

The Yun Family's Ninth Child is an Imp! Chapter 131

After the seven of them finished roasting the remaining rabbits, Yun Chujiu wiped her mouth and stretched lazily. "Brothers and Sisters, wait for me downstairs. I'll do some cleaning up, and then I'll look for you. No matter what happens later, you don't have to care!"

Although Yun Chusi and the others were a little worried, they knew that Yun Chujiu had many ideas, so they could only head back first.

After a while, they saw a few dazzling lights flash past the spot where the barbecue had been, accompanied by the sound of heavy objects falling to the ground.

After a while, Yun Chujiu jumped into action and caught up with Yun Chusi and the others with Little Black.

"Little Jiu, was there a flash on the mountain just now? Did it hurt you?!" Yun Chusi asked worriedly.

"That's right! There was indeed a flash! But the lightning came at the right time. Come over. We'll do it this way tomorrow. Do you understand?" Yun Chujiu bared her little white teeth and showed a little fox-like smile.

Yun Chusi and the others were stunned when they heard that. They looked at Yun Chujiu in shock. Little Jiu was simply too evil! This was simply turning the tables!

"Little Jiu, is this... Is this really a good idea? After all, we were in the wrong..." Yun Chusi could not continue because Yun Chujiu was looking at him coldly.

"Do you guys think that I've gone too far? Shouldn't I go against the Law Enforcement Agency? Shouldn't I obediently follow them?" Yun Chujiu's little face sank.

Yun Chusi and the others inexplicably felt that Little Jiu was very scary at that moment, and they said in a meek voice, "Little Jiu, we don't have any intention of blaming you. We just don't understand... Won't this matter blow up? What would happen to us then?"

Yun Chujiu snorted coldly. "Fourth brother, take out the rules of the Spirit Radiance Sect and have a closer look. If you start a fire in the back mountain, what's the crime, and what punishment will you receive?"

Yun Chusi hurriedly took out the rules from his storage bag and flipped through them. Perhaps he was nervous because he could not find it even after some time.

Yun Chujiu said faintly, "Page five, Article 108."

Yun Chusi flipped to page five, and as expected, article 108 said, "Those who start a fire in the back mountain without permission will be punished according to the circumstances and the consequences. Those who are lightly punished will be given a verbal warning or be punished with spirit pearls or spirit stones. Those who are severely punished will be imprisoned until they reflect on their mistakes, and those who are in serious circumstances will be expelled from the sect."

"This... Our circumstances are clearly very mild, but why did Senior Brother Liu imply that it's serious? He even said that he wants to expel us from the Spirit Radiance Sect?" Yun Chusi cried out in surprise.

"That's because San Jiaoyan wants to use this as an excuse to take advantage of the situation and get revenge for his personal grudge!" Yun Chujiu laughed coldly.

"Little Jiu, what do you mean? Revenge? San Jiaoyan has nothing to do with us, right?" Yun Chusi asked in confusion.

"At first, I just thought he looked familiar, but after hearing his name, I suddenly realized! Do you remember that miserable group that we eliminated in the third round? Wasn't that group leader called

Liu Qinghua? That triangular-eyed man was called Liu Qingzhen, and he looked so much like San Jiaoyan. Perhaps he was a relative!

Yun Chujiu saw that Yun Chusi and the others still did not seem to understand, and she sighed in her heart. The Yun family had protected them too well, and they were all a little too kind! Looks like it was time to get them out of their heads!

“That triangular-eyed man was rude and unreasonable from the start. He deliberately threatened us with all sorts of words and actions. Do you think he usually enforces the law like that? He’s setting a trap for us to fall into! “I bet that as long as we obediently leave with them tonight, not only will we be expelled from the Spirit Radiance Sect tomorrow, but we will also be tortured.

“Brothers and Sisters, this isn’t Ye City, nor is it the Yun family. Although the Spirit Radiance Sect is a famous sect, there are still quite a number of dirty and sinister people here.

“Why do you think we were assigned to the most useless Middle Peak kitchen? Why did that disciple deliberately lead us around a big circle? Why was the array formation done in the big kitchen even though he knew that we had not eaten dinner? Why were we caught red-handed by the Law Enforcement Agency the moment we roasted the rabbits?

“You must remember that from this moment on, you must remain vigilant at all times. Otherwise, not only will you be expelled from the Spirit Radiance Sect, you will lose your own lives and those of your brothers and sisters! Do you understand?”
