

The Yun Family's Ninth Child is an Imp! Chapter 1182

This fellow was immediately startled awake. When he opened his eyes, it was actually di beiming.

"Prince Charming, why are you here?" Yun Chujiu asked in a daze. Di beiming did not speak. His hot lips directly kissed her.. Yun Chujiu felt that she was like a small boat on the vast ocean that was brought up and down by di beiming. She felt that she was going to faint. After a long while, di beiming resisted the urge to take another step forward, he asked in a hoarse voice, "Did you suffer a lot in there?" "I originally wanted to enter the trial tower to save you, but when I thought that this might be your opportunity, I didn't enter rashly. If you still don't come out in another month, I will definitely enter."

"Prince Charming, didn't I tell you? "Don't worry, a scourge like me won't die easily. If such a thing happens again in the future, you don't have to worry too much. A blessed person like me will definitely be able to meet with misfortune." Yun Chujiu said languidly in di Beiming's embrace. Di beiming gently kissed Yun Chujiu's hair. "Little Jiu, when can we announce our relationship? It's really too difficult to see you like this." "Prince Charming, I also want to be with you openly, but you also know that you are too popular. The Three Sisters of the Academy are all watching you. Moreover, although the power behind them isn't comparable to the temple of Immortals, it's not for nothing. It's already difficult enough for me to deal with the Yin family now. If the other two interfere, I really can't handle them." Di beiming knew that what Yun Chujiu said was the truth. Although the temple of Immortals had a high status in the Tian Yuan continent, he could not interfere in the Tian Yuan Academy. Furthermore, if he was careless, what if he was careless.., little Jiu's situation would be dangerous. He could only wait for Little Jiu's strength to increase a little more. "Oh right, Prince Charming, I activated the protective array. How did you get in?" Di beiming curled the corners of his lips. "Do you think a small protective array can stop me?" Yun chujiu curled her lips. Looking at your smug look, pretend that I didn't say anything! "A few days ago, my mother came over? Did she make things difficult for you?" Di beiming really couldn't do anything about his random mother. No matter how he explained it, he just didn't like little jiu. Yun chujiu giggled, "My aunt is very good to me! Not only did she give me a million upper-grade spirit stones, she also gave me a lot of spirit tools!" The corner of di Beiming's eyes twitched violently. Aunt? Yun Chujiu told him everything, then, she said, "Prince Charming, it's not that I want to say it, but aunt is good in every way. It's just that she really doesn't have the energy to Squander. In the future when we get married, it's better for me to have the financial power." The corner of di Beiming's eyes twitched violently again. Then, he asked with a smile, "Are you in a hurry to marry me? If you agree, I'll Marry You Tomorrow!" Yun Chujiu's ten thousand years of thick skin began to blush slightly. "I'm Not! Besides, your mother said that she would only agree to our marriage if I entered the top 100 of the Prodigy Roll!" "Who cares! My mother is a sharp tongue but a soft heart. As long as you agree, I will arrange the marriage tomorrow." Di beiming could see but could not eat. He had long been anxious to marry Yun Chujiu! It was fine if he did not attend Tianyuan Academy. At most, he could teach little jiu. Yun chujiu shook her head. "No, since I have said it, I have to do it. Otherwise, your mother will laugh at me for the rest of my life. Moreover, I want to become stronger. I don't want to be a burden to you. I want to be your helper. "Oh right, Prince Charming, what realm can you cultivate to before you can travel through time and space?"
