

The Yun Family's Ninth Child is an Imp! Chapter 2061

"Grandfather, our family is insatiable. At first, you didn't say 50-50, you said 30-70. We had seven, they had three.

Wait until they say some excuse, you then a little bit of concessions, finally make a 50-50 split, and let them feel that a big advantage." Yun chujiu rolled her eyes and said.

Mo xiaoting nodded his head. It had to be said that this little girl was a natural-born businessman. Her methods were simply too deep.

"Grandfather, actually, I'm not just doing this to make money. I have another important purpose," Yun Chujiu said mysteriously.

Mo xiaoting was stunned, "What purpose? Isn't the purpose of doing business to make money?"

"Grandfather, haven't you always wanted to return to the east continent? This is the first step! In the past, our relationship with the family was purely based on a thin blood relationship; it wasn't reliable at all. The family could have abandoned us at any time."

But, once they started this business, especially after the business grew bigger, the relationship between the family and US became closer. If someone tries to deal with us, our family will not stand by and do nothing for their benefit.

In addition, we will definitely need people in this business. When that time comes, we won't have to worry about not having the opportunity to connect with our family. This money will move people's hearts. As long as you are willing to put in a lot of money, I don't believe that I won't be able to find a good opportunity.

Someone has tipped us off and helped us put in a good word. If we put in more effort, we might be able to find a suitable opportunity... to return to the eastern continent,"yun chujiu's eyes shone brightly. Opportunities were created. As long as one had the heart, there was nothing that couldn't be done.

The more Mo Xiaoting listened, the more excited he became. The more he listened, the more he felt that rejecting the Zhao family's marriage was the right decision. This Fang Cao was definitely going to lead the Mo family back to the eastern continent. This little girl was truly smart..., she was simply too smart!

"Good! Good! Fang Cao, grandfather did not misjudge you. You are indeed resourceful. I will do as you say. I will contact Uncle Wu Now,"Mo Xiaoting said excitedly.

Yun chujiu blinked her eyes, "Grandfather, don't tell him the entire plan. Just say half a sentence. Let him think about the rest and try to get him to take the initiative to cooperate with us. That way, we will have more initiative."

Mo Xiaoting was stunned. He felt that all his years of business had been for nothing. Compared to this little pervert, he was like an idiot.

Mo Xiaoting followed Yun Chujiu's instructions and took out a voice transmission talisman to tell his uncle from the five families about some business ideas. After that, he did not go any further.

Two days later, his family contacted Mo Xiaoting and told him that they wanted to cooperate.

Mo Xiaoting followed Yun Chujiu's instructions, he said awkwardly, "Uncle Wu, of course this is a good thing. But, our Guangshunzhi has been quite wealthy for the past few years. Trading between the two continents is too risky. Give me a few days to think about it."

After Mo Xiaoting put down his voice transmission talisman, he couldn't help but feel a lot of emotions. He had never heard uncle Wu speak so gently. It seemed, Fang Cao's words made sense. Being in a hurry was not a business. One had to have a certain way of doing things.

Following that, Mo Xiaoting followed Yun Chujiu's plan and began to discuss business with his family. In the end, they agreed to a 50/50 split and the family felt that they had gained a huge advantage.
