

## The Yun Family's Ninth Child is an Imp! Chapter 2206

The four bloodthirsty wind blade wolves were immersed in their dream of becoming Sirius. They had long forgotten their goal. At this time, they only had one goal in their lives, and that was to become Sirius! ! !

Yun chujiu saw that the time was almost right, she said with a smile, "Sirs, the Sirius bloodline can only be activated when there is a suitable time. But I think that the spiritual power in the body is skyrocketing. Maybe it can really activate the bloodline."

The four bloodthirsty wind blade wolves were stunned. The spiritual power in their bodies explodes? How could the spiritual power in their bodies explosively increase? It could only be done if they had eaten a heavenly treasure. However, where could they find a heavenly treasure?

"Sirs, are you suffering because you don't have a way to increase your spiritual power explosively? I Do! Do you want to know?"

Xue Wuji and the other two seemed to have seen a furry fox tail growing out of Yun Chujiu's back. Ah, no, it should be nine tails. Perhaps only the nine-tailed Fox had so much evil water!

The four bloodthirsty wind blade wolves did not know that the person standing in front of them was a little demon. They thought that she was a kind and good girl. They looked at Yun Chujiu with anticipation, waiting for her to continue.

“Sirs, you also know that we humans are good at refining pills. I have many bottles of instant spirit pills here. If you swallow them, your spiritual power will definitely soar. It might even trigger the Sirius bloodline in your body.

“Even if we can’t trigger the Sirius bloodline, the spiritual power level will increase by one level. Do You Want It?”

The four bloodthirsty wind blade wolves howled continuously. It was obvious that they were prepared to threaten Yun chujju to hand over the pills.

Yun chujju curled the corners of her lips. “Sirs Wolf, there’s no such thing as a free lunch in this world. It’s useless for you to threaten me. At most, we won’t pass the test! We didn’t have much hope anyway.

“If you want to get the pills and have the chance to activate the Sirius bloodline, there’s only one way, and that’s to escort us to the slope thirty miles away from here. “When we get there, I’ll naturally give you the pills.”

The four bloodthirsty wind blade wolves looked at each other and roared a few more times, obviously communicating.

“You don’t have to worry that I won’t keep my promise. I can swear on my inner demon oath. As long as you escort us to our destination, if I don’t give you the pills, I’ll be struck by lightning!

“Think about it, what a good deal this is!” “As long as we walk lightly for thirty miles, we will get the opportunity to activate the Sirius bloodline. After this village, there won’t be such a shop anymore. The opportunity is reserved for beasts who are prepared...”

Roar Roar! Roar Roar! The four bloodthirsty wind blade wolves really couldn’t stand Yun Chujiu’s boisterous chatter. They were even brainwashed into thinking that if they didn’t seize this opportunity, they would be letting down their wolf skin!

Yun Chujiu saw the four bloodthirsty wind blade wolves nod their heads in agreement, she rolled her eyes and said, “Four wolves, we are too slow to walk. Carry us on your backs. This way, you can quickly obtain the pill that stimulates the Sirius bloodline.”

This fellow secretly changed his concept. It was clearly a pill that increased spiritual power. As he spoke, it turned into a pill that stimulated the Sirius bloodline. These four bloodthirsty wind blade wolves were also stunned by the deception, in a daze, they carried Yun Chujiu and the other three and ran towards the finish line.

The teachers in front of the display screen were already dumbstruck, their minds completely blank!

Oh God!

Oh Earth!

Was it because they hadn't woken up yet, or was the world changing quickly?

That little girl had fooled the four bloodthirsty wind blade wolves into carrying them to the finish line?  
Those were four beasts of the 35th rank!
