

The Yun Family's Ninth Child is an Imp! Chapter 1144

Dean Huangfu held the roasted spiritual potato in his hand with a dumbfounded look on his face. Why was it sung? Why did the dark clouds look like they were fleeing in panic? Was it the other way around? Logically speaking, it shouldn't be Yun Chujiu who was afraid of the dark clouds? Why did he feel that it was Wu Yun who was afraid of Yun Chujiu Now? It was Chaos! It was all chaotic! Just as Dean Huangfu was in a daze, he heard Yun chujiu sigh and say, "Sigh! Why did you leave just like that? ! These irresponsible heavenly lightning bolts, why don't you let me break through before leaving? !" Dean Huangfu stood up immediately. "What did you say? Are you saying that you're going to break through?" Yun chujiu glanced at Dean Huangfu. "Yes, if I wasn't going to break through, why would these heavenly lightning bolts strike me? !" Dean Huangfu felt that Yun Chujiu was looking at him as if he was an idiot, yun chujiu continued, "I've only broken through one level. Are you kidding me? ! I've been looking forward to this for a long time, but you only let me break through one level. This is too much! A Bad Review! I must get a bad review!" Dean Huangfu felt that his brain wasn't enough. What did she mean by only breaking through one level? Normally, breaking through one layer meant breaking through one layer, right? From what you said, you would only be satisfied if you broke through several layers at once? Moreover, you said that you had broken through, so why did I look at your spirit energy level and see that it was still at the first layer of the spirit sect? "That, that Yun Chujiu, you said that you only broke through one layer? Why is your spirit energy level still at the first layer of the spirit sect?" Dean Huangfu couldn't hold it in any longer. Yun Chujiu was a shrewd and shrewd person. Her words just now seemed to say that she was blabbering, but in reality, she was doing it on purpose. After such a long period of contact, she felt that Dean Huangfu wasn't a bad person., if she wanted to gain a foothold in the Tianyuan Academy and be able to contend with Deputy Dean Yin, she could only do so by obtaining dean Huangfu's protection. If she wanted to obtain dean Huangfu's protection, she first had to display her value and strength. Her value had already been more or less displayed. Firstly, there was a conflict between Dean Huangfu and Deputy Dean Yin., dean Huangfu had already used her hands to get rid of several of deputy Dean Yin's lackeys. Secondly, the performance of the Pretty Boy and black chicken head the last time, Dean Huangfu would definitely reevaluate her value. Now, she had to properly display her strength and once again consolidate the degree of importance he placed on her. In the future, it would be easier for her to rely on a big tree for shade. Other than being thick-skinned, Yun Chujiu's biggest advantage was that she was able to climb up smoothly. In her previous life, she had also relied on these two methods to climb up to the position of a top agent in the organization. In the words of her good friend, Yun Qi, she had simply tricked her into becoming a top agent. After Yun Chujiu had made up her mind, she began to adjust her spiritual power level. Dean Huangfu watched as Yun Chujiu's spiritual power level slowly rose from the first level of the Spirit sect all the way to the fourth level of the Spirit sect! Dean Huangfu rubbed his eyes and pinched himself again. It hurt so much that he grinned. It seemed like it was true! But it was strange. How could he not see that Yun chujiu was hiding her cultivation with his cultivation? Could it be that she had some immortal artifact that hid her cultivation? "Dean, to be honest, my body is a little special. If I didn't wear this hidden spirit ring, I wouldn't have any spiritual power fluctuations on me. In the fourth round of the entrance exam, it was because I didn't have any spiritual power fluctuations on me that I successfully obtained the jade token." Yun Chujiu

knew that in order to gain the trust of others, she had to show her sincerity. Unintentionally revealing her trump card was the greatest sincerity. Cough Cough. Fortunately, she had enough trump cards, so there was no harm in revealing one or two of them.
