## The Yun Family's Ninth Child is an Imp! Chapter 1218

Manager Luo had no choice but to open the door. Yun chujiu carried the lamp into the room, then closed the door and took out the isolation disk to open it, only then did she say with a smile, "Manager Luo, I've helped you so much, don't you have something to show for it?" Manager Luo's face was full of confusion, and it took her a long time to react. She hurriedly transferred the 200,000 high-grade spirit stones to Yun chujiu, "Miss Jiu, this, this spirit stone, you take it." Yun chujiu curled her lips. "This 200,000 is mine to begin with. I lent it to you as bait. You caught such a big fish and took it all for yourself? 900,000 spirit stones, why didn't you give me half of it?" Ah? Ah! Manager Luo felt that there was no one who could be so shameless! She felt that Yun chujiu had completely refreshed her understanding of shamelessness. It turned out that people could be so shameless? Yun chujiu saw manager Luo's stunned face, she said unhappily, "Why are you so greedy? If I didn't raise the price, they wouldn't even give you this small amount of reward every time. Now, you still have so much left! "People can't be too greedy. Hurry up and transfer me 450,000 or 500,000." Manager Luo transferred 450,000 to Yun Chujiu without thinking, then, Yun Chujiu said with a smile, "That's right! We need to be honest in business! We have a good cooperation this time. Let's continue the cooperation next time!" Manager Luo did not recover until Yun Chujiu left the room for a long time. Shameless! Too Shameless! Didn't you just say a few words? On what basis did you split 450,000 Spirit Stones? Qin Mingzhu and the others gave me spirit stones on account of the palace master's wife. What has it got to do with you? Manager Luo picked up the voice transmission talisman and reported the matter to the palace master's wife. After hearing it, the palace master's wife was so angry that she started to Twitch. This little trash is really greedy and shameless! Just you wait, when we reach my territory, you'll see how I'll deal with you! Yun chujiu made a small fortune and was in a good mood. Looking at the three "Love rivals", she became a lot more pleasing to the eye. "The journey is boring. I have a good storybook here. Do you want to read it?"Yun Chujiu asked Qin Mingzhu and the other two with a smile. Baili Yan said happily, "Really? What Storybook?" "Of course, it's the best storybook. Usually, I can't bear to lend it to others,"Yun Chujiu said as she took out a stack of storybooks and gave one to Qin Mingzhu and the other two. The three of them looked down and immediately blushed, yin Xinlian threw the storybook to Yun Chujiu. "Yun Chujiu!"! You, you have no sense of shame! You actually read such a storybook! "Qin Mingzhu and Baili Yan also threw the script to Yun chujiu one after another. They said disapprovingly, "Junior Yun, how can you read such a script? It's really, really immoral!" "You really don't know how to appreciate a good person's heart. If you don't want to read it, then forget it. I'll read it myself. You guys can just sit there and rely on it!"Yun chujiu felt very regretful in her heart. She originally thought that they would like to read it and earn a sum of money. She didn't expect that they actually didn't like it.., they really did not know how to appreciate beauty! Qin Mingzhu and the other two looked at Yun Chujiu who was watching with great interest with disdain. The people from the lower tier were indeed vulgar. A little girl actually read that kind of script. She really did not know how to be shameless. However, Yin Xinlian's heart moved. The palace mistress had always loathed Yun chujiu. She had thought of a way to reveal the fact that Yun chujiu read this kind of script to the palace mistress. The palace mistress would definitely loathe her even more, once she lost the protection of the palace mistress, killing her would be a piece of cake.
