

The Yun Family's Ninth Child is an Imp! Chapter 1165

Yun chujiu sighed. "Master, I don't want to do that either. But this gold back devouring gold ant is different from other demonic beasts. I Can't use it no matter how much I can trick it!" The ant colony got closer and closer to Yun Chujiu and the rest. Its sharp teeth emitted a cold light. It looked very scary. "Damn it! If only my fireball could be a little bigger. I can burn these damn ants to death!" Lie Yan's three-tailed Fox King said while spitting out the fireball. Yun Chujiu's eyes suddenly lit up. She recalled the scene where she burned the Phantom Hell Flower in the ancient spiritual medicine valley. F * ck, I'll give you some oil. I Can't burn you to death! Yun chujiu took out a few pots of vegetable oil from her storage ring and poured it on the ants below. The ants were immediately unlucky! When the vegetable oil met the fireball, the fire immediately spread. The gold-eating gold ants were burned to the ground. When they ran around, they even burned the rest of the gold-eating gold ants. The ants immediately became chaotic. Yun chujiu stood on the small mound and laughed, "You ants still want to fight with me? I'll kill you all in a minute!" Although the three Xiao Heiniaos did not know how they got here in a minute, it did not stop them from being happy. Finally, they did not have to turn into white bones! Unfortunately, they were happy too early! After the ant colony calmed down, one of the queen ants with a fat body began to deploy troops. They began to dig a tunnel quickly, preparing to drill into the small mound from the ground. These gold-eating gold ants had very sharp teeth. They dug very quickly, and it would not take long for them to dig into the small mound. However, if Yun Chujiu left the small mound, she would immediately be surrounded by the ants. Yun Chujiu's face was once again filled with worry! "Master, why don't we rush down? If it really doesn't work, we can use fire to burn a path!" Xiao Heiniaos said. "No, these gold-eating ants will huddle together when they are cornered. At that time, they can completely ignore our fireballs. Moreover, without the geographical advantage, we are no match for the ant colony," Yun Chujiu said disapprovingly. "But, we are also waiting for death here! After a while, those gold-eating ants will crawl out of the soil. Together with the gold-eating ants below, we will be attacked from both sides!" "Let me think about it. There must be a way. I don't believe that my IQ is not better than these ants." Yun chujiu rubbed her temples and her brain kept working. These days, she was exhausted and could not get any rest, she felt that her brain was almost frozen. If she wanted to clear the level, she would probably have to kill all these gold-eating gold-eating gold-eating ants. However, there were so many ants, how could she kill them all? Yun Chujiu's gaze fell on the queen ant. To catch a thief, one must first catch the king. If she killed the queen ant, these small fries would probably be easier to deal with. How could she kill it? The queen ant had been hiding in the middle of the ant colony, and her spiritual power could not reach it. She had to lure it to the front. Yun chujiu rolled her eyes, and her eyes fell on the fat body of the queen ant. Yun Chujiu took out a bucket of honey from her storage ring, added some flour, and threw two small balls in the direction of the queen ant. Perhaps the taste of the honey was too fragrant, the queen ant swayed its fat body to the side of the honey ball and touched the honey ball with its antennae. Then, she let a gold-eating gold-eating ant try it and saw that there was no bad reaction after it ate it, then, she swallowed the Honey Ball in one bite. Yun Chujiu was happy when she saw this. As long as you are willing to eat it, I won't poison you to death! Yun chujiu kept throwing the honey balls. Each of the honey balls was not big, and the queen was very protective of her food. She did not let other ants eat it, so all the honey balls went into the Queen's

stomach. Seeing that the gold-eating gold-eating gold-eating ants were about to dig up the earth, the Queen suddenly fell to the ground and twitched. She kicked her legs and died! A white light flashed in front of Yun Chujiu's eyes. She had actually passed the fifth level. It turned out that as long as the queen ant died, she would pass. Yun Chujiu had also passed the fifth level by accident.
