

The Yun Family's Ninth Child is an Imp! Chapter 1873

Holy shit!

This is too much!

What are those three weaklings doing? !

Xiao Mogu had a weird-looking mushroom with a spiritual potato wrapped around each of its mycelium. That little girl was also holding two spiritual potatoes in her hands. That ugly bird was the most outrageous, actually using its head to prod a spiritual potato!

This... could it be that this yun was going to roast the spiritual potatoes for them? !

Damn it! It was really too detestable! Chop them to death! Chop them into dregs!

At this moment, Xiao Mogu and Xiao Heiniao's hearts were on the verge of collapse. They did not want to do it, but they could not withstand the pressure from their black-hearted master. They could only be forced to serve as the grills.

Just as Wu Yun was feeling extremely angry, he saw the dirty little girl below him muttering softly, “Could this piece of Wu Yun be a stupid piece of cloud? Why isn’t it chopping us? Isn’t it very tired to raise its hands? !”

“WA WA, master, what you said makes sense. I think this Wu Yun is most likely a fool. Otherwise, why would it make the Sky so dark? Could it be that it has a guilty conscience and does bad things when the Sky is dark? What a pervert!”

Pervert?

Wu Yun was so angry that he kept whipping!

He directed a purple heavenly lightning that was as thick as an adult’s arm towards Xiao Heiniao!

Yun chujiu narrowed her eyes. It was indeed stronger than the heavenly lightning in the Tian Yuan continent, but it would not be a problem for it to last for a few hours.

Xiao Heiniao was struck by the heavenly lightning!

Wu Yun could not help but feel very proud. It was just a weak and ugly bird. With this heavenly lightning, it was guaranteed that it would not even be left with a dregs.

Just as Wu Yun was feeling proud, he heard Xiao Heiniaoy say in a smug manner, "My body just happened to be itchy. The Way You struck me felt so comfortable. It was so comfortable!"

Wu Yun felt that it was most likely an illusion. This ugly bird was not dead? Not only was it not dead, it was not injured at all. How was this possible?

Just as Wu Yun was in a daze, he heard the little girl say, "Xiao Hei, you stupid bird. Didn't I tell you to use your wings to protect the spiritual potato? Now it's burnt. I'll leave this burnt one for you to eat!"

Wu Yun couldn't take it anymore. He shot a bolt of lightning at Yun Chujiu. His thoughts were very simple. After all, the ugly bird and the little mushroom belonged to this little girl. As long as he killed the little girl, they wouldn't be able to escape.

Boom!

The heavenly lightning struck Yun Chujiu's body. The three foodies in her dantian immediately began to fight for it. What a joke. They had been starving for so many days and finally, they started to eat!

It didn't matter if they fought over her, but Yun Chujiu was unlucky!

Her Dantian was throbbing with pain, she was so angry that she cursed, "Damn it, all of you, follow the order! If I, the landlord, die, then all of you can only become stray dogs again! Moreover, why are you in such a hurry? ! This Wu Yun is obviously stupid. I guarantee that after the last lightning strike, she will be willing to leave, and all of you will be full."

The three foodies immediately stopped after hearing Yun Chujiu's roar. They arranged themselves and began to devour the power of the Lightning.

Wu Yun in the sky was currently in self-doubt. Could it be that the power of the Lightning had been greatly reduced because he had not gone on a mission for a long time?

In order to test the power of the heavenly lightning, Wu Yun struck down at the Mo Residence's main gate!

Boom!

The Mo Residence's main gate, which had been plagued with misfortune, was blasted into dust once again. The members of the Mo residence who were standing outside the gate were so frightened that their legs went soft. They hurriedly scattered and fled in all directions.

Wu Yun could not help but feel puzzled. This power was still as awesome as before. Then, why was that ugly bird and that smelly girl fine? Let's try that Xiao Mogu!
