

The Yun Family's Ninth Child is an Imp! Chapter 1571

When the Palace Lord's wife spoke up to this point, her nose turned sour and her eyes turned slightly red. The reason why she had been secretly practicing her embroidery was because she had been brooding over the fact that Di Linhan had said that her second junior sister's embroidery skills were superb, it was a pity that she really was not cut out for embroidery. Having been secretly practicing for more than twenty years, she was still at this level.

Di Linhan was taken aback, he gritted his teeth and said: "Alright, you do it. Once you're done, I'll bring you along. Jin Se, in this matter, it was... . It was my fault. I should not have wrongly accused little jiu without any reason, nor should I have let you suffer for the sake of face."

The Lady of the palace lord laughed coldly: "You Were Wrong? You are the dignified palace lord, how could you be wrong? Your fourth junior sister is gentle and kind, and even her daughter is cute and adorable. Our Little Jiu is just a wild little girl, so it is naturally little Jiu's fault!"

Di Linhan's old face turned red. "Jin Se, it's my fault for not being able to see people clearly. I didn't think that fourth junior sister would turn out like this."

"Turn out like this? She has always been like this! Thinking back to the time when she framed me countless times, it was just that I was lucky and did not fall for it! Looks like you still haven't thought it through. You Go Out, I'm going to bed!" The palace mistress threw the embroidered cloth aside, she said angrily.

Di Linhan was taken aback: "She has framed you countless times? Why have you never told me about it?"

The palace Lord's wife could not help but laugh bitterly: "I haven't told you about it? It's just that you don't believe me! Moreover, there are still two more helpers, how could you possibly believe what I said? ! I sometimes wonder, I don't know if I am lucky or unlucky, to be framed by them like this, and still be married to you."

"Jin Se, what are you saying? ! Don't tell me you regret marrying me? Don't tell me you're still thinking about those idiots who pursued you back then?"

"Di Linhan! Is it wrong for them to pursue me? How did they become idiots in your mouth? Forget it! I'm not going to argue with you anymore, let's just calm down for a while!"The palace mistress said with a cold face.

Di Linhan wanted to say more, but the palace mistress immediately pushed him out and locked the door behind him.

Di Linhan was so angry that he gritted his teeth. He had already calmed down earlier, how did it become like this again? Where did he go wrong?

For the next two days, although di Linhan came to flatter her every night, the palace mistress remained as cold as ice and did not even speak to Di Linhan much.

Di Linhan was at his wit's end! Gritting his teeth, he licked his old face and came over to seek advice from Yun Chujiu.

When Yun Chujiu saw that Di Linhan had come over, she said politely and respectfully: "My Lord Palace Lord, May I know what brings you here today?"

Di Linhan's old face turned red and he said in embarrassment: "That, that, Little Girl Jiu, what do you mean by 'My Lord Palace Lord', you should just call me uncle!"

"Uncle? My uncle will not accuse me without any reason, and my uncle will not chase me out, and my uncle will not say that I am a vicious person!" Yun Chujiu said with her lips curled up.

"Little nine lass, that, that, that, what happened that day was uncle's fault, Uncle has let you down!" Di Linhan's old face was flushed red and he wished he could find a hole to crawl into.

"Lord Hall master, this apology is not something that can be done with just a few words. I have never suffered such grievance before and my young heart has suffered inhumane torture. These past few days, I have been having nightmares every night and I have not been able to eat or sleep well every day. I have become so Haggard!" Yun chujiu said with a sigh.

Di Linhan looked at Yun Chujiu who was glowing red and full of life, and it dawned on him that this little scoundrel was trying to extort him!
