

## The Yun Family's Ninth Child is an Imp! Chapter 1057

As soon as Yun Chujiu finished her sentence, the onlookers started to jeer. "Listen! We want to listen! Junior Yun, continue playing!"

"Yes, we heard that Instructor Zhou's spiritual energy lessons are simple and easy to understand. We regret not having the chance to attend his classes!"

"Junior Yun, hurry up. We still have lessons in the afternoon. Hurry up and continue playing!"

...

The students of Tianyuan Academy usually cultivated if they had no classes to attend. They wanted nothing more than to have some fun, so they started to jeer one after another. Instructor Zhou wanted to go forward and stop Yun Chujiu, but he was blocked by those students and instructors, whether intentionally or not. He was unable to get close to Yun Chujiu's table for a while.

Instructor Zhou's voice continued to be heard, and the spectators all whispered to one another. They had all taken spiritual energy lessons before, so they could easily tell that something was wrong.

This level of teaching was relatively high?! What kind of bullsh\*t was he talking about?! It was originally very simple, but he had beaten around the bush to make it sound more complicated. Also, some of the terms he used were rarely seen. It would be a miracle if a first-year freshman could understand them!

The crowd quickly understood Instructor Zhou's intentions. He clearly tried to mislead his students. That was too much!

When they heard what Instructor Zhou said later in the recording, everyone immediately exploded. That Instructor Zhou was too arrogant! No matter how bad the students' aptitude was in the Huang class, as an instructor, you should not insult the students like that. Such a person was not worthy of being an instructor!

Instructor Zhou's face flushed red. At that moment, the effects of the Irritant Powder in his body had completely dissipated. he shouted in exasperation, "Yun Chujia, this thing of yours is a forgery! I've never said such things!"

The students of the Huang Class immediately refused to accept it, 'F\*ck! We've tolerated you for a long time. Now that the evidence is conclusive, you still refuse to admit it. Do you still have any sense of shame?!'

"I'm willing to testify! Everything the recording stone recorded is true! That is what Instructor Zhou said when he was giving us a spiritual energy lesson this morning!"

"Right! I'm also willing to testify! Every time in class, Instructor Zhou is very impatient. He doesn't answer our questions and even ridicules us."

"I'm willing to swear an oath. If these words weren't spoken by Instructor Zhou, and if I lied, I'll be struck by lightning!"

"I'm also willing!"

...

The students of the Huang Class were filled with righteous indignation. If Instructor Zhou was not replaced, our Huang Class would not be doing well. At that time, during the mid-year competition, we would be eliminated, so we had to get rid of him.

When the onlookers saw that the students of the Huang class even swore on their inner demons, they were even more certain that the recording stone was real. In that case, Instructor Zhou had gone too far. He clearly misled the students.

Yun Chujiu put away the recording stone, then her small face turned stiff. “Instructors, students, I believe that with your intelligence and wisdom, you have already understood Instructor Zhou’s sinister intentions. He just wants to delay the progress of our Huang class. His intentions are extremely sinister!

“I admit that our Huang class might not be as talented as the students of the other three classes, but we all entered the exam together fairly, so what right do we have to be treated like this?! Instructor Zhou, as an instructor, you intentionally misled other people’s children. Do you still deserve to be called an instructor?”

Instructor Zhou had originally thought that the students of the Huang class would feel inferior and give up on themselves if they did not understand the spiritual energy class. They would not have suspected that they had been misled by him. Who would have thought that there would be such a weirdo among them? She had actually used a recording stone to record the contents of the lesson. Moreover, he had said so many inappropriate words today. It was likely things would not go well for him.

Instructor Zhou thought for a while then he shouted with a fierce expression, “What do you know about teaching?! It is precisely because your qualifications are not high that I have changed my teaching methods. I am not trying to provoke you. I am trying to stimulate your potential! HMPH! You don’t know what’s good for you!”

After Instructor Zhou finished speaking, he flicked his sleeves and left, heading straight for Deputy Dean Yin’s study. He knew that if he did not think of a way out of that situation, he would definitely be fired.
