

The Yun Family's Ninth Child is an Imp! Chapter 1298

"Little radish, let me tell you, I am the best at torturing the Qi Ling. Let alone you, even the Qi Ling of an ancient divine weapon would have to be obedient in front of me. If you are tactful and make up for my mental loss, then release us both, and we will forget everything. Otherwise, HMPH! I have many ways to make you have nothing to live for!" Yun Chujiu said fiercely. The regret in Qi Ling's heart was simply overwhelming! If he knew that this wretched girl was so perverted and Shameless, he would not have provoked her no matter what! What should he do now? It was easy to invite a god, but difficult to send a god. If this damned girl did not get some benefits, he would definitely not forgive her. Qi Ling rolled his eyes. HMPH, since you want benefits, I will give you some junk to get rid of you. Anyway, you don't know what good things I have. Yes, let's do it. "Little girl, Alright, we'll do as you say!" "There's something wrong with this matter. We Value Harmony.". "Speaking of compensation, you've already dug up a lot of netherworld stones. I'll give you another good thing, and then I'll send you out, and we'll be done with this matter." Qi Ling squeezed out a smile and said. Yun Chujiu was noncommittal. Instead, she asked, "What good thing did you give me?" Qi Ling took out a sheepskin scroll. "Little girl, I'm telling you that this is a treasure. It says the location of the treasure. If I didn't feel sorry for you, I definitely wouldn't have taken it out." "Oh? You're so generous? Let Me See." Yun chujiu gestured Qi Ling to pass the sheepskin scroll to her. The Qi Ling passed the sheepskin scroll to Yun Chujiu, feeling proud in his heart. Little Fellow, what else can you see? The scroll was filled with ancient characters. It would be strange if you recognized it! Just as the Qi Ling was thinking proudly.., he heard Yun Chujiu say with a cold smile, "Little radish, are you trying to fool me with a lousy prescription? Do you think I am too easy to talk to? Xiao Hei, dig a hole immediately, I will plant this radish in!" Yun chujiu called out Xiao Hei as she spoke, and Xiao Hei started to dig a hole without saying a word. Qi ling said in disbelief, "You, you actually know ancient characters?" "HMPH! I know a lot! Little Radish, are you trying to fool me? You must be dreaming! Come, I'll plant you in the hole right now." Actually, Yun chujiu only recognized a small part of the words on this sheepskin scroll, however, she could still tell what kind of medicine this was. The tool spirit was stuffed into the pit dug by Xiao Hei by Yun Chujiu, and immediately became terrified. "Little girl, no, Little Fairy, what I gave you just now was just a greeting gift. I still have some good stuff here!" Qi Ling said The tool spirit took out a jade token painfully, and Yun Chujiu snatched it over with a whoosh. This jade token was obviously a good thing, and it was very similar to the jade token given to her by the dry old man. Qi Ling cursed Yun Chujiu a few hundred times in his heart, and squeezed out a smile as he said, "This jade token is a defensive immortal tool. It can block a fatal blow from a ninth level spiritual venerable. It's a real good thing." Yun chujiu curled her lips. "It's okay. What else? You don't think that this lousy jade token is enough to get rid of me, do you?" Qi Ling almost passed out! Lousy jade token? A lousy jade token and you still keep it in your storage ring? This wretched girl is really too greedy! She dug up so many netherworld stones and even extorted a jade token from it, yet she was still not satisfied. How Shameless! "Little Fairy, I'm very poor. I really don't have any other good things!" Qi Ling began to cry about being poor and made up her mind not to give Yun chujiu anything.
