

The Yun Family's Ninth Child is an Imp! Chapter 1648

The members of the wood group felt a little uneasy when they saw that the gold group had been criticized by Nanny Qi. They didn't perform as well as expected. After they returned to their original positions, they looked at Nanny Qi with a perturbed expression.

"Your movements are stiff, and you don't have enough charm. You barely passed," Nanny Qi said coldly.

The four members of the wood group finally heaved a sigh of relief. It was fine, it was fine. No matter what, it was fine as long as you passed.

The group of water and group of Earth also barely passed the test, but they were also mercilessly criticized by Grandma Qi.

After everyone passed the test, they were in the mood to watch the show. They were almost certain that if Grandma Qi was so harsh, the four members of the group of Earth would definitely be eliminated.

Zhao Mama also thought so, and she couldn't help but feel a little regretful. The four members of the group of earth had simple backgrounds, were obedient, and had a little bit of intelligence. They were not bad candidates, but their etiquette was too bad. They were probably going to be eliminated.

"Earth Group, begin the test," ru Shuang said loudly.

Mo Wanwan and the other two slightly clenched their fists. Then, they followed Yun Chujiu's instructions and took the role of Sheng NV. They moved lightly and slowly..

The girls from the other four groups were stunned!

Ru Shuang, Ruyi, and Zhao Mama were also stunned!

How, How was this possible?

Yesterday, these four people were still walking in a humble and cowardly manner, but now, each of them was walking with a lotus flower. How could they have so many manners? Not to mention whether they passed or not, these four people had at least achieved 70% of the saint's charm. It was truly unbelievable!

A satisfied look appeared in Mama Qi's eyes, after the four people had finished the test, she said, "Not bad! These four people have learned the essence of etiquette, unlike you people who have only learned the basics. Zhao Mama, you have taught them very well."

Although Zhao Mama still didn't understand what was going on, it was naturally good to be praised by the higher-ups. She declined a few words and then sent Zhao Mama away from the courtyard.

After sending Zhao Mama Away, Zhao Mama turned back, she said coldly, "I hope that after this matter, you can put away your arrogance and don't think that you are so great! Everyone here has an equal opportunity! Although the four people from the Earth group came from the lowest background, they put in a lot of hard work, which is why they had such a good performance today. I hope all of you can learn from the Earth Group."

The girls hated the four people from the Earth Group to death. They had clearly learned so well, yet they still pretended that they didn't know how to do it. Could it be that they were playing around with them? It was really too detestable! Just you wait! I Won't spare you!

"The previous four days were just a basic test for you. From today onwards, the main content of the second round of the test will be,"Zhao Mama continued.

When everyone heard this, they immediately perked up. What exactly was the content of the second round of the test?

"As everyone knows, the reason why our Netherworld continent is called the Netherworld continent is because of the netherworld power. Not everyone on our Netherworld continent can possess the netherworld power, but it is best for the Saintess of the Netherworld Palace to be able to cultivate the netherworld power,"Sheng NV said.

"Therefore, I will teach you the method to cultivate the netherworld power. The content of the second round of assessment is related to the Netherworld power.

I know that some of you have already mastered the power of the netherworld. However, I hope that today's matter will serve as a warning to all of you. If you continue to be arrogant, you will only be eliminated in the end! That's all I have to say. I will now begin to teach you the mental cultivation method and chant,"Zhao Mama said coldly.
