

## The Yun Family's Ninth Child is an Imp! Chapter 1443

After thanking the host and the judges, Yun Chujiu jumped off the competition stage and jumped to the viewing area of Tianyuan Academy.

What greeted her was naturally a tsunami of praise. This guy pretended to be modest and then jumped in front of Dean Huangfu.

“Dean, I also want to participate in the Beast Taming competition. Remember to help me get the quota for the Beast Taming Competition!” Yun Chujiu said with a smile.

Even if Dean Huangfu said that Yun Chujiu wanted his old life, he estimated that he would not hesitate. Not to mention that Yun Chujiu wanted the beast taming quota for the Tian Yuan Academy. He immediately found a student who originally wanted to participate in the Beast Taming competition, that student immediately agreed. What a joke, how can I compete with this monster? Let Her Go!

After a short rest, the most crucial round of the first phase of the competition, the Beast Taming competition, began.

When everyone saw Yun chujiu jumping up again, everyone was dumbfounded!

What?

Yun chujiu actually still wanted to participate in the Beast Taming Competition?

It was already abnormal enough that she knew how to refine pills and talismans, but she also knew how to Taming Beasts?

Si Tushi wished that he could go up and pull Yun chujiu down. For some reason, when he saw Yun Chujiu, his heart panicked and he could only comfort himself. This Yun chujiu must have gone up to make up the numbers, she definitely didn't know how to Taming Beasts!

Humph, it did not matter even if she knew how to Tame Beasts. This time, among the contestants they sent out, there was Li Han, the grandson of the most famous Beast Master in the Netherworld continent, Li Qianren.

Moreover, this time's topic, Humph, no one in your Tian Yuan Academy could complete it!

The host saw that the contestants and judges were already in position, and announced the rules of the competition. The rules of the competition were very simple. Whoever first established a spiritual connection with the target demon beast and successfully controlled it would be the winner.

During the competition, it was strictly prohibited to use drugs such as the bewitching Beast Powder. Once it was discovered, the results of the competition would be canceled.

After the host announced the rules of the competition, he signaled the staff to bring the Cage of the Demon Beast Up.

A moment later, dozens of staff brought a huge cage onto the competition stage. The cage was covered with a black cloth. Everyone was extremely curious. What kind of Demon Beast was inside?

When the black cloth was pulled down, everyone was shocked. Inside the cage was a level 24 lie Yan red-tailed Fox!

“Oh my God, am I seeing things? This, this is Lie Yan red-tailed Fox? This is a level 24 Demon Beast!”

“How can it be successfully controlled?” The highest level of spiritual power of the students on the stage was only at the seventh level of the spirit Saint Realm. This level 24 lie Yan red-tailed fox was equivalent to a cultivator at the ninth level of the spirit Saint Realm. weren't Beast Tamers only able to control demon beasts with lower spiritual power than themselves?”

“Yeah, who came up with this question? Are you out of your mind?”

Someone from the netherworld continent said smugly, “Tsk! No one from your Tian Yuan Academy can complete it, but someone from our Netherworld Academy can!”

“That’s right. Li Han from our Netherworld Academy is the grandson of Beast Tamer Master Li Qianren. He has had extraordinary Beast Tamer talent since he was young. The most important thing is that he can even control beasts of a higher level.”

“Although your Tian Yuan Academy managed to equalize the score with dog shit, Luck, and Luck, you will still lose this beast taming competition!”

..

The people of the Tian Yuan continent were at a loss. Why was this question designed by the Nether Academy? The Tian Yuan Academy agreed to it? Were they stupid?

Actually, they had really misunderstood. The questions of refining weapons and pills were created by the Tian Yuan Academy. The Nether Academy had used the excuse that they were guests to design three questions: Array Formation, Talisman Seal, and beast taming.
