

The Yun Family's Ninth Child is an Imp! Chapter 1478

Although Yun Chujiu was puzzled as to why she was assigned to the Xuan class, she had always had this kind of mysterious confidence. She was not afraid of the Huang class, but the Xuan Class? !

“This is Yun Chujiu. I believe everyone knows her. From today onwards, she will officially become a member of our class. Everyone, Welcome.”Qin Mu, the teacher in charge of the fourth grade Xuan class, was very happy, the results of the Xuan class had always been at the bottom of the fourth grade. Now that Yun Chujiu had joined the class, there was hope for her to improve. After all, this little girl was not simple. Under her leadership, the results of the Huang class were very good.

The students of the Xuan class were very surprised. They did not expect that this legendary little junior would actually become their classmate. This was really great!

The first thought that came to their minds was, in the future, when they participated in the exchange of experience, would they not need to pay spirit stones?

Nangong Luoyue waved her hand at Yun Chujiu, and Yun Chujiu became Nangong Luoyue's deskmate.

Nangong Luoyue was very excited. She didn't expect that Junior Yun, who was known as a good-for-nothing a year ago, had now become one of the new “Three ribbons of Tianyuan” in Tianyuan Academy.

That's right, because of Yin Xinlian's death, the "Three ribbons of Tianyuan" became two ribbons. The nosy students simply added Yun Chujiu in, and Yun Chujiu became one of the new "Three ribbons of Tianyuan".

Yun Chujiu didn't like this title at all. F * ck, who would be on the same level as them as the "Three ribbons of Tianyuan"? She was her, the one and only little ninth fairy!

Actually, Yun Chujiu felt that she wouldn't be able to learn much in a normal class. After all, this guy was too abnormal, and she already knew everything that she should and shouldn't be learning.

There were three reasons why she stayed in Tianyuan Academy to study.

Firstly, the dried old man still had a lot of dry goods. However, because Yun Chujiu was currently at the level of a spirit saint, she wasn't able to learn at all. She could only continue learning after breaking through to the level of a spirit paragon.

Secondly, the Tian Yuan Academy was heavily guarded after all. It was very safe, and it was much safer here than outside. Moreover, the Tian Yuan Academy often had secret realms and trials, and many of them weren't accessible to outsiders.

Thirdly, this fellow was still holding a grudge! So the old witch was not making things difficult for her, insisting that she get into the top 100 of the Tian Yuan Academy's prodigy roll? Then let's give her first place to take a look! HMPH!

Yun chujiu felt that her current spiritual power was still a little low, so she decided to wait for her spiritual power to increase a little more before charging up to the roll. If she did not make a name for herself, it would be fine, but if she made a name for herself, it would be shocking.

While Yun Chujiu's side was living a good life, the temple of Immortals was extremely worried.

After di Linhan returned to the temple of Immortals, he told the palace mistress and di beiming about the competition.

Although the palace mistress already knew that Yun Chujiu was a pervert, she was still stunned and said: "It seems that I have underestimated little jiu in the past. This little rascal is really too perverted!"

Di beiming was very calm, but the corners of his mouth curled up slightly. He was naturally very happy that the girl he liked was able to gain the approval of his parents.

Di Linhan changed the topic: "Little Jiu is indeed very outstanding, but she is only nineteen years old after all. The overwhelming praise and boasting will very likely cause her to lose herself.

“Moreover, Little Jiu’s personality is rather temperamental. If things go wrong, she will be satisfied with the current situation and stop here. We must think of a way to make her calm down and cultivate.

I’ve already informed Dean Huangfu to assign little nine to the fourth grade Xuan class to temper her arrogance. However, I’m afraid that the effect won’t be too great. We must think of another way.., otherwise, little nine will suffer a great loss in the future.

The Netherworld Palace isn’t as simple as you think. Little Nine has repeatedly sabotaged their plans. They definitely have to take further actions. Little nine must grow up quickly.”
