

The Yun Family's Ninth Child is an Imp! Chapter 1809

When fan Zhen saw the five refined iron puppets that Yun Chujiu had released, he did not think much of it. The refined iron puppets were only used for defense. They were not as powerful as the sudden rupture talisman, so there was nothing to be afraid of.

However, he soon realized that he had made a huge mistake!

Not only could these refined iron puppets attack, but they were also very methodical in fighting. How was this possible? How could such a low-level continent like the Tian Yuan continent have such a high-level puppet?

This little girl was not even twenty years old. Not only did she have a large number of sudden rupture talismans, but she also had such a perverse puppet. Where did she come from?

Fan Zhen was caught off guard by the puppets. However, his spiritual power was superb after all. After the initial shock, he found the trick to deal with the refined iron puppets, which was to attack the abdomen of the refined iron puppets, that was because that was where the puppet disk was located.

After a quarter of an hour, Yun Chujiu and the five puppets could not hold on any longer.

The puppet disks of the five puppets were damaged to varying degrees, and their movements became sluggish.

Although Yun Chujiu was not injured for the time being by relying on the countless superior-grade burst talismans and defensive spirit tools on her body, there were not many defensive spirit tools left on her body.

Although fan Zhen had gained the upper hand, he was so angry that he gritted his teeth. How could this wretched girl have so many burst talismans and defensive spirit tools on her? Could it be that she was the daughter of some big family in the Tianyuan continent, and she brought all the good things from her family with her?

In fact, Yun Chujiu could once again enter the trial tower to hide. However, she estimated that an Feng and the others had already arrived, so it would be best if she could stall fan zhen.

Another quarter of an hour later, the five puppets collapsed on the ground.

Yun Chujiu's defensive spirit tool had all been shattered, and she could only rely on her superior-grade sudden rupture talisman to barely hold on.

Yun chujiu could not help but smile bitterly in her heart. In the face of absolute strength, schemes, tricks, and talisman puppets were all useless. If it really did not work, she could only fly into the air. At the very least, she would have more space to use it.

Yun Chujiu's thoughts were pretty good. But just as she summoned the chopping board, Fan Zhen's Spirit Energy Python arrived. It did not give Yun Chujiu the chance to jump onto the chopping board at all.

Although Yun Chujiu still had the little black bird's curse, it was a last resort to save her life. She could not use it lightly, so Yun Chujiu could only fight with Fan Zhen again.

Yun Chujiu was unable to dodge in time. Her left shoulder was swept by Fan Zhen's spirit energy, and her clothes were instantly dyed red with blood.

"Stupid girl! You are not my match at all. I will give you one last chance. If you surrender obediently, I will spare your life!" Fan Zhen was extremely curious about those iron puppets and the sudden rupture talisman, so he planned to capture them alive.

Yun Chujiu did not bother with him at all, because it was not easy for this fellow to catch his breath. How would he have time to talk nonsense? !

Fan Zhen saw that Yun Chujiu did not reply and could not help but snort coldly. He stepped up his attack once again. Yun Chujiu really could not hold on any longer. Just when this guy was about to let Xiao Heiniaoy curse him.., he heard someone say coldly, "You dare to Touch My Woman? You're courting death!"

At the same time, a huge ice dragon pounced towards fan Zhen. Fan Zhen had no choice but to give up on attacking Yun Chujiu and use his spirit energy python to block the Ice Dragon.

Yun chujiu took advantage of this moment to leap to the side with all her might and started to pant heavily. This fellow was cursing in his heart. Although the way the pretty boy appeared was a little pretentious, it had to be said that he had arrived just in time!

The person who had arrived was di beiming. Coincidentally, di beiming had heard an Feng's report that Yun Chujiu had been in the prodigy palace for many days and had not come out. Although he was already a little numb, he was still worried and rushed over.

He didn't expect that when he was about to reach the Tianyuan Academy, he would receive an Feng's report that something had happened to the Tianyuan Academy. Only then did he rush over with all his might.
