

The Yun Family's Ninth Child is an Imp! Chapter 2224

"Brother Wuji, Beauty Jin Zhi, I was pulled down by a huge suction force at that time. There must be something else going on down there. "Let's look again. Damn it, he dared to plot against me. I Won't forgive him!"Yun Chujiu said fiercely.

Xue Wuji and Jin Zhi felt that the liquid on the cliff would dry up after some time, so they could look for the culprit. If it weren't for the culprit, they wouldn't have nearly lost their lives. If they didn't teach him a lesson, they wouldn't have been able to vent their hatred.

Therefore, the three of them began to search the valley. However, other than the white bones and the exposed land, there was nothing unusual. who was the culprit?

In the blink of an eye, another day had passed. The three of them also went into the cave to check, but they didn't find anything unusual.

Yun Chujiu was puzzled. It was really strange. There was clearly a suction force that pulled her down, but why couldn't they find the culprit?

However, this guy was not easily discouraged. She felt that no matter what, no matter how secretive it was, there would always be traces left behind. As long as she put her heart into it, she would definitely be able to find the flaw.

Yun Chujiu recalled the situation that day. She studied the inheritance on the Heaven Dao Cliff and realized that the closer she was to the Heaven Dao Cliff, the more obvious the ancient aura she felt. Therefore, she could not help but get closer and closer, then, she was pulled down by a huge suction force.

Yun Chujiu's eyes suddenly narrowed. Damn it! It must be the Tian Dao Cliff's doing! It deliberately released an ancient aura to lure her closer and closer to the cliff and then pulled her down!

The purpose of the Heavenly Dao cliff was obvious. It wanted to kill her!

Good, very good!

Damn it, even if I, Yun Chujiu, can't enter the Heaven Punisher Academy today, I will destroy this turtle bastard's Heavenly Dao Cliff!

Yun chujiu shared her guess with Xue Wuji and Jin Zhi. The two of them felt that it was very reasonable. However, wasn't destroying the Heavenly Dao cliff a little too rough?

"Little Jiu, this Heavenly Dao Cliff is the precious treasure of the Heaven Punisher Academy. If you destroy it, Will the Heaven Punisher Academy spare you?" Jin Zhi asked worriedly.

Yun chujiu rolled her eyes. “What you said makes sense. Originally, I wanted to use dozens of sacks of superior-grade burst talismans to blow it up after I climbed up. After hearing what you said, I decided to use a gentler method.”

“Gentler method? What gentler method?”Jin Zhi asked in confusion.

“Rumors! After we go up, we will say that the flower is supported by the Heavenly Dao Cliff. The existence of the Heavenly Dao Cliff is to lure more people into the deep valley, so that the flower will have food.”.

“When that time comes, this SH * t Heavenly Dao cliff will become the target of public criticism. I think those who received the inheritance will also jump up and scold it.”Yun Chujiu said with a smile.

“Little Jiu, although the method you said sounds good, will everyone believe it?”

“What is the fastest way to spread news? It’s just a rumor! Anyway, there are so many white bones as proof, and that flower is dead. The Heavenly Dao cliff will be unable to defend itself, not to mention that it doesn’t know how to speak at all.

At that time, the Heavenly Dao Cliff might be renamed as Devil Cliff, Hell Cliff, and Wang Ba Ya. When the Heaven Punisher Academy dislikes it, I will find a chance to blow it up!

Damn it, you dare to frame me? Unless it can give me sufficient compensation, I can't torture it to death!"Yun Chujiu said fiercely, but a trace of craftiness flashed in her eyes.
