

## The Yun Family's Ninth Child is an Imp! Chapter 1598

If it were any other time, these people wouldn't have been affected by the poison as they had spiritual energy on them. However, 70-80% of their spiritual energy had already disappeared. Furthermore, they weren't prepared for it, so more than a dozen of them had already fainted from the poison.

Yun Chujiu didn't want to continue fighting. She rushed into the courtyard through the opening.

Those people naturally wouldn't let the matter rest. They chased after her in a hubbub.

Yun Chujiu released the three silly girls and Xiao Mogu. "You guys hold on! I'll go in and save them!"

The three silly girls suddenly had a sense of mission. Although their spiritual power was not very high, these disciples were all hit by the Netherworld Elixir and only had ten to twenty percent of their spiritual power left. It would not be a problem to stop them for a while, moreover, Xiao Heiniaoh could attack from the air.

Those disciples did not put the three little ones in their eyes. As for the Xiao Mogu, they did not see it. They thought it was just a edible mushroom that Yun chujiu had accidentally dropped.

Xiao Hong roared and the disciples were slightly stunned. The Xiao Heiniaoh's fireball immediately attacked them. The Xiao Hei used its little claws to attack left and right, sending one flying with each claw. It was extremely efficient.

Xiao Mogu secretly poked the mycelium out and entangled a few disciples. The disciples were shocked!

F \* ck!

What the hell was this?

They quickly used their spiritual power to attack Xiao Mogu's mycelium, trying to cut it off. Unfortunately, the effect was very weak. The spiritual power in their bodies was quickly absorbed by the mycelium, and even their bodies began to corrode, the disciples were immediately frightened to the point of wailing like ghosts and howling like wolves.

Xiao Mogu was very cunning. Seeing that these people no longer had any power to resist, he simply let them go and then went to stop the disciples who wanted to enter the house.

The disciples who were frightened by Xiao Mogu's release were scared out of their wits. They no longer dared to rush in. They ran out of the House in terror, and for a moment, they were in a mess.

While the fight was intense, Yun Chujiu had already rushed into the room. There were hundreds of secret guards lying on the ground. They were probably fed with the spirit-devouring powder and sleeping powder.

Yun chujiu poured a few basins of cold water on a few secret guards dressed in the temple of Immortals. After feeding them the antidote for the spirit-devouring powder., she ordered, "Quickly save the rest and follow me to rush out. Quick! We have to save those mighty figures before the others arrive."

Those secret guards were a little dumbfounded. who were those people? Why did they feel a little familiar?

However, now was not the time to be stunned. They quickly woke up the others and fed them the antidote. They did not dare to delay. According to Yun Chujiu's instructions, they rushed out and killed those people from the Gui Yuan sect in less than fifteen minutes, however, there were still people who escaped to deliver the letter.

Yun chujiu also knew that it was impossible to seal the news. After all, those people still had their identity jade tokens, so they had to hurry up.

Yun chujiu put away the three silly Cuties and Xiao Mogu and led everyone towards the courtyard where di Linhan and the others were being held.

Yun Chujiu felt that the veil on her face was getting in the way, so she simply tore it off. Only then did the secret guards of the Temple of Immortals realize, 'Oh my God, isn't this fairy Xiao Jiu?'? ! What the hell was on her face? Was she disfigured?

Word spread like wildfire. Everyone knew that they had been saved by Yun Chujiu!

They didn't know why, but when they found out that the little girl in front of them was Yun chujiu, they immediately felt confident.

Damn it, last time, Little Fairy Jiu alone was able to turn the tide. Now, she can definitely bring us to save the sect leader (the palace master) ! Certainly can!
