

The Yun Family's Ninth Child is an Imp! Chapter 1833

Yun chujie naturally wouldn't really run far away. She was just putting on an act. Life was like a play, it all depended on acting!

Up until now, this fellow was still very satisfied with her performance! This torment was simply like killing two birds with one stone!

Firstly, it made the Mo Residence's Heart Ache. Moreover, her small warehouse had suddenly become much more abundant.

Second, now that everyone in Jinchuan City knew that the eldest daughter of the Mo family had returned, if the Mo family wanted to kill her quietly, they would have to think twice.

Third, they could also use this to test the bottom line of the Mo family head and Mrs. Luo.

Fourth, this person had preconceived ideas. Now, everyone in Jinchuan City thought that not only was the eldest daughter of the Mo family pitiful, but she was also not favored. Even if she did something out of the ordinary in the future.., these people would not think that she was the one who was at fault.

If she bought things herself, others would pay the bill, but she could also win the sympathy of others. This was simply a must-have move for a white lotus! Mm, when it came to this fellow, it was a must-have move for a black lotus!

After Yun Chujiu activated the black lotus skill, she felt refreshed and refreshed. Therefore, she did not continue to torment manager Xia, but followed manager Xia and the others to the Mo residence.

Compared to Yun Chujiu who felt refreshed, manager Xia was suffering in her heart. This country bumpkin had spent more than 20 million high-grade spirit stones. How was she going to explain this to her wife? !

Finally, everyone came to the entrance of a tall mansion. The words 'Mo Residence' were written on it.

Yun chujiu saw that the main door of the Mo residence was not opened. It was only a small side door. She could not help but complain in her heart. How could she use such a cliché trick? If you have the ability, you can make a dog hole for me to crawl through!

"Eldest miss, Please!" Manager Xia hated Yun Chujiu to death right now and could not wait for her to make a fool of herself!

"The main door is not open, how can I enter? Do you think I have wings?" Yun Chujiu said faintly.

“Eldest miss, although the main door is not open, this side door is open. This main door will only be opened when an honorable person arrives or when there is a joyous occasion, so let’s go in through the side door,” manager Xia said with a fake smile, you, a country bumpkin, really take yourself seriously?

Manager Xia felt that Yun chujiu must be ashamed after hearing her words, so she compromised and went in through the side door with her.

However, she obviously didn’t know that there was a kind of person who didn’t follow common sense in this world. Yun chujiu glanced at her, she curled her lips and said, “Manager Xia, are you mocking me for not being a proper master? “I am the dignified eldest daughter of the Mo family. Could it be that the master of the Mo family is a worthless slut? “So they are not worthy of entering through the main door?”

Cold Sweat broke out on manager Xia’s forehead. She hurriedly explained, “No, I didn’t mean that. The Masters are naturally all honorable...”

“Since they are all honorable, why don’t you open the main door? Do you think that I, the eldest daughter, am the only one who is not honorable?”

Manager Xia was at a loss because of Yun Chujiu’s aggressive question. However, the Madam had given a strict order that this country bumpkin must enter through the side door. What should she do?

Dong Qing hated Yun Chujiu to death. She felt that it was her chance to take revenge, so she came over and said, "Manager Xia, have you forgotten? wasn't there a problem with the lock on the main door a few days ago? That's why the main door can't be used now."

Manager Xia was worried that he wouldn't have an excuse. Hearing Dong Qing's words, he couldn't help but look at her with admiration, then, he said helplessly, "Miss, did you hear that? The lock on the main door is broken, so we can only use the side door."
