

The Yun Family's Ninth Child is an Imp! Chapter 105

Yun Chujiu took the mirror suspiciously and saw that her neck was covered with red marks.

“Black Thing, how is it? Is it much better looking than before? You Don't have to thank me, I...”

Just as Di Beiming was mocking Yun Chujiu proudly, Yun Chujiu suddenly threw the mirror and bit his neck!

Yun Chujiu thought it was simple. Wasn't the gigolo going to bite her? Then she would bite him back! Anyway, he couldn't really kill her in order to detoxify the poison!

Di Beiming felt his whole body stiffen. The soft touch on his neck turned into a numbness that spread throughout his body.

This numbness even made him ignore the pain in his wound. He just let Yun Chujiu bite him again and again!

Yun Chujiu bit her lips until they were numb, but she did not see any reaction from Di Beiming. She could not help but shut her mouth, thinking to herself, doesn't this pretty boy know how to feel pain? What a pervert!

Yun Chujiu saw that Di Beiming's neck was covered with tiny teeth marks, and only then did she feel much better.

After a long while, Di Beiming came back to his senses and roared fiercely, “Black Thing, you, you actually dared to bite me! Do You Want to Die?”

Yun Chujiu hugged her shoulders and shook her calves, “If you don't want to detoxify the cold poison, then just kill me! Anyway, I'll exchange my life for yours, What Am I afraid of? !”

Di beiming didn't react at first, then his eyes deepened and he said coldly, "Black Thing, you seem to have made a mistake. My poison doesn't have to be your blood. If you really want to die, then I'll fulfill your wish!"

Di beiming approached Yun chujiu step by step, and his body emitted waves of cold air.

Yun Chujiu was terrified. She immediately changed from a cocky little peacock to a fawning little quail. "Prince Charming, it's a misunderstanding! A misunderstanding, this is all a misunderstanding! I was just joking, wasn't it funny? Hahaha, it's really funny!"

Di beiming did not reply. He just raised his hand, and a murderous aura enveloped Yun Chujiu's small body.

"AH, it's actually not that funny. That, that Prince Charming, I, I, I didn't mean to bite you. Didn't you say that this red dot is very nice to decorate? "I just wanted to decorate it for you. That, that, ah, an Yin, you're back? "Quick, quick, come in. I was just about to write a love letter to my Prince Charming!"

Yun chujiu actually did not see an yin. However, an yin happened to "Borrow" a set of ink, paper, and Inkstone from the inn's room. When she heard Yun Chujiu's shout, she asked outside, "Your Excellency! I've brought the ink, paper, and Inkstone!"

Di beiming saw that the little flame that had just appeared in Yun Chujiu's body had been extinguished by him, so he took the opportunity to say, "Send it in!"

An Yin pushed the door open and respectfully placed the brush, ink, paper, and Inkstone on the table. Di beiming waved his hand, indicating that he could leave now.

An Yin inadvertently caught a glimpse of di Beiming's neck. Then, she staggered and ran out with her hands and feet in a daze.

An Feng was hidden in the dark and waved at an yin. His face was full of excitement, "What happened? Your ten-thousand-year-old ice-cold face is broken? "

"I saw it just now. There are red marks all over your neck. It's obvious that it was bitten by a human! "

An Yin's face was a little unnatural. He was not a gossipy person, but what he saw just now had a huge impact on him. If he did not share it with someone., he would really go crazy from holding it in!

An Feng almost jumped up in shock. "Your Majesty, Your Majesty was done by the Black girl again? ! The black girl is really fierce! "
