

The Yun Family's Ninth Child is an Imp! Chapter 1477

After Yun Chujiu had finished bluffing, she had a rare conscience, she decided to say something practical. "Students, apart from the two points mentioned above, I have another suggestion for you. Of course, you can listen or not. This one is a gift."

Everyone looked at Yun Chujiu and thought, it's rare for this fellow to be so generous. What suggestion should I give them?

"I realized that everyone pays too much attention to cultivation and neglects the problem of body movement. For example, I'm only at the fifth level of the spirit sect, but my body movement is much faster than yours. Why is that?"

"Because I practice body movement all year round!" "No matter how high your spiritual power is, if your body movement is slow, you will still be at a disadvantage in the process of fighting the enemy. To be honest, if your body movement is fast enough, at least it will be very useful when running for your life."

Xiao Heiniao not only ridiculed, "Master, you are already at the fifth level of the spirit Saint Realm. Is it really okay for you to shamelessly say that you are at the fifth level of the spirit sect?!"

Hearing Yun Chujiu's words, everyone was deep in thought. They remembered that when Yun Chujiu and Jia Long were fighting, their movement technique was indeed much faster than Jia Long, who was at the third level of the spirit venerable realm. It seemed that their movement technique was indeed very important, in the future, we should also strengthen our movement techniques.

“Alright, Little Jiu’s experience exchange meeting has successfully concluded the first phase. In the future, we welcome everyone to participate in the second phase!”Yun Chujiu said with a smile.

The crowd didn’t feel the heartache at the beginning. They felt that this one thousand spirit stones was still worth it. Not to mention other things, the importance of this movement technique wasn’t something they had paid much attention to in the past. In the future, they would have to practice it well.

Seeing that the crowd had left, Yun chujiu distributed some of the spirit stones she had obtained to the students of the Huang class. Then, she hopped off to look for Dean Huangfu.

“Dean, I want to skip a grade. I want to skip straight to the fourth grade!”Seeing Dean Huangfu, Yun chujiu directly stated her purpose of coming here.

“Fourth grade? Little Jiu, although your talent in alchemy and talisman-making is astonishing, your spiritual power level is still a little low. When you reach the fourth grade, I’m afraid that your results can only be ranked in the middle.”Dean Huangfu didn’t know that Yun Chujiu had broken through once again in the grand desolate realm, he thought that she was at the second level of the spirit Saint Realm.

Yun chujiu smiled and jumped her spiritual power level to the fifth level of the spirit Saint Realm. Then, she said, “Dean, is it okay this time?”

Dean Huangfu was already numb from Yun Chujiu's blow, therefore, he was stunned for a moment. "Ah, ah, in that case, I will allow you to jump to the fourth grade on the grounds that you have made outstanding contributions to the Academy. However, Little Jiu, can you adjust your spiritual power to the level of a spirit saint? This way, I will be able to convince the masses."

"No Problem! Then I will adjust it to the first level of a spirit saint. Otherwise, I am afraid that I will scare them." Yun chujiu adjusted her spiritual power to the first level of a spirit saint.

Dean Huangfu pursed his lips. Haven't you given everyone a scare? You are clearly trying to continue pretending to be a pig to eat a tiger!

Dean Huangfu immediately called for a meeting attended by a few deputy dean and grade presidents. He told them about Yun Chujiu's incident. Everyone had witnessed Yun chujiu's abnormal performance, so they naturally agreed with her.

Deputy Dean Yin looked indifferent on the surface, but in his heart, he was gnashing his teeth with hatred. This wretched girl, Yun Chujiu, was getting more and more arrogant. He had to get rid of her as soon as possible.

When the students in the Huang class learned that Yun Chujiu was going to jump to the fourth grade, they were very reluctant. Some of the girls even started to cry. Yun chujiu also shed a few crocodile tears, only then did they wave their hands and enter the fourth grade Xuan class without leaving a cloud behind.
