

## The Yun Family's Ninth Child is an Imp! Chapter 1699

Jin Zhi could not help but mock, "I told you that you're delusional. This is just an empty room. Let's Go Up!"

Yun chujiu ignored her and knocked on the stone wall with her dagger. She did not find anything. Was this just an empty room? It did not make sense. Who would waste their time and effort to build a basement here?

"Have you given up? ! Let's go up quickly!" Jin Zhi said and was ready to leave. Yun chujiu wanted to say a few words to Jin Zhi, but she was stunned when she saw Jin Zhi's shadow on the stone wall.

Normally, the shadow should be complete, but Jin Zhi's shadow was only half of it.

"Stay where you are!"

Yun Chujiu said excitedly. Then, she touched the place where the shadow disappeared and indeed, she felt an invisible barrier.

Jin Zhi was a little scared by Yun Chujiu's nagging behavior. "Are you crazy?"

“Cut the crap. Attack this place with your spiritual power together with me! We’re going to be rich!” Yun Chujiu said excitedly.

Jin Zhi thought that Yun chujiu was most likely crazy and was ready to leave. However, she strangely found that Yun Chujiu’s fireball was blocked by something halfway.

Although Jin Zhi was arrogant, she was from a big family and had some experience. She exclaimed, “There’s a barrier here? No wonder there’s only an empty room. It’s a camouflage.”

“Stop wasting time. Hurry up and attack with me. Try to take away all the good stuff before others come. Don’t worry, I won’t mistreat you!” Yun chujiu continued to shoot fireballs as she said. She was extremely annoyed. What the F \* ck., if it wasn’t for the fact that she was afraid of exposing her identity, she could have used my little nine thunderbolt needles to break this barrier in a minute.

Jin Zhi’s curiosity was also aroused, so the two of them worked together to attack that barrier. Yun chujiu was really impatient, so she said, “Do you have a burst talisman or a burst talisman?”

Jin Zhi hesitated for a moment, then took out a burst talisman from her storage ring. “There better be good stuff in there. Otherwise, this burst talisman will really be wasted.”

Yun chujiu thought to herself, if I wasn’t afraid of exposing my identity, why would I need you? I have plenty of this damn thing!

Yun Chujiu took the sudden rupture talisman and retreated some distance from Jin Zhi. She threw the sudden rupture talisman towards the enchantment!

After a loud bang, a secret door appeared on the stone wall in front of her.

Yun chujiu rubbed her hands excitedly. I'm Rich, I'm Rich! There must be a treasure vault behind!  
Hahaha!

This guy was afraid that there was an ambush inside, so he took out a piece of wood from his storage ring and knocked the door open.

The corner of Jin Zhi's mouth twitched. What was the meaning of putting a piece of broken wood in the storage ring?

Yun chujiu saw that there was nothing unusual, so she took the luminous pearl and shone it inside. She could not help but be disappointed. Damn it, it was not a treasure vault at all, but a tunnel that stretched as far as the eye could see.

Yun chujiu gritted her teeth. At this point, she naturally wanted to see where the tunnel led to. So she waved at Jin Zhi and the two of them walked into the tunnel.

Just as the two of them walked into the tunnel, they heard a bang. The entrance was sealed by a huge rock. Jin Zhi was shocked. "It's over! We must be locked in here!"

"Look at you! What are you afraid of with me? ! Look at what's inside. There are so many obstacles. There must be something good inside!" Yun Chujiu said excitedly.
