

The Yun Family's Ninth Child is an Imp! Chapter 1550

Manager Luo cursed in her heart. Didn't the Lan family mother and daughter purposely say this to make the servants think that the mistress was petty? How Insidious!

However, you are underestimating us too much. We are indebted to the palace master's wife. How can you influence us with just a few words? No wonder the mistress didn't have a good expression when she mentioned the palace master's three Junior Sisters. Not to mention the other two, just this one wasn't anything good! It was not known if there was something wrong with the palace master's eyes, but he actually thought that this junior sister was not bad.

After manager Luo had arranged the mother and daughter of the Lan family, as well as the maids who had followed them, she then went to the canteen to look for the palace master's wife.

Manager Luo naturally did not believe Yun Chujiu's words about committing suicide. Besides, where wouldn't it be good for you to commit suicide, why would you go to the canteen? This guy was obviously going to the canteen to eat alone!

Sure enough, when manager Luo arrived at the canteen, he saw Yun Chujiu and the palace master husband sitting beside the stone table, eating melon seeds and chatting. Tea, snacks, and spiritual fruits were all available on the Stone Table.

"Aunt, let me tell you, when dealing with those white lotus flowers, you have to put your face on the line! isn't she pretending to be weak? Just go all out against her and see if she can break through her cultivation."

“What you said makes sense, but the moment I see that slut, I get so angry!”! [why are you still thinking so much?]? [and your uncle, he is simply blind. No matter what, he still thinks that those three vixens are good.] The palace mistress sighed, all these years, she had been on her guard and had finally managed to cut off all contact with those three vixens. Who would have thought that Chu Lingyun would come knocking on her door again.

Yun chujiu also felt that there was something wrong with Di Linhan’s eyes. On this point, it was the gigolo who was more at ease. No matter if it was the white lotus or the Black Lotus, our gigolo would not allow you to get close to them at all... , hence, there would not be such a troublesome matter.

Yun chujiu coughed dryly twice. Naturally, it would not be good for her to speak ill of Di Linhan as well... , hence, she said: “Aunt, what do you think the two white lotus flowers are here for? I don’t believe that they are here to thank us. If I had known that Lan Luo Chen’s mother was like this, I wouldn’t have sold him the Purple Sky Sunflower Grass.”

The palace master’s wife snorted, “In any case, it’s a weasel paying a new year’s visit to a chicken. They have no good intentions! If not for the fact that the Master of the Lan family is still alive, I would have thought that she is here to replace me.”

“Aunt, there are people here, right? They just can’t stand to see other people being nice. Maybe she’s here to cause trouble for you on purpose. You Can’t fall for it!”! My uncle-in-law is obviously a person who cares about his reputation. You have to change your strategy and act virtuous and magnanimous to give him face!

As for the two white lotus flowers, I'll deal with them. Anyway, my uncle-in-law can't scold me. You just wait and see a good show, "I'm best at destroying the White Lotus Flowers!" Yun Chujiu crossed her legs and said with a smile.

The palace lord's wife felt a warmth in her heart. In the past, she had treated little jiu so well, but little jiu was still thinking of her wholeheartedly. In the future, she would definitely treat her like her own daughter.

If the palace Lord's wife knew Yun Chujiu's true thoughts, she probably wouldn't be so touched!

At this moment, Yun Chujiu's mind was thinking, damn it, that Old White Lotus is coming for the Pretty Boy's father, that little white lotus is probably coming for her pretty boy, this is because mother hasn't taken me down.., does the daughter want to take her son down? Dream on, if you dare to have designs on my man, I'll let you know why the flower is so red!
