly not within this number.

"It's all right, all right!" Wei Luowen's heart fell down.

"How is it all right, Feiyun Tower that my father-in-law had promised before?" Yan Huaiyu took the topic with a bit of yin and yang, and his eyes fell on Wei Luowen with enchanting eyes, and he didn't let him pass through the door, "Adult father-in-law said that he was the eldest husband ..."

"Come here, take the people of Yan Wangfu to measure!" Wei Luowen gritted his teeth, and raised his voice to the outside, and let Yan Huaiyu continue to talk, but the more he said it, the worse it was.

"Yes!" Wei Cheng, the keeper outside, walked in, paying respectfully to Wei Luowen.

"Shizi, your people are following the past, but because Feiyunlou was left by his father, everything cannot be moved. Just look at it and measure it a little. If it is damaged, it will be unforgiving." Wei Luowen bit his teeth.

"Master Father-in-law, rest assured, my people will be very careful." Yan Huaiyu laughed.

I don't know why, Wei Luowen seemed to hear Yan Huaiyu's special emphasis on the word "Caution", and he became more uneasy in his heart, and winked at Wei Cheng, and Wei Cheng nodded silently.

"Father, what is this ... what to do?" Wei Yuewu came in, not knowing Yan Huai's request, and she blinked and asked in surprise.

"Shizi said that you like Feiyun Tower, and you want to build a similar Feiyun Tower in Yan's Mansion, so you have to measure a Feiyun Tower in our house!" Wei Luowen bowed.

Feiyun Tower? Wei Yuewu really wanted to see it, but there was no opportunity for him to go in brightly, and it would be even more inconvenient for him to marry to Yan Wangfu.

"Father, shall I follow up?" Wei Yuewu asked smartly.

"You ..." Wei Luowen was actually unwilling. The fewer people there, the better.

"Just let Wuer take a look. If she doesn't like it, you don't need to measure it!" Yan Huaihuan said to help Yueyue dance.

"This ... Okay!" Wei Luowen thought of a few things when he heard a few things, but he was afraid that Wei Yuewu would mess with the things flying to the Yunlou Tower, and turned to Wei Yuewu's face with a dull look, "Wuer, that place is your grandfather's place. Everything in it is set up according to your grandfather's life. There are also some precious collections. Do n't look around. When it 's broken or broken, your grandmother will be angry. of."

"Father, don't worry, I'll just look around and turn around!" Wei Yuewu promised with a smile.

"Then you go!" Wei Yuewu said about this, Wei Luowen had to wave his hand, and then shouted at Yan Huai, "Shizi, I have a few gold stone collections here, want Shizi to help With appreciation. "

Wei Yue Wu must be his own daughter, and it doesn't matter if you put it in, but Yan Huai Wei Wei Luo Wen will never let him in. Of course, you will think of something to hold him back, lest he give birth to other reasons Come.

Moreover, for Yan Huaihuan, Wei Luowen really did not dare let him go inside to look at it.

"Okay, I just want to see Master Father-in-law's collection!" Yan Huaiyu also knew that Wei Luowen was guarding himself. This would no longer stab him, and agreed to it.

Seeing that the two of them were at least kind now, Weiyuewu just followed Weicheng and walked out.

Along with going out was a guard at Yan's Mansion, holding a circle of soft tape and a book in his hand. It looked like a decent record to be measured.

After turning a few intersections, I saw Feiyun Tower, took the key from my wife, and opened the door of Feiyun Tower.

Only to find out that this place has been closed for too long, even if it is cleaned inside, it still feels a bit empty and gloomy in life.

The guard took a soft ruler to measure, and from time to time also recorded it. Wei Cheng stared at the guard tightly. Whenever the guard thought about it more carefully, he would block it.

Because Wei Cheng was staring at the guard, Wei Yue Wu was here to relax.

There are three floors here, and there is a staircase opening on the far right, from which you can go up.

Wei Yue Wu did not go upstairs, but just turned around casually. The layout downstairs is actually simple. There are tables, chairs, and coffee tables for ordinary guests in the hall. The lower floor is almost all the living room layout. It is obvious that the Scriptures are the place for hospitality, but in the memory of Wei Yuewu, no one has ever seen hospitality in Feiyun Tower.

It can be seen that this so-called hospitality may only be the initial idea, and then Feiyun Tower was sealed, and it has not been hospitalized for so many years, and even people are not allowed to come in casually.

Wei Yuewu will not forget that even Luo Luowu came in secretly. It can be seen that the control here is particularly tight. It is rare to have such an opportunity to come in and take a look today.

The living room looks very large. Even if there are enough chairs on the side, there are still a lot of large out. On the side, there are some sporadic things. It looks like some things that the old man said by his father.

Wei Yuewu looked at it casually, some were broken, and it looked like it was a long time ago.

In a corner of the living room, Wei Yuewu even saw a few broken calligraphy and paintings. Looking at the painter and the handwriting left above, it should be genuine, but even the genuine one is already broken at this time. It's a pity, and I don't know why it is not patched.

If you put it in this way, it will break even if no one touches it.

There were a few pieces of paper hanging there crumbling, and the wind through the door blew like this, who would dare to move.

It is a pity that the famous famous paintings and authentic fonts will disappear if they are kept for a few more years.

Wei Yuewu stood for a while in front of the character screen, and also enjoyed playing for a while, and finally sighed and turned to another place, but there are other places like this. The four corners of the entire living room are piled with things, which looks more like Debris piled up.

On the second floor, there are a few rooms and a study. The study is very clean. The rows of books are neatly arranged, and there are books on it. Many are not seen by Wei Yue Wu. It can be seen that it is an absolute edition. Rarely seeing such a book, Wei Yuewu opened a few special books.

A few books still seem to have been repaired, but after repairing, I did not see any abnormalities. The entire study was clean and tidy.

Above the third floor is a large room.

In a large room, the front was like a meeting place, and the back was like a bedroom. The Wei Yue dance turned around, and nothing unusual was found.

After going up and down a circle, Wei Yuewu left with Jin Ling, and while walking, he frowned tightly, always feeling that he had overlooked the most important thing.

Everything seems to be in order, because everything is taken care of, but why do I always feel so uncertain?

Chapter 905: To marry

"Where are we going?" After coming out of Houfu of Huayang, looking at the scenery outside the window, Wei Yuewu asked in amazement, clearly this is the way to the King's Mansion.

"Prince's House!" Yan Huai said leisurely.

"Why go to Prince Edward?" Wei Yuewu choked a moment, puzzled.

"Of course go to Prince's House for trouble!" Yan Huai took for granted.

"..." After finding the troubles of the four princes and the trouble of my father, it was involved even with the prince. Looking at his handsome eyes, he was full of brilliance and looked seductive. It's the anger that's gone.

Reaching and holding Yan Huai's hand, Wei Yuewu reluctantly murmured Sakura's lips: "Let's go back and explain what happened to Miss Lin!"

Needless to say, this is a mess that has caused this world grandfather, so he is proud!

"It's not a big deal!" Yan Huai said indifferently, but her eyes narrowed comfortably into a line.

"Why isn't it a big deal? Miss Lin is gone. It's so loud that there must be some attention to it!" Wei Yuewu shook his big hand, chanting.

"Nothing particular about it. If you find it, you can find it, what else!" Yan Huai said lazily.

"But the four princes are not necessarily all bad-hearted." After thinking about it, Wei Yuewu had to say.

"He is kind and wants to dismantle us. What kind of kind is this!" Yan Huai snorted coldly, and closed his eyes simply, not watching Wei Yuewu.

"In fact, he didn't know that he thought you were interested in Miss Lin. Didn't you make up Miss Lin too!" Wei Yuewu decided to talk to him well.

"So what!" This world son, today is particularly unreasonable, and directly wailed Wei Yue Wu.

"It's always for a reason, and the four princes promised that there would be no such thing in the future, so let them go!" Wei Yuewu could only shake his hand again.

But in this society, the boy closed his mouth and said nothing, leaned over there and pretended to sleep!

Seeing him lying comfortably, he exhausted his tongue and did not change his mind. Wei Yuewu took up his big hand and put it on the lips of Sakura, which was a bitter sip.

"How do you bite me!" Yan Huaiyu opened her eyes and said in pain.

"Who told you not to listen to me!" Wei Yuewu put down his hand and glanced at him proudly. Since it doesn't work, it doesn't make sense.

"Isn't I listening!" Yan Huaiyun turned his head in a grievance, and Junmei's face was aggrieved and helpless.

"Why don't you talk!" Wei Yuewu said arrogantly.

"Okay, what are you talking about? Let's go back to the house and don't bother them!" Yan Huai laughed, stopped making gestures, reached out and touched the hair of Weiyuewu, and took her Slim in his arms, "You're really fine, the four princes didn't treat you so much?"

"What can I do? I didn't make any trouble after I knew that the man who robbed me was the fourth prince, but I know you will find me." Wei Yuewu leaned leisurely on Yan Huaiyu, at the corner of her lips There was a smile.

The black-bellied fox did not occupy the heavens and the earth, did not occupy the land, nor the peace, but some things could be made, and Wei Yue Wu had great confidence in him.

"You're so confident in me!" Yan Huaiyu laughed, half-embracing Weiyue Wu, and her face regained her graceful look like jade, except that what was said had nothing to do with Wen Yaruyu. .

"I went to Mo Huating and asked Mo Huating to call someone to help me check it!"

"Mu Huating checked?" Wei Yuewu froze for a moment, but suddenly realized that Mo Huating did have a lot of advantages compared to Yan Huaiyu, so he didn't need to be a great prince now. But there are no secret hands, and there are a lot of secret forces, making him to check is indeed much simpler than Yan Huaiyu's own investigation.

"He now knows that the fourth prince robbed me?" Wei Yuewu suddenly thought of something and asked urgently.

"I don't know. The last ones were checked by myself. He only provided some information that I couldn't easily check!" Yan Huai said lazily.

"That's good, otherwise let him know, maybe he will give birth to right and wrong again!" Wei Yuewu patted his chest gently, nodded delicately.

Mo Huating is not a good companion. If he wants to use him, he may be bitten by him.

"No problem, I won't let him have a chance to bite back!" Yan Huaiyu smiled slightly, a flash of wicked depth flashed in his eyes, and then let people go home.

Miss Lin, who was almost upset at Yan Wangfu, is back.

It turned out not to have been robbed, but this lady Lin had a bad temper to go back to Yandi, and after arguing with the concubine of the king of the king, she took her own person back to Yandi.

Of course he was chased back afterwards.

So it was a false alarm and nothing serious at all, but it was the instability of the king Wang Shizi's backyard. This Miss Lin has not yet married Yan Huaiyu, nor does she have an established name. If you really marry into the palace of Yan Wang, you must not make a mess.

More and more people no longer see Yan Huaiyu.

I feel that Yan Huaiyan is not doing well. The Miss Lin of Yandi is too arrogant. How can I see that the Jingde County Lord in Beijing is a suppressed one.

Fortunately, there are also some rumors that the King of the King Yan is actually good to his son and daughter of the world, but he is not good to the Miss Lin of Yan Di.

But no matter what, everyone thinks that Yan Huai's backyard will inevitably have something big in the end.

This Miss Lin is so arrogant and arrogant, even though the Jingde County Lord himself is weaker, she must be the daughter of Huayang Hou Wei Luowen, and she also bears the name of the County Lord. Some people say that the Queen Mother is also supporting her. Yes, there are so many reasons to put it there, and in the end it must be quite a fight.

Maybe something will happen.

The matter of the King's Palace subsided, and then a will in the palace also pushed the Lu government to the bright side.

After the will of the Queen, the three princesses married Lu Yanli.

The third princess really agreed to marry Lu Yeli, and this incident shocked everyone again. Before the third princess fought for Yan Huaiyu and the fourth princess, there was even a suspicion that the fourth princess and Weiyuewu were secretly calculated. In the end, even the emperor was dizzy.

Later, Zhao Zhaoyi was involved.

Until now, she is going to marry Lu Yanli, so why is her trouble before her better than Lu Anli's early selection of Lu Anli, this matter will not be upset to this status.

But since she had already selected someone there, and Lu Di was an object worthy of attracting the capital, it would not be good to shut her down again, so the three princesses and Tu Zhaoyi were released together, and the guard at the gate of the palace was removed. However, although they were not banned from entering and exiting, the queen mother-in-law also rebuked her and ordered them to regret in the palace well, so it is not necessary to come out.

This is considered a soft stop.

The Lu government's mansion was to marry the three princesses. Of course, it would also be decorated. Various decorations, porcelain, and treasured calligraphy and paintings were sent to the Lu government mansion.

Of course, there are some rewards in the palace.

But the busier is the Yasukuni Shrine. Although Lu Yili said that the marriage with the three princesses was settled, it is not always possible to get married, and the prince Wen Tianyao's wedding is coming.

Because it is a lot of time in advance, the marriage period is counted, that is, three days later.

After Jing Wenyan came down from the plum blossoms, she would not be able to make a public appearance in front of people. She was devoted to preparing her own marriage and things to marry. After hearing about what happened at Yan Wangfu, she sneered and expressed disdain.

No matter which Miss Lin or Wei Yue Wu, she doesn't like it!

However, think about how soon I will become the Princess of the East Palace, and the queen mother-in-law has promised her, as long as she marries in the Palace, she will help manage the harem in the name of the Princess, which is almost synonymous with a stable future queen, Jing Wenyan did not like it.

Of course, she also secretly gave many guarantees to the queen mother-in-law, and expressed her loyalty to the queen mother-in-law in order to get ahead of this marriage.

When she becomes the princess of the East Palace, she can press Wei Yue Wu steadily. What she thinks about is not the result of her own words. As for Yan Huaiyu, Jing Wenyan does not believe that he has no feelings for himself.

At that time, because of too many factors that prevented him from being with him, it was bound to have regrets in Yan Huaiyu's heart!

Otherwise, it is impossible for this Miss Lin to come out. Jing Wenyan always feels that this so-called Miss Lin is her incarnation. The so-called green plum bamboo horse is clearly owned by herself and Yan Huai. Hear the woman.

The dowry was almost prepared, because it was too much and was not placed in her own garden, but instead was placed in another empty garden. This garden was once seen by Weiyuewu, or Qingyang was once The county's residence.

There were a lot of piles in the attic, but it made a lot of noise in a once quiet courtyard, and there was a constant flow of people from time to time.

Jing Wenyan was also not very satisfied with her dowry. Originally, when she was in Jingdi, she prepared the dowry early, but then Yandi invaded. She followed the Madame Jinguo into Beijing earlier. Not much, these dowry now are newly prepared.

Looking at his dowry list, Jing Wenyan became more and more dissatisfied, thinking about the middle list that he wanted to drop, and asked, "Is my father in the study?"

"Grandfather Guo is in the study." There was a mother-in-law who knew that, busy.

"Go!" Jing Wenyan stood up, she had to ask her father for some good calligraphy, otherwise the dowry was really unsatisfactory.

In the study, Jinguo just frowned and talked to his son. Hearing that Jing Wenyan was coming over, he waved a little, and waved for Jing Wenyan to come in.

"Father, give me some of the precious calligraphy and paintings!" Jing Wenyan came in first to pay tribute to Jinguo Gong, and then met with Shizi, and then asked politely.

Chapter 906: Find the seller first, or build the wall first

"Why not? Didn't I give it to you!" Yasukuni's brow frowned even more, and the son sitting next to him didn't look good.

"It's still too few. My father had prepared more dowry for me than this one. Besides, I'm a princess in the palace now. If I don't have a certain dowry, my father and elder brother will be ashamed!"

Jing Wenyan laughed and sat down in a chair.

"But now it is different from the past. The dowry that I will prepare for you has been prepared for more than ten years!" President Jinguo sighed.

"So, the dowry now is worse than before. I was going to marry Yan Huaiyuan, and now I am going to marry a prince. It must not be too shabby."

Speaking of his personal affairs, Jing Wenyan said lightly, without the shyness of the newly-married woman.

"But in the government ... there is not much money." Jinguo Gongshizi sighed.

"So, I only want the calligraphy and paintings that my father treasures." Jing Wenyan said for granted.

"But ... Father now has such a few valuable things." Yasukuni Shiko looked at the gloomy Yasukuni and spoke for him.

"Father, elder brother, don't be reluctant to wait until I stand firm in the palace in the future. What kind of calligraphy and painting do you want? Now it is just to make everyone look good on the surface. I, the princess, can't compare. Wouldn't it be better if I was married to the East Palace, and the family daughters entered the East Palace three days later. "

Jing Wenyan said annoyingly.

Although the family daughters in Beijing are not as good as hers, but because they have been in Beijing for many years, they have a good background. Do n't really have one or two, and the dowry will exceed her, but it will not look good.

"Sister, no one will surpass you, you will have a lot of rewards from the palace ..."

"Brother, it's in the palace. When the queen mother-in-law sees my dowry list, most of it is in the palace. What will you think of me and how will we look at our palace?" Jing Wenyan looked cold. Directly swept the face of Yasukuni.

"But my sister ..." Yasukuni Shigeko wanted to persuade.

"Well, show me your calligraphy and painting to your sister!"

"Father, but this is your last treasure!" Yasukuni Shizuo turned his head and looked at Yasukuni with a look of embarrassment.

"These are dead things. Since your sister is fancy, and you want to decorate the facade, just give it to her!" Jinguogong sighed, gently stroked his head, and said tiredly.

I thought that even if Yan Huaiyu was caught and sent to Beijing, he was an emperor. After he got into Beijing, he found that many things were completely different from what he thought.

Even though he kept the status of the Yasukuni, he was just an empty shelf.

The family in the capital did not accept him as a run-down national father. Instead, he gradually faded out of the family's circle, and now he rarely participates in banquets, and he does not take the initiative to host any banquets.

Only now is a good relationship with him. Occasionally, only Nanan Wang is walking around. It can also be regarded as the friendship that grew up as a child, of course, or the emperor's meaning.

Jing Guogong has long since lost the fighting spirit that was originally sent to Beijing by Yan Huaiyu.

"Yes, father!" Now that the father has agreed, the father of the state of Jinguo dare not say much.

Since things were about to arrive, Jing Wenyan didn't stay much, stood up and saluted to the Yasukuni and Yasukuni, and then retreated.

"Father, look at my sister like this ..." Jinguo Gongshi looked at Jing Wenyan's back, and said nothing.

"Well, don't say it, always your sister wants mother-in-law in the future. It's nothing for her to give her everything here. She will always miss your brother in the future. My brother can't afford to be left in the cold, and the Yasukuni Government will only rely on you in the future! "

Yasukuni sighed and interrupted his son.

"The future is the future, but now, take a look. Because of my sister's affairs, the stores we opened are getting harder and harder. There is almost no big family willing to do business with us. Now we maintain such a big one. The government has been very difficult, but the sister is still reaching out to you! She is not ignorant of things in our government! "

The son of Yasukuni Shi was indignant.

The cause of the incident was Jing Wenyan, but in the end he fell to the Yasukuni Shrine, and Yasukuni Shiko expressed his dissatisfaction.

"This matter has passed now, and there is no way to spend it. Then divide the garden and go out. Anyway, there are only a few people in our house. After your sister marries, there will be more places to live, such a large mansion. It's also a waste!" The Yasukuni Grand Duke was discussing this matter with the Yasukuni Grand Duke. After thinking about it, he can only say.

"This mansion is given to you by the emperor. How can it be said that it will be divided?"

The Yasukuni Shoji said in shock.

"It's okay. I've asked King Nan'an privately. King Nan'an also said that if the turnover is not good, you can do this and divide our house into two. One of us will live on our own and the other will sell. It must be a family, a good negotiation of money, and it can be said that it is temporarily loaned to relatives and friends, even if someone knows it, they can't say anything. "

Yasukuni supported his head and said, this is the result of his meditation over the past few days.

The marriage of his daughter has almost evacuated the entire Yasukuni Government, and the daily expenses of the Yasukuni Government are difficult to maintain, how he does not know.

If there had been no previous Jing Wenyan's Zaojiao incident, or the business of the Jingguo Government was not bad, but now it has plummeted, and the entire Guofu government has been ruined.

The sensible and competent daughter in the past would still keep asking him for things, which made the Jingguo even more difficult.

"Yes, father, was that son to find the seller first, or to build the wall first?" Jinguo Gongzi thought about it, it seems that there is only such a way, helpless way.

"Find the seller first, then ask how much people need, and then build the wall!" Jing Guogong sighed again, and he would suddenly regret it.

I knew it was such a scene after entering Beijing that he would not detect the Yandi secretly anyway, and gave the Beijing city eyes and ears, so that he annoyed Yandi and destroyed his Jingdi directly.

Although Jingdi is small, he is the deserving king in Jingdi at the time. Who would despise himself in Jingdi!

Even if it is the emperor in Beijing, from time to time in secret, in order to attract himself, there will be rewards in secret, where it will be as it is now, and even the expenditure will be constrained ...

I would have known why now, why this is the deepest thought in Yasukuni! Annoyed Yan Di, as the King of Yan said, there was absolutely no end, since the emperor in Beijing couldn't protect himself.

The daughter married the princess, or she had planned it by herself. In the past, all the emperor agreed to, now it is only a mirror flower ...

"Ms. Lin actually found it?" Mo Huating put down his case file and frowned and asked his secret agent, "Is it really found or fake?"

His subordinates provided part of the news to Yan Huaiyu, but the other part could not be found. So, with such suspicion, is such a big event really just a misunderstanding?

If it is true, this Miss Lin will really make trouble!

"Yes, Your Highness, I really found it. When I saw a woman entering the house from outside, she was carrying a large group of girl-rings and mother-in-laws. It should be the Miss Lin." An Weiwei reported.

Such a big movement, in the end, was just a woman who had a bad temper. Mo Huating hummed first, then suddenly laughed: "Yan Huaihuan is not worried!"

A man who couldn't even control his own backyard, how capable he was. Mo Huating was disdainful, but after this, he slowly converged and smiled, his eyes darkened, Ruoyan was really pregnant. How could he be so incapable of making such a big wave in Central Beijing, especially this time holding on to his seven inches, so that he had to help him do things!

Is there anything else in it? Mo Huating doubted this moment!

"Check the news of the Princess Wang Yanshi!"

"His Royal Highness, are you checking the news of Princess Wang of the King of the Kings?" Ai Wei froze for a while, deeply feeling that it is a waste of time to check the news of a Princess of the King of the Kings which is not very useful. The more valuable Miss Lin, compared to Miss Lin, this concubine is really too wasteful.

"Check her!" Mo Huating's brow frowned tightly. Wei Yue Wu he knew was by no means a cowardly person, how could he be vulnerable to Miss Lin, who was in Yandi?

If it wasn't for this Miss Lin being too powerful, it would be that there is something wrong with this matter. Wei Yue Wu is a wise person and definitely not a stupid person.

Will Miss Lin be smarter? Mo Huating was deeply skeptical.

He is different from others, and he still knows about Yue Yue Wu. The more times he fights, the more he feels that Yue Yue Wu is a woman with a sense of wisdom and honesty. Such a woman will be suppressed by a family member of Yan Di. ?

"Yes, the subordinates will check it!" Since the owner and the son have repeatedly stated that the dark guard will certainly not object, and should answer.

"Come on!" Mo Huating waved.

Anwei took a few steps back, and suddenly stood still and said to Mo Huating: "His Royal Highness, there is something for your wife to ask you!"

The so-called wife is actually another name for Wang Meiren in Jingyuan Houfu. Of course, this matter is only known to Mo Huating's confidants.

"Not the Lord of Jianan County, but the princess of the Nanxia Kingdom, not to say that there are two princesses going to Beijing, one to go to the East Palace, then the other ..."

Mo Huating pointed out something. This was the conclusion he made after weighing. Marrying the princess of the Nanxia Kingdom was much better for him than the master of Jianan County. Moreover, the master of Jianan County must be the five prince. There is a meaning to be a relative. If it is taken away, it may cause a counterattack of the five princes.

Of course, if you can marry both, and you don't let the five princes have any opinions, that's the best!

For his personal affairs, Mo Huating always has his own ideas and plans ...

Chapter 907: Yang Yuyan's sudden visit

With the return of Weiyue Dance, Yan Wangfu became quiet again, as if nothing had to do with Yan Wangfu.

The prince's wedding is about to happen, and the whole capital is excited. Everyone is concerned about the prince's wedding, but it puts many things behind.

The prince's wedding has nothing to do with Wei Yuewu, but the gift she sent at this time has a close relationship with her.

Two sets of jewelry from Xianzhuang.

There are ten pieces in each set, including mules, earrings and the like, and each one is very beautiful and even fits the temperament of Weiyue Dance.

On the whole, the temperament of Weiyuewu is sparse and cold. If you do n't smile, even if you just look at people, you will have a bit of coldness. Only when she smiles, will you let time People feel the beauty of flowers blooming and inspiring.

The flower-shaped design is dominated by cold colors, with silk warm colors on the corners.

"Master, this is from Xianzhuang, saying to accompany the master for the previous events." Shu Fei smiled and sent an earring to Wei Yue Wu.

Wei Yuewu took it, and couldn't help laughing. I couldn't think of this Xianzhuang master who was actually the four princes, but the four princes gave way to promised Yan Huai several conditions that day, which is one of them.

"Master, the four princes probably regretted death!" Jin Ling couldn't help laughing, she was also present. Of course, she saw that the four princes later left in a face of earth.

"The four princes must have regretted robbing the master!" Yu Yan also affirmed.

"Master, Miss Yang is here!" While the master and servant were laughing, the curtains were lifted, and the painting came in at the end of the painting, and I reported.

"Yang Yuyan? What is she doing here?" Wei Yuewu put down her ear pendant and frowned.

"The slaves didn't know, but the slaves looked at Miss Yang in a hurry, and they must ask the slaves to come in and report to the master." The end of the painting shook his head.

"Please come in!" Wei Yuewu thought for a while, turned around and sat down in front of the chair again.

"Yes, the slaves immediately invited her in." Nodded at the end of the painting and turned to leave.

A few rings in the room packed up the jewelry on the table.

It didn't take long for Yang Yuyan to come in at the end of the painting, Yang Yuyan brought a girl ring, or her former girl ring Jiner, came into the house and saw Wei Yue Wu "thump" and knelt down, her eyes instantly turned red. : "Please help your concubine!"

"What's the matter?" Wei Yuewu asked Jin Ling to lift her up, and asked, "After Her Royal Highness's wedding, it will be the day you enter the East Palace. Come to me at this time to ask for help, you enter the East Palace. If you do n't do well in the future, it 's also Prince-in-law and Concubine. No one who wants to bully can bully you! "

"Yes ... is my stepdaughter and sister now, they ... want to plot my marriage!" Yang Yuyan was seated on the side by Jin Ling, and wiped her tears with a papa.

"Why?" Wei Yuewu said in surprise, she hadn't really thought about it. The wife of Yang Shilang's newly married actually had such a courage to dare to steal the sky!

Prince Wen Tianyao has seen Yang Yuyan. How can he not know how to change people?

"Say ... Say you want to send my second sister to the palace. After that, maybe there will be a chance for the world of mother-in-law, so ... All you have to replace me!" Yang Yuyan was panicked, tears streaming down In the beginning, this marriage was also said to rely on Weiyuewu, and later I got a fight. "Doesn't your father care?" Wei Yuewu frowned, feeling that this was really mysterious. Why did she want to enter the East Palace, but such a thing happened.

"My father said ... I don't believe it. He doesn't think there will be such a thing. Tell me not to think too much. I think the stepmother is pretty good!" Yang Yuyan also had no choice but to think of Wei Yue Wu. .

"You overheard?" Wei Yuewu thought for a moment, then understood the key.

"Yes, it was Jin'er, when my stepmother's closet was talking quietly with my second sister's closet, but when I pulled them out, they all denied that they said before That way. "Yang Yuyan cried.

"Is Jiner heard?" Wei Yuewu asked.

"Yes." Yang Yuyan nodded.

"Don't hurry, Jiner, come here. I ask you, when and where did you hear what the two of them said?" Wei Yuewu calmed down.

"Sister Concubine, Sister Nu happened to go to the kitchen to take the lunch to the young lady. Unexpectedly, she went outside a wall, heard the two of them talking, and even heard the name of our young lady, so she stopped carefully. After listening, I expected to hear such a thing!" Jin Er shuddered.

"At this time in the past, did you go to lunch for your lady at this time?" Wei Yuewu raised her eyebrows and asked casually.

"It was earlier to take it earlier. This time, because the lady was not well, she didn't want to eat for a while, so the slave took it later."

Jin'er thought about it.

In other words, this incident is accidental.

"Second concubine, slaver ... slaver also heard ..." Jin Er hesitated, turned to look at Yang Yuyan, and did not dare to tell the truth.

"Jin'er, you say it!" Yang Yuyan nodded.

"Slave also heard that they both mentioned you!" Jin Er said hesitantly after seeing Yang Yuyan's approval.

"Me?" Wei Yuewu said in surprise.

"They seem to say that there is a Taoist ... that Miss Er will be expensive in the future, but if this opportunity is missed, there will be no chance after that, and that this Taoist priest is also related to the

concubine of King Yan, and he also I once told the concubine that the person who marries in the future is bound to be different ... So later the concubine retired from the relationship with Jingyuan Hou, and then became the county master and then married the king of the swallows. "

Jin Er hesitated.

"So everything about our master was predicted by this Taoist priest, and because our master obeyed his words, he insisted on retiring Jingyuanhou's marriage and then married Shizi?" Jin Ling compiled Jiner's words, Anger appeared on his face, "Where is the Taoist nonsense?"

"When has the master met a Taoist priest, this nonsense must have a side!" Shu Fei also followed with anger. They were the first few who followed Wei Yue Wu. Naturally, they have never seen Wei Yue Wu asked a Taoist priest. .

This is clearly a Taoist nonsense, deceiving.

"But ... but they said that the Taoist said that he had noses and eyes, that the county master met on his way to Beijing, and then pushed everything to Jingyuanhou in order to remarry." Jiner said.

"Did the master have another demon son in Jingyuan, and what is it that pushed him to Jingyuanhou for the purpose of divorce? Does it mean that the master deliberately said it at the time?" Jin Ling was furious, what was it then If the situation is not clear to others, how could she not know.

When I first served the Guardian Moon Dance at the command of the son of the world, even Jin Ling, who was born as a dark guard, was surprised and surprised. Such a weak girl had such great perseverance. Under such circumstances, she also Don't panic, calmly respond, and even pulled Wei Yan's girl ring out.

Forcing Jingyuan Hou to say nothing.

It can be said that although they are in danger, they have every opportunity to take advantage.

The situation at that time was vividly remembered, and now there are still people talking about it. How can Jinling not be angry.

If it wasn't for the good luck of Weiyuewu, it would have died long ago and could not die anymore, and where did the Taoist priests talk nonsense?

"Where's that priest?" Wei Yuewu's deep eyes floated a little bit of taste, and asked without hesitation.

"That slaver ... I don't know. They didn't say it. They said it before, but when the master asked it later, they also deny it. They also said that the slaver meant it nonsense. Later, when slaver talked about the Taoist priest, he was also The master reprimanded and shot ten. "

Jin'er grieved and wept.

The crowd noticed that she did look inconvenient when she entered the door.

"How did they say they would exchange your lady's personal affairs with your second lady?" Wei Yuewu's long eyelashes flashed twice, and asked with interest.

"Say, it seems that when changing to Huaqiao, there will be a lot of people who will enter the East Palace. His Royal Highness Prince has seen our lady, but the second lady's original had something to do with the young lady. Elephants, plus the makeup on that day, always look a little different from the past. After that, the prince and the second lady married, and they have become a boat. It is no use for the young lady to make trouble again! "

Jin Er said angrily while crying.

"The slaves heard this and were so scared that they didn't even take their lunch. They told the young lady directly, the young lady went to find the master, but when the master found them two slaves, what did they look like? I do n't know what it looks like, the master also said that the slaves talked nonsense. "

Jin'er felt that she was both grieved and angry. She was obviously uneasy because of his wife and second lady. She really wanted to frame the young lady. The old man didn't listen to himself and the young lady, so she blamed herself and scolded the young lady. Meal.

"One is a closet next to your wife, and the other is a closet next to your second lady?" Wei Yuewu asked again.

"Yes, they are!" Jiner said.

"Is there a way to draw them out? I'll send someone to pick them up and ask!" Wei Yuewu's deep water eyes glanced a little chill, which sounded quite straightforward. The stepmother listened to the Taoist priests and sought Taking over the daughter's family affairs, but this family relationship has nothing to do with the Prince Wen Tianyao will be a trivial matter.

And the other end was even accompanied by himself.

It looks like someone has secretly calculated to himself, and this time the scheme does not feel like a scheme from the backyard, which makes Wei Yuewu suspicion, but this suspicion has no evidence for the time being.

"Yes, I have a way!" Yang Yuyan also heard some notes at this meeting, wiped his face with a papa, and stopped crying. After listening to Wei Yuewu's words, he thought for a moment, and said in a hurry, "I happen to have one tomorrow Things can get them out, but maybe they won't go out for long. "

"No problem, as long as they can go out of the house!" Wei Yuewu nodded, as long as they were out of Yang Shilang's house, it was not easy to fight grass and snakes ...

Chapter 908: Interlocking, Taoist

A wife-in-law and a girl-in-law in Yang Shilang's house were sent out to sacrifice Yang Yang's ex-wife.

When Yang Yuyan wants to enter the East Palace, she naturally also worships the heaven and earth. As for Yang Yuyan's biological mother, she was very affectionate with Yang Shilang during her lifetime. As a step-wife, the current wife, Mrs. Yang, of course, had to perform a ritual, so Start preparing early now.

Sending the next-to-be close-up wife next to her and Yang Yurou's next-to-be close-up girl ring are to make Yang Shilang see their sincerity.

Besides, Yang Yuyan's Yahuan Jin'er also pointed out that the two men said behind them that Mrs. Yang wanted to grab Yang Yuyan's family.

To show that she is innocent, Mrs. Yang certainly has to perform better.

Of course, these two people did not leave the house for a long time, they were robbed by Weiyuewu's gods.

The two were blindfolded and taken to a place.

He was caught inexplicably, and he could not see who it was. The mother-in-law and the girl ring were terrifying. After entering the room, they shivered tremblingly, and the whole person collapsed to the ground.

Originally, he wanted to say a few words to each other, but when he heard someone scold, he dared to say more.

Wei Yue Wu came in with Yang Yuyan.

After sitting down with Yang Yuyan's silent guest, Wei Yuewu looked at a woman and a girl ring who were half-paralyzed on the ground. Both of them were blindfolded and nodded.

"Speaking of who you are?" Asked the cold voice at the end of the painting, which was signaled by Wei Yuewu.

"I ... we are the servants in Yang Shilang's house ... I am the wife beside Mrs. Yang!"

"I'm the wife next to Miss Er!" The two men heard and scrambled to say that they were just two ordinary subordinates, which would have scared their courage long ago.

"Your wife wants to change the wedding of the young lady?" There was no daring at the end of the painting, straight into the theme.

Wei Yue Wu picked up the palace fan slowly, and looked calmly.

Yang Yuyan looked nervously at the two subordinates, this mattered to her life-long event, how not to be nervous.

"No ... nothing like this." The woman shook her hands.

"No, no!" Yahuan also hurriedly denied it.

"Isn't there such a thing?" Sneered at the end of the painting, "Since you are so obsessed, you don't have to go back after that, anyway, there is one less in Yang Shilang's mansion and one more in you!"

The harsh meaning in this remark made the wife and Yahuan scared and sweating.

"Miss, Miss, it really doesn't matter to us. This is Jiner's misunderstanding. It must be that this girl has a second heart, trying to provoke Miss and Miss Er and his wife, Miss, Jin This ring is unreliable, and you will cause trouble before you enter the East Palace. If you really enter the East Palace, you must not climb the bed! "

Following Mrs. Yang's wife suddenly screaming and hoeing in the direction of Weiyuewu, she only felt that someone had passed by herself, which should be sitting on the main seat.

Besides, there seemed to be no one who was interested in the matter except her own young lady, and the mother-in-law was suddenly not afraid.

"Yes, the young lady is Jiner's girl who is not authentic. She had previously told the slave-in-law to go to the East Palace to enjoy her blessing. Miss, you have to be careful with Jiner." That said, hurriedly answered.

I also determined that Yang Yuyan was on the theme, and I wouldn't panic. Jin Er, who was standing next to Yang Yuyan, heard that two people were so stigmatizing her, and her face became pale for a while, but she would dance for Wei Yue, and she didn't dare to talk casually.

"I don't want to say yes, come here, drag the person out and kill him!" The painting uttered sharply.

Come over to two rough-skinned women, and pull them out.

At first, the two thought that it was Yang Yuyan's bluff and didn't feel anything, but Yuela seemed to be wrong, and someone heard screams in his ears. This place seemed to be the place for execution.

Yang Yuyan was not so capable, looking for such a place.

"I said ... I said ..." The mother-in-law felt wrong first and screamed in a hurry.

"Let the slaves out, and the slaves tell everything they know!" The girl ring was also paralyzed. This situation is completely different from the young lady in her feelings.

The two were pulled back again.

This will not only slump to the ground, but also sweating.

"Say!" Wei Yuwu chuckled coldly, and the palace fan in his hand patted it gently on the table.

"Slave said, Slave said, Madam and Miss Er had such an idea, but ... but still hesitating!" The mother-in-law didn't really hesitate when she heard the voice above.

"It's a priest, a priest said." Yahuan didn't dare to hide this meeting either. The one above didn't know who it was, but it didn't feel like a good fellow.

"What the **** is going on?" He snorted at the end of the painting, "said one by one."

"Slave first!" The woman breathed hard and calmed down.

"Say it!" Said the painting at the end.

The cause of the matter is actually strange.

Although Madam Yang and Yang Yurou were jealous of Yang Yuyan's family at first, they did not dare to move their hearts. The prince must have seen Yang Yuyan, and Yang Shilang was not fooled.

But when they went to the temple that day when they went to the temple, they met a Taoist priest who not only said at a glance that there would be a happy event in their house, but also said that Miss Yang Er will be expensive in the future, but now there is still a chance. After this pass, the future will be straight.

In this case, wouldn't Mrs. Yang and Ms. Yang Er be unwilling to take the Taoist aside and elaborate.

This priest was also very godly. He also made a clear statement about the status of Mrs. Yang Shilang's successor and the situation of Mrs. Yang Shilang's family. She immediately calmed down Mrs. Yang.

Ask the Taoist priests at the moment how they can make Miss Yang Er pass this pass smoothly.

The Taoist priests asked if there was a family relationship at their house. If this family relationship was seized, Ms. Yang Er would embark on Guangming Avenue.

The so-called Avenue of Lights made Yang Shilang and Miss Yang Er impressed.

Marrying a prince will be expensive in the future. Needless to say, the future is the Queen of the Phoenix, or the queen queen. Such an opportunity, how can Mrs. Yang and Miss Yang Er not be moved.

But this marriage was Yang Yuyan. The two of them didn't have the guts to grab it, so they hesitated.

Seeing them hesitant, the priest was very disdainful, and there was nothing hesitant about this kind of thing. I thought that when the princess of the king of swallows, the current Jingde County lord changed from a young abandoned woman to what she is now. The status is extraordinary because it was because of listening to him that he resolutely retreated from the marriage with Jing Yuanhou.

Although it is said that Jing Yuanhou is also a good prince now, he is a newly recognized prince, but he must not be a prince. Since he is not a prince, he may not be comparable to the king's son. Besides, the beauty of Yan Shizi is also well-known in the world. I couldn't find the lantern. Why did I find a retired woman to be the concubine? It was not because of the decisiveness of the Lord of Jingde County.

Before Wei Yue Wu entered Beijing, she was indeed a famous abandoned woman in Beijing, and there were rumors of incompetence. Later, she appeared to be smooth sailing in Beijing. In the end, even the illness faded and she could find Yan. A husband-in-law like Wang Shizi naturally broke the heart of many families in Beijing.

Yan Huaiyu is the man most girls in Beijing want to marry.

That kind of beauty is as beautiful as jade, and gentle and elegant, just saying a word will make some women's heart beat, let alone marry him.

I heard that Wei Yue Wu was also because of the Taoist priests, so there is such a good family relationship now. Mrs. Yang and Miss Yang Er were so impassioned that they listened to the Taoist priests and prepared to change their posts.

Taking things for themselves, Wei Yue Wu's long lashes flickered twice, and her eyes were cold, and sure enough, this was someone who wanted to conceal herself.

If this happened, wouldn't it hurt yourself. This Taoist priest seems to be a key. He actually connected everything before and after entering Beijing, and it seems seamless. Not small.

However, to be able to string all these things together, and to say so coherently, must have a lot of heart in mind, and some things are not something others can guess.

"How are they going to steal the beam and change the pillar?" Asked Wei Yuewu at the end of the painting, and asked again.

"Say ... say, just when you were sent to the East Palace, give ... to the young lady, make the young lady suddenly ill!" The woman said timidly.

Yang Yuyan sat up straight, staring nervously at the mother-in-law. For her, this was the key.

"Say ... say there is medicine!"

"Where's the medicine?" The end of the painting asked.

"Tao ... The Taoist priest will not hurt the young lady, just let the young lady not be able to go to the sedan on the day of the wedding, and then the lady will send the second lady to the sedan, and then go to the master and say that the young lady can't go to the sedan. , Miss Er secretly got on, and this time the sedan was also sent to the East Palace, even if the master is no longer angry!

Mother-in-law said.

Yang Yuyan's face was so pale that she actually counted herself so.

It means that Yang Yurou was secretly on the sedan chair. Others did not know it, including her biological mother, Mrs. Yang. After that, the sedan chair left. Madam Yang pretended to find that Yang Yurou was gone, but Yang Yuyan was still faint in her house. Now, immediately went to Yang Shilang in shock.

This was not Mrs. Yang's fault, but Yang Yurou, who had made a mistake, had entered the palace. Even if Yang Shilang loved his eldest daughter, he would not watch his little daughter go to death, so it must be left in the end.

What else can be done, both left and right are their daughters.

Actually he would give himself medicine on the day of his marriage, and he would faint himself! Yang Yuyan was angry and hated, holding on to the side of the chair bar, and then sat firmly, opened her mouth silently at Wei Yue Wu, and seemed to want to say something, but suddenly realized that there were still people here, and hurriedly closed her mouth, but looked it was extremely anxious.

"Where's that priest?" He asked at the end of the painting. For Weiyue Wu, this priest is the key ...

Chapter 909: Strike the grass and scare the snake, which snake is scared?

A priest who appeared somehow, a priest who connected himself with Yan Yuyan's family ...

It's not just Weiyue Wu, even the end of the painting feels that this Taoist priest will not be simple.

Firstly, she obtained the trust of Mrs. Yang and Yang Yurou with some probing news, and then convinced them to do something with Weiyuewu.

It seems that this matter has nothing to do with Weiyuewu, but Weiyuewu will be sure that there is definitely a follow-up to this matter, it may not be as simple as this.

At the end of the painting, under the signal of Wei Yue Wu, he asked some priests, and then sent someone to send the two women and the girl ring away.

If these two people really don't see each other, they will fight against each other.

For Yang Yuyan, the snake was Mrs. Yang and Yang Yurou. For Weiyue Wu, the snake was of course a Taoist priest, or someone behind him.

"Shi Jun, what ... what can we do? They really have to count me!" After the ring and the mother-in-law were taken away, Yang Yuyan cried.

"Country master, what the slaves said was true before, but when they were in the government, they insisted that the slaves talked nonsense, and said that the slaves wanted to conceal the lady ..." Jin'er also wept in tears.

Wei Yue Wu Liu Mei wrinkled slightly, but her focus is not here. Taoist, Taoist, when did she have Taoist participation in her affairs ...

"Miss Yang, don't worry, I will ask you, if something like this happens, what will your father do and what will you do?"

Wei Yue Wu calms Yang Yuyan, softly.

"Be broken for the jade, not for the whole!" Yang Yuyan raised her head, wiping her tears, and hated her voice. "They have always looked at me unpleasantly, and they don't look harsh on me on the surface, but they have elbows everywhere, so I still wanted to be crooked at first, and I conspired with the county master, if I were not forced by them, why would I be here? "

"Ms. Yang means that she will make this happen?" Wei Yuewu asked lightly.

"Of course, even if I die, they won't make them happy. My father may take care of them, but I won't!" Yang Yuyan said angrily.

It can be seen that her hatred for Madam Yang and Miss Yang Er has not only accumulated for a day or two. If this happened, she would really plan to make a big splash.

This kind of thing, if it's just a new person, as long as you don't go out, there will always be a way to explain it.

But the person who carried it in was real, and it couldn't be replaced.

As for the name before carrying it in, there are actually more ways to change it.

"Aren't you afraid that your father will imprison you?" Wei Yuewu asked. If such a thing were really noisy, Yang Yurou said that he could not but give thanks for his death, and Yang Shilang might not be willing.

"Even if my father jailed me, I'm going to make trouble!" Yang Yuyan gritted her teeth and said heartily, "Even if I die, I won't let them succeed."

"You can't get out of the door, how can you make trouble?" Wei Yuewu asked inexplicably. As soon as the incident happened, Yang Shilang's response was almost guessable. She immediately took care of Yang Yuyan and waited for a reason over the East Palace. Let this matter be dragged on, so that in the future Yang Yuyan can marry another party and even use Yang Yurou's name.

Everything is done only in the royal sense.

"I can definitely go out. It's not just her person who is in charge of the backyard, but also the puppet left by my mother." Yang Yuyan thought for a moment, angrily. "In the backyard of your house, is the person left by your mother-in-law helping the housekeeper?" Wei Yuewu remembered the two women who had gone up the mountain when Yang Yuyan had an accident before.

"Yes, my mother-in-law is still there!" Yang Yuyan nodded and said, "They have always been loyal to their mother-in-law and will definitely help me!"

"Your mother-in-law has passed away for so many years. Why is she still so loyal to the people, does this Mrs. Yang not try to win over them now?"

Wei Yuewu said in surprise, when this lady Yang was in an accident, she was not much different from her mother, how could there be such a loyal servant to stay, and has been maintaining Yang Yuyan to this day, it is considered a strange thing.

Moreover, these two women also help the current Mrs. Yang to manage the backyard. If this Mrs. Yang wants to take charge of the backyard of Yangfu, she will definitely want to draw them together. Wei Yuewu does not believe this Mrs. Yang has never done this for so many years.

"Several times, no, it should be said that there has always been, but my mother has great gratitude to them, and the two of them are also loyal, so she has never paid attention to her pull!" Yang Yuyan wiped her tears and nodded.

"Are you sure they can help you escape your father's supervision?" Wei Yuewu asked, raising her eyebrows.

"Yes, I can be sure, no matter how my father locks me up, as long as I'm still in the house, they can always think of a way to save me." Yang Yuyan gritted his teeth.

"Even if your father would dispose of them afterwards? This is not the past. Even if they help you, your father will look at one eye and close one. It must be that you were always in a weak position at the time, and your father was a man. May be with you all day long, if someone in the backyard looks after you, he will be relieved! "Wei Yuewu smiled and analyzed," Are you sure they are not your father's? "

"This ... my father's person?" Yang Yuyan froze, staring at Wei Yuewu for a moment, but for a while didn't know how to answer.

"If they are your father's people, they will know what your father means to you, knowing that your father loves you most, and will help you from time to time!" Wei Yuewu smiled.

"I ... I don't know ..." Yang Yuyan said with a blank expression, then slowly lowered her head, looking sad, "I always thought that they were mother-in-law, who was left to take care of me, never thought They were actually fathers, and the father took care of me in the name of a mother! "

In fact, this statement is more reasonable, and only Yang Shilang secretly instructed that the two uncles would always protect Yang Yuyan for so many years.

Only then can I have confidence in Mrs. Yang.

Otherwise, they are just two subordinates, no matter how dare they meet Mrs. Yang, how can they feel that they will not get angry with Mrs. Yang!

In some things, because of different ideas, I immediately got a new perspective.

"So, if your father didn't think you were allowed to go out for trouble, would you still be able to make trouble?" Wei Yuewu stripped Yang Yuyan layer by layer and analyzed.

"I ... I don't know ..." Yang Yuyan was totally confused about Wei Yuewu's current words. Before that, she could also say that the two stewards of the stewards would definitely help her, even if she violated her father's meaning.

But if they have always been their father, how could they really disobey their father's intentions, Yang Yuyan would not even know what to do.

"Miss, you can escape." Jin'er suddenly thought of something, his eyes brightened.

"How can I ... go out, if my father took care of me for Yang Yurou, I ... how can I escape." Yang Yuyan suddenly burst into tears, which was too unexpected.

For so many years, she has always thought so, and she always felt that her mother had given her strong confidence, but now it feels ridiculous when she thinks about it. The mother has passed away for so many years, and why the two uncles have been helping themselves. There is also no help. Needless to say, this help must come from his father.

This explains many things.

It wasn't for the director to be strong against Mrs. Yang and to be loyal to her mother, because everything was ordered by his father.

Touched by his father's maintenance, he felt helpless at the moment.

Before the incident, my father did not believe that Mrs. Yang and Yang Yurou would take action, but after the incident, my father restrained himself for Yang Yurou. Even if he wanted to make trouble, he wanted to burn the jade and stone, but he couldn't.

But she watched as Yang Yurou robbed her of the family affairs, and finally she was alive. She was really unwilling.

"Miss, you forgot, you remember the person you met before," Jiner reminded her.

"That cousin?" Yang Yuyan hesitated for a moment, not sure.

"Yes, that's the one." Jiner nodded vigorously.

"Yeah, and he, he can certainly help me." Yang Yuyan thought of this person and said with joy.

"Who is this watch?" Wei Yuewu heard a bit of meaning, and the palace fan in his hand stopped and asked a little sideways, and there was a hint of darkness in his eyes.

The matter of Yang Yuyan seemed to have no solution. It seemed that the Taoist priest had only fooled his mother and daughter, and did not cause any substantial harm to himself, but Wei Yuewu did not believe that this matter was over.

Right now it seems that there is still the following, Yang Yuyan's incident is not a big deal, it is not over.

Even if Yang Yuyan is being taken care of, even if the two stewards in charge are Yang Shilang's person, someone will help Yang Yuyan escape, and this one should be the key person.

"The lord, I met someone the day before yesterday, my cousin, and my cousin's cousin. He has been a local official for many years, but every time he returns to Beijing, he still comes to the government. Look at me and my father. This time is when he returned to Beijing. He also came to see me that day, and said that I could tell him if I had any difficulties, and joked that if my father did not treat me well, I could go to him. Live there. "

Yang Yuyan's eyes lit up, explaining.

"Even if my father bans my feet and locks me up, my cousin will still be able to save me. As soon as I get outside the house, I will break into Prince's House directly. Yang Yurou lifted it out, and she certainly won't let her succeed. "

"This kind of thing, your cousin will help you too?" Wei Yuewu raised her eyes and fell on Yang Yuyan, asking in disbelief.

"Help, he will definitely help me. When he came to see me that day, he also said that if I did n't like the family affairs, I could flee to his house. Although he was a small official, he would also help me. It was said that my mother had kindness to him at the beginning, and it was still kind of graciousness. It seems that he was at lawsuit at home at that time, or it was my mother's hand to save him in danger, so even if it was for me, he also Don't care. "

Yang Yuyan said with certainty.

Chapter 910: Fortune telling is expensive

First, a priest mentioned that he had persuaded Yang's mother and daughter, and a cousin had helped Yang Yuyan, and suggested that he could do anything for Yang Yuyan, even if it was a bit dangerous.

Whatever it seems, it's a mystery.

After asking Yang Yuyan something about her cousin, Wei Yuewu asked her to go back first and listen to the news. It wasn't until the last moment, so don't forget to move.

Of course Wei Yuewu said that she would not turn a blind eye, and would certainly reach out to prevent this from happening.

With the words of Weiyue Wu, Yang Yuyan was a little relieved. Weiyue Wu's identity was put here. Since she opened her mouth, there was some room for the matter to turn back, so she went back to hear the letter.

Wei Yuewu returned to Qingheyuan with her paintings.

A Taoist priest is a You Taoist priest, but now he happens to be in Beijing. It is said that he saw himself in Jiangnan and lobbied himself. Everything he said was done, especially if he had to remarry with Mo Huating. thing.

If it is really a matter of self-willing resignation, then the grudge between himself and Mo Huating may have been premeditated. The so-called snowy night robbery is nothing more than a premeditated panic.

Mo Huating was wronged.

Since Mo Huating was wronged, isn't Wei Yan's things too much false, and after he went to Beijing, Li and Aunt Dong were unlucky one by one, did they consciously harm them.

Speaking of which, he is actually a vicious, insidious, and unscrupulous person.

And Mo Huating became innocent, Wei Yan and Li's, or they were just victims!

The so-called confession played a role in bringing Yang Yuyan out of Yang Shilang's house, and then left Yang Yuyan to make trouble. He was Yang Yuyan's cousin. Even if something happened, he could be justified, but Yang Yuyan would not be disappointed Such a grievance.

Yang Yuyan's troubles will inevitably drag out Taoist priests, and Taoist priests will drag themselves out ...

They are intertwined, so it is not elaborate.

At first glance, it seems to be Yang Yuyan's business, but in fact, it's for the sake of himself, and there are quite a lot of people who have benefited. For a while, he couldn't find anyone who started.

"Master, what do you do now?" Listening to Weiyue Wu's thoughts clearly, Jin Ling was also anxious, "Mo Ru asked Shizi to help investigate and see who is behind the master!"

"Not for now!" Wei Yuewu shook her hand. In fact, Yan Huaiyu was inconvenient to intervene because it was related to Prince Wen Tianyao.

Based on the relationship between Yandi and Beijing Central China, Yan Huaiyu must not intervene in Wen Tianyao's affairs at random, otherwise it may cause chaos.

Just as Wen Tianyao took himself away this time, the four princes came forward, and no one mentioned him. Although everyone knows that this is related to him, because he is a prince, he represents Beijing Central Power, Yan Huaiyu represents the power of Yan Di, and the collision of two people represents the national event.

So no one will take the liberty of letting the two match up.

"What then?" The end of the painting was also dumbfounded, how it seemed difficult to deal with this matter. The problem was that although I knew someone was secretly calculating the master, I didn't know who the person was.

"Master, isn't it Jingyuanhou? He likes to secretly master the master!" Shu Fei gritted his teeth and hated, "Slave thinks that Jingyuanhou has made a lot of profit in this place. It seems that the master has hurt him. of."

"Master, slaver also thinks that it is related to Jing Yuanhou. If you think about these things, you are a victim. He was inexplicably dismissed, and he has been wronged until now. The prince is very much in need of a good reputation, so he has very good reason to do so. "

Although Yu Yan is not very familiar with Mo Huating, she also analyzes the truth.

Several girls think that this person is likely to be Mo Huating, and only Mo Huating began to plot Wei Yue Wu when Wei Yue Wu entered Beijing, and even wanted to step on Wei Yue Wu's life.

"Go, let's go and see that temple!" Wei Yuewu thought about it, and suddenly laughed, "After entering Beijing, the most we went to was the plum blossoms, but I never went to the temple."

"Master, the Taoist priest has left early. He is just a Taoist priest, and not a monk living in the temple." The end of the painting asked inexplicably.

"Yes, lord, let's go now!" But Jin Ling nodded and immediately nodded.

"Although he is a Taoist priest, in order to pull out his master, he will be required to speak at that time, and naturally he will stay, waiting for Miss Yang to make things happen!" Shu Fei is also a smart one, Jin Ling said, immediately understood.

After that, I even understood the end of the painting, and embarrassedly smiled: "Slaves think a little bit!"

The temple that Weiyuewu went to this time is actually a big temple. Qingyun Temple is right next to the capital, and it is not far away.

Wei Yue Wu took Yu Yan and Jin Ling to go, ordered an ordinary carriage in the house, and ordered the sign on the carriage to be removed.

The carriage slowly walked out of the gate of Yanwang Mansion and went directly to Qingyun Temple outside the city.

Qingyun Temple is different from the quietness of plum blossoms. There is actually a large market outside the mountain gate. Many people are there to buy and sell. There are people selling incense, and candles, and some burning paper. What to eat, and children's play, especially lively.

Wei Yue Wu has never seen such a lively temple.

After worshipping the Buddha on the mountain, Weiyuewu wore a veil and walked at the fair with two girls.

Many people in the market are pilgrims who come to worship the Bodhisattva, and some of them are noble ladies and ladies from rich people, and they can see that they are very generous in their shots.

There are also a lot of young ladies wearing hoods like Weiyuewu.

This can be regarded as a lively place. Although it is inconvenient for the family to make a public appearance, occasionally when they come to such a lively place, they always want to walk around, and it is normal to wear a hood.

At the corner of the bazaar, there is a small stall, and there is a Taoist priest who doesn't look very spirited. These are sleeping on their stomachs, and the sign on the side is clearly written, "Iron mouth is straight off" There is also a Gua tube beside it.

Although the bazaar is lively, he is quiet here.

But looking at him like this, he knows that he has no business. It's taken for granted. He is drowsy, and still looks like he can't wake up. It's strange to find him with a broken iron mouth, and I don't know what happened to Yang Yurou Find such a person.

"Hey, no one!" Yu Yan said politely when he came over.

This one really fell asleep, but it was so dark that I could not hear Yu Yan's words. "Hey, someone didn't, here's the money!" Jin Ling stretched out his hand and patted it directly on the table, shouting loudly.

"Money, who sent the money, and the gambling money came?" The priest was awakened, looking at the road with joy, looking at it with a bit of insignificance.

"Our master wants to ask a question!" Jin Lingshou made another shot, which turned the priest's attention over.

Looking at the three masters and servants in front of him, the Taoist immediately smiled with his face, "What are you going to do, master?"

"Are you sure?" Jin Ling frowned coldly.

"Just, of course, no money." The Taoist laughed.

"Then you count, who is our master?" Did Jin Ling come up to the Taoist priest?

"This ... requires one more item from your master ... or the master can write a word!" The Taoist smiled and nodded.

He has been deceiving for many years, and he is not without any skill. The best thing is to look at the face and look at the colors. If you look at the momentum in front of you, you will know that wealth is expensive.

Wei Yuewu picked up the pen placed on the side, randomly wrote a "question" character, and then dropped the pen in her hand.

The Taoist took it, looked at it, and was immediately shocked, and looked up at Wei Yue Wu: "This lady, you are so expensive, so expensive!"

"How expensive is it?" Wei Yuewu said lightly.

"Master, your identity is noble, your identity will be more honorable in the future, and even more so in the future ..." The Taoist said that the voice was lightened here, and he reached out and pointed in one direction. "You will be the master over there in the future. . "

Wei yuewu looked in that direction, and the direction of the imperial palace, or the direction of the east palace, was also there.

"You bullshit, our master is married!" Jin Ling was furious and reached out and patted the table.

"It doesn't matter if you marry someone, aren't those phoenixes who marry right after marrying one by one!" Taoist man didn't care.

"Feng Ming? You mean our master ..." Yu Yan took the topic in horror, but her voice also lowered. "Isn't Feng Ming said before, it's Miss Jing ..."

"Miss Jing is just saying this and it's right! Don't believe me, I'm going straight here, and when your master is expensive in the future, you'll understand that I'm not talking nonsense." Mysterious, and biting Wei Yue Wu is expensive, of course, future things need to be verified in the future, and no one knows whether what he said is true.

But if it is not true, who would not want to be expensive in the future!

"Is this true or false?" Wei Yuewu asked.

"Of course it is true, lord, if you are really expensive in the future, don't forget me!" The Taoist shook his head and continued to flutter. He has been sleeping here every day for a few days, but he has no business at all. Of course, you can continue to flicker.

"Okay, come with me and talk over there!" Wei Yue Wu pointed to a small pavilion on the mountain path.

"Okay, okay, what are you talking about, master? Although you are expensive, you still have a way to go. I have a few gospels for the master." The Taoist huddled as he packed.

Unexpectedly, there will be some unexpected money coming, will you not be happy ...
