

## The Yun Family's Ninth Child is an Imp! Chapter 1075

The three animals in the Spirit Beast Pouch looked at each other and shivered. Alright, that was indeed in line with their black-hearted master's way of doing things. That Little B\*Tch should just pray for her own good fortune!

The next day, Yun Chujiu did not attend the beast taming class as expected. It was an elective class anyway so Instructor Qian turned a blind eye to it. After receiving the news from Instructor Ji Sha, he happily approved the request! Moreover, he had also heard about the bet between Yun Chujiu and Yin Sulian. He was very curious about how Yun Chujiu would accept the challenge. Could it be that she could really learn the materialization of spiritual power within three days?!

When it was close to noon, Instructor Ji Sha finished the rest of the lessons. He then sighed and said, "I have already taught the most basic low-level materialization of spiritual power. Only by mastering the basics can you master the more advanced methods. Now, try to materialize the spiritual power in your body and see if you succeed."

Although Instructor Ji Sha said so, he did not have much hope in his heart. Materialization of spiritual power was not something that could be done in a day. It had to be practiced thousands of times before it could be done. After all, there were still two days left, it was impossible for Yun Chujiu to master the materialization of spiritual power, let alone defeat Yin Sulian.

Yun Chujiu blinked her eyes and tried to materialize the spiritual power in her body according to what Instructor Ji Sha had taught her. Unfortunately, what she ended up doing was still fire purple lightning bolts.

Kacha! Kacha! Several sets of tables and chairs in the classroom were charred.

The corner of Instructor Ji Sha's eyes twitched violently. This time, not only did she not learn how to materialize spiritual power, but she also had to compensate for the expenses of the school's tables and chairs.

Yun Chujiu laughed dryly. "Instructor Ji Sha, I'd better return to my own courtyard to practice! Here are five hundred upper-grade Spirit Stones. Please help me pass this to the Miscellaneous Affairs department as compensation."

Instructor Ji Sha sighed again. "If you still can't succeed tomorrow night, send me a message. I'll go look for Mo Hanxun, don't try to be brave."

"Instructor Ji Sha, don't worry! I'll definitely succeed!" Yun Chujiu said confidently, adding in her heart, 'Even if I don't succeed, I'll have Yin Sulian cancel the competition on her own initiative.'

Instructor Ji Sha waved his hand, thinking about how to tell Mo Hanxun to make him agree to let Yin Sulian give up on the competition. If it did not work out, he could only use that item to exchange for it...

Yun Chujiu thought about the reason for her failure as she walked towards the dormitory, suddenly, a mocking voice sounded, "Yo, Yun Chujiu, you didn't go to the Beast Taming class. Could it be that you are hiding to practice the materialization of spiritual power? TSK TSK, it's not that I want to look down on you. Even His Excellency and Young Master Wuji could not learn the materialization of spiritual power within three days, let alone a good-for-nothing like you. You better get ready to kowtow and admit defeat!"

The one who spoke was Yin Sulian. She did not see Yun Chujiu during the Beast Taming class today, so she immediately guessed that Yun Chujiu must have seized the time to practice her materialization of spiritual power.

Yun Chujiu glanced at her. "If I can't learn it, we'll find out tomorrow afternoon. At that time, the person who will kneel and confess will definitely be you!"

After saying that, Yun Chujiu left.

Yin Sulian looked at Yun Chujiu's back and curled her lips. "Still so stubborn. Let's wait and see!"

Not long after Yun Chujiu walked out, Feng Ming and the other two rushed over. “Junior Sister Little Jiu, how is it? Have you learned how to materialize your spiritual power?”

Yun Chujiu shook her head. “There’s no rush. There are still nearly two days left! I will definitely be able to learn it.”
