

The Yun Family's Ninth Child is an Imp! Chapter 1437

Just when everyone was puzzled, Yun Chujiu held her breath and focused. She extended her right index finger to the plate that contained the blood of the Demon Beast.

Everyone was shocked. Could it be that Yun chujiu wanted to use her finger as a talisman pen to draw a talisman?

Wasn't this a joke? !

If her finger could draw a talisman, why did she invent a talisman pen? Everyone could just use their fingers!

In fact, Yun Chujiu was also uncertain.

She leaned back on the chair and thought about it. Suddenly, she remembered that when she was competing in the Wuwei Tower, she used her fingers to draw fire talismans on some of the scraps of Talisman Paper. Although she did not succeed at that time., but in the middle of the night, the place where she threw the talisman suddenly caught fire. Perhaps it was caused by the talisman.

However, why did she not succeed at that time but succeeded after a few hours?

Yun Chujiu racked her brains and suddenly had a thought. Could it be that she used the scraps of the talisman paper, so the talisman she drew was relatively small, and the spiritual power on it was naturally much less than normal talismans, so it delayed the time when the talisman would take effect?

Forget it, regardless of whether it was because of this reason or not, this was her only chance. She had to give it a try. She couldn't just admit defeat!

After Yun chujiu dipped her right index finger into the Demon Beast Blood, she began to hold her breath and focus on drawing the explosive talisman. At first, it was very smooth. Yun Chujiu's heart was filled with joy. It seemed that it was really feasible. Si Tushi, are you F * CKING scheming against me? HMPH, I can still defeat you with my intelligence.

Just as Yun Chujiu was feeling proud, she was miserable!

She had forgotten a very important thing. At that time, she had drawn a small talisman, so the demonic beast blood on her finger was enough.

However, she was drawing a normal talisman now. Therefore, before she could draw half of it, the demonic beast blood was used up. When she wanted to dip it into the demonic beast blood to continue drawing, the talisman had already been burned, and the talisman was ruined.

Initially, when Li Wei saw that Yun chujiu had actually used her finger to draw half of the talisman, he was shocked. Now that he saw that Yun Chujiu's talisman was ruined, he was finally relieved.

HMPH! This Yun Chujiu was simply daydreaming. He had already said that it was impossible for her to successfully draw the talisman with her finger, causing him to have a false alarm.

The crowd below the competition stage also let out a sigh. Initially, when they saw that Yun chujiu had really used her finger to draw the talisman, and that it was rather smooth, hope was once again ignited in their hearts. With Yun Chujiu's speed., she would definitely be able to surpass Li Wei. Unexpectedly, the talisman was actually ruined. It seemed that their joy was in vain.

Si tushi wiped the cold sweat on his forehead. He had been so scared just now. This damned brat had actually thought of such an idea, and she had really drawn it well., could it be that she could really use her finger to draw it successfully?

Now that he saw that Yun Chujiu's talisman was ruined, he heaved a sigh of relief. This damned brat was really full of tricks, and she had almost succeeded again! However, she had thought of things too simply. If she could draw the talisman with her fingers, what was the use of the talisman pen? She really overestimated herself!

Yun Chujiu's brows were tightly knitted at this moment. What should she do? How could she solve the problem of insufficient demonic beast blood? How about she draw a small talisman?

No, that San Jiaoyan was originally from Si Tushi's gang. If she drew a small talisman, he would definitely not approve of it. What should she do?
