

The Yun Family's Ninth Child is an Imp! Chapter 1163

Yun chujiu listened to the sounds of fighting above and the corners of her mouth curled up. Fight with me? She only needed to use her brain to let them kill each other. It would be better if both of them died in the end. Then, she would not have to hide in the hole that Mickey had dug. Another hour passed. The sounds of fighting above became softer and softer. A bloodthirsty wolf that was covered in wounds appeared above the pit. Seeing this, Yun chujiu hurriedly hid in the hole behind. What a joke.., as long as this bloodthirsty wolf shot down a wind blade, she would definitely die! Seeing Yun chujiu hiding in the hole, the bloodthirsty wolf howled angrily. Yun Chujiu hid at the edge of the hole, she shouted loudly, "You Stupid Wolf! You're so stupid that you've reached a new height! This is called a plot to sow discord, you three idiots have all fallen into my trap! Hahaha, if you have the ability, come down and eat me! You Big Idiot!" When the bloodthirsty wolf above the deep pit heard Yun Chujiu's words, it was so angry that it almost went crazy! It crazily shot out wind blades into the hole, but unfortunately, the wind blades attacked in a straight line. Even though the bottom of the pit was cut into a mess, it did not harm Yun chujiu at all.., moreover, Xiao Hei had already opened air holes elsewhere, so it was not afraid of being suffocated to death. "Idiot, not only are you stupid, you're also a coward! If you have the ability, come down and fight me for 300 rounds. You wouldn't be afraid of a first level spirit sect human like me, right? !" Yun chujiu continued to provoke, now, this bloodthirsty Wolf had suffered quite a serious injury. Moreover, she had the initiative in this hole, so she had to provoke it down. The bloodthirsty wolf was so angry that it lost its mind. It was so angry that it actually jumped down. The soil at the bottom of the pit had already been cut loose by the wind blades, so it was not afraid of falling down. Before the bloodthirsty wolf landed on the ground, Yun Chujiu's purple needle shot towards its eyes. The bloodthirsty Wolf could only wave its claws to block the attack of the purple needle. As soon as the bloodthirsty wolf landed on the ground, it threw a few wind blades at the cave where Yun Chujiu was hiding. Unexpectedly, the cave that Xiao Hei dug had an arc. Yun chujiu retreated into the cave and avoided the wind blades that attacked in a straight line. When the wolf was attacking Yun chujiu with the wind blades crazily, it did not expect that two more holes appeared on the wall of the cave. Two balls of flames were thrown at it. The two balls of flames, one red and one purple, were sent by Xiao Hei and lie Yan, the three-tailed Fox King. It turned out that Xiao Hei had dug two separate paths, which allowed Xiao Hei and lie Yan to attack the wolf from a high place. There was a limited area at the bottom of the pit, so the bloodthirsty Wolf had nowhere to hide. Its fur was immediately burned by the fireballs, especially Xiao Hei's purple fireballs, which were even more destructive. They burned the bloodthirsty wolf until it cried out in pain, it could only use its claws to dig Yun Chujiu's cave with all its might, wanting to go in and eat Yun Chujiu. The bloodthirsty Wolf was in a hurry to avoid the fireballs behind, so just as it dug the hole a little bigger, the bloodthirsty Wolf's huge head drilled into the cave. Yun Chujiu was waiting inside the hole. Just as the bloodthirsty Wolf's big head poked in, several small purple needles shot towards its eyes. The bloodthirsty Wolf wanted to retreat, but its big head was already stuck, and it was hit by the small purple needles. Yun chujiu shouted, "Explode!" Immediately, the bloodthirsty Wolf's eyes became a bloody mess, and almost at the same time.., the body of the bloodthirsty wolf was also burned. The bloodthirsty wolf was in so much pain that it quickly pulled its head back and began to rub the cave wall to extinguish the flames on its body. However, how could a

blind and heavily injured demonic beast be a match for Yun Chujiu and Dumb Meng? After fifteen minutes., this miserable bloodthirsty Wolf died unwillingly.
