

The Yun Family's Ninth Child is an Imp! Chapter 1636

The two maids brought Yun Chujiu and the others around to a courtyard.

The courtyard was very large. It was not an exaggeration to say that it was a palace. Other than a row of rooms, there was also a small square in the middle. It would not be a problem for hundreds of people to stand there.

RU Shuang said coldly, "There are six dormitories here. The one in the middle is my room and Ruyi's room. You can choose the other five. As for what method you use to choose, we don't care. We will gather here at midnight tomorrow. If you are late, you will be disqualified."

After ru Shuang said that, she entered the room in the middle with Ruyi.

The girls looked at each other. Shen Zimo from the gold group said arrogantly, "Our Gold Group will choose the one in the east of the main house. You can choose the rest."

After Shen Zimo said that, the four people from the gold group swaggered into the room. The four members of the gold group all had good family backgrounds, and their spiritual power was the highest, so they naturally had to choose the best one.

Seeing this, Yu Shujing of the wood group hurriedly said, "Then we'll choose the one on the west side of the main house."

The water group and the fire group had also finished choosing, so there was no need to choose the Earth Group. There was only a room on the west side that couldn't be illuminated by the Sun. It seemed to have been modified like a warehouse, and its size was much smaller than the other rooms.

Yun Chujiu did not care at all. She took the lead and walked to the room. The other three followed her into the room.

The light in the room was indeed a little dim. There were only four lonely beds in the room. There was nothing else.

Yun chujiu directly sat on the innermost bed. She took out a quilt from her storage ring and spread it out. Then, she crossed her legs and lay on it. She held a script that she had just bought and started reading it.

The other three people were clearly a little confused. Didn't Lin Chujiu look like a refined fairy just now? Why did she look like a joke now?

The three of them also found a bed and imitated Yun chujiu. They took out a blanket and laid it on the bed. They cultivated, washed up, and washed up. Unexpectedly, none of them spoke to each other.

As the sky gradually darkened, everyone remembered a crucial problem. Rushuang and Ruyi actually didn't tell them how to solve the problem of eating. were they going to solve it themselves?

Mo Wanwan pushed the door open and went out for a walk. When she returned.., after a moment of silence, she said, "I heard the discussions of the other teams. Some of them went to ask Ruyi and Rushuang. They said that in the future, they will only provide one lunch a day. Whether they can eat their fill will depend on their own abilities."

After hearing Mo Wanwan's words, Lu Qin said in a low voice, "The four of us have the lowest spiritual power. How can we compete with the other teams? Fortunately, I brought some dry rations. We won't be hungry."

Zhou Yinghan snorted coldly. "It's not that we can compete just because we have high spiritual power. Let's see who can risk their lives more! The Dumb are afraid of the unreasonable and the unreasonable are afraid of the reckless. I don't believe that they can fight harder than me just for a mouthful of food."

Yun Chujiu's words book almost fell to the ground. Damn, this Zhou Yinghan was really a tough woman. This name also matched. Zhou Yinghan, Zhou Yinghan!

Yun chujiu could roughly tell the three people's personalities from their words. Mo Wanwan was clearly more active, while Lu Qin was the kind of person who cleaned up after herself and didn't like to meddle in other people's business. There was no need to mention Zhou Yinghan.., she was a tough woman!

Yun chujiu blinked her eyes. Normally, cultivators would bring some food with them in their storage rings, but most of them were dry rations and the like. Naturally, they weren't as delicious as the food they cooked on the spot., therefore, there would definitely be a good show to watch tomorrow at lunchtime!
