

The Yun Family's Ninth Child is an Imp! Chapter 2176

Yun chujiu saw that Ye Bingyu had sworn an oath, so she asked an Feng to escort ye Bingyu in the middle. She, manager Liu, and the others protected her from the front and back, and quickly retreated to the periphery of the psychedelic forest.

Liu Pinyan and the others naturally wouldn't really stay still, but they didn't dare to get too close and follow from afar.

Two hours later, Yun Chujiu and the others finally left the psychedelic forest.

"Now, can you let me go?" Ye Bingyu was afraid that there would be a scar on her face, so she couldn't wait to apply the medicine.

Yun chujiu sneered. Of course, she wouldn't let her go just like that, because if she let her go now, these people would catch up with them even if they got on the flying spirit tool.

Yun Chujiu tapped on Ye Bingyu's body a few times. Ye Bingyu found that not only could she not move her body, but she couldn't even speak. Her eyes were full of fear.

Yun Chujiu took off ye Bingyu's storage ring. "Take this storage ring as an apology to me!"

Ye Bingyu was so angry that she wanted to die. However, she couldn't say a word. She could only watch as Yun chujiu kept the storage ring.

Yun chujiu pulled her neck and shouted to Liu Pinyan and the others in the distance, "I've already used my secret technique on this little B * TCH. If you move her within six hours, she will become a living dead person! If you don't believe me, you can try! However, don't worry. She will naturally return to normal after six hours."

After Yun Chujiu finished speaking, she summoned her flying spirit tool, and everyone boarded the Flying Spirit Tool and left.

When Liu Pinyan and the others saw that Yun Chujiu and the others had left, they quickly rushed over. They saw ye Bingyu lying on the ground with a ferocious bloody scar on her face. She didn't move at all as if she was dead.

Liu Pinyan saw that ye Bingyu's eyes were still moving, so he tried his nose again. When he saw that she was still alive, he was slightly relieved.

However, when he thought of what Yun Chujiu said before she left, he really didn't dare to move ye Bingyu. If it really was a secret technique, then it would be terrible.

Ye Bingyu's eyes were red. She hated Yun Chujiu to death in her heart. As a result, she was also very dissatisfied with the Liu Shi siblings. They were a pair of trash!

It was fine if they couldn't save her, but now that they were letting her lie on the ground, they should apply medicine to her wound first! What if they left a scar?

Just as Ye Bingyu was thinking about it, she felt a pain in her spiritual sense. Apparently, the spiritual sense imprint on her storage ring had been wiped away. She was so angry that she wanted to vomit blood, but she couldn't move at all.

After two hours, Liu Jinluan finally remembered about applying the medicine. She hurriedly took out the flawless muscle regeneration pill and applied it on Ye Bingyu's wound.

After another four hours, Ye Bingyu finally returned to normal and stood up from the ground.

"Bingyu, are you okay? You really scared me to death!" Liu Jinluan said with a face full of fear. She didn't expect that a country bumpkin would be so evil. She almost capsized in the gutter.

Ye Bingyu's expression was gloomy and cold. She didn't say anything but took out the mirror. When she saw the hideous wound on her face., she was so angry that she gnashed her teeth. "B * Tch! I must kill her! Not only do I want to kill her, I also want to kill all the people in her family!"

Liu Jinluan was shocked by ye Bingyu's ferocious expression, she carefully said, "Bingyu, although that stinky girl deserves to die, we have already made a poison oath. We can't tell others and can't trace their origins. How can we take revenge?"

Ye Bingyu's face was gloomy. "Ordinary people wouldn't come to the psychedelic forest to train, unless they happened to pass by this place. "I don't think those people's spiritual power is very high, especially that country bumpkin. Maybe he went to the border of the two continents to apply for a temporary pass.

"From the looks of it, they must be from a third-class family. "Two months later, we'll send people to guard near the pass. We'll definitely be able to stop them."
