

## The Yun Family's Ninth Child is an Imp! Chapter 1705

Yun chujiu walked to the testing area and imitated Jin Zhi. She bit her index finger and chanted, "Use me to stop the bleeding and sacrifice the power of the netherworld. Come!"

Everyone's eyes fell on Yun Chujiu. After Yun chujiu chanted, there was no reaction. The number on the screen was still zero.

This meant that Lin Chujiu had not mastered the power of the Netherworld at all. This competition was basically over. Jin Zhi would definitely win!

Vice Palace Master Liu gritted his teeth. This plan had taken so long, but he did not expect that bitch to ruin it in the end. It was really detestable!

Jin Zhi's face was slightly smug. Although it was a little unfair to win, no matter what, she had won!

Just as Yun Chujiu was about to pretend to faint, a small drop of liquid was secreted from the leaf of the guai Cao in her dantian. The small drop of liquid flowed into Yun Chujiu's blood vessels.

The leaf of the guai Cao trembled, and Yun Chujiu was stunned. Although the guai Cao could not speak, Yun chujiu still guessed the meaning of the guai Cao. It wanted Yun Chujiu to summon the power of the Netherworld again.

Although Yun Chujiu did not understand, she still decided to try her best. She chanted again, "Use me to stop the bleeding, to offer sacrifices to the netherworld, the power of the Netherworld, come!"

As soon as Yun Chujiu finished chanting, she felt a power in her body that did not belong to her. That feeling was very strange. Yun Chujiu was afraid of causing any bad consequences, so she did not dare to use her full strength, she used 10% of her strength to attack the spiritual energy ball.

The number on the display screen suddenly soared to 2,000!

Everyone could not help but exclaim in surprise. Wasn't this Lin Chujiu unable to control the power of the Netherworld? How could she control it again? Moreover, it actually reached 2,000 attack points? Although 2,000 attack points was nothing, she was only at the eighth level of the Spirit sect. This meant that she was very favored by the Netherworld spirit!

Yun Chujiu was also very confused. She actually succeeded? Moreover, she only used 10% of her strength, and she was already so powerful? What exactly was that drop of liquid secreted by Gou Weiba? It seemed that the netherworld spirit really liked it!

The SAINTESS never expected that things would actually turn around. This Lin Chuchu clearly could not control the power of the netherworld, so how could she suddenly be able to control it? Could it be that she was really the heir favored by the Netherworld Spirit?

Jin Zhi was very disappointed, but she also felt that she had lost wholeheartedly. Under the watchful eyes of everyone, Lin Chujiu could not lie, which could only mean that she was more favored by the Netherworld Spirit.

Vice Palace Master Liu was even more overjoyed. He did not expect that this Lin Chujiu would actually turn the tables. Even the heavens were helping him! Vice Palace Master Liu was not worried about Yun Chujiu being loved by the Netherworld's spirit at all. How could an orphan girl turn the world upside down? It was extremely easy to control her.

"SAINTESS, now that the outcome has been decided, please announce the result!" Vice Palace Master Liu said with a provocative tone. Sheng nv's voice was filled with anger.

The SAINTESS clenched her fists tightly. Although she was extremely unwilling to let Yun Chujiu become the SAINTESS, she could not go back on her words under the watchful eyes of the public, she could only say, "I hereby announce that Lin Chuchu will become the next Sheng nv successor. She will learn from me about the relevant matters from now on. When her wings are fully grown, I will hand over the position of Sheng NV to her!"

After Sheng NV finished speaking, she directly left with her maid.

Vice Palace Master Liu didn't say anything to Yun Chujiu and also left with his maid.

Jin Zhi hesitated for a moment, but she still walked up to Yun chujiu and said, "Chujiu, Congratulations!"
