

The Yun Family's Ninth Child is an Imp! Chapter 2129

Yun chujiu saw that the great elder was frowning. She gritted her teeth and continued with a desperate expression, "Great master, I won't be shameless today. I'll tell you what I'm thinking.

After I went back, I didn't sleep for almost the entire night. I also hesitated whether or not I should come and look for you. I know that the matter of you taking the medicine is of great importance. If it's not done properly, it will cause turmoil in the Mo family. So, perhaps you will imprison me in order to prevent the news from leaking out, and I will lose my freedom.

However, if you really die, then the MO family would fall into chaos. Although Our Guangshun branch is far away in the western continent, our interests are closely related. If the Mo family is in chaos, we won't be able to recover.

Furthermore, this is the first time I've seen such a kind elder like you. I admire and respect you from the bottom of my heart. I don't want to just watch you die. WUUUU, when I think about it, I won't be able to see you in the future, "My Heart is about to break..."

Xiao Heiniao, who was inside the spiritual beast pouch, almost vomited. His master's ability to lie had increased again. It was simply perfection!

The great elder saw that Yun Chujiu's tears were falling and her shoulders were twitching. Clearly, she was extremely sad. Although he did not believe that Yun chujiu had such a deep admiration for him after only meeting him once.., however, his killing intent had weakened slightly.

The great elder did not speak. He was ready to hear what Yun Chujiu would say next.

Yun chujiu wiped her tears with her sleeve, then, she continued, "Great Elder, I originally had a glimmer of hope that you would have the antidote for that medicine. However, after seeing your appearance today, I knew that you definitely did not have the antidote. Moreover, I'm afraid that the antidote would be very easy to obtain.

Therefore, I have a request. You can leave me in the eastern continent. In the future, you can personally guide me to learn alchemy skills. I will definitely help you refine the antidote! "I can swear to the heavens that if these words of mine are not sincere, I will be struck to death by the Heavenly Lightning. My soul will scatter and I will die a horrible death!"

After hearing Yun Chujiu's words, the great elder did not speak for a long time. He coldly said, "You are only a level ten alchemist while I am already a level fourteen alchemist. Rather than nurturing you, I might as well place my hopes on myself."

"Great Old Master, although what you said is reasonable, I have an advantage over you. That is, I am young. I can enter a famous academy or enter a large sect. This way, even if my ability is not enough to refine the antidote, I can still have a way to obtain the antidote." Yun chujiu straightened her small waist, she said confidently.

The Great Elder was clearly shocked by her words. After thinking about it carefully, he felt that what Yun Chujiu said might not be a bad idea.

Although the level 20 seventh transformation life creation pill wasn't available on the market, it might be available in a super sect or a first-class family. If he wanted to find a way to build a relationship with them, it would be worth it even if he had to spend a lot of money.

However, although this method wasn't bad, this little girl was overestimating herself. How could she enter a well-known academy or a large sect with her talent? What a joke!

"Fang Cao Girl, your suggestion is not bad. However, instead of nurturing you, I might as well nurture Fang Bing. After all, her talent is much better than yours. Moreover, her maternal family is a second-class family."The first elder's tone was cold.
