

The Yun Family's Ninth Child is an Imp! Chapter 2109

Mo Xiaoan could not help but feel disappointed when he heard Mo Xiaoquan's words. He had thought that the first elder's illness was incurable. He had not expected that he would still have the strength to refine pills. He reckoned that he would not die for a while. What an old man!

At this moment, a loud shout came from within, "Is that Xiao Ting? Come In!"

Mo Xiaoquan smiled, "It seems that Father has already noticed us. Let's go in quickly!"

Mo Xiaoan was even more disappointed when he heard the great elder's energetic voice. He followed Mo Xiaoquan into the courtyard.

Yun chujie secretly looked at the Great Elder's courtyard. The courtyard was very spacious. Other than a small road paved with bluestone, the rest of the place was planted with all kinds of herbs. It seemed that the great elder really knew how to refine pills.

A maid opened the door curtain and Mo Xiaoquan and the others entered the study room on the east side.

There was no one else in the spacious study room. Everyone couldn't help but wonder, where was the first elder?

At this moment, an old man with white hair and a beard walked in from outside the door. His body carried a strong medicinal fragrance, he laughed heartily, "I just successfully refined a batch of blood creation pills and now I'm seeing Xiao Ting again. Today is truly a double celebration!"

Seeing this, Mo Xiaoting quickly stepped forward and bowed. Yun Chujiu also followed behind Mo Xiaoting and bowed.

The first elder waved his hand, "We're all family, there's no need for so much red tape. All of you, Get Up!"

Seeing that the first elder was full of energy, Mo Xiaotan felt a chill down his spine. It looked like this old man was going to live for at least another few decades. The fifth wife would not be able to take over for a while.

The first elder asked a few questions, but they were all polite questions. Mo Xiaoting replied respectfully.

The first elder turned his gaze to Yun chujiu and said kindly, "Fang Cao may be young, but she is quite smart. I heard that you came up with the idea for the Seven Stars Lucky Card?"

"Thank you, great grandfather, for your praise. Although I am not good at cultivation, I still have a lot of ideas!"! Great Elder, you still know how to refine pills? I admire alchemists the most in my life. Although

I also know how to refine some low-level pills, compared to you, the difference is like heaven and earth. "Sigh, it's a pity that I can't be by your side often. Otherwise, I would definitely learn from you." Yun chujiu sighed and said.

"Oh? The little girl also knows how to refine pills? which level of pills do you know how to Refine?" The Great Elder asked with interest, he was just asking casually. He felt that Yun chujiu could only refine level five or six pills. After all, she was a little girl from an inferior continent.

"I can refine level ten pills, but the quality is not particularly good. I can only guarantee an 80% success rate. Half of them will be high-grade." Yun Chujiu said with a smile. This fellow felt that this level was just right, it wasn't too eye-catching, but it also showed a certain talent in alchemy. It should be enough for fishing.

As expected, everyone was shocked, especially Mo Xiaoting. He had no idea that his granddaughter, apart from her business talent, could also refine pills! And she was able to refine level 10 pills at such a young age? Even on the eastern continent, such talent was considered pretty good.

However, the great elder and the others felt that Yun Chujiu was bragging. In particular, the great elder originally had a good impression of Yun chujiu because the words that Yun Chujiu said at the wedding banquet had already reached his ears, he felt that this little girl was eloquent and had an optimistic and tenacious character. He did not expect that she would actually brag now. She was really useless!
