

## The Yun Family's Ninth Child is an Imp! Chapter 1788

Qi Ling saw Yun chujiu sink to the bottom of the sea and sneered, "Little Brat, so what if you have the water repellent bead? You will not be able to complete this mission!"

While Yun Chujiu was leisurely strolling on the bottom of the sea., qi Ling's voice rang in her mind again, "Little Brat, your mission this time is to make all the sea beasts in this area submit to you. Even if one of them doesn't listen to you, your mission will not be considered complete."

"Qi Ling, if you have the ability, come at me. I promise I won't beat you to Death!"Yun chujiu gritted her teeth and said. This Qi ling was really too evil. Every time she gave out a mission, it would make people break down.

When the Qi Ling heard Yun Chujiu's words., she said proudly, "Stupid girl, it's useless to say this. Soon, you will be bitten to death by the sea beasts, and then you will be sent out. "Qi Ling, I am kind enough to tell you that your current points are minus one trillion plus one thousand! It's still the lowest in history!"

Yun chujiu rolled her eyes. Damn it, the angrier I am, the more arrogant that Qi Ling is. He wants to fight with me? I will torture you to death!

"Stupid Qi Ling, I was just teasing you! Your mission is too simple! Not to mention me, even a three-year-old child can do it. I even suspect that you are a brainless Qi Ling. You are so stupid!"

“You! You! HMPH! A dead duck with a stubborn mouth. Let’s wait and see!”The tool spirit said exasperatedly.

Just as Yun Chujiu was about to use Qi ling again, she noticed that the entire sea area had changed.

The sea bed was covered with seaweed, and all kinds of fish and sea beasts began to appear. The originally quiet sea water suddenly became noisy.

After Yun Chujiu returned from the Netherworld continent, she no longer hid her cultivation. Therefore, when the low-level sea beasts saw Yun chujiu, they all consciously avoided her.

Yun chujiu thought that if she wanted all the Sea Beasts to submit to her, the best way would be to find the most powerful sea beast. After taming it, the other sea beasts would naturally submit.

However, according to the wicked character of the artifact spirit, the most powerful sea beasts in this sea area would probably be of a high level. Although she had the spirit energy piglet and the small purple needle, when she encountered high-level sea beasts, her chances of winning were not high. What should she do?

While Yun Chujiu was pondering, she noticed that some low level sea beasts were still running in all directions. She knew that a high level sea beast was coming.

Yun chujiu took off the spirit-concealing ring on her hand and hid behind a cluster of lush seaweed. This guy was thinking about little jiu jiu. If it was a sea beast that wasn't too powerful, she would go out. If it was a particularly high level sea beast., then she would hide.

The sea water in the distance began to churn. It could be seen that the sea beast that came must be quite big. Finally, a moment later, a huge creature swam over.

This was a 28th level sword-toothed wild whale. It was the biggest sea beast that Yun Chujiu had ever seen.

This persistent wild whale's body was a few thousand feet long. When it opened its big mouth, many sea beasts that couldn't escape in time were sucked into its mouth.

When Yun Chujiu saw that it was the saber-toothed whale, she cursed all eighteen generations of Qi Ling's ancestors in her heart. Damn it, she was only at the second level of the spiritual venerable realm, and Qi Ling actually created a sea beast that was equivalent to a human cultivator at the eighth level of the spiritual venerable realm, she was afraid that she wouldn't die completely!

Although Yun chujiu was abnormal, she wasn't abnormal enough to deal with such a high-level sea beast. She hid behind the seaweed and hugged it tightly to stabilize her body, afraid that the saber-toothed whale would discover her.
