

The Yun Family's Ninth Child is an Imp! Chapter 1934

Mo Fangqin said helplessly, "Big sister, I know what you said, but a leopard can't change its spots. "My aunty is such a weak character who doesn't fight for anything. I also advised Aunty to be stronger, but it didn't have any effect."

"Third sister, when dealing with someone with Aunty Qiu's character, you have to use strong medicine. What are you trying to persuade is useless?"

"Strong medicine? What Strong Medicine?" Mo Fangqin was very confused.

"There is a saying that a mother is strong. Your personality is too independent and strong, so Aunty Qiu doesn't have the desire and opportunity to become stronger."

Mo Fangqin was stunned and then asked, "Big sister, what do you think we should do?"

"It's very simple. If you have nothing to do, go to your aunty and complain. Tell Her all the grievances you have suffered all these years. Tell Her all the grievances in your heart. "Don't be afraid that your aunt can't take it. A mother is much stronger than you think. "You have to let her have a strong desire that you need her protection and that you need her to become stronger."

"That's Enough?" Mo Fangqin felt that it was a little unreliable.

“Character is not formed in a day or two. You can only slowly change it. How much you can change depends on your acting skills. The weaker you are, the faster and stronger your aunt will change.”

Mo Fangqin was skeptical. However, she now completely followed Yun Chujiu’s words, so she still followed Yun Chujiu’s instructions.

Yun chujiu did not idle either. She often went to old madam Liu’s place to gain a good impression and also to sow discord between her and Mrs. Luo.

Old Madam Liu now found Yun chujiu much more pleasing to the eye than before. If it were not for Mo Junchen who constantly badmouthed Yun chujiu, Yun chujiu would be even more favored.

Old Madam Liu followed Yun Chujiu’s instructions and pulled out a few of Wu Shi’s spies.

Originally, according to Old Madam Liu’s personality, she would have to cane all these maidservants to death, yun Chujiu gave an idea. “Grandmother, why do you have to Dirty Your Hands? ! Let’s not alarm these people first. Maybe when the time comes, we’ll use a counter-plot and have an unexpected effect.”

Old Madam Liu laughed and scolded, “You Little Monkey, you sure have a lot of ideas. Alright, we’ll do as you say.”

Yun chujiu secretly memorized the names of these people. TSK TSK, these people had something in my hands, they might be useful in the future.

Although Mo Cheng wanted to bring madam Luo back, old madam Liu had already given her life. If he went, old madam Liu would kill herself, so he did not dare to pick up Luo Shi.

At the same time, Mo Xiaoting began to put pressure on the Luo family's business. He had long disliked the Luo family, so he could use this as an excuse to vent his anger.

Madam Luo's life at her mother's house was not easy. Her brother did not say anything, but his sisters-in-law began to speak coldly.

When madam Luo heard that Aunt Qiu had been brought to the Mo residence, she couldn't sit still any longer. She shamelessly brought Mo Fanghua back to the Mo residence.

"Slut! Didn't you go back to your mother's house? Didn't you want to use the Luo family to pressure me? Why did you take the initiative to come back?" Old Madam Liu pointed at Madam Luo's nose and scolded.

Madam Luo's face flushed red. She wished she could tear old madam Liu into pieces, but she knew that now was not the time to retaliate. Therefore, no matter how old Madam Liu scolded her, she listened respectfully and did not dare to retort.

Old Madam Liu looked down at Luo Shi, who was crouching down, and she felt extremely comfortable! This was the first time in so many years that she felt so happy! It was still that little frisky monkey, Fang Cao, who had a solution!
