

The Yun Family's Ninth Child is an Imp! Chapter 1385

Two hours later, Xiao Hei emerged from the ground. Then, Yun Chujiu saw Xiao Hei start to dig out mushrooms from the storage space. One mushroom, two mushrooms, five mushrooms, ten mushrooms..

Yun Chujiu's eyes turned into Peach Hearts. Damn, with Xiao Hei's mushroom killer, how could she be worried that she would not be able to find the earth-penetrating spiritual mushroom? !

Yun Chujiu praised Xiao Hei. Xiao Hei was uncomfortable with its master's enthusiasm.

Yun chujiu could not help but sigh. Although these three spiritual pets of hers were not particularly powerful, they all had their own unique abilities and were not bad.

In the next few days, Yun Chujiu brought Xiao Hei and began to sweep crazily. Wherever Xiao Hei went, the earth-penetrating spiritual mushroom would not be spared. Fortunately, Yun Chujiu told it not to kill all of them. Xiao duo's earth-penetrating spiritual mushroom should not be picked, only then did it avoid the tragic fate of the earth-burrowing spiritual mushrooms becoming extinct.

That afternoon, Yun Chujiu found a small stream, so she washed her face and took out a few steamed buns to eat.

At this moment, she heard footsteps. Yun chujiu found that she was surrounded by grass and had nowhere to hide, so she simply continued to sit there and eat the steamed buns.

Not long after, seven people walked over. Yun chujiu looked at them and found that their ages and spiritual powers were uneven, and their clothes were not uniform. They should not be from the Netherworld Hall, but rather, they seemed to be some wandering cultivators who had gathered temporarily.

The seven people sized up Yun Chujiu. When they saw that Yun Chujiu was wearing the uniform of the Tianyuan Academy, they knew that she was a student of the Tianyuan Academy.

The seven people exchanged glances and surrounded Yun chujiu in the middle.

“Little girl, if you know what’s good for you, then hand over all the valuable things you have on you. As long as we don’t kill you with money, if you don’t know what’s good for you, Humph!”

Yun chujiu stood up calmly. “As you can see, I’m a student of Tianyuan Academy. Aren’t you afraid of getting revenge for robbing me?”

A few of them burst into laughter. One of them, a short and fat man, said, “Little girl, have you been reading too much? Getting Revenge for us? Where are you going to find US after leaving this Misty Valley?”

A triangular-eyed man added fiercely, "Cut the crap. Hurry up and hand over your valuables, or we'll kill you. Anyway, nobody will know about this in the Misty Valley."

Yun chujiu looked at them with a smile. "I should be the one to say this. Hand over your valuables, or I will kill you."

Those people were stunned and then burst into laughter. "Is this little girl scared silly or talking in her sleep? She wants to rob us? What a joke!"

"Brother Zhou, don't talk nonsense with her. She's only at the fifth level of the Spirit sect. I can take care of her alone," San Jiaoyan said disdainfully.

The other six people also thought that Yun Chujiu was a weak chicken, so they stepped aside and signaled San Jiaoyan to make a move.

San Jiaoyan attacked Yun chujiu with his spiritual power. His spiritual power materialized into a poisonous snake and pounced on Yun chujiu with its tongue sticking out.

Yun chujiu slowly released a small pig of spiritual power.

San Jiaoyan and the others saw this and immediately laughed. "Hahaha! Her spiritual power materialized into a pig? and a small pig?"

"There is such a useless student in Tianyuan Academy? Damn, this is too useless!"

"Maybe she entered through the back door. Such a useless person still dares to come to the Misty Valley. He is really courting death!"
