

The Yun Family's Ninth Child is an Imp! Chapter 1662

After Zheng Mama announced the rules of the assessment, the sword technique assessment officially began. The first person to take part in the assessment was Jin Zhi.

Jin Zhi did not seem nervous at all. There was a hint of arrogance in her confidence as she summoned her sword and began to dance.

Yun Chujiu cursed silently in her heart. This brainless fellow still had some good points. At least his sword technique was decent.

A moment later, Jin Zhi withdrew her sword technique and returned to the team.

All forty-four guards raised their hands and passed with a unanimous vote. Jin Zhi was very proud. These people could not be compared to her at all. The successor of Sheng NV was none other than her.

Zheng Mama nodded in satisfaction. "Jin Zhi's swordsmanship is not bad. pass. Qing Lan, step forward!"

Qing Lan's swordsmanship was not bad either. Although it was not a unanimous vote, most of the guards raised their hands. Only then did Qing Lan heave a sigh of relief. In terms of swordsmanship, she was indeed weaker than Jin Zhi, however, she did not take Jin Zhi seriously at all. She was just an idiot who did not have a brain.

Next, everyone took the assessment in turn. Although there were good and bad results, all of them passed the assessment. Only one person was left who had not taken the assessment. Naturally, it was Yun chujiu.

Everyone looked at Yun Chujiu gloatingly. In their hearts, they were certain that this Lin Chujiu was going to be eliminated. She had tormented that guard so much that she definitely did not learn the netherworld swordsmanship.

Although those guards did not say anything, they were all winking at You Chi. Their meaning was self-evident. Even if this Lin Chujiu could fool them once, they would not let her pass.

After Yun Chujiu stepped out, she walked to the designated area and summoned a treasured sword. After a long while, she did not move. Everyone could not help but whisper, "It looks like this Lin Chujiu really doesn't know anything. She's really trash!"

"She is a waste to begin with. She is only at the eighth level of the Spirit sect. She isn't even a spirit saint. In the last round, she was just lucky."

"Since she doesn't know how to do it, then don't waste your time. What are you waiting for? Seriously!"

..

Zheng Mama coughed and the crowd didn't dare to speak anymore. However, they all stared at Yun Chujiu with dissatisfaction. Mo Wanwan and the other two were very worried. Could it be that Chuchu really doesn't know how to do it?

You Chi's hands were clenched into fists. This was great! This Lin Chuchu really didn't know how to do it. He was about to be freed!

"Lin Chuchu, why haven't you started? If you don't start, you'll be directly eliminated!" Zheng Mama glanced at Yun Chujiu and said.

As soon as Zheng Mama's words fell, Yun Chujiu moved! Every move and move was quite accurate. However, this speed was even slower than slow-motion replay. She used a whole hour to demonstrate a sword technique that others could demonstrate in fifteen minutes.

Just as Zheng Mama was about to signal for the guards to raise their hands to vote, Yun Chujiu raised her hand to indicate that she had something to say. Zheng Mama was stunned. "What do you want to say?"

"Zheng Mama, the way I learn sword techniques is different from others, so the guard who taught me is a little more tired than others. Although I believe that he won't take revenge for personal grievances, it's inevitable that his colleagues will fight for him and pick on me. They deliberately eliminated me. "So, I deliberately did it very slowly to let them see clearly, so that they wouldn't say that I didn't do it properly." Yun Chujiu said with a perturbed face.

The corner of Zheng Mama's eyes twitched. Although she wasn't at the scene, she knew the learning situation of these people like the back of her hand. She absolutely believed that the guards would really eliminate this Lin Chuchu, however, this little girl was smart. She knew to gag the mouths of those people first. Should she speak up for her?
