

The Yun Family's Ninth Child is an Imp! Chapter 2033

Who would have thought that in the middle of fallen Phoenix Forest, there was actually a deep pit! A huge deep pit!

Around the deep pit stood dozens of high-level demon beasts. On the trees around the deep pit, there were also dozens of high-level demon birds.

Although Yun chujiu had never eaten pork before, she had seen pigs run before. In Mo Xiaoting's study room, she had seen pictures of Demon Beasts from the immortal essence continent. The lowest level of these demon beasts was at least level 37.

Yun Chujiu's first reaction was not fear, but relief. Damn, it was a good thing she didn't use the Shadow Escape Talisman. It would be a waste if she used it. This fairy was really smart!

The demonic beasts and birds were originally focused on the deep pit, but when they saw Yun Chujiu, the uninvited guest, they were both confused and angry. What was this little ant doing here? How did she come here safe and sound?

However, these demonic beasts and birds were obviously afraid of something. Although they were all staring at Yun chujiu with vicious eyes, none of them came to attack her.

“Hi, Good afternoon, My Lords!”! “I’m really sorry. I got lost and came to take a look when I saw the bustle here. Don’t worry about me. Do what you need to do. I’m just here to watch the show.” Yun chujiu waved her claws, she said with a smile.

Was this little ant crazy?

Was there something wrong with this little ant’s head?

Was this little ant a fool?

That was the first thought that flashed through the minds of the demon beasts present. Although they wished that they could slap her to death, they couldn’t afford to lose too much because of a small loss. Therefore, they no longer paid attention to Yun chujiu and turned their gazes to the deep pit again.

Yun Chujiu touched her chin. “Excuse me, excuse me. Let me take a look at the front! I came all the way here. If I can’t see anything, wouldn’t I have wasted my time coming here?”

As Yun Chujiu spoke, she squeezed through the gap between the two demonic beasts to the front. This fellow was really bold. She was certain that these demonic beasts did not have the time to pay attention to her.

Yun chujia squeezed to the front and stretched her neck to look into the deep pit.

The diameter of the deep pit was a few thousand Zhang. The walls of the pit were red from some unknown roasting. Although there were beads of sweat on her body, she still felt that the heat wave was threatening.

This fellow looked at the bottom of the pit, but there was nothing. He could not help but twitch his lips. It seemed that the treasure had not appeared yet. It was early!

Even when the sky gradually darkened, there was still no change at the bottom of the pit. This fellow was hungry!

This fellow took out a ten-thousand-year-old mysterious iron chain and fixed a wind-blade beef leg on it. Then, he began to roast the beef leg in the deep pit.

Those demonic birds and demonic beasts looked at him with a dumbfounded expression. They were even more certain that this little ant was mentally ill!

Didn't she know that they could kill her effortlessly?

Didn't she know that the temperature of the deep pit was extremely high? If she wasn't careful, she would be burnt to ashes if she fell into it?

She was actually roasting the beef by the side. Her heart was really big!

However, as time passed, these thoughts became — it wasn't like she had never eaten this wind blade beef before. Why did this little girl roast it so well?

Yun Chujiu felt that it should be cooked, so she pulled the beef leg up. As expected, the color of the roast was golden, and it was very tempting,

yun chujiu took out a small wooden table and a small stool and began to eat the roast meat slowly. As she ate, she smacked her lips. "Delicious, it's really too delicious! The roast meat from this pit is more fragrant than wood."

Those demonic beasts and demonic birds had been waiting here for two days. They were all afraid of missing the best opportunity, so how could they dare to be distracted and eat? !

They were all high-level demonic beasts, so it wouldn't be a problem for them to starve for dozens of days. Initially, they didn't think much of it, but when they smelled the aroma of the roasted meat and heard Yun chujiu mumbling, their stomachs immediately started growling.
