

The Yun Family's Ninth Child is an Imp! Chapter 1029

When the students of the Huang class saw Yun Chujiu, and their expressions immediately brightened. With Yun Chujiu around, they all seemed to sprouted a backbone. They were also puzzled. The class monitor was obviously younger than them, and her spiritual power was not that high either, yet did her presence make people feel very at ease?

After the dozens of second-year students of the Tian Class saw Yun Chujiu, they curled their lips in disdain, the triangular-eyed senior said arrogantly, "Yo, your Huang class is really useless. You actually let such a little girl be the class monitor! Little girl, you came at the right time. According to the rules, you have to hand over the money to us senior students as a gift. Each of you has to pay 100 high-grade Spirit Stones. Otherwise, you won't be able to pass through here today!"

Yun Chujiu walked in front of the students of the Huang class and sized up the students of the second-year sky class. All of them were arrogant and had faces that begged to be beaten.

"Seniors, please move aside. We just want to go back to the dormitory." Yun Chujiu said lightly.

The triangular-eyed senior pouted. "As I said, you have to pay the Spirit Stones or kowtow. Otherwise, you can forget about going back to the dormitory."

"No negotiations allowed eh?" Yun Chujiu still asked indifferently.

"Negotiations? Hmm, junior sisters, you can accompany us and say a few soft words. We can waive the payment for you, but the male students have to pay. Not a single piece can be missing."

The triangular-eyed senior eyed Yun Chujiu with ill intentions, 'This little girl is quite pretty.'

Yun Chujiu snorted coldly and turned to look at the Huang class students. "Six against one, do you have the confidence to beat them up?"

“Class monitor, we are, but fighting is prohibited in the academy. If we are found out, we’ll be punished!” One of the students said in a low voice.

“Fighting? We are just asking for advice from the seniors. Moreover, they are the ones who took the initiative to look for us to spar. How is that fighting? Let’s fight together. F*ck, if they dare to bully our Huang class, we will teach them a lesson! I will bear the consequences alone. Beat them all up!” Yun Chujiu waved her hands as she took the lead and shot a bolt of lightning towards the triangular-eyed senior!

The triangular-eyed senior did not expect the little girl in front of him to be so bold as to resort to violence up at the slightest disagreement. Moreover, what the hell was she using?!

Lightning?

Purple Lightning?!

F*ck! That little girl had a Thunder Root Spirit!

The triangular-eyed senior was caught off guard. When he came to his senses, he only had time to dodge at the last minute. However, his hair was burned. He screamed and used his hands to put out the fire on his head.

When the other students of the Huang class saw that Yun Chujiu had made a move, they did not hold back. They had suffered for a long time and already burned with anger. They roared and pounced on the second-year students of the Huang class.

The second-year students of the Huang class were dumbfounded. They did not expect that the students of the Huang class would dare to make a move. After a short while, they were all beaten up by the students of the Huang class.

Although their spiritual power was much higher than the students from the Huang Class, they could not compete with the larger number of students from the Huang Class. Moreover, every one of them vented their frustrations on them.

The second-year students from the Tian Class shouted while resisting, “Stop! Stop! If you fight privately, you will be expelled!”

“F*ck you! I’ve had enough! If I’m expelled, so be it! I’ll beat you to a pulp first, you bastard!”

“Right! Beat him up! Didn’t you tell us to kneel? I’ll make you kneel instead!”

....
