

## The Yun Family's Ninth Child is an Imp! Chapter 1555

"Little Nine Lass, my eyes are still red. If you go apologize later, I won't accompany you. Let manager Luo go with you. Your uncle-in-law has a bad temper and he loves his reputation. Don't take it to heart." Although the Lady Palace Master had quarreled fiercely with Di Linhan... , but she also knew that Di Linhan did not have any feelings towards Lady Lan, but was just concerned about his reputation.

"Aunt, don't worry, I will not fall for Old White Lotus' trap. She is just trying to stir up trouble for us, and we can not let her have her way. Please do not be angry, there is a saying that goes like this: a fight at the head of the bed and a fight at the end of the bed. You should also use your honey trap appropriately... ."

"Shut up! Did a little girl like you say that? You are not allowed to read those stupid story books in the future. If I see them, I will burn them all for you... ." The palace mistress was furious.

Yun chujiu was so regretful that her intestines were turning green. She called him 'Yue'er' and 'Yue'er'. This time, she had thrown a stone at her own feet!

Just as the palace mistress was reprimanding Yun Chujiu, Di Linhan walked in. When di Linhan saw the palace mistress' red eyes, his heart ached a little, but he still could not bring himself to lose face... , he said coldly to Yun chujiu: "Little Girl Jiu, you really went too far yesterday!" "No matter what, your Aunt Lan and that little girl Luo Xue are guests. You pointed at the mulberry trees and called them dancers, and even ridiculed the LAN family for being in an embarrassing situation. This is really embarrassing!" "Now, go to the guest house immediately and apologize to them."

Yun chujiu nodded her head obediently: "Uncle, you are right, I was wrong! Even if I don't like them, I should still consider your face. What I did was really too difficult for you, I really know that I was wrong."

“HMPH! Are you speaking from your heart? Are you trying to brush me off again?” Di Linhan had thought that Yun chujiu would definitely be waiting for him with a bunch of nonsense, but he had not thought that she would actually become so reasonable, and felt that something was not quite right.

“Uncle, at first, I really could not figure it out, but my aunt had just reprimanded me. She said that as the head of a palace, your reputation is extremely important.

We can do whatever we want behind closed doors, but in front of outsiders, we have to give you face. I felt that what my aunt said made a lot of sense, so I realised my mistake. That’s right, uncle, look at my aunt crying all night in regret, her eyes are all swollen, and you don’t feel the slightest bit of heartache? “The two of you take your time to chat, I’m going to apologize!” After Yun Chujiu finished speaking, she winked at the Palace Lord’s wife and ran out.

Di Linhan had not expected that the palace lord’s wife would be so understanding and reasonable. He went forward to hold the palace lord’s wife’s hand and said: “Jin Se, is what little jiu said true? Have you really thought it through?”

The palace Lord’s wife thought to herself, ‘thought it through my a \* s!’! But she also knew that Yun Chujiu was doing this for her own good, so she could only say against her will: “Darling, what little jiu said is right. In the future, I will give you face in front of outsiders.”

Di Linhan listened to the kind and understanding words of the palace mistress and then saw the palace mistress’ eyes that were red from crying... , his heart immediately softened: “Jin Se, there is something

wrong with me as well. I should not have thrown a tantrum at you. In the future, you are not allowed to cry like this. If you cry and Damage Your Body, your husband will feel sorry for you.”

“HMPH, you say it nicely. When I see your fourth junior sister crying, Your Heart Will Ache!”The palace mistress said half coquettishly and half reproachfully.

“Why would my heart ache when she cries? I just feel a little guilty in my heart! Only When You Cry Will My Heart Ache. I did not sleep well last night because I was worried about you!”Di Linhan said when he saw the palace lord’s wife’s pouting face, his heart immediately softened to a mess.

When the palace Lord’s wife saw that Di Linhan’s attitude had softened, she thought to herself, what little nine said was right. At crucial moments, a honey trap would still be effective. Looks like it would be better to use it more often in the future... .
