

The Yun Family's Ninth Child is an Imp! Chapter 1983

"Have you thought of a way to earn money from the grocery store?" Mo Xiaoting asked.

"Grandfather, just you wait and see. When the time comes, the grocery store will definitely earn a lot of money! By the way, grandfather, Luo Yan probably hates me to death right now. If she provokes me again, do you think I'll beat her up or her up?"

Mo Xiaoting was amused, "Whether you beat her up or not is up to you. But, if you get beaten up by her, I will not bring you to the Luo family to seek justice."

"Grandfather, I am relieved to hear that! If she dares to provoke me again, I will just extort some more spiritual stones from her to give to you and grandmother," Yun Chujiu said with a smile.

Mo Xiaoting's lips twitched. What a nice thing to say. If you had the filial piety to take out half of the 20 million spiritual stones you extorted!

Mo Xiaoting did not ask Yun Chujiu for the 20 million spirit stones. Firstly, it was Yun Chujiu who extorted the money herself, so he was too embarrassed to ask for it. Secondly, Yun Chujiu was now a cash cow. 20 million spirit stones would be her reward.

The next day, Mo Cheng was given a mission by Mo Xiaoting to go out on a shopping trip.

Mo Cheng was quite happy. Because shopping was a lucrative job, there was bound to be money to be made. So, he left happily.

When Luo Shi saw Mo Cheng leave, she returned to Jin Chuan City.

With the ox head and horse's face gone, Yun Chujiu's days were much more comfortable.

Now that she was a candidate for the position of family head, the servants naturally did not dare to neglect her. Although Mo Fangshuang and Company disliked her, they did not dare to take the initiative to provoke her due to her recent fierce reputation.

Yun chujiu was originally worried that Luo Yan would lead people to seek revenge. She did not expect that there would be no abnormalities even after going out a few times. It was likely that Luo Yan was recuperating from the injuries on her face at home.

These days, due to the Luo family's deliberate suppression, the business of Mo's grocery store was getting worse by the day. It could be described as a deserted shop.

Mo Peng, Mo Chang, and the others sneered in their hearts. Mo Fangcao was definitely going to lose this bet! The grocery store was half-dead and half-dead. Not to mention the profits of Jiu Jian's store, it could not even be compared to a single store! How could such a piece of trash be a candidate for the position of family head? Don't joke around!

On this day, shopkeeper PEI sent someone to deliver a letter to Yun Chujiu. He had returned with the goods.

Yun chujiu brought Mo Fangqin and Hei Shi out of the Mo residence and arrived at the grocery store.

Before they arrived at the grocery store, they saw many people gathered around to watch the show. Yun chujiu couldn't help but wonder, what happened?

"Shopkeeper PEI, if you want me to say it, your Mo's grocery store should just close up! I've heard that the Zhao family has cut off your talisman supply. If your grocery store doesn't have any talismans, what's the point of opening it?" Shan Yanghu said sarcastically.

"Zheng, don't gloat over there. We'll see about that!" Shopkeeper Pei said angrily. To be honest, he didn't know whether this miss fangcao was reliable or not, could these groceries really make money?

Shan Yanghu, who was also shopkeeper Zheng of Luo's grocery store, curled his lips:

“TSK TSK, if you ask me, the Mo family’s biggest mistake was letting you be the shopkeeper of the grocery store! What kind of person did they use? They actually used a person with the surname of Pei as the shopkeeper. It would be weird if they didn’t close the store!”

Shopkeeper Pei was so angry that he stomped his feet, but he didn’t know how to refute, then, he heard a clear voice say, “What does it matter to you what kind of person our mo family uses to be the shopkeeper? ! Shopkeeper Pei is a conscientious and responsible person, why can’t we use him? !

Do you think that your surname is Zheng and your grocery store’s business will be good? Let me tell you, sooner or later, your Luoji grocery store will close down!”
