

The Yun Family's Ninth Child is an Imp! Chapter 1733

"Miss Chujiu's methods are really amazing. This servant is really impressed." Although Zheng Mama said it nicely, the tone of her voice was more mocking.

If it was an ordinary person, they would definitely feel uncomfortable listening to it. However, Yun Chujiu said with a smile on her face, "Oh my, Zheng Mama is really flattering me. I am just average. I will continue to work hard!"

Zheng Mama's face stiffened as she said coldly, "Miss Chujiu, you better focus on the chant to summon the Netherworld shrine. If Vice Palace Master Liu finds out that you are playing tricks, the consequences will not be something you can bear."

Yun chujiu was still smiling as she said, "What Zheng Mama reminded me is that I will definitely try my best to get the chant as soon as possible."

Zheng Mama could not let go of the anger in her heart. Although Yun Chujiu was smiling, she could feel the perfunctory intention in it, but she could not find any fault with it.

Zheng mama gritted her teeth and said with a fake smile, "In that case, this servant will wait for Miss Chujiu's good news. A month's time is neither long nor short. As long as Miss Chujiu knows it well."

"Don't worry, I know what to do. I will definitely succeed within a month!" Yun chujiu said confidently.

Zheng Mama saw that Yun Chujiu did not hold back, so she did not say anything more. After sending Yun chujiu into the saintly Virgin Palace, she turned around and left.

Yun chujiu curled her lips. Little Girl, you still dare to threaten me? In a month's time, I will make you and your master die!

Aiya, the spy on the beautiful mother has been removed, and we will be able to recognize each other soon. It's wonderful just thinking about it! I, Yun Chujiu, also have a father and mother!

Yun chujiu hopped to the main hall, but the SAINTESS was not in the main hall. Yun Chujiu tried to probe the two maids on duty, but they did not know that Yi Mama was already dead. The SAINTESS was not in the main hall, but the SAINTESS was not in the main hall. Yun Chujiu tried to probe the two maids on duty, but they did not know that Yi Mama was dead.

Yun chujiu blinked her eyes and had an idea in her mind. She hopped to find the hiding place of the secret guards.

The Secret Guards were wondering why Lin Chujiu did not come to find trouble today? They felt that they were lacking something if Yun chujiu did not find them every day.

It had to be said that after Yun chujiu found trouble for so many days, their hidden skills had obviously improved. However, the saintly Virgin Palace was limited in space after all. Yun chujiu could find them with a little effort. Therefore, Yun Chujiu quickly pulled you chi and the other three out.

“Not bad! Your improvement is still very obvious.”Yun Chujiu said with a smile.

You Chi could not help but smile bitterly. “Miss Chuchu, if we had really improved, we would not have been found by you so quickly.”

“Sigh, if you think that way, you are making things difficult for yourself! Haven’t you heard of a saying? No matter how cunning a fox is, it can’t beat a good hunter, so you can’t beat me at all.”

You Chi and the other five..

You Chi decided to change the topic, so he asked, “Miss Chujiu, did you just come back from the main hall?”

Yun chujiu looked around and said mysteriously, “Something big happened!”

You Chi and the others immediately came in nervously. “Miss Chujiu, what happened?”

Yun chujju hesitated for a moment and then gritted her teeth. "Alright, we are on the same side. I'll tell you guys! Yi Mama is dead!"

You Chi and the others were shocked. "How, how is this possible? Isn't Yi Mama a confidant of Sheng nv? She usually stays by Sheng NV's side. How could she die?"
