

The Yun Family's Ninth Child is an Imp! Chapter 1299

"It seems that you want the Demon Beast to fertilize you? Xiao Hong, come out and fertilize little radish!" The three-tailed Fox King of Lie Yan almost cried when it first heard Yun Chujiu's shout.

"Master! I'm also a shameless beast. How can I do such a tasteless thing as pooping and defecating everywhere?" "Just pretend and scare it," Yun Chujiu said to the three-tailed Fox King of Lie Yan with her spiritual sense. Lie Yan had no choice but to pretend that she was going to fertilize it. Qi ling shouted, "Give It! I'll give it to you!" Yun chujiu pouted. "Wouldn't it have ended this way earlier?" It was really like a donkey that would take a step back if it was not led! What do you want to give me this time? Little Radish, let me tell you. If you can't satisfy me, I'll let you grow radish leaves immediately!" Qi Ling had never seen such a shameless human before, with a wide noodle in his heart, he said, "Little Fairy, I've been underground all year round, and I really don't have anything good. However, I've collected quite a number of storage rings of cultivators who came here to train. After they died, I've collected all these things. You can take whatever you're interested in." After Qi Ling finished speaking, many storage rings appeared on the ground. Yun chujiu used her spiritual sense to probe into the storage rings and found that there was nothing valuable in them. However, there were quite a number of defensive spirit tools. Although their grades were a little low, they had the advantage of having a lot of them, therefore, she put away all the defensive spirit tools in the storage rings and made up for what she had lost previously." Qi Ling said with a bitter face, "Little fairy, I've already lost all my money. You should be satisfied, right? I'll send you and the others out now." Yun chujiu looked at it mockingly. "Little radish, don't think that I don't know that you still have many good things. However, I'm too lazy to talk nonsense with you. I'll let you off this time. When I'm short of money, I'll come back to look for you. "Oh right, if you don't want the secret of the tenth floor to be leaked, give me some hush money!" "Otherwise, HMPH, you understand." Qi Ling could not believe her ears. How could she be so Shameless? She had already taken so many things from it, yet she still wanted hush money? "Little radish, I don't want too much. I'll give you a 99-81% discount. You just have to give me one million top-grade spirit stones." Hearing Yun Chujiu's words, the tool spirit fainted from anger. Qi ling was stunned. Yun chujiu blinked her eyes. "This little radish's mental resilience is too weak, isn't it? It fainted just like that? Do I Want Too Much? Isn't it equivalent to one hundred million top-grade spirit stones?" Xiao Hei and lie Yan, the three-tailed Fox King, were obediently acting like mushrooms by the side. This tool spirit still wanted to fight with their black-hearted master? They really overestimated themselves. Our black-hearted master is full of evil tricks and will torture you to death. After a moment, the tool spirit woke up. This time, it really cried, it cried until its nose was full of tears. "Little Fairy, I was wrong! I shouldn't have offended you. I shouldn't have scolded you. Please spare me! Even if you sell me, I won't be able to get a million top-grade spirit stones!" Yun chujiu sneered, "Little radish, you want to play a trick on me? Let me tell you, this trick is useless! Don't think that I don't know that these storage rings are just a drop in the bucket, and where are the spirit stones in them? If you continue to waste time with me, I'll give you 200 million, another 400 million!" Qi ling quickly evaluated the possibility that Yun Chujiu had mentioned. There was nothing that she couldn't do. It seemed that it could only give up money to avoid disaster. Quickly send this wretched girl out, and if she came again in the future, it would directly block her out, yes, that was how it should be done!
