

The Yun Family's Ninth Child is an Imp! Chapter 1917

Just as Mo Fangqin was deep in thought, Mo Xiaoting arrived.

“Grandfather! You’re here! Did you sleep well last night? Did you have a good breakfast? It feels like we’ve been apart for a few years. I’ve missed you so much!” Yun Chujiu greeted him eagerly.

As for the issue of shame and integrity, it had never been in his mind. What was more important than his life? !

“Go in!” Mo Xiaoting was a little confused by Yun Chujiu’s enthusiasm. His grandchildren were like mice to a cat when they saw him. They were so timid that they couldn’t even speak properly, let alone be so attentive.

Yun Chujiu winked at Mo Fangqin. She was trying to teach her a lesson!

Mo Fangqin’s heart was about to collapse. Big Sis, I won’t be able to learn how to be so shameless even if I wait another 10 years. You are so Shameless!

The guards’ faces also turned stiff. This Miss Fangcao was really lively!

After the three of them entered the study room, Yun Chujiu immediately pretended to wipe the desk and ordered the maids to make tea. She was extremely busy.

“Grandfather, the morning air is the freshest. You should open the window to get some fresh air.”
“Don’t mind your granddaughter’s blabbering. Although this is an important business, your health is more important. How can your body withstand the fatigue of working day and night?” “There’s no end to this matter. It’s best to combine work and rest...”

Mo Xiaoting sat in his chair as he watched Yun Chujiu busily work like a little bee. As he listened to Yun Chujiu’s incessant mumbling, he strangely did not feel annoyed. Instead, he felt a trace of filial piety.

Mo Xiaoting could not help but laugh at himself. It was a joke that he only felt a trace of filial piety towards his newly-found granddaughter despite having so many children and grandchildren.

His three sons treated him with respect not because they were filial, not because they admired him, but because they were afraid, because of the benefits!

boxn ov el. c o m

Because, only by pleasing him would they gain more benefits and be able to inherit the Mo family in the future.

The grandchildren were either afraid, or because they were following their parents’ orders to please him. None of them were filial from the bottom of their hearts.

Mo Xiaoting was deep in thought. He naturally knew that Yun Chujiu was doing this to please him and to find a backer. However, he could still feel a trace of sincerity and filial piety. If she wasn't truly thinking of him, how could she have thought of such a detail like opening a window?

If Mo Xiaoting Knew Yun Chujiu's intention of opening the window, he would probably be so angry that he would vomit blood!

Although Yun Chujiu had opened the window to catch her breath, the most important thing was that when she had arrived yesterday, she had discovered a spirit fruit tree outside the courtyard. The fruit was red and Big; it looked very tempting! Only by opening the window could she take the opportunity to bring up the topic of the fruit tree so that she could eat it.

It had to be said that this was a beautiful misunderstanding.

After a while, Yun chujiu finally calmed down, "Grandfather, please take care of your business. Third sister and I will wait on you from the side. If there's anything you need, feel free to let us know."

Mo Xiaoting nodded and began to take care of his business.

The Mo residence was a powerful organization, so it naturally had many businesses and shops. Every day, someone would send over all sorts of news.

Mo Xiaoting wasn't satisfied with his three sons, so he only handed over some unimportant businesses to the three of them. Most of the work was done by himself.
