

The Yun Family's Ninth Child is an Imp! Chapter 189

Luo Feng was so angry he gritted his teeth. "Yun Chujiu! Aren't you afraid of over-exaggerating?! Take this!"

Luo Feng rushed fiercely toward Yun Chujiu.

Who would have thought that he would crash heavily onto the ground! Due to the huge impact, the crash was extremely violent, causing him to see stars.

"Tsk, even if you know you're wrong, you don't have to give me such a huge gift! I told you, you guys are too weak! Come, come, come. All of you attack at the same time!" Yun Chujiu said proudly.

The other three male disciples could not help but secretly look down on Luo Feng. 'What a shame!! He actually fell down himself. Didn't he watch where he was going?!

"Three seniors, all of you attack together! This Yun Chujiu has always been crafty. We need to end this quickly. It won't be good if others see us." Bai Morou saw the dark clouds gathering above, urging Wu Yun.

The three male disciples looked at each other, grinning ferociously as they rushed toward Yun Chujiu.

Yun Chujiu smiled coldly at them. "Look at the hidden weapons!"

A big paper bag was thrown at the male disciple in front! The male disciple used his sword to block and the contents of the bag immediately flew out.

"Cough cough cough! My eyes!"

“I’m choking! What the hell was that?!”

“Despicable! He actually used poison!”

...

Yun Chujiu deliberately found the upper hand, so even Yun Chushan and Bai Morou, who were at the back, could not hide. They choked until their snot and tears flowed out.

Yun Chujiu brought Little Black and walked around them. “Tsk! Remember to bring your brains if you find trouble in the future! What a bunch of useless trash!”

“Master, why do you still have chili noodles in your storage ring?” The rolling pin had thought that it could show off his skills, but it did not expect its master to settle things with a bag of chili noodles. It was really amazing!

“Little Flame, don’t underestimate this chili noodle. When I passed the entrance test, it was indispensable! The kitchen has a lot of this thing, and I still have two big bags in my storage ring!” Yun Chujiu said proudly.

“Master, then let’s prepare more chili noodles in the future!” The rolling pin felt that he had the right owner!

“This thing can be used to catch people off guard, but it will be very difficult to succeed next time! When I learn how to refine pills, I’ll definitely make some powerful poisons!” Yun Chujiu’s eyes shone, as if she had already seen the beautiful scene of herself using poisons to show off her skills.

Rumble!

The sound of thunder suddenly sounded in the sky!

Yun Chujiu looked up and saw that the dark clouds in the sky were gathering. She had an ominous premonition in her heart.

F*ck!! She felt that her spiritual power had increased. Was she going to advance to the next level?!

It was definitely too late for her to rush back to her own courtyard. She had to find a place where there was no one around. Otherwise, she would easily injure others.

Yun Chujiu saw that she was not far from Zhang Peak's back mountain, so she decided to jog all the way there.

Yun Chujiu ran into the forest not far from the back mountain, and a purple lightning bolt came down from the sky.

This bolt of lightning was obviously a novice. When it saw the two targets, Little Black and Yun Chujiu, it was a little confused.

Which one should it strike?

Yun Chujiu shouted impatiently, "If you want to strike, then do it quickly! I'm waiting to go back to sleep! What are you waiting for?!"

The bolt of lightning was in a fit of anger. It did not hesitate and directly struck Yun Chujiu.

The rolling pin wanted to block it for Yun Chujiu, but she threw it to the side. "Watch carefully! This thing is good for me!"

The rolling pin was a little stunned, and it just stood there and watched.

The purple lightning struck Yun Chujiu, but Yun Chujiu was not only fine, she even said with disdain, "Too weak! Too weak! It's not enough to fill the gaps between your teeth!"
