

The Yun Family's Ninth Child is an Imp! Chapter 1502

Nangong Luoyue and the others felt that this time, the odds were against them. There were more than 60 people from the Netherworld Palace chasing after them. Once they caught up with them, they would definitely die.

When they discovered that there was an incomparably wide river in front of them, they almost cried. It was over! Why did Yun chujiu choose such a direction? Although they would not drown in the water, they did not have any offensive abilities in the water. If they encountered aquatic demon beasts, they would definitely die!

The people from the hall of the netherworld chasing after them were overjoyed when they saw this. Let's see where you can run to this time? ! Don't tell me you still dare to jump into the river! ? It would be strange if the aquatic demon beasts in the river did not eat you!

Yun chujiu gave Nangong Luoyue and the others a handful of water-proof beads. "This is a water-proof bead. One can be used for fifteen minutes. Just put it in your mouth and jump into the river with me."

When Nangong Luoyue and the others saw the water-proof beads, they were delighted. With this water-proof bead, they didn't have to worry about drowning. After putting it in their mouths, they followed Yun chujiu and jumped into the river.

After Yun Chujiu jumped into the river, she realized that the river was not only wide, but also very deep. Her heart was moved. HMPH! I have a boat!

Yun chujiu waved her hand, and a large boat floated on the surface of the water. "Everyone, get on the boat. I want to see how those bastards will chase us. hahaha! Being Rich is being willful! We can have as many boats as we want!"

Nangong Luoyue and the others were simply stunned!

Yun Chujiu actually had a ship?

Wasn't this too unbelievable?

Although the Tian Yuan continent also had seas, those seas were very far away from the center of the continent. They were all located in remote areas, so very few people would have a ship.

Everyone boarded the large ship. After Yun Chujiu told a few male students how to control the ship, she boarded the deck, looking at the people from the Netherworld Hall who were staring at the shore, she waved her claws. "Hey, why aren't you chasing after her? Why aren't you chasing after her? Come and kill me!"

Hall master Li was so angry that he gritted his teeth. "That damned Yun Chujiu! There's actually a ship? How detestable! Hall master Zhu, what should we do? Should we just watch her escape?"

Hall master Zhu was the leader of another group of people. He gritted his teeth. "Of course we can't let her go so easily. We'll jump down and attack her boat to kill her."

"But, what if we encounter Aquatic Beasts? Our spiritual power attacks will be greatly reduced in the water, especially when the brothers with fire spirit roots don't have the ability to attack at all in the water." Hall master Li said with difficulty.

"Those with fire spirit roots, don't go down. Just follow them on the shore. The rest of you, jump down. After all, we have the advantage in numbers. Even if we encounter aquatic demonic beasts, we won't be afraid."

Hall master Li saw that Hall master Zhu insisted and had no choice but to order everyone to jump into the river and chase after Yun Chujiu's big boat.

Yun chujiu stood on the deck and said arrogantly, "Do You Think You Are Bastards? Do you still want to chase us? Can your dog paddles catch up with our big boat? You really overestimated your abilities. If you go at full speed, they won't be able to catch up even if they vomit blood!"

As expected, after Yun Chujiu's big boat went at full speed, even though the people of the Nether World Hall were extremely tired, they could only grit their teeth as they looked at the back of the boat.

“What bad luck! I didn’t expect that B * Tch to actually have a boat. It makes me so angry!” Hall master Li was so angry that he was twitching.

“Humph! There’s no need to be disheartened. We just need to follow along the river bank. When the time comes, we’ll think of a way to deal with that B * Tch.”

“We can only do this!”

After the people of the Netherworld Hall came ashore, they chased along the river bank.
