

The Yun Family's Ninth Child is an Imp! Chapter 1808

After Yun Chujiu entered the trial tower, she was directly teleported to a grassland. In front of her, there was a huge bloodthirsty wolf staring at her. However, when it saw Yun Chujiu's spiritual power level, it immediately cowered.

Yun chujiu did not have the time to pay attention to it, instead, she shouted to the sky, "Xiao Hei, frog! The seven people who entered just now definitely can't get out without a jade token. Think of a way to trap them and don't let them break through to the ninth level! "When I become powerful in the future, you can release them again. I will bleed them one by one!"

The weapon spirit of the trial tower wanted to cry but had no tears. It was fine if you gave your baby the nickname of Xiao Hei Frog, but why did baby Mao need to block the Heavenly Thunder for you? Why did Baby Mao need to help you trap people? Baby's heart was bitter. Baby did not say anything. Blue thin mushroom.

After Yun chujiu shouted, she thought about the next countermeasure in her heart. Only then did she take out a jade token. In order to avoid the heavenly thunder, this fellow had prepared quite a few jade tokens in his storage ring.

Yun chujiu activated the jade token and was ejected from the trial tower.

Fan Zhen was waiting outside the trial tower. He did not expect Yun chujiu to be ejected so quickly. He was a little confused.

He was not confused at all. Yun Chujiu threw several stacks of superior-grade burst talismans at fan zhen. Yun chujiu knew very well that the gap between her and fan Zhen's spiritual power was too big. She could only have a slim chance of winning if she was caught off guard.

Fan Zhen was much smarter than his men. He activated the defensive spiritual weapon on his body while dodging quickly. Moreover, he was on the ground and could move freely. Therefore, even though Yun Chujiu threw a lot of burst talismans.., fan Zhen was only slightly injured.

“Stupid girl! Where are my men?”

“They are helping you find the divine weapon! As long as you get to the ninth level, you will be able to find the divine weapon! Why Don't you go in and look for it too?”Yun Chujiu said with a smile.

Fan Zhen snorted coldly, “Stupid girl! You must be playing some tricks again! I will catch you right now and see if you are still stubborn!”

Fan Zhen said as he released a huge Python of spirit power towards Yun Chujiu. Not only was this huge python of spirit power huge, but it was also quite intelligent. It opened its bloody mouth towards Yun Chujiu.

Yun chujiu was shocked. This huge Python of spirit power was on par with the pretty boy's Ice Dragon. It was not easy to deal with!

Yun Chujiu quickly released several spirit power piglets to intercept the spirit power python. When the Spirit Power Python saw that Yun Chujiu released a group of cute piglets, it could not help but show a contemptuous look.

Fan Zhen who was standing at the side could not help but sneer. He did not expect this little girl's spirit power beast to be so weak. However, why did she release so many spirit power beasts? This did not make sense!

Although a few of the spirit power piglets had been bitten off by the spirit power python, there were still a few that started to Chomp on the spirit power Python's body.

Fan Zhen was shocked. These spirit power piglets were actually able to devour the spirit power of other spirit power beasts? This, how was this possible?

However, fan Zhen quickly calmed down because he discovered that although Yun Chujiu's spirit power piglets were very abnormal, Yun Chujiu's spirit power level was too low, so the spirit power piglets were quickly scattered by the python, and although the spiritual power giant Python's figure had become a little lighter, it still charged towards Yun Chujiu.

Yun chujiu gritted her teeth. It seemed that she could only use her trump card!

Yun Chujiu released five iron puppets. “Number one, number two, block the giant python! Number Three, number four, number five, kill this bastard for me!”
